## CHAPTER THIRTY-EIGHT

### THE OTHER THREE HORSEMEN TESTIFY

#### CONVOCAION OF PRIESTS

CINCINNATI, OHIO, JUNE 1ST, 1980

5070 Monitoring Lord Immanuel: Priest James D. Ellis and Priest Thomas E. Ulrich;

5071 Monitoring Lord Horus: Priest Vernon J. Reston and Priestess June Charyl Ellis;

5072 Monitoring Lord Hammerlin: Priestess Sheree Rene Culbertson and Priestess Jane Ellen Dailey.

5073 Recording Communicators: Priest Charles Lae Dailey and Priestess Charlene Elizabeth Reston.

5074 Authorized: Grand Marshal General Bobby Farrell, Lord El Aku ALIHA ASUR HIGH, Anointed Witness of The Most High.

5075 Verified: Council of Gnostics 1980 – 1985, Chicago, Illinois.

5076 This is the record as communicated to the Convocation of Priests, Cincinnati, Ohio, June 1st, 1980.

5077 This is the record as communicated to Priest James D. Ellis, Priest Thomas E. Ulrich, Priest Vernon J. Reston, Priestess June Charyl Ellis, Priestess Sheree Rene Culbertson, Priestess Jane Ellen Dailey, with Priest Charles Lae Dailey and Priestess Charlene Elizabeth Reston recording.

5078 [INSERT: In this chapter the Lords communicating: Lord Immanuel, whom the pagans call 'Jesus', Lord Horus, depicted in Egyptian artistry with the head of a hawk (who is actually an attorney) the Lord High Judge who weighed the heart of the Pharaohs against a feather to determine how justly they had ruled (thus the balances [scales] in his hand in the Book of Revelation); and Lord Hammerlin, known throughout mythology as Merlin, usually a magi or magician but who is actually a scholar, scientist, researcher, teacher, educator. All inclusions in parentheses () are for clarification and were not part of the original transcription. The name "Elly" is those Lords' nickname for El Aku.

5079 Those actually monitoring were physically blindfolded that they could neither see, predict nor otherwise influence their respective communications. Those copying the transcripts as they were produced were kept silent, not permitted to make any sound other than their writing, lest their audible responses transmit some clue as to the nature of the received answer. The only speaking allowed was to establish the questions, and they are noted as to who asked which questions – including follow up commentaries. Double spacing of paragraphs for each entity is for reading convenience.

5080 Communications from Lord Immanuel, Lord Horus and Lord Hammerlin were originally all capital letters without any punctuation. To make clear and concise sense of their statements The Akurians edited in punctuation – for which we alone are responsible.]

5081 Lord Immanuel: I am Immanuel, First Lord High Priest of All Creation, The Crucified One: Immanuel Joshua ben Joseph ben Nazaratti; and I have come to testify of my brother El Aku, Lord of Hosts.

5082 Lord Horus: I am Horus, First Lord High Judge of All Creation, Son of Osiris of Egypt: incorrectly titled Ra Amon Horus El Kayops; and I too have come to testify of my brother El Aku, Lord Avenger of The Most High.

5083 Lord Hammerlin: I am Hammerlin, First Lord High Hunter (educator, research physicist) of All Creation, The Burned One of Nimrod: Ammeliet Hammerlin Son of Haph of Ur; and I also have come to testify of my brother El Aku, Lord of Fire.

5084 Lord Immanuel: My brothers, El Aku, Horus, and Hammerlin, have served long ages learning our crafts, and were it not for our brother El Aku taking many of the dreaded labor details and punishments upon himself, which we so richly deserved upon our own heads, we should not have achieved our stations in such schedule.

5085 Lord Hammerlin: True. In our early years Elly (El Aku) was pretty much an academic failure, until we all found ourselves in the Armed Corps! While we played the games of irresponsible youth, with all its inherent penalties, Elly would cover for us or take the blame upon himself. For under any and all conditions, we were as inseparable then as we are today. Once we met the disciplines of military life and weapons expertise, things changed instantly, as Elly found his calling. Not only did he surpass us in grade and knowledge, he soon outranked us to an extreme degree, being made a Commander before we were able to extricate ourselves from the detail Squads!

5086 Lord Horus: That's right. And because we were more closely watched than we had been previously, Elly couldn't get us out of trouble as he once had. It was our turn to pull for him, and once we took that responsibility upon ourselves, we found that he was a great deal more mature than we had ever been! He still watched out for us as much as possible, but for the first time in our lives we had to carry our own weight and make sure Elly didn't get sucked in by those who were jealous of his rapid rise.

5087 Lord Immanuel: Elly wasn't exactly like the rest of us. He was created as a reward for his father, Vegah. Lord Vegah was 5,000 times (as in the measurement of learning) spiritually advanced beyond his age, and one hell of a good warrior and administrator. The wars of the fall hadn't really broken out yet, but there were fights here and there, and a great many of them.

5088 Elly had distinguished himself in the field on enough occasions to be promoted to station of Field Commander with some 5,000 carriages (war machines) under him, and in company as aide to Lord Vegah in attendance before the Great Veil when the Sons of The Most High presented themselves. I was there in Presence, being the Firstborn, and already a number one target of Lord Lucifer's hatred.

5089 Lord Horus: Merlin (Hammerlin) and I were in the ranks, but nowhere near the Great Veil. However, that didn't stop us from being involved in the fight that broke out!

5090 Lord Hammerlin: That's for sure. Lucifer had the floor as in accordance with his grade of office, and I remember his demand to be made equal with The Most High. Needless to say, that didn't work and there were some arguments and shouting between the Seraphim.

5091 I didn't see Hakarrayman's move toward the Great Veil until he was on the landing, and an instant later he was spinning in a spiral of death with one of Elly's firearrows through him. I didn't hear the launch report, just the sing and impact. Hakarrayman's look of surprise is still imprinted in my mind. He couldn't believe there was any way anyone could stop him from entering the Great Veil! And he couldn't believe he was dying either! It was printed on his face like a sculptured mask.

5092 Lord Horus: Before I could clear my weapon, Elly had Lord Lucifer in His Sights with another firearrow, and Luke damned well knew his first move would be his last! I had a clear view of Luke's face, and it was unable to hide both the shock of Elly's action or the reality that he, Lucifer, had actually manipulated conditions to result in the first death of this creation! He wasn't able to hide the fact that he was in certain danger of his own existence either!

5093 Lord Immanuel: I don't know which he was the most concerned with other than his own hide – seeing his plans work, which were intended to get someone killed, or the fact that someone whom he thought was young and inexperienced had done the actual killing!

5094 He wanted a reason to distort facts and create trouble, but he also wanted to survive long enough to enjoy it! Elly was already legendary with firearrows, having never missed a target exactly where he called it for hundreds of times (ages).

5095 Lucifer, like just about everybody else up until then, had thought the firearrow was a rather useless toy except in close range, and then not with a great deal of firepower. Elly worked times on end developing and perfecting it, and while increase was common knowledge, death-level impact was not! I didn't know it until I saw Hakarrayman die with one through his chest! That not only changed the complex of the situation, it changed the very essence of the application of force.

5096 Lord Hammerlin: Yes. Especially since Elly could fire these things at a tremendous rate! His modified arrows had more impact than a full bolt (lightning) and faster too! We really didn't know what his rate-of-fire was, and neither did anybody else, Lucifer included. Luke wasn't the damned fool he's said to be, and when he found himself

looking down the flanges of Elly's aim, he knew that any misjudgment at all would be one hundred percent fatal. I've never seen a craven statue that could stand with any less movement than Luke did in those next few instants.

5097 Lord Immanuel: Luke couldn't read him either. As I said, Elly wasn't like the rest of us; he was created without a soulmate! He was a neutral, neither force being predominant. Luke could read a force with the best of them. But Elly not only had him dead in His Sights, Elly had him at a total disadvantage strategically. Elly's colors were as stable as a rock! Luke didn't have even the slightest indication of what those colors meant, or if they meant nothing at all! He knew for sure that Elly would kill; he just had! But Luke wasn't going to push his luck and try a bluff that had all the probability of getting his own hide shot through! That's still stuck in Lucifer's gullet, and I don't think he's apt to get over it any time soon.

5098 Lord Hammerlin: Somebody among Luke's host figured out the situation and started a ruckus back in the formation, and the fight was on in all its fury. Luke managed to get clear, but as treacherous as he is, he didn't attempt to push Elly, even with his best and most experienced minions!

5099 Luke had thought he knew enough to rule equally with The Most High, at least that was the basis of his demand, and right before that entire company his ignorance of Elly's firepower and capability made a total jackass of him! At least to those of us with any morality at all.

5100 Lord Horus: Elly proved that beyond question, and the fact that all Luke's host knew it full well too was evidenced by their instant retreat when Elly pulled aim on them! Being closer to Manny (Immanuel) than we were, he had occasion to keep both Commanders and hosts at bay, maintaining his position in the ranks and his protection of Manny at the same time. I don't think Elly killed anyone else that day, and there were some 830,000 dead before that fight was over!

5101 [INSERT: The following account is that of El Aku's unauthorized charging Lucifer's Supreme Headquarters while on a routine point patrol ahead of Seraphim Amatraelonael's host in full array. They were securing territory by a slow advance to give all those who wanted out a chance to escape the battle zone. El Aku saw Lucifer's Supreme Headquarters fortification and attacked it, initiating an unplanned spearhead!]

5102 Lord Immanuel: That's right, he didn't. But he more than made up for it in the next eight times! He totally wiped out Luke's 1st Guard Company!

5103 Elly located Luke's staff and challenged Luke to face him. Luke obviously wanted no part of Elly, or anyone else at the time, since his whole command was really taking a beating. Luke, in his usual distort-the-situation manner, ordered one of his officers to take a unit out and dispose of this upstart and went back to whatever it was he had on his mind – 1st Guard was available, six thousand (6,000) strong, and they charged Elly to a man. Elly had ordered his own unit to stand, so he was out there alone.

5104 That didn't matter much. Once 1st Guard came in range he let them have it! In just about the snap of one's fingers Elly had hit every one of them and their mounts! Before they could take cover, he had hit them all again. Some of them were dying as they fell, but Elly just kept those firearrows coming. Luke was horrified to learn that Elly, all by himself, had slaughtered an entire Guard Company of Elite Corps!

5105 Elly was still out on the field bellowing insults at Luke and his whole outfit, and he didn't have even a mark on him.

5106 They just didn't realize what they were up against. Elly brought something into war that practiced warriors hadn't dreamed of! And he knew how to use it.

5107 Luke decided that distance was about the only thing he had that held any effect at all over Elly and those damned firearrows! Little did he know that Elly's firearrows were an excellent weapon to scatter over and through a massed unit on the move. Lucifer gave the order to retreat and Elly let them all have it!

5108 Lord Hammerlin: We were off to Elly's right when Luke began his retreat, and when Elly opened up on him, it looked like a star cluster in birth! By the time we arrived in support, Elly's carriages (a mounted troop with all their armament is also called a "carriage") were in full charge laying down a barrage of hell that only Lucifer had the intelligence to appreciate.

5109 I'll give Luke's host credit, they didn't run out like some scared rabbits, they stood and fought – 2nd Guard tried to hold Elly's carriages, and all 6,000 are still there where they fell. Carriages aren't all that dangerous unless they have

massive firearrows, and Elly's did in addition to their bolts. Luke's 2nd Guard just did not know what Elly had to bring down on them. If they did, they'd have put a lot of distance between themselves and Elly!

5110 Lord Horus: We knew that Elly was going to get carpeted, since he was a rather Junior Commander and he was way out ahead of the seniors! In fact, he lead the entire battle until his mount (Pegasus) was shot from under him (Pegasus being wounded shielding Aku from a hail). There was hell to pay when that fight was over!

5111 Lord Immanuel: Sure was. Elly had made proper asses out of Generals on both sides! While they were wondering what Luke would do next, Luke was wondering what they would do next; and while they were all doing nothing but wondering about each other, Elly took the lot of them to task!

5112 He told me later that it was his idea that if Luke would be stupid enough to come out and face him, killing Luke would bring this whole thing to an end, and killing Luke wouldn't have been a very big problem!

5113 It wouldn't have, either.

5114 Lucifer must have known it too. He managed to stay beyond Elly's reach, and still does, except in places of sanctuary where Father will not tolerate fighting or such conduct. That's the only place where Luke will show himself in Elly's presence, since he knows Elly won't nail his hide there!

5115 Lord Hammerlin: I still think that Elly was right. If he'd been permitted to keep the heat on Luke, this whole mess would have been over long ago!

5116 Once the Commanders let Luke get a good foothold, the fat was in the fire but good! We're still paying for that damnable delay on their part.

5117 The Most High must let it run its course, or there will be questions from now on. That's what their damned indecision caused for the rest of us!

5118 Lord Horus: Me too! Lucifer is a lot of things, but stupid isn't one of them. How he managed to get a very profitable strategic delay out of those Commanders is a masterpiece. Just the way he manages to keep clear of Elly is reason enough to suspect he's no fool!

5119 There's coming a time when Elly goes after him with no holds barred, and that's a fight I want in on!

5120 Lord Immanuel: I have the Right of Challenge, and Elly won't kill him if I want My Right, but that's pretty thin territory for Luke to be depending on. Luke uses that point to no end, knowing that Elly won't offend me, even in the slightest, but Luke doesn't push his luck either!

5121 I challenged Lucifer to a Trial by Honor, and Elly won't violate that challenge intentionally. That's been Luke's best protection ever since, too.

5122 Even so, as Horus said: there's coming a time, and either Luke will face me or face Elly. I think he'd rather face me if that were all there were to it. Killing me is going to cause him a great deal of grief at the hands of The Most High, considering he can best me, of course (meaning "if" Lucifer can beat Lord Immanuel), but taking on Elly and all those nice, hot, firearrows is certain doom! And Luke damned well knows it.

5123 Lord Hammerlin: Elly could have bested Luke way back then, but now with Pegasus under him, there's no doubt about the outcome.

5124 Do you remember when Pegasus was presented to him?

5125 [INSERT: Although Pegasus was presented to Lord El Aku upon his recovery from being restored to life, at the time of the Great Fall, Pegasus was not as trained as he is now. And that is the nature of Lord Hammerlin's meaning.

5126 The two, Lord El Aku and Pegasus, train constantly to be the most formidable combat team two beings can become. Even in that fight Pegasus was a War Steed to be reckoned with and a firing platform as stable as a rock!]

5127 Lord Horus: Who wouldn't? Elly was like a child with a new toy, and still is. He has that steed spoiled rotten.

5128 Lord Immanuel: Spoiled or no, Elly and Pegasus are the most destructive war machine ever created! They don't even need the additional ForceEnergy of Firedragon, but they never go without it.

5129 [INSERT: Firedragon is an entity that chooses to manifest in the form of a dragon. He is now the same bright scarlet of Pegasus, Lord El Aku's armor and El Aku's troop uniforms, and reflects gold as he bends and moves. He is huge, with a alligator-like head sporting three long, jagged flanges from his nose to his ears, one on either side and one in the center. He has eight sets of legs topped with a wing over each and spaced about equally the entire length of his body.

5130 He loves to scare the hell out of those who think he is something evil, will go to any effort to inject himself into a fight, and is absolutely merciless when ignited. He spews a combination of fire and lightning in any pattern from a pin point to a miles-wide holocaust. When the Akurian Troop is in formation he can usually be found above Lord El Aku and Pegasus at the upper right or upper left depending on his mood at the time.

5131 Nobody this side of The Great Veil knows why he attached himself to Lord El Aku. And nobody else really cares since he has proven himself a valuable asset and faithful unto death.]

5132 Lord Horus: Say! That's right! I've never seen them without that monster!

5133 Lord Hammerlin: I doubt we ever will! Elly isn't one to use more force than necessary, but he keeps the whole total on call. It also gives him a fourth head to keep watch. Elly's one and Pegasus' two would be more than enough for anyone else, but not Elly; he wants all the warning and information he can get!

5134 Lord Immanuel: Even so, he's been ambushed a few times! Pity the poor ambushers though.

5135 It's a funny thing that you can't get anyone to try him twice, ambush or on the field either!

5136 Lord Horus: Who in their right senses would even try him once if they ever saw him in action?

5137 Nobody but a damned fool.

5138 Question by Priest Charles Lae Dailey: Do we understand that Pegasus has two heads?

5139 Lord Immanuel: Yes. Your perception of him is all but totally inaccurate except his color. He is bright scarlet, has huge wings, flies if necessary or on command, and he breathes fire and lightning out of either or both heads! His necks join at the shoulder, his hooves are black metal but reflect his scarlet color, and he is about 600 earth feet in height to the nape.

5140 Question by Priest Charles Lae Dailey: How fast can he fly?

5141 Lord Hammerlin: This side of The Veil, only Lord El Aku knows for sure, but I've seen him break warp five in less than a length of himself!

5142 Now, warp five is not the speed of light multiplied by five! Warp one is the speed of light which is actually 186,410.98484 earth miles per earth second. However, warp two is 186,410.98484 squared! Each warp is the square of the warp below it, warp two being the square of warp one, warp three the square of warp two, and so on.

5143 Comment: Priest Charles Lae Dailey: Our scientists evidently don't know that.

5144 Lord Hammerlin: Your scientists don't know a lot of things.

5145 Lord Immanuel: And that goes for your 'preachers' too!

5146 Lord Horus: We won't discuss politicians and bureaucrats.

5147 Question by Priest Charles Lae Dailey: How then can Lord El Aku manage such a large horse being only about five feet, six inches, or less?

5148 Lord Hammerlin: That's his earth body. Here he stands about 480 - -

5149 Lord Horus: – Five.

5150 Lord Hammerlin: – 485 feet high, not counting the plumes on his helmet. Plumes and all he's well over 600 feet tall!

5151 Lord Immanuel: That's not abnormal here in the Planes of Heaven, as anyone who's ever been here knows.

5152 Lord Hammerlin: Another thing, Pegasus isn't actually a horse; it's just that for all intents and purposes he looks more like a horse than anything else on earth.

5153 More accurately he's a steed.

5154 We all have one especially created for war, but ours are nothing alike except the general appearance. War steeds are awesome creatures, extremely destructive when necessary, and they can fight on their own in perfect support of other weaponry.

5155 Lord Horus: I'd say Pegasus is the best of the lot though.

5156 Lord Immanuel: I'd say so. He's made for war and war only, not like our steeds. And, I'd rather suppose that in any other context or application Pegasus might fall a bit shorter than he does in war!

5157 Lord Horus: He might, but you'd sure have to look close to notice.

5158 Question by Priest Charles Lae Dailey: You said Pegasus could breathe fire and lightning. What is his effective range with either head, or both, if there's a difference?

5159 Lord Hammerlin: I suppose only Lord El Aku knows that too, this side of The Veil, but so you'll understand: Pegasus is effective over his entire range. He doesn't have to compensate for distance. I've seen him on moving targets at incredible distances.

5160 For instance, he once hit a practice target, a series of balls of the general size of an average marble, at about the distance of Pluto's orbit! And he hit each and every one of the 70,000 of them at that range in about two billionths of one earth second.

5161 Now, that's a routine shot for Pegasus and nothing near what he's actually capable of. By comparison, that's equal to you tossing a basketball onto the ground trying to hit the state you're living in! Not counting the time factor.

5162 I once saw him hit a DemonWarrior at ninety degrees to his left at about the distance of 60,000 light years, right in the half-inch vision slot of the helmet beaver. That wasn't considered anything spectacular either, just a warning to let that unit know they were not unknown to the battle we were in.

5163 The DemonWarrior was part of a flanking unit supposed to hit us once we were fully committed to the fray. Not a bad bit of strategy, had it worked. They panicked when Pegasus took their lead scout down with such impunity. And, Pegasus was in full charge at the time!

5164 As for the difference between a fireshot with one or both heads, I don't know. I've seen him spew more fire than you can imagine, but I've never seen him strained to the necessity of having to use both heads to ensure a hit or target destruction. There's no doubt he has that capability; it's just that I've never had the opportunity to see him have to use it.

5165 Lord Horus: I've seen him use both heads on the same target, but not of necessity. It's always been at Elly's command for whatever reason, one of which is scaring the hell out of survivors just so they can take back tales of terror that are fact! I don't think there's a target in existence anywhere in authority that Pegasus couldn't breach with either head once Elly pointed it out to him.

5166 Lord Immanuel: If there is, I don't know about it.

5167 Lord Hammerlin: Pegasus is vulnerable though. He and Elly have been hit severely more than once! The firepower here is quite a bit more than you'd expect, mostly due to the fact that we're dealing in forces-of-light as matter mass material, and in speed solidity factors your most educated scientists/physicists can't even start to suspect.

5168 Question by Priest Vernon J. Reston: Earlier you mentioned that El Aku is a 'brother'. Does that mean by parentage or as in the sense of a fraternal situation?

5169 Lord Immanuel: For Horus and Hammerlin, El Aku is a brother in every sense of the word as the three of them have lived, worked, learned and fought side by side for ages even though they are not any blood relation, here or in any of their incarnations. With me, however, things are a bit more complex.

5170 I am the Firstborn of The Most High; I was born the other side of the Great Veil; I am the only Heir to the Birthright under Holy Law.

5171 Now, those three points make all the difference. I do have real brothers who were born the other side of the Great Veil, who are on this side, learning and training, just as I am. However, The Most High does not concern himself with 'real' sons over his many 'adopted' sons, as one would suspect. Anyone who serves in the true manner of Holy Law and wants to learn and perform both the labors and the disciplines can become a true Son of The Most High! Lord El Aku has done just exactly that!

5172 Not only has he qualified to be a true son and heir, but were I to fall, he would have My Birthright!

5173 My other brothers have not served as El Aku has served, and that makes all the difference! Even the Seraphim of The Holy Presence stand in awe of El Aku because of his servitude. He's a great deal younger than they are; he's not had the close-at-hand association with The Most High they have, and yet he's held in a great deal of esteem! So much esteem in fact, that they refer to him before The Veil as, The Majestic Son!

5174 Now, I want you to fully understand what I have said:

5175 Were I to fail, or fall from grace, Lord El Aku is the Son of The Most High who would receive My Birthright! He has earned the position by service. Even my own brothers from beyond the Great Veil have not served in such perfection, so the reward would fall to El Aku!

5176 Now, that pleases me to no end; so when I refer to Lord El Aku as my brother, I mean just exactly that!

5177 It might interest you to know that there has never been a paganized Christian who even comes close to that state! Ever since Rome, which is transplanted Babylon, slaughtered all Proven Knowers they could get their hands on, Righteous Truth has not been taught in the churches! Your present day 'christian' churches are but fallout copies – and poor imitations at that – of the pagan religion of Nimrod of Babylon, and nothing more. Regardless of what they claim, they are deluded ignoramuses at best and demonic jackasses at worst!

5178 My brother, Lord El Aku will testify of that in The Great Final Judgment, as will I for the exact same atrocities in my day, and as will all other Anointed for their Generations.

5179 [INSERT: While it is true that Lord Immanuel is the Firstborn of The Most High, he did not come this side of the Great Veil until the 360th creation, the same creation in which Lord El Aku was handed through the Great Veil to Lord Vegah.]

5180 Question by Priestess Sheree Rene Culbertson: Do I understand you to say that you have nothing to do with Christian churches?

5181 Lord Immanuel: That's exactly what you should understand!

5182 I do not, never have, and never will, answer to the so-called name of "Jesus", I don't give a damn if it is supposedly "the sweetest name" some jackasses know!

5183 I do not, never have, and never will, 'come into anybody's life', body, spirit, or anything else to 'save' them! Where in the living hell that idiocy came from is beyond me. I certainly had nothing to do with it!

5184 I do not, never have, and never will, 'live within' anyone but myself!

5185 The more I think about this sewerage, the madder I get!

5186 Lord Hammerlin: Permit me to inject here: Immanuel is not the spiritual head of any church on earth!

5187 He was The Spiritual Head of All the Earth when he took the mantle of Anointed at John, The Baptist's death, and remained so until his own.

5188 The Anointed of God in any generation is that Generation's True Spiritual Head living in the flesh. They aren't recognized as such, mainly because they won't tolerate liberalisms of Holy Law, which offends people, and they'd absorb the power and luxury of professed spiritual leaders, which offends people. Especially those who'd suddenly have to go to work rather than whining and bawling all over a stage, lighting candles, mumbling nonsense or waving their hands embinding good souls with bad forces!

5189 Lord Horus: The reputed paganisms of Egypt were nothing compared to paganisms of Christian churches! At

least the Egyptians knew and practiced what they taught their children was based on historical and documentable evidence. The rulers of Egypt were direct line descendants of Nefilim Anunakki even if born out of Adamas.

5190 The fact that they understood more of metaphysical forces than does any hallelujah halfwit, as El Aku calls them, provided them with ensured harvests, ensured health, and ensured security, until they polluted their knowledge with nonsense. It doesn't take very long for an entire nation to fall from prominence once it takes on the silliness of liberalisms. A generation or two at most!

5191 No nation can long survive unless it either has a pure mind before The Most High (as the United States once had) or totalitarian (demonic spiritual) control over its people! There is no middle ground. The Most High made a promise, gave his word, to Lucifer concerning Israel as the exception over control of the whole world, so your knowledge of history might make my statement appear to be a bit exaggerated, but it's not.

5192 Even so, a close look at history will confirm that point without exception. Even though Israel has practiced paganisms of Babylon in all its high levels of government: England, Germany, Spain, France, Portugal and the other monarchies, there has always been an Anointed Witness somewhere on earth to restrain the Wrath of The Most High from them!

5193 So, when you look at Christianity today, it's as putrid as Sodom ever was and as sour as Gomorrah! It advocates racemixing, homosexuality, promiscuous behavior and fornication, divorces and adulteries, infanticide by abortion, knows nothing of the spiritual forces involved in its invocations, and observes a false Sabbath!

5194 Not only that, but it teaches a false and deadly Doctrine of Death with respect to the near Holocaust and the Second Coming!

5195 Lord Immanuel: In fact, the only thing I'm coming before is: before those damnable, degenerate Christians deify El Aku in place of that half-breed nigger, Nimrod!

5196 Anyone who takes the time to read what I said on that very subject should know that! Even in the distorted versions produced by those god-damned Babylonians at Rome!

5197 And, while I'm on the subject: anyone that says or teaches anything else is a god-damned liar! Lord El Aku will explain it exactly as I explained it, and exactly as all the True Prophets of The Most High have explained it since the necessity of it came into being!

5198 The righteous return to earth will be "after" the Holocaust, "after" the Tribulations (troubles) that will follow a Thermonuclear Holocaust, and "after" the Proven Knowers in Refuge are again able to live on the surface in the beginning days of The Restoration!

5199 Exactly when – the day and the hour – that righteous return will take place is known only to The Most High, but the sequence of the campaign has been revealed, told and re-told for centuries! If these lying Sons and Daughters of Satan who teach all those damnable Doctrines of Death actually had any real 'religion' at all about them, they'd know better!

5200 I'm in no hurry to 'come for the Christians' except to put them and their damnable pollutions to the sword!

5201 At the return, without exception: those of impure racial blood will be put to destruction; those of their parentage will be put to destruction; those who have advocated racial mixing will be put to destruction; those who approve of, advocate, or tolerate homosexuality – either male or female – will be put to destruction; those who approve of, advocate, or tolerate promiscuous behavior or fornication will be put to destruction; those who approve of, advocate, or tolerate adultery will be put to destruction; those who approve of, advocate, or tolerate infanticide – whether by the process of abortion (on demand or for convenience) or ritual murder – will be put to destruction; those who teach, approve of, advocate, or tolerate false spiritual teachings and the practices thereof, shall be put to destruction; along with those who teach, approve of, advocate, tolerate and/or observe false Sabbaths shall be put to destruction in the same pile with those who violate the True Sabbath under Holy Law!

5202 Any of these would be justifiable cause to execute all so-called 'christians'! But that's not the end of their abominations; it's barely the beginning.

5203 I fully intend to search each one of these damnable self-righteous, self-deluded, and self-demonized 'christians' out for myself and make them apologize to Lord El Aku – to everyone they've helped destroy with their damnations – before they are taken up to trial in The Great Final Judgment! Especially the self-appointed 'preachers'. Billy Sunday is burning in hell where he ought to be and there's still plenty of room for Billy Graham, Oral Roberts, Rex Humbard, Robert Schuller, Ernest Angley, Jim Bakker, and all those who have given any of them – or anyone else of their kind – so much as one red cent! They're not the only 'christians' who'll be burning in hell for their damnable nonsense; in fact, were it not for the paganized Christians, hell would be rather desolate and empty!

5204 All this degenerate stupidity of 'rapture' and 'meeting-in-the-air' is pure uncontaminated cesspool-quality

sewerage, without exception! Anyone who teaches it is a damned liar, and anyone who believes it is a damned fool.

5205 Lord Horus: If there's any doubt about this point, it would take a fool or complete ignoramus. Immanuel is the Strike Commander of that righteous return, so he should know!

5206 Anything to the contrary of what any Anointed has made clear and specific is a demonic Doctrine of Death – I don't give a damn how 'hallelujahfied' the source! You've never heard Lord El Aku preach such degenerate stupidity as a 'rapture' at all, nor so much as one insinuation as to any 'meeting-in-the-air' before the lid comes off in a thermonuclear ball of radioactive fire!

5207 Even when he was growing up among the hallelujah halfwits that he should know their damnations and demonic doctrines, he refused to teach or tolerate doctrinal efforts that were blatantly against Immanuel's own words! The reputed 'get-Jesus-in-your-life-now-before-he-comes-and-damns-you-as-unsaved' being first on his list. He went through hell personified because he refused either to accept or teach that bit of demonic deception, and his arguing opposition to those who did teach such sewerage only turned up the heat!

5208 Refusing to teach the 'accept-Jesus-or-else' requirement of all demonic churches only made matters worse. His suggestion that the "Jesus-within" was suddenly a power-bereft and educational degenerate compared to the wise and knowing man of Galilee, just did not set well in those demonic circles. Immanuel was, and still is, a man of miracles – including raising the proven dead – but there's never been a 'Jesus-within' who could even handle Immanuel's literary capability, let alone do something against the apparent rules of nature! Lord El Aku's pointing this out has set one hell of a lot of preachers and their demonic followers against him.

5209 Lord Immanuel: His point is well taken though, and is Righteous Truth, even if the preachers and their damnable conglomerations of self-injected delusions of demonisms object to it! They object to anything that calls their silliness into account!

5210 While on earth as The Anointed, I was well trained to read, write, and speak: Aramaic, Hebrew, Greek, Latin, Arabian, Akkadian, Egyptian Coptic, and all their fallout dialects (of which Farsi is one)! I spent hundreds of hours copying manuscripts at Qumran, where I trained as an Essene and disciplined myself in the Secret Knowledges maintained there. Surely, no one in his right mind would suppose that I couldn't do in this day and age what I did then!

5211 Yet in the next breath those demonic pagans who reputedly 'received-me-into-their-lives' becoming 'born-again-Christians' in the process, bellow, rant, and rave, "Blasphemy" when that jackass within them is asked to perform! It might not ever occur to a very closed mind that even they wouldn't give up all their years of hard-earned academic excellence were they required to "enter-in-to-one's-soul" to save them! How stupid can they get as to think that I would?

5212 Lord El Aku's challenge comes direct from The Most High; and Lord El Aku's authority comes direct from The Most High; therefore, the opinions of those who don't like the questions or challenges can go to hell with them! You'll note our beer-drinking brother never backs up from a chance to make this reputed 'Jesus-within' deliver! And the world may as well get used to the idea: I, Immanuel, did not give up any of my knowledges or abilities since the beginning, and if that damnable demonic presence 'within' the hallelujah halfwit can't walk in my shoes or sit in my saddle: it's because it isn't me!

5213 Lord Hammerlin: I never fail to get a laugh when Elly puts the hot irons in the fire of such nonsense. Since when would Lord Immanuel become so ignorant and incapacitated? By what stretch of supreme stupidity can anyone think the Firstborn Son of God should suddenly become an illiterate in the very language of the chosen people: Israel, which is Hebrew? Just how degenerate can they be in their thinking to become so asinine as to suppose that the 'Jesus-within' them would tolerate either observance of a pagan holiday such as Christmas and Easter or defile the correct Sabbath, Friday sundown until Saturday sundown, and all the others as required by Holy Law, if that so-called 'Jesus-within' were, in fact, the true and living son of the equally true and living Most High Lord God of All Creation? Who in the hell do they think that was with Israel for forty years in the wilderness? Charley McCarthy?!

5214 [INSERT: The Commander of that Expedition was YAH WAY under the Direct Orders of The Most High! The Nefilim didn't like having to babysit the Adama they had created and let it gain a soul. But since the Nefilim had blown this batch, they were – and still are – obligated to assist mankind in spiritual and technological growth. And now you know the reason behind all the government's UFO cover-ups, et cetera.]

5215 Lord Horus: The Holy Law as given through Moshe was documented and verified hundreds of times, over and over again; even by execution of Aaron's sons! And the correct Sabbaths were slammed home each and every time by the double portion of manna on the Days of Preparation and the total absence of it on the Sabbaths! We could go on for ages, but the stupid element will still hold to that damnable and demonic Sunday Sabbath right up until its observance sends them all to the Depths of Hell where they belong!

5216 Anyone who observes the Satan Sabbaths must be Satan's own, and there's no way this side of hell that anyone, Lord Immanuel, Lord El Aku, the Seraphim of The Holy Presence, or The Most High, Himself, is going to excuse Satan's children for their abominations! They want death, by God, they're going to get death! And get it in capital letters!

5217 Lord Immanuel: They sure are. And beginning with the churches!

5218 Question by Priestess Sheree Rene Culbertson: Lord Immanuel, if you're the Firstborn Son of God then why aren't you here instead of Lord El Aku?

5219 Lord Immanuel: Daughter, be sure that I take no offense at your question! However, My Father, The Most High whose real name is: ALIHA ASUR HIGH!; Gave his unalterable word that the Generations of Ish should have one hundred seventy-five (175) Anointed in their generations! Lord El Aku is the one hundred seventy-fifth (175th)! I was the one hundred twenty-fifth (125th). When ALIHA ASUR HIGH says something, whether anyone else likes it or not: that's the way it's going to be!

5220 [INSERT: Understand that some generations were under the Spiritual Guidance of the Disciples of a deceased Anointed, ruling in his stead generation after generation until there was the Spiritual Requirement of a Generation for another Anointed. Truth and Pure Doctrine are often distorted and polluted with time, and there's always the deliberate persecution and murder of both Anointed and their Disciples. So, while each and every generation may not have a LIVING Anointed in it, each and every generation DOES have at least the Disciples of previous Anointed alive in it!

5221 Each Anointed must train their own Disciples, but they do not restrict the Disciples of the immediate previous Anointed. Immanuel took some of John, The Baptist's Disciples after John was murdered in prison. True Proven Knower Disciples KNOW an Anointed when they encounter one, and Proven Knower Disciples only come from a True Anointed.]

5222 (Lord Immanuel, continuing) Lord El Aku is but one of the obedient! He is the sole and exclusive Supreme Authority of The Most High in your Generation, and that's final! I was that Supreme Authority when I reigned, but my authority ended at that death and did not extend so much as a twit into the Reign of Simon Peter who received the mantle after me, let alone into this age and generation.

5223 I am not on earth, nor do I appear to anyone on earth, nor have I done so after the forty days where I finally convinced those around me that I was, in fact, the Teacher of Righteousness and that Simon was The Anointed in my stead! Those appearances were both for teaching and for evidence of Simon's appointment. They were his Proof of Anointing, just as mine was the working of miracles.

5224 In other words, there is a man alive in your generation who Reigns in the office of which I once reigned! Lord El Aku ALIHA ASUR HIGH!; with the exact same authority of office that I and all the other Anointed had during their Reigns! Now you know this man as Grand Marshal General Bobby Farrell, and the only real difference between his Reign and mine is his Proof of Anointing!

5225 [INSERT: Each Anointed had a separate and distinct Proof of their Holy Appointment; but only El Aku's is the Testimony of The Most High within one's own soul! And THAT Proof is the most awesome of all!]

5226 (Lord Immanuel, continuing) At the righteous return – and not before – The Most High has sentenced Death and Damnation upon all who are not proficient in Holy Law and obedience! I will be among those who will carry out those executions, and I will not spare for even a twit those who in their self-aggrandized 'holiness have even so much as spoken one word against either the Office of Anointed or my brother El Aku in his Reign. There will be no mercy whatsoever on 'christians', living or dead, regardless of age or mentality, sex, denomination or race! In That Day the sentence of death will be but a prelude to the Eternal Damnations of The Great Final Judgment! And they will be carried out on this priority:

5227 Racemixers – racially mixed descendants to ten generations (except as provided for those seeking to purify their generations after them);  
5228 Masonic, Knights of Columbus and all other such Lodges;  
5229 Christians – and all other pagans, the 'ministers' first;  
5230 Politicians – courts, bureaucrats and abusers of power;  
5231 Manipulators – and all other global traitors (which includes Temple Israel);  
5232 Child abusers, parent abusers, violence advocates;  
5233 Terrorists – (which includes warmongers) and their supporters who have survived so far (today, 2006, that would still include Jane Fonda);  
5234 Rapists, thieves, and murderers; sodomites, lesbians and homosexuals, whores and whoremongers;  
5235 Then we'll get down to sinners-in-general.  
5236 And so, my daughter, it's a damned good thing for most of the sewer-rats on earth that I'm not there instead of My Brother, Lord El Aku! For when I do return, there's going to be hell to pay in an awfully lot of high places, beginning with the degenerates of racemixing, followed by the sorcerers at Rome!

5237 Question by Priestess Sheree Rene Culbertson: Then are we to understand that Lord El Aku is the absolute Authority of Holy Law on earth; that his orders are God's orders? That all due tithes and offerings are to be delivered to him; and everything else involved with this movement and religious truth?

5238 Lord Immanuel: Without question!

5239 Lord El Aku is the sole and exclusive human being Ordained by The Most High as High Priest of Israel, High Priest in Ishmael; and Anointed (Messiah) Witness of your Generation! His power of office is absolute, and had better be unquestioned when you show up in That Great Final Judgment! And:

5240 If you feed a person who is hungry, or deliver assistance to one in need, directly; and not through any other organization other than Lord El Aku's Holy Corps, it is accounted to you as righteous; but if you deliver even one red cent to any church, any charitable organization, any reputed 'help-somebody-do-this-or-have-that' fund, or any 'preacher' or 'ministry' whatsoever: it is accounted against you as both abomination and damnation upon your soul and all your generations after you!

5241 There are many reputed 'worthy' causes. There is a great need of them. But there shouldn't be! If the people who are in such great need weren't being punished for the sins of their fathers in accordance with Holy Law, there wouldn't be any justification for such causes to begin with! Even so, when The Most High smashes down on a people for their pollutions and degeneracies, it isn't without cause! Anyone who attempts to mollify or remove that punishment is in direct violation of that Judgment! Backward, poverty-struck or war-torn nations aren't that way because of their 'righteousness' but rather for their lack of righteousness! They are receiving what they have justifiably earned! Just like your generation is about to.

5242 They were warned for generations! Yet they hallelujahized (sic), racemixedized (sic), and pollutitized (sic) until The Most High correctized (sic)! They are mentally and morally degenerate because they have thrown their vile preferences in the face of the Messiahs and in the face of The Most High! They live in squalor and filth because they prefer it! They think sewerage and trash, and that's why they are incapable of producing anything else! They want to lay back and destroy while they eat the fat of the very land they're destroying! Therefore, make sure you understand: deliver so much as one penny to any such damnable and damned person or organization or fund, and you have personally offended The Most High!

5243 You could actually defecate in the Holy Ark of the Covenant and not offend him any more greatly!

5244 You could actually wipe it down with menstros cloth and not offend him any more!

5245 You could mop the floor of the Holy of Holies, and wash the curtains thereof, with urine and not offend him as much!

5246 Beware! You walk on very dangerous ground with your damned liberalized 'charities' and 'churches'!

5247 As for Lord El Aku's orders: disobey or ignore them at your own risk! If you will directly disobey the Voice of God then do so with Lord El Aku's orders – for when you either disobey or ignore Lord El Aku's orders you deliberately do so against the Orders from The Most High, Himself!

5248 The next time you think Lord El Aku doesn't have to be obeyed immediately and exactly as he says, remember that.

5249 Question by Priest Vernon J. Reston: It is the opinion that Lord El Aku does not spend Corps receipts as we

would like, or in the manner we think justified, but on his own comforts – and as often as not on his beer-drinking!  
How do you explain that?

5250 Lord Immanuel: First, I don't have to explain it!

5251 Second, you, or anyone else, that thinks Lord El Aku abuses his office – including the expenditure of funds – is both a damned fool and a damned liar for saying so!

5252 Third, Lord El Aku has Holy Requirements! Requirements and sacraments that you are too polluted with degeneracies, paganisms, and defamations of self-righteousness to qualify for observance! Were he not to perform the Holy Sacraments on your behalf – you, and all those like you – would be dead and damned long ago instead of communicating these Holy Scripts for the Promised Elect of Israel!

5253 Fourth, Lord El Aku, as all other Anointed before him, has a clear deed of ownership – bought and paid for – to your whole planet and everything and everyone – on it! That puts such opinions in an entirely different light, doesn't it? He should be permitted to do what he damned well pleases with his own property, don't you think? If you don't like those terms, then go blow your brains out or take a long step off a supremely high structure so you can come here to those of us who are personally offended at the likes of those who set themselves above our righteous brother!

5254 As for Lord El Aku doing, or having to do, anything in such a manner as to gain 'your' approval, don't hold your breath! He has the authority to do as he damned well pleases, whether you like it or not! And that goes for all the rest of your god-damned friends too!

5255 Question by Priest Vernon J. Reston: Have I offended you, Lord Immanuel?

5256 Lord Immanuel: You damned sure have. But you're not alone.

5257 When you self-righteous, more-knowing, sons-of-bitches claim superior knowledge to My Brother, El Aku, to the point you can just ignore his orders and directives, withhold your Holy Due of tithes and offerings, or anything else you determine according to your own damnable preferences, I always have to ask:

5258 Where were you cowardly bastards when El Aku rode through a hail of fire and death to retrieve me from the bonds of Satan and restored me to My Throne and to My Father?

5259 Where in the hell were you when he and his Mighty Pegasus went down in a hail of death and arrows to take the daughter of Leviathan, Mishashama (MIS-A-SHAM-A), from the very jaws of Damnation?

5260 Where in all creation did you earn any rights whatsoever except to do as you're damned well told – when and where and how – you're told to do it?

5261 By what god-damned authority do you have the right to say anything – yea or nay – of My Holy Brother?

5262 On whose degenerate authority do you – or anyone else – presume to impose your damnable stupidities on the Holy Elect of Israel (which includes all the Seed of Abraham) by any action whatsoever, let alone deprive My Holy Brother of the means toward that Elect Remnant?!

5263 And by just what god-damned stretch of the imagination do you – or anyone else – think The Most High is against Lord El Aku under any conditions and has given you any authority whatsoever concerning him or his Commission?

5264 That I am offended is an extreme understatement!

5265 That The Most High will require it of you – and the likes of you – down to the last ball of dung, you can be absolutely certain!

5266 Question by Priest Vernon J. Reston: My apologies, Lord Immanuel. But Lord El Aku, of which I am a Proven Knower, just does not fit in my perception of what such a Holy Man should be?

5267 Lord Immanuel: By what god-damned authority do you question the Testimony of The Most High?

5268 The Most High, Himself, said within your own soul that Lord El Aku is His Anointed Witness – Priest, Prince, King, Commander, Representative, what have you – in your Generation, and that's all there is to it! What in the hell more do you want? Or would anything be sufficient? Obviously not.

5269 Your problem is the exact same problem the rest of those who think as you do have, and have it right up to your eyebrows: you want The Holy Office! You are consumed with jealousy that you are down where you belong rather than in the high office which you can't handle! You want the glory and the power and the authority rather than your just desserts, and because you don't have them, you do all you can to defame and distort him who does!

5270 You obviously don't have the intelligence to look at the fact that Lord El Aku does everything he can get away

with to defame himself! If he didn't, some of you bastards would begin to 'praise' him because of His Holy Office just like you have me because I once held it! That's just how much 'glory' El Aku has brought to the Commission, and just how much 'glory' he gets from it. Even so, he does that for your benefit, not his own.

5271 And, it's a damned good thing he doesn't take offense at your god-damned backstabbing. If he did, and ever mentioned it in The Holy Presence, your next appearance might very well be in a can of squashed assholes! All courtesies and sauces intact.

5272 Therefore, your opinion of what Lord 'Holy Man' El Aku is, or should be, doesn't mean a damned thing; except to offend those of us who know him, who've fought at his side, who've worked at his side, and went through all the hell-at-your-hands he's going through now on your behalf! So make damned sure you understand: Lord El Aku is, and can damned well do, as he pleases; and he sure as hell isn't going to account to the likes of you concerning the matter! The bottom line is:

5273 Your perceptions and opinions be damned!

5274 Lord Horus: And that goes for your god-damned 'christian' insinuations too!

5275 Anytime you want to learn how to get UP IN THE SPIRIT and see all the events and happenings we talk about, or Lord El Aku informs you of, then all you have to do is do it!

5276 However, even that wouldn't make you one god-damned iota more faithful to him or his Commission!

5277 Lord Hammerlin: And while we're on the subject:

5278 There are still those among you who think you can raise a command that is "faithful to you" rather than to King El Aku, and you can do a better job of their survival since they agree with your versions of how and how-much things should be done!

5279 But let me warn you!:

5280 It requires the approval of The Most High to succeed in such a survival undertaking, and no one – repeat – no one other than your Lord King El Aku has that approval!

5281 Therefore, your god-damned backstabbing is nothing more than High Treason in The Sight of The Most High! And nothing more.

5282 You have been warned!

5283 Lord Immanuel: And make damned sure you know you have been warned!

5284 If you want to follow one another right into the fire pits of hell, that's all right with me, with Lord El Aku, and The Most High! Make no mistake about it. I don't need you in My Kingdom, Lord El Aku can't have you in his – and The Most High won't have you at all!

5285 So, let your god-damned delusions do with you as the Holy Law prescribes, and take your god-damned treasonous opinions with you!

5286 And as for you, Priest Vernon J. Reston: do not ever attempt to talk to me or anyone else in the Planes of Heaven until you are fully restored to your Lord and Master: My Brother El Aku; and only then as long as you remain honor clean by absolute obedience!

5287 Question by Priestess June Charyl Ellis: Lord Immanuel, please don't be offended at our questions, but: do you have the power to forgive sins?

5288 Lord Immanuel: When I Reigned in The Holy Office of Messiah, I had both the authority and powers of office to forgive sins committed against either myself as The Anointed or against the office itself, but not for one twit before or after leaving it!

5289 Offenses committed against me – I alone have the authority to forgive or avenge! – no one else! Offenses committed against The Most High can only be forgiven by The Most High – no one else! Offenses committed against the office of Messiah are offenses also against The Most High – and there is a crux of Holy Law! If The Most High's Anointed forgives that offense – it is forgiven! If he avenges it – it is avenged! If he does nothing one way or the other – it becomes a matter for The Most High to decide as set in writing of the Holy Law! It cannot be just thrown over the back fence and forgotten! Whoever did it must be made to retribute in absolute adherence with Holy Law!

5290 In short, if you want to put yourself beyond reach of even The Most High – to where even The Most High will not rescue you – because it would make a liar of him if he did – then try a few of the following:

5291 Offend His Anointed;

5292 Racemix;  
5293 Commit treason against His Holy Office of Messiah;  
5294 Die as a 'christian';  
5295 Go into oblivion with 'Jesus' within you;  
5296 Or just disobey Lord El Aku in your generation!  
5297 They'll all accomplish the same thing.  
5298 Lord El Aku has authority to forgive sins, it comes with the office; but I've never seen him do so except when children may have to suffer because of the paganisms of their parents, and only then with very few exceptions.  
5299 As for my ever 'forgiving sins' after I left office: that's pure and uncontaminated dung! I have no such authority!  
5300 Even those who 'praise Jesus' are not under my authority! They are offending the office of Messiah, not me!  
5301 It does make me mad as all hell, but there's not a damned thing I can do about it except avenge it in That Day because part of that damnable degenerate doctrine is a personal defamation! In the meantime, it's been the domain of The Anointed, and still is.  
5302 And to answer your question directly: No! And that's final. If you need or want forgiveness for any offense or sin you might have committed, it's the sole and exclusive domain of Lord El Aku who is The Anointed in your damnable generation. No one else. And even he has limitations!  
5303 If you've done something against anyone else, Lord El Aku cannot undo the damage for you. He cannot forgive you for something you did to another, whether it be a brother, sister, neighbor or a stranger! The offense was committed against them, and only they have the authority to forgive or avenge it!  
5304 While The Most High has set an example in Holy Law, for him to forgive offense by those who forgive offenses against themselves: there is no requirement in Holy Law to forgive!  
5305 Just know that the application of justice is influenced by forgiveness or non-forgiveness, as the case may be!  
5306 Lord El Aku has the authority to forgive sins and offenses committed against The Holy Office or himself, and to intercede on behalf of others with The Most High, but nothing else!  
5307 I didn't have any more powers or authority than that, and neither did any other Anointed in their Reign.  
5308 And, finally, I am not offended at your questions, but I am thoroughly offended at defamations of My Holy Brother and of his capabilities to handle his Holy Commission!  
5309 But don't get me started on that again.

5310 Question by Priestess June Charyl Ellis: Thank you, Lord Immanuel. But tell us, who is going to be taken to expedition and Refuge?

5311 Lord Immanuel: Lord Horus can answer that better than I.

5312 Lord Horus: Make no mistake about it: those who do as they're told and make the provisions for expedition will either be assigned to one or accounted among The Elect in Judgment! Those who think they can establish a Refuge because they have heard some of the ideas and information from Lord El Aku are damned fools!  
5313 No one but Lord El Aku can establish the Holy Law;  
5314 No one but Lord El Aku can invoke the Presence of God;  
5315 No one but Lord El Aku can establish the Holy Kingdom;  
5316 No one but Lord El Aku can declare an expedition Refuge; and  
5317 No one but Lord El Aku can deliver the correct invocation and Blessing upon the Feast of the Bridegroom!  
5318 Anything less than that is a death trap; I don't give a damn what authority you think you have!  
5319 If you want to be a part of an expedition, then follow Lord El Aku through his testings and attempts for fundings! They are not just schemes for his glorification or his benefit! He has the right and duty – yes, even the obligation – to know the exact extent of everyone's capability and trustworthiness, and when you make up your minds to see them through, regardless of consequences, you'll see an expedition authorized and yourself assigned to it!  
5320 Until then, expect to be here in the nations, and totally unprepared, to Die the Death in the Holocaust or the Horrors that will follow it! Anything else is pure unadulterated death trap!

5321 Question by Priestess June Charyl Ellis: Then where does Lord El Aku's authority end?

5322 Lord Horus: As respects his Holy Commission, that's already been given: his limitation on forgiveness of sins

and offenses!

5323 As respects anything else, his authority is absolute!

5324 Even though you are a married woman, Lord El Aku could require a child of you from his own loins and be immune under Holy Law! He won't. But he could! Not because he can't sin, he can; but he won't! However, in this instance he wouldn't be sinning, and neither would you! You're his personal property! Remember?

5325 So, as he determines to do during his Reign, he has all rights, powers, and authorities!

5326 Don't worry. He won't set such a vile example for God's Elect Remnant. He's above all such degenerate thinkings you and the others around you have thought of him concerning these things. What he is fully empowered to do, and what he will do, are two entirely different things in most instances.

5327 He demands a strong family unit where discipline is strict of necessity and pride comes from intelligent accomplishment, so there's not much chance of him doing anything – except in the mind of some degenerate in your company – that would in any manner be a detriment to that strong family unit!

5328 However, just because the women are safe in his company, don't think he won't hand you a Death Warrant for insubordination or treason! He is probably more aware of the fact that all his families will die, women, children and all, unless there is force of arms to protect the Remnant as a whole. That requires a strong military force which is only as strong as its disciplines and its intelligence! Therefore, he's more likely to exert his authority militarily than personally. Even so, only a damned fool would be so asinine as to make any attempt at all to usurp his powers of office or inject their infections into the processes of operation of that office.

5329 Withholding tithes because 'you' don't agree with Lord El Aku's doings or methods is a prime example of injecting your own infections into those processes. But now that you've kept back your support, just exactly what have you accomplished?

5330 One: you haven't reduced Lord El Aku's authority one damned bit, but you have reduced your chances of Refuge by a factor over one thousand! That may sound extreme, but not only is it well within Holy Law; it's a very merciful temperance of justice! Were it not for the intervention of Lord El Aku with The Most High on your behalf for such damnable self-appointed hindrances, there would be a Curse of Curses on you in the next instant!

5331 Two: you haven't glorified yourself, either in The Sight of The Most High or anyone else who has the power and authority to pull your god-damned hide out of the Fires of Holocaust or the Fires of Hell! But you have managed to weld emblems of destruction onto your soul that will still be there in the Great Final Day of Judgment! Let's see you explain them then.

5332 Three: you haven't stopped the process of rescue of an Elect Remnant – expedition two is already Akuria One! – much to all your disgust and disbelief! But you have delayed your own expedition! That's right. You've managed to hang yourself with a rope of your own stupidity! And by God, you duly deserve to Die the Death of it from your actions!

5333 You might be interested to know that Lord El Aku's powers of office and vested authorities of The Most High extend to virtually every nook and cranny of your Generation! The fact you don't like or approve of how he administers it notwithstanding. First, it's none of your business how he administers his Commission; but it is your business to do as he tells you, if you want to live! Other than forgiving sins, Lord El Aku's authority is absolute.

5334 Question by Priest James D. Ellis: There might not be any room to question Lord El Aku's way or manner as respects his Commission, or his authority to rule, but I do object to his reckless abandon that puts his life in a great deal of danger! I've seen him do it. I was there when he went into the Mississippi River at St. Louis after that woman and her baby. I object to such actions on his part as his loss would spell death for a lot of us!

5335 Lord Immanuel: And so it would.

5336 And, no one takes offense at such objection, simply because it's true, and because it does not usurp or insubordinate either his Commission or authority. If Lord El Aku were to die, those of you that remain this side of Refuge are in serious trouble from which there is no escape, even by your own death!

5337 However, if you think Lord El Aku gives a damn, especially under the conditions many of you attempt to place on him or force by withholding your Holy Due tithes and offerings, I have news for you! You might be aware of the fact that each and every soul of the Holy Elect Remnant are accounted upon Lord El Aku's head, whether they're dead or alive! Now, whether they are dead when they should be alive is the fire point! If they're suffering when they should be comfortable makes no difference – they may as well be dead when they should be alive – as far as The Most High and Holy Law are concerned! These are The Most High's individually chosen people! Lord El Aku is responsible and liable for their safety in Refuge and their welfare through the Holocaust and the Tribulations until

restoration!

5338 And what if one of them should die, here in the nations who should be alive and comfortable in Refuge?

5339 Lord El Aku has to personally account to The Most High for that loss!

5340 Now, how many of you self-appointed sons-of-bitches want that on you?

5341 None of you, that's how many. However, your infections of Lord El Aku's Commission actually pile those hot coals upon your heads! When Lord El Aku gives account, he must also give the facts concerning the conditions of the account, and right there your ass is subject to the fire!

5342 You don't like that, but there's not a damned thing you can do about it, except avoid it in the first place. Lord El Aku is a man of flesh and blood, just like the rest of you, and just like anyone else: he gets damned sick and tired of stupidity, nonsense, and your god-damned abuses! When he's had enough, he presents himself before The Great Veil, and The Most High who is behind it, and lays the problem on the line. Should The Most High ever determine His Anointed and The Holy Office have taken enough of your god-damned defamations and insubordinations, he'll grant Lord El Aku's request for relief; and when he does, all your asses are in the fire!

5343 The Most High will take His Anointed, Lord El Aku, back up to his station at the head of his hosts, and those of you left in the nations can Die the Death of Damned Foolishness! Those who should have been in Refuge and are not will be punished upon your heads for your damnable 'preferences' rather than obediences!

5344 Make no mistake, Priest James D. Ellis, your perception is absolutely correct: if Lord El Aku were to get himself killed there would be no more expeditions or Refuges that would succeed! However, you should be fully aware that Lord El Aku's Commission has been fulfilled for all intents and purposes under Holy Law at the establishment of Akuria One becoming Refuge!

5345 Everyone else from here on is but gravy – icing on the cake if you must – but while the Commission is legally accomplished, he is still authorized to save the rest of those who are of The Elect Remnant, if possible! He has the obligation to try, but he is not bound to cram it down your throats!

5346 He spent all his own royalties, bankrupted every Corps unit he could get his hands on – worldwide – and even went without food and clothing for himself to ensure the success of Expedition Two! There's not so much as one red cent of anybody's money other than Lord El Aku's and those in Refuge Akuria One invested there, so not one of you – or anybody else – has even the twit of a claim to be taken in there! And by God, you won't be!

5347 If Lord El Aku is reckless with his own safety, then there's a damned good reason for it, and I'd suggest those of you who are Proven Knowers get your head out (of your ass) and find out what that reason is! That little project is on your head, whether you like it or not.

5348 But understand the point: Lord El Aku's death will spell sure and certain destruction for all those not in Refuge!

5349 At Lord El Aku's death, any and all guarantees, promises and commitments to all but the established Refuges – not expeditions; expeditions are in the same boat with the rest of you – are then and there null and void! Unless Lord El Aku verifies an expedition claim of being "Refuge," it and all those left in the nations are no longer under the protection and guidance of The Most High! They are as those who have violated the covenant, and will be dealt with accordingly.

5350 [INSERT: Lord Immanuel was talking to this Convocation, and did not consume their energy in detailing the fact that all Proven Knowers left in the Nations will have, hold and retain the promised access and protections of The Most High. That point does NOT have to be made over and over and over. Except to the bastards.]

5351 Question by Priest James D. Ellis: Are we to understand that if Lord El Aku dies, for any cause or reason, those of us not in a declared Refuge are no longer under the protection of The Most High?

5352 Lord Immanuel: That is exactly what you are to understand!

5353 The covenant of being a Proven Knower has its obligations – obligations that have not been lived up to by anyone left this side of Akuria One! (1980, GCAD)

5354 The covenant of being in a declared Refuge has its obligation of servitude upon the inhabitants and the unconditional protection of The Most High as long as those inhabitants maintain their rites and conditions of servitude! And that overseership of The Most High will last only as long as that covenant is not violated!

5355 However, all the expeditions you can field aren't worth a damn unless they were manned by selection of The Most High through the Chain of Command which is at the hand of His Anointed: Lord El Aku!; and authorized by Lord El Aku after they have met all the high and low requirements of discipline, training, equipment, logistics, and

spiritual knowledge!

5356 Even with Lord El Aku's assignment to expedition you're a long way from safe. Until the installation has completed all those vital and necessary fortifications and facilities; until that installation has completed the equally vital and necessary spiritual trainings and practices, of which none of you even know which is which or how to do them; and until that installation has made and established its perpetual culture in accordance with Holy Law and the Constitution of the Kingdom of Akuria: can Lord El Aku declare it Refuge!

5357 And only Lord El Aku has the authority to declare Refuge!

5358 Did you get that? You can 'field' in one hand and defecate in the other and see which one gets full the quickest, but you cannot establish a successful Refuge, nor declare Refuge! Only Lord El Aku can do that!

5359 And unless you're in a declared Refuge on and by authority of Lord El Aku, you may as well be in the next boxcar unloading in the last depth of hell!

5360 Question by Priest James D. Ellis: There's a lot of us waiting for Lord El Aku to assign us to an expedition, but he hasn't, so what are we supposed to do?

5361 Lord Horus: Let me answer that.

5362 In fact, let me answer that with a few questions of my own!

5363 How many of you have recruited so much as one other person who is worth a damn to an expedition? You've brought in a few of your friends or relatives, all of whom think exactly the way you do and none of which are worth the powder and lead to blow them to hell! But which of you have raised your Squads, your Platoons, and your Companies?

5364 How many of you have raised a command that was faithful to you rather than The Most High's Anointed? You like being in charge so damned much, you think you can copy Lord El Aku's words and have all the power and luxury you want! But how many of you have done so much as one god-damned thing to establish an expedition?

5365 How many of you have paid your tithes, either the correct amount, or on time? Which of you have receipt for your gifts and offerings that will show the first tenth of your earnings? Which of you can stand before the Great Veil and say, "I have paid my due tithes right to the penny!" or for that matter even a tenth of those tithes?

5366 How many of you have your prescribed uniform? How many of you even know the grades and ranks of the Corps? How many of you can recite them from top or bottom? How many of you have correct field gear? How many of you have demanded this information and not sent one red cent to pay for its printing and postage?

5367 Then you whine and piss and moan because you aren't with an expedition that has an average cost of \$75,000.00 per person (not counting construction)! And each year that will increase.

5368 I suppose you expect Lord El Aku to pay that out of his own pocket for you and let those who have done what was required of them to die in some sewer?!

5369 Well, don't hold your breath until he does it!

5370 And don't hold your breath till he assigns you to expedition, either! When you do as you're told, The Most High will take note, and if Lord El Aku needs reminding He (The Most High) will handle it from this end!

5371 And to answer the second part of your question, "what are you supposed to do?" I'd start with getting your head out of your ass! When, and if, those of you who want to live begin to be part of Lord El Aku's preparations – instead of 'your' projects – then you can expect visible signs of the operations: but not until!

5372 Question by Priest James D. Ellis: If each person has a price tag of 75,000-plus dollars, how are any of us going to make it?

5373 Lord Hammerlin: I'll handle that one.

5374 It's very simple. You quit wasting what resources you have on 'your' projects – which are damned to the finest grain by The Most High – and support the endeavors placed upon Lord El Aku!

5375 Every day you see or read about entertainers grossing not a few thousand dollars, but millions!

5376 It takes a lot of work and a lot of money to play in that league, but Lord El Aku isn't going to blow all his energies for a few of you jackasses who do nothing but backstab during preparation for these projects and run like a scared chicken at the first sign of trouble! You have neither the courage nor intelligence to know that the sign of trouble is normal and indicates which direction one should take next – whether corrective action or refinement of the present course – but it does not spell instant doom as you half-assed ninnies suspect or suppose!

5377 Lord El Aku has the expertise and connections to make the same millions of dollars as anyone else in

entertainment, and other than discovering gold or winning a lottery sweepstakes – which is a shot in the dark at best – there's no other way you are going to be financed! It's as simple as that. So you can do 'your' projects and Die the Death in Holocaust, but you sure as hell can't do 'your' projects and earn sufficient funds to finance a Refuge!

5378 Lord Horus: In short, your own god-damned preferences being given priority over the campaigns assigned to Lord El Aku by The Most High are your own self-signed Death Warrants!

5379 Lord Immanuel: Exactly!

5380 Lord Hammerlin: And, Lord El Aku has the expertise and connections to make the same funds on other people's performances and efforts once he's able to finance and license their products! But of course, you half-assed ninny's think 'your' project will provide funds to buy you the tent, rifle, and canned food you need! You idiots!

5381 If that were all you need to establish a Refuge that must be safe, secure, and provisioned for three generations at minimum, then Lord El Aku would be the first in line to finance 'your' projects!

5382 So, while \$75,000.00 is a lot of money, it is not beyond reach of the obedient!

5383 Question by Priest James D. Ellis: We know that Lord El Aku is establishing a business office somewhere in Florida right now. Will it be a success?

5384 Lord Immanuel: No! And Lord El Aku knows it. There's already sufficient backstabbing and negatives to destroy it, but he is going to keep right on as a testimony against those who want it to fail just so 'their' project will look better by comparison. Little do they know that its failure is their Death Warrant!

5385 Question by Priest Thomas E. Ulrich: Are you telling us that if Lord El Aku could depend on our tithes and offerings, in accordance with Holy Law, that he could and would attempt to earn sufficient funds for our rescue?

5386 Lord Immanuel: There's no 'attempt' about it; he'd do it!

5387 But he'd need your support in keeping the backstabbers from depriving him of the energies and concentration necessary to make those funds, and I assure you: that's one hell of a big job! He has more backstabbers around him than Julius Caesar!

5388 But, The Most High has long ago desired that Lord El Aku be sustained out of Corps funds, and he has refused to do so. And for several reasons.

5389 First: Lord El Aku isn't going to give the satisfaction to those who will instantly begin to whine, piss and moan the very minute he buys himself a meal or cold six-pack!

5390 Second: in refusing Corps maintenance he piles hot coals on those very same heads! You would all be well advised to take funds out of your own pockets for his living and expenses, since you too are under that penalty even if you wouldn't complain.

5391 Third: the needs of the Corps at large come first, and there has never been sufficient funds to provide both the Corps and Lord El Aku's living. How many of you would do without your living just to ensure the needs of the Corps? Not a damned one, that's who.

5392 Fourth: when, and if, there ever is sufficient funds for his sustenance, you'll find that it will be as salary for a Corps fund project and not out of the church. That will piss as many as it is going to please, but The Most High will tolerate it even if he won't excuse those who made it necessary in The Great Final Judgment!

5393 There are other reasons, but this is more than you can handle for the time being.

5394 Question by Priest Thomas E. Ulrich: I am one of those Lord El Aku taught to be a priest into the service, but can he really handle business administration, especially in the complexities and mysteries of entertainment?

5395 Lord Immanuel: He sure can. Entertainment is complex and mysterious to you because you don't know a damned thing about it. Being a priest was equally beyond your capabilities until Lord El Aku taught you the exacting processes.

5396 However, you'll note that Lord El Aku has expertise in both realms.

5397 Lord Horus: Lord El Aku isn't limited to entertainment for finances, not by a long shot! And he's equally well

versed in all those other realms of necessity.

5398 He has expertise, or access to it, in so many fields that it's not sensible to list them all here. Some of the projects under his hand are classified for business reasons, in addition, so we're not about to expose them before he's ready, and then he'll do it himself.

5399 Question by Priest Thomas E. Ulrich: What, exactly, are the terms of Lord El Aku's Commission?

5400 Lord Immanuel: There are countless provisions, nearly all of which give him absolute authority and responsibility!

5401 The first duty of all Anointed is to be The Witness of their Generation in The Great Final Judgment; politicians, preachers, and all! However, some Anointed have additional duties, and Lord El Aku is one of those.

5402 He is charged with the "gathering and preparations for The Elect Remnant of Israel against the Days of Holocaust and Tribulation" among other things.

5403 Many of the powers come with the office, and others come on Direct Orders of The Most High.

5404 To answer your question simply, if not explicitly, one is inclined to say:

5405 "Lord El Aku's Commission is the establishment of absolute authority of The Most High in your generation!"

5406 And you can bet, there are terms in that Commission that do not fit well in the craw of most in your generation.

5407 You can test the terms of appointment with The Proof of Anointing, but all you're going to find with respect to limitation is the forgiving of sins. Lord El Aku cannot forgive something done against you; only you have the right to do that. Otherwise, Lord El Aku's terms of appointment are absolute in your generation.

5408 Lord Hammerlin: Let me get this point in here.

5409 Lord El Aku is not limited by any 'doctrine-of-Christianity' as most of you would like, nor does he actually suffer the limits imposed on 'Jesus' by the preachers!

5410 Lord Immanuel: I don't think the preachers or the 'christians' are going to like that. And, I don't give a damn whether they like it or not!

5411 Question by Priest Thomas E. Ulrich: Being a Proven Knower did not give me spiritual powers as the ancients, or your own Disciples, had. Why not?! I'd like to know.

5412 Lord Immanuel: For the first thing, spiritual powers are not 'just given'; they are earned! Becoming a Proven Knower will set you free of the half-baked hallelujah halfwit nonsense you've been programmed with for years by the 'christians' (unless you insist on retaining those damnable paganisms), and seals you in the forehead with The Seal of The Most High (the same seal the servants of The Most High were ordered to mark upon given people: Ezekiel 9:4), but it does not make you equal with either The Most High, Himself, or those who can stand in His Presence as Lord El Aku can, nor does it give you authority over angels or forces! If you want to earn these things, then you'll have to pay the same price of practice and attention and obedience as everyone else paid who enjoys them today!

5413 Lord El Aku has given you spiritual instruction, which you have ignored! He may as well have poured those instructions into a cesspool for all the good it's done you.

5414 And you may as well get it straight the first time:

5415 The Most High will not assist you in Spiritual Truth as long as you're in violation of Holy Law!

5416 The Most High will not permit his messengers' servants to assist you as long as you're in violation of Holy Law!

5417 The Most High is not going to provide you a damned thing until you're no longer in violation of Holy Law! Being a Proven Knower eliminates the 'ignorance' factor. Lord El Aku plainly tells you what is – and what is not – Holy Law, but you prefer to hold to the stupidities and delusions of 'christianity', so you suffer the consequences.

5418 If you want spiritual powers and abilities – and you damned well had better have them – then you're going to have to shape up to the cold, hard, facts of Spiritual Truth and stop your practice of paganisms and your damnable backstabbing of the Lord's Holy One of Israel!

5419 It seems the more Lord El Aku teaches you, the less you respect him for his knowledge. You damned sure aren't his better, either in knowledge or power, but one would have to look hard to see it, if appearances of your actions were to be observed! There is one law he teaches constantly and is just as constantly ignored because it deprives the asshole element of power!

5420 The Law of Degrees of Knowledge (Law of Immunity) is such that one with high knowledge is immune from invocations and abuses by those with low knowledge, and is not required to take any actions of revenge, as the law will do it for them. They can take action of revenge if they so choose, because the law does not forbid them. However, in instances of invocation or abuse committed against one of lower degree of knowledge by one of higher degree of knowledge, the high one is suddenly stripped of their immunity and wide open to whatever the offended desires to do within their capability or access!

5421 We've lost personal count of the instances where Lord El Aku has taught one of you jackasses some spiritual knowledge and then had it turned against him! How many instances there are of deliberate attempts to do him both personal and physical harm with the very information he taught, we don't know, but you can damned well be assured: every one is still recorded in The Holy Scripts of All The Heavens and All The Earths and will be paid for without end come Judgment!

5422 [INSERT: The Anointed's teaching those who turned against him was a classic case of casting pearls before swine AS A TESTIMONY AGAINST THEM! Which he has every right and power to do.]

5423 (Lord Immanuel, continuing) So, if you want spiritual powers, then become a spiritual person: devoid of jealousies, obedient of Holy Law, practicing the Keys to the Kingdom properly and diligently, and make damned sure you avoid paganistic practices regardless of who might be upset or distressed! And, being obedient to Holy Law means delivering your Holy Tithe of the first tenth into God's Anointed's hand!

5424 And that last one just sent scads of you right straight into hell! But that's your choice; no one else's.

5425 Question by Priest Thomas E. Ulrich: Just how spiritually powerful or knowledgeable can one of us become if we obey all the Holy Law?

5426 Lord Horus: Being an attorney, let me advise you that you can become as proficient as you damned well please! But, not on your terms.

5427 You must first prove to The Most High by obedience that you mean what you say in your vows and will do what is required of you regardless! That's always been the situation, and it always will be the situation.

5428 Once you live up to that, then you will see your spiritual powers and knowledge advance and multiply beyond your present comprehension! And not until.

5429 There are powers and forces that anyone can use, but to be able to know anything you want to know, and understand it, and all the vast expanse of its applications is power indeed!

5430 Those few idiots who think themselves masters just because they managed to perform a mental trick or two at Lord El Aku's instruction, are doomed to more than just disappointment, they are Doomed to the Damnation reserved for the treacherous and for the pagan sorcerers! Avoid these kind at all costs.

5431 Practice the low level powers given you to learn by Lord El Aku, and do them until you have them at absolute command. Do not – repeat – do not attempt to teach until Lord El Aku gives you instruction to do so! If you do teach and the student falls, you are going to pay for it – and pay for it without mercy!

5432 Once you have that good, solid, basic foundation, Lord El Aku will show you higher things and teach you how to keep out of trouble while practicing with them.

5433 It's a little like learning to handle a firearm. You must shoot, but you don't have to kill or injure yourself or anyone else in the process! Proper preparation will avoid any such bad connotations, and you'll progress to heights beyond your imagination if you maintain yourself in accordance with Holy Law!

5434 Lord Immanuel: I see your next question coming, Priestess Jane Ellen Dailey; so let me answer it here and now:

5435 You can learn to do miracles like I did as My Proof of My Anointing – and more also! There is absolutely no end to what you can accomplish once you know spiritual law!

5436 However:

5437 Most of what you will learn must be learned in Refuge!

5438 Your Generation of Fire is all but out of time, and you are desperately in need of doing the preparations instead of all those jackassing projects you insist on.

5439 Therefore: first things first – and the first thing is to stop your nonsense and get on the ball of survival! Everything else is a death trap. You can learn sufficient to know truth and Lord El Aku's absolute authority, and

become Priests, Prophets and Communicators, and even a bit of how-to-do-it spiritualism, before the Big Boom. However, if you want to go up in a ball of radioactive fire with all your 'powers' intact, like Jeane Dixon, Page Bryant, and their phony clan will, if they live long enough, then waste your time just like you have The Most High's tithes and you too can be blown into hell in the death of stupidities!

5440 Question by Priestess Charlene Elizabeth Reston: Lord Immanuel, I will be the first to admit that what Lord El Aku teaches is hard to accept after years of Christian doctrine; and that I am more in fear of you, than affection, as that doctrine reputedly demands; but Lord El Aku has demonstrated tremendous powers which I consider evil. How can I follow him?

5441 Lord Immanuel: Finally, a truthful statement.

5442 First, you consider Lord El Aku's doings 'evil' because he does not fit into the hallelujah halfwit paganisms of 'christianity' which you have been programmed to accept as 'righteous'! There can be no mistake: I too was murdered, legally, because I said and did exactly what My Commission required – damn the ritualized religions – and the very Sanhedrin, a court of High Priests who were lifelong scholars of Hebrew scripture – they still had the original temple copies of Mosaic Law – were the very ones who ordered my execution because I lit into their damnable paganisms with no holds barred! In their eyes, and in the eyes of all the people who blindly and unquestioningly followed them because of their reputed 'authority-of-god', hated me to no end and charged me with being 'evil'!

5443 You should expect no better from the sons-of-bitches who rant and rave from the pulpits in this generation!

5444 Were I, Myself, to appear in the flesh to these god-damned pagans, who call themselves 'righteous', they'd hang me just as quick in this day as they did before!

5445 Lord Horus: Manny is about ready to let loose!

5446 Lord Hammerlin: Let me get some more wine, I don't want to miss this!

5447 Lord Immanuel: Let's take a look at a few of the god-damned doctrines of these demonic bastards who bad-mouth my brother, Lord El Aku, and just see how god-damned righteous they really are!

5448 First: I was not the 'only son' of Mary and Joseph! And my mother's name was not 'Mary' at all; it was, and still is: Mariah, as you would pronounce it, meaning 'Daughter of The Wind'! I was her firstborn, but I'd sure as hell like to know why in the hell my brothers and sisters born of Joseph and Mariah are thought to be nonexistent when my Disciple, Matthew, (the scripts of Matthew) clearly stated their existence in no uncertain terms! Read it, or what is left of it, in Chapter 13!

5449 For your information, James, the next eldest is James the Disciple (not one of the Twelve, but one of the Seventy Judges), and there was Jou-say, Sim-on, Yod-dah, and five sisters: Elizabeth, Tamara, Martha, Deborah and Mariah, who all lived and remained in and around Nazareth, and Barabas (the name means "Son of God"!), the brother who went to study at Qumran and then to Cairo and then became a soldier in the ranks of the Zealots.

5450 Having had eleven children (one child was stillborn), I doubt my mother could be said to be 'ever virgin'; and the very term is an insult and personal affront to me!

5451 And while I'm on the subject:

5452 Lord Hammerlin: Here he goes!

5453 Lord Immanuel: My mother has never 'appeared' to anybody, living or dead, anywhere in these Planes of Heaven or on Earth! She lived her last years with John (St. John, The Divine) on the Island of Patmos and is buried there. She is alive forevermore here, and tends me at her leisure.

5454 Anyone – and by God, I mean, anyone – who says they saw her in any other place is a god-damned liar of the first magnitude! Lord El Aku has seen her here, but there's not a damned one of you who can get this high! And that includes all your 'spiritualists', all your 'priests', all your 'visionaries', all your 'metaphysicians', and all your god-damned 'christians'.

5455 And another thing:

5456 Lord Horus: Beautiful.

5457 Lord Immanuel: Anyone – and by God, I mean, anyone – who runs those god-damned beads using my mother's name or inference is in one hell of a lot of trouble with me! She is not, and was not, a pagan whore (or harlot) and I'll be damned if I permit her to be desecrated as one with that god-damned, "Hail, Mary . . ." paganistic manure! And you can stick that in the ass of any Catholic you wish! Now to this 'only begotten' putridity!

5458 When an Anointed receives his Commission, he is the sole and exclusive "Son of God" in office, "Begotten of God" if you so desire, and of all the damnable, degenerate, paganistic sewerage I've ever encountered in my existence, I don't know which is the most offensive and contaminated:

5459 My being the 'only son of god' whoever held the mantle of office!; or my being, "god incarnate"!

5460 During my Reign as Anointed Messiah, I was the only Son of God on earth! since "Son of God" and "Son of Man" are both Titles of the Office of Anointed! along with a few hundred others! In your generation, Lord El Aku is the only Son of God on earth for exactly the same reasons: Title of Office!

5461 Now, get that through your thick heads!

5462 Any Anointed in any generation is the only Son of God in that generation! To infer anything more or less is an abomination of extreme offense to The Most High!

5463 As for being 'god incarnate': that has to be the most vile and degenerate of all doctrines!

5464 First: I am Immanuel, Firstborn of The Most High; not The Most High, incarnate or otherwise! And anyone who takes even a cursory look at the degenerated scriptures you have available can still see that point very clear! Who in the hell do you think I was praying to and talking about? a pile of cow-dung sculptured to look like that half-breed Nimrod?!

5465 Anything improper against My Father, The Most High, offends me! But he has strength and power to avenge himself;

5466 Anything improper against my earthly mother, Mariah, offends me! And she doesn't have the strength or power to avenge herself! So I take great delight in doing it for her!

5467 To suggest that I, or The Most High, would have had incest, sexual intercourse with my own mother is an abomination that I will not ever excuse: either in the Heavens or in the Earth! And only a god-damned demon-possessed son-of-a-bitch would make such a claim and accusation!

5468 Therefore, know for a fact: anyone who teaches, "god the father, god the son, god the holy ghost" is a god-damned demon in the flesh! Sodom and Gomorrah put together were not as putrid as that 'doctrine'!

5469 When the Kings of Sodom and the Kings of Gomorrah come to give full account for their whoredoms, even the murder of their infant sons by sodomous rape, and the murder of their infant daughters who suffered more, they will be met with more mercy and more righteous respect than those who come to give account with: "god-the-father-god-the-son-god-the-holy-ghost" upon them!

5470 And though the Kings of Sodom will come with the murder of their sons upon them, by sodomy before the blood of birth was wiped from their little bodies: I will greet them as an erring brother compared to those who come with the 'trinity' upon them!

5471 Yea! Though the Kings of Gomorrah come with the blood of the wombs of their daughters upon them before they were wiped of the afterbirth waters, I will meet them as mischievous children compared to those who come with the pollution of this damnable doctrine upon them: defaming The Most High, falsely accusing my mother, Mariah, and offending me without measure!

5472 And you think Lord El Aku is evil!

5473 You can rest assured that the demonic sons-of-bitches you listen to from the pulpits of 'christianity' will say so!

5474 But let the sons-of-bitches say what they will:

5475 In the Day of Holocaust when they get their 'meeting-in-the-air', and in the Years of Tribulation when they eat their own children and their own dung, which is better than they deserve: they'll be singing an entirely different song!

5476 They'll call upon anyone – El Aku or Satan himself – to be merciful and rescue them from the harvest of their own doings!

5477 And they won't be alone!

5478 The cowardly bastards who immersed themselves in the vile whoredoms and narcotics of Janis Joplin, Jane Fonda, Doctor Timothy Learey, and the rest of those god-damned advocates of racemixing and communism will be well represented! And not a one of them will escape either! (Janis Joplin and Doctor Timothy Leary are both burning in Hell and the rest of that damnable crowd, including Jane Fonda, will be.)

5479 Next in line, but no worse, are those who think the 'cross' is anything but an emblem and instrument of death!

5480 If you want to know where to find death: both of the body and of the soul, then look for the emblem of death, for everything under it and connected to it is death! And, I don't give a damn what the trappings and appearances are!

5481 And you think Lord El Aku is evil!

5482 And where in the hell did anyone ever get the idea that I was never married?! It is a matter of law that all men should bring up seed – children – in Israel or not present themselves at the Temple! According to that law, a man had to bring up children to Israel before his fortieth year! I didn't last that long, nor was I intended to last that long: but while I did last I was expected to keep and obey all Holy Law of which children was one!

5483 I was born into Israel as a Jew, and became an Essene, but that did not exempt Holy Law!

5484 You can read of my wife: Veronica as she is called, but her name was, Verone (pronounced with an 'o' as in VER-OWN)! It was she that took her scarf and wiped my face during the trip to Golgotha. As my last act of affection for her, I left the image of my face on her scarf. She became the wife of my brother Barabas and died with him at Masada. It was Verone's and Barabas' bodies that were found there in 1969 by your reckoning, and accounted by Donovan Joyce. She burned the imaged scarf and threw the ashes into the wind before she and Barabas committed suicide rather than become slaves and servants of the Roman Babylonian pagans.

5485 And you think Lord El Aku is evil? What in the hell do you think those god-damned, lying, deceived, demonic, paganistic, all-believing and totally non-knowing 'christians' are?

5486 That Lord El Aku has tremendous powers, there is no doubt, nor is there any question! But his powers are neither 'evil', nor used for 'evil'! He does, just by taking thought, bring hell and fury down on those who make the mistake of offending him; as he did on the Masonic Red Lodge at Indianapolis, Halloween, 1963; and Richmond, from where he was railroaded, on several occasions since. He's never slapped down anyone who didn't need it, but there have been those who were in proximity of the doomed that were injured and killed because of their association or their ignorance! Even so, being close to a son-of-a-bitch, regardless of the reasoning, is justifiable cause to die the death of that son-of-a-bitch!

5487 And finally:

5488 How in the hell can you have The Testimony of The Most High and still think, and; Yes, even accuse; The Anointed of That Very Testimony, of being evil?

5489 By what god-damned nitwit supposition can you be so halfcocked and hypocritical?

5490 Your only reasoning is deadly accurate: 'years of Christian programming'! And anyone that thinks Satan hasn't infected the very depth of your being with those 'christian' paganisms and their sewer-pit delusions is a damned fool!

5491 Lord Hammerlin: I need another drink.

5492 Lord Horus: The Pope is going to need one too, when he reads that!

5493 Question by Priestess Charlene Elizabeth Reston: I didn't mean to offend you, Lord Immanuel, really I didn't. But I saw Lord El Aku kick our minister right in the face! Our son, Donald was being prayed over, and Lord El Aku kicked the both of them without warning. He really hurt Reverend Watson, and then looked down at him and said, "A blessing of Jehovah!"

5494 Lord Immanuel: And he saved your son from a Damnation in the process!

5495 I've seen these god-damned, self-appointed, teachers-of-god suckering people down on their knees all over the landscape and 'praying' for them! And it angers me to the very extreme!

5496 They'll all burn in hell by the time I'm through with them for it!

5497 And by what god-damned standard do you think Lord El Aku was doing anything but The Most High's will when he knocked that bastardly, demonic, son-of-a-bitch off your son's back?

5498 It's just that kind of programming that has sent hundreds of thousands right into the Firepits of Hell! Lord El Aku should have slapped your 'Reverend' Carl Monroe Watson with a Curse of The Anointed just to see the worms eat!

5499 As for your son, he's about as intelligent as a rotten rock and about as moral as a whoremonger. It's no wonder, though, look at his father! Donald is a perfect image!

5500 As concerns the 'blessing of Jehovah'; since that's one of the paganistic pollutions – it doesn't exist! And that's what Lord El Aku delivered: nothing!

5501 Question by Priestess Charlene Elizabeth Reston: But the preacher said: 'we have to accept Jesus' and if we do, Jesus will heal us of all our afflictions!'

5502 Lord Immanuel: I don't give a damn what the preacher said!

5503 There are exactly two entities who outrank me: The Most High, always; and Lord El Aku in war! And unless your god-damned 'preacher' has authority over The Most High – at whose directives all these things are – then I wouldn't concern myself at anything that lying son-of-a-bitch said!

5504 If there was any credence whatsoever to 'what-the-preacher-said' then let me remind you:

5505 They claim that 'gee-sus' paid the penalty of Ish's sin, which is death.

5506 Then if those deluded sons-of-bitches are 'forgiven' of those 'sins': why in the hell are they still dying?

5507 If the debt is paid; and the debt was, and still is: death; then why are 'christians' still dying?

5508 And you can start with the Popes!

5509 Question by Priestess Charlene Elizabeth Reston: Did we understand you to say that Lord El Aku outranks you?

5510 Lord Immanuel: You sure as hell did!

5511 I rank him in the Temple and in all Priestly functions;

5512 Lord Horus ranks him in the Courts of Judgment;

5513 Lord Hammerlin ranks him in the Studies (schools); but Lord El Aku outranks all of us in War and in military applications!

5514 So you will understand: Lord Hammerlin is his Command Executive Officer – I am his Field Executive Officer – Lord Sargasmus is his Staff Executive Officer and his Second in Command in his absence due to our other duties; and Lord Horus is his Adjutant!

5515 We perform these military duties in addition to our own offices and commands.

5516 As you can see, we serve each other as necessity dictates.

5517 Lord Hammerlin: When we go out on mission, we take our armies and retain command over them just as Field Commanders do in any other such military operation; but we fight when and where and against whom Lord El Aku directs us.

5518 In war, he's the chief over us, even though he takes his orders from higher Commanders if that's where we are assigned, or directly from The Most High, Himself, if The Almighty chooses to use us as the elite unit we are.

5519 Lord Horus: And you may as well know right now: we do not find anything wrong with that!

5520 Lord El Aku is the best, most destructive, unpredictable, and toughest disciplinarian, Field Commander this side of The Veil!

5521 The Most High, Himself, says so, but we've served under him and know for a firsthand fact!

5522 Lord Immanuel: And when the fat's really in the fire, you'll find him to be the first one in and the last one out!

5523 Question by Priestess Charlene Elizabeth Reston: How can we know that all this is true? Our multi-blind copying procedure is good, but these things are hard to believe.

5524 Lord Immanuel: Well spoken!

5525 However, every word hereof can be verified by The Proof of Anointing as with every word out of the mouth of The Anointed Lord El Aku.

5526 And you're not going to get anything else!

5527 All the 'signs' and 'wonders' are nothing more than excuses to defame Lord El Aku and these scriptures when you ask for halfwit 'christianized' versions of documentations.

5528 Are you aware that Lord El Aku is the only Anointed ever to have to have outside Testimony and Communications to document his appointment? He is! And that your generation is so damnably demonic that even The Testimony of The Most High – who documented each and every Anointed – isn't sufficient?!

5529 Did you get that?

5530 Even The Word of The Most High isn't acceptable as truth in your generation!

5531 It's no wonder you're the Generation of Fire.

5532 And we don't want you to 'believe'; that's for the damned 'christians': we want you to "know"!

5533 Lord Horus: I won't hold my breath.

5534 Lord Hammerlin: Me either.

5535 This damnable generation would rather walk directly into the Main Gates of Hell with their stupidities intact, than to know the Messiah of their Generation – or the process of their rescue!

5536 Question by Priestess Charlene Elizabeth Reston: But, Lord Immanuel, there have been miracles in the churches, and done in your name!

5537 Lord Immanuel: You halfwitted ninny! My 'name' has never been used to perform a miracle because it won't work as such!

5538 My 'name' is not, never was, and never will be 'Jesus' or any such title with or without a 'christ' attached!

5539 [INSERT: "Jesus" is a modern pollution of the ancient name Zeus! Zeus was the 'father' of all the other 'gods', thus came the blasphemy that Immanuel was also The Most High, and the equally damnable 'god-the-father, god-the son, god-the holy ghost' blasphemy!]

5540 (Lord Immanuel, continuing) And I have performed no miracles whatsoever since My Anointed Reign ended! Anyone that says different is a liar, even if they're too stupid and ignorant to know it.

5541 But you ought to get it through your thick head that the Lord Satan who is worshipped at Sunday services, Christmas and Easter, and all the other Catholic holidays is an extremely powerful being. He is not the weak-kneed namby-pamby with a terminal streak of hard luck your jackass preachers claim him to be! He has more capability than all your god-damned miracle workers put together, is more devious than all your god-damned politicians and manipulators put together, and can and will do whatever is necessary to deceive you 'christians' into staying within his demonic fold. Lord Lucifer uses your absence of knowledge to give possibility to injected guilts which are the sole substance of 'christian churches' with their, "your" sins, "your" iniquities (which most of them haven't the slightest idea what an 'iniquity' actually is!), and the rest of "your" shortness of the 'glory-of-god'! Since you only 'know' what little you've been told to 'believe', it's no wonder he has a stranglehold on your whole worthless generation.

5542 You can 'justify' remaining an ignorant jackass any way you want: 'my father and mother were good people, they lived the church all their lives'; if they did, they're burning in hell for their paganisms, whether you like it or not! 'I saw the man in our church heal conditions the doctors had given up on' . . . Undoubtedly! And if they were done 'in the name of Jesus', Lord Lucifer was the actual healer!

5543 You can bellow 'Immanuel', 'Joshua', 'Joseph' or anything else you can dream up until you turn blue in the face, but not a damned thing is going to occur towards accomplishing a miracle! And those are my names!

5544 Anyone that claims any powers or authorities from me: the Firstborn Son of The Most High; is a damned liar! Even Lord El Aku makes no such claim, because his powers and authorities are not from me, but from The Most High! Anyone that makes any claim or invocations reputedly "in my name" is working sorcery – demon black magic if you must – regardless of the claims or results!

5545 And on the subject of 'names': if you will read in those few scriptures you have left, you will find that somewhere in the scheme of things, there will be those who have a name that no one else knows! That is to prevent that name from being used by the nitwit and demonic elements! To invoke any name, or to do anything 'in' any name, without that being's permission is Blasphemy! Even if you don't have the name right, and intend your effort to represent such a one: It's still Blasphemy!

5546 During my Reign I gave explicit instructions to all my people, but those instructions and teachings have been distorted to an extreme degree by both the 'translators' of Rome and all those ever since. However, the use of names, even reputedly my own, was never given!

5547 If you don't think so, then find those references as they are written and try it!

5548 It won't work!

5549 'Jesus' won't work and 'Immanuel' won't work!

5550 The only time 'Jesus' will work is in a state of hypnosis, self-injected or otherwise, and Lord Lucifer's assistance! Try it in a calm and non-emotional manner and you'll see firsthand that 'Jesus' doesn't work!

5551 However, all this 'in-the-name-of' came about because of a very dangerous condition in Holy Law! Those who really are of The Most High have names with power! Because each and every word and thought and deed concerning those names is witnessed directly then and there by The Most High! Those names are respected by those of The Most

High and extremely hated and feared by those of Lord Lucifer! Knowing which is which gives the Knower a great deal of protection if they have to use it!

5552 I said that there was a very dangerous condition in Holy Law, and that's exactly what I meant! Use the name of Lord El Aku in your jackassing and you've just documented your god-damned doings in the Very Face of The Most High!

5553 Now, god-damn it: that's dangerous!

5554 Use any other 'name', such as 'Jesus', and you've committed paganism!

5555 Take your choice.

5556 Question by Priestess Charlene Elizabeth Reston: Then you, Lord Immanuel, actually had nothing whatsoever to do with any miracles in any church, regardless?

5557 Lord Immanuel: Only during my Reign as Anointed.

5558 Question by Priestess Charlene Elizabeth Reston: May we use the name of Lord El Aku?

5559 Lord Immanuel: Not without his permission, and even then I'd be damned careful. His name is heard always in The Ear of The Most High so be extremely careful. Use it wrongly, or in a halfcocked manner and you're going to get yourself in one hell of a lot of trouble that there's no escape from! If you want to destroy yourself, using the name of Lord El Aku, or anyone else of his station, is as good a process as any. Just jackass it, just once! That's all there is to it.

5560 I'd be more concerned with survival than El Aku's name. Your generation isn't overstocked with time, you know.

5561 Question by Priestess Charlene Elizabeth Reston: When will the Holocaust happen?

5562 Lord Immanuel: That depends on whether you keep super-tooth in office or not! According to the present stranglehold encroachments toward Total Global Enslavement, brought about by David Rockefeller's One Worlders of which James Earl Carter and all his cabinet are puppets and members – which create the thought processes toward that end with the full blessings of Rome and all 'christians'; the day of the Big Boom is: August 9th, 1999; at least as it looks now according to present thinking!

5563 [INSERT: The nation woke up to President James Carter's puppeting to David Rockefeller's strings, and bought us a bit of very valuable time by voting him out of office. Holocaust is an earth surface hell beyond imagination, and it's still on the clock!]

5564 However: The Most High has not declared the exact time or date, and should thinking change – the day of the Big Boom could change! But don't hold your breath. The advancements of Lucifer are too far along for him to back up or permit delays, and those Christians', liberals, traitors, and One Worlders, are all too anxious to have absolute power now while they're still alive to enjoy it! Total Global Enslavement won't be worth a damn to them once they're dead, and they damned well know it!

5565 Lord Hammerlin: That's one of the reasons 'your' projects and 'your' terms and 'your' preferences are so damnably dangerous! You're cutting your own throat by squandering the logistics and running yourself out of time to make proper preparations!

5566 Lord Horus: And of course, in That Day you'll blame Lord El Aku, and Curse The Most High for your sufferings!

5567 Question by Priestess Charlene Elizabeth Reston: How long will the Holocaust and Tribulations last?

5568 Lord Hammerlin: Being the physicist, "One hell of a lot longer than your god-damned 'preachers' claim!"

5569 The wars will erupt time and again and be called separate events, but they will actually be battles in the great war! That will happen over a period of about thirty-five years!

5570 It will take another thirty-five years for the pestilences of aftereffects to be reduced to some near tolerable level; and then the hallelujah halfwit bastards will really blow things to hell and back!

5571 Then, they'll get another thirty-five years or so of more Tribulations!

5572 However, when the last blow comes to pass, people will have had enough 'preachers' on one hand and 'politicians' on the other. That's when they'll send for leadership and rulers of The Elect Remnant generation of the one hundred and forty-four thousand (144,000)!

5573 Lord Immanuel: And there's not going to be a 'rapture', 'second coming' or 'meeting-in-the-air' before all these things to rescue those god-damned, paganistic, deluded 'christians'! Everything they have coming to them will be delivered at Ground Zero or in the horrors that will follow!

5574 And even then the bastards will be "praising 'Jesus'!"

5575 Lord Horus: From the Abomination of Desolation until the Days of Restoration will be about one hundred twenty years (120)!

5576 That's what Lord El Aku has to prepare The Elect Remnant for and what he must train them to maintain! You couldn't live long enough to produce a next generation without The Most High being your protection, and you sit back and defame, niggerize, backstab and infect the very person and Prophet The Most High sent for your rescue!

5577 So make damned sure you understand: the very instant Lord El Aku dies in your generation, the world is doomed and so are you!

5578 He is the one in Revelation who has been given a mighty sword and power to take peace from the earth!

5579 That sword is horrendous! He already has it, and there are very few even here in the Heavens with the capability of its use! There are none in the earth who can handle it, and probably not even lift it. Even so, when he draws it and declares that Curse upon you: Abidjan, Ivory Coast; Abu Dhabi, United Arab Emirates; Accra, Ghana; Addis Ababa, Ethiopia; Aden, Yemen; Algiers, Algeria; Al Kuwait, Kuwait; Amman, Jordan; Amsterdam, Netherlands; Andorra la Vella, Andorra; Ankara, Turkey; Apia, Western Samoa; Asuncion, Paraguay; Athens, Greece; Baghdad, Iraq; Baile Atha Cliath, Eire; Bandar Seri Begawan, Brunei; Bangkok, Thailand; Bangui, Central African Republic; Banjul, Gambia; Basse-Terre, Guadeloupe; Basseterre, St. Christopher; Beirut, Lebanon; Belfast, Northern Ireland; Belgrade, Yugoslavia; Belmopan, Belize; Berlin, East Germany; Berne, Switzerland; Bissau, Portuguese Guinea; Bogota, Columbia; Bonn, West Germany; Brasilia, Brazil; Brazzaville, Congo; Bridgetown, Barbados; Bruxelles, Belgium; Bucharest, Rumania; Budapest, Hungary; Buenos Aires, Argentina; Bujumbura, Burundi; Cairo, Egypt; Canberra, Australia; Cape Town, South Africa; Castries, St. Lucia; Cayenne, French Guiana; Colombo, Sri Lanka; Conakry, Guinea; Copenhagen, Denmark; Dacca, Bangladesh; Dakar, Senegal; Damascus, Syria; Dar es Salaam, Tanzania; Dili, Portuguese Timor; Djakarta, Indonesia; Djibouti, Territory of the Afars and Issas; Doha, Qatar; Edinburgh, Scotland; El Aaiun, Spanish Sahara; Fort de France, Martinique; Freetown, Sierra Leone; Gaborone, Botswana; Georgetown, Guyana; Georgetown, Cayman Island; Gibraltar, Gibraltar; Godthab, Greenland; Guatemala City, Guatemala; Hamilton, Bermuda; Hanoi, Vietnam; Havana, Cuba; Helsinki, Finland; Islamabad, Pakistan; Jerusalem, Israel; Kabul, Afghanistan; Kampala, Uganda; Kathmandu, Nepal; Khartoum, Sudan; Kigali, Rwanda; Kingston, Jamaica; Kingstown, St. Vincent; Kinshasa, Zaire; Kuala Lumpur, Malaysia; Lagos, Nigeria; La Paz, Bolivia; Lhasa, Tibet; Libreville, Gabon; Lima, Peru; Lome, Togo; London, England; Luanda, Angola; Lusaka, Zambia; Luxembourg, Luxembourg; Macao, Macao; Madrid, Spain; Malabo, Equatorial Guinea; Male, Maldives; Managua, Nicaragua; Manama, Bahrain; Maseru, Lesotho; Mbabane, Swaziland; Mecca, Saudi Arabia; Monaco, Monaco; Monrovia, Liberia; Montevideo, Uruguay; Moroni, Comoro Islands; Moskva, Russia; Muscat, Oman; Nairobi, Kenya; Nassau, Bahamas; N'Djamena, Chad; New Delhi, India; Niamey, Niger; Nouakchott, Mauritania; Noumea, New Caledonia; Nuku'alofa, Tonga; Oslo, Norway; Ouagadougou, Upper Volta; Pago Pago, American Samoa; Panama, Panama; Paramaribo, Surinam; Paris, France; Peking, China; Phnom Penh, Cambodia; Port au Prince, Haiti; Port Louis, Mauritius; Port Moresby, Papua; Port of Spain, Trinidad y Tobago; Porto-Novo, Dahomey; Prague, Czechoslovakia; P'yongyang, North Korea; Quezon City, Philippines; Quito, Ecuador; Rabat, Morocco; Rangoon, Burma; Reykjavik, Iceland; Rome, Italy; Roseau, Dominica; St. Denis, Reunion; St. Georges, Grenada; St. Johns, Antigua; Salisbury, Rhodesia; San Jose, Costa Rica; San Marino, San Marino; San Salvador, El Salvador; Santiago, Chile; Santo Domingo, Dominican Republic; Sao Tome, Sao Tome and Principe; Seoul, South Korea; Singapore, Singapore; Sofia, Bulgaria; Stockholm, Sweden; Suva, Fiji; Taipei, Taiwan; Tananarive, Malagasy Republic; Tehran, Iran; Thimphu, Bhutan; Tirane, Albania; Tokyo, Japan; Tripoli, Libya; Tunis, Tunisia; Ulan Bator, Mongolia; Vaduz, Liechtenstein; Vienna, Austria; Vientiane, Laos; Vila, New Hebrides; Warsaw, Poland; Wellington, New Zealand; Willemstad, Netherland Antilles; Windhoek, South West Africa; Yaounde, Cameroon; Zomba, Malawi; and a few

dozen other places!; Mexico City, Mexico; Washington, D.C.; and Ottawa, Canada: all have special invocations for them! You're going to get a very good taste of just how horrendous Lord El Aku's sword is and just how much power to take peace from the earth he really has!

5580 I assure you, long before he's through with the invocation, you'll all be bellowing for him to have the mercy on you that none of you have shown to him! And you'll be wasting your breath.

5581 Lord Immanuel won't help you; he'll be mounted and ready to ride! Lord Hammerlin won't help you; he'll be master-minding the destructions! I won't help you; you god-damned well have it coming to the nth (finite) degree!

5582 The Most High won't help you; he has sworn by his own self to not even interrupt!

5583 If you think you can find anyplace where hell itself isn't going to be rampant, then show me a nation beyond Lord El Aku's reach; show me a city beyond Lord El Aku's reach; and show me a people who have shown him the Honor of his Office!

5584 Lord Immanuel: If you think all those god-damned bawling and bellowing 'preachers' are raising hell during their 'sermons', just wait till my brother, Lord El Aku begins reading the riot act! They'll be in one hell of a lot better mood to bawl all over the landscape and bellow so as to shake the foundations of hell, and they'll have damned good reason for both!

5585 Repentance won't be worth a damn once Elly begins speaking, and neither will all the rest of their god-damned endeavors!

5586 They'll come bringing their wealth, their congregations, ranting and raving promises they won't keep now – and won't help them then – smashing their beads and idols like a bunch of niggers at a power failure, and to just about as much good! They want to impress one another now, and that's all they'll have to listen to them then – none of which can help them one damned iota!

5587 Lord Hammerlin: The die will have been cast, and it will take three to four generations for it to cool enough to be worked to a finish!

5588 The slaggards will have asked for death in their damnable grinning stupidity, and death they will get!

5589 Question by Priestess Charlene Elizabeth Reston: I can't believe Lord El Aku would leave Proven Knowers out in the nations to die when he brings all this down on those whom you despise!

5590 Lord Immanuel: By God, you'd better believe it!

5591 Lord Horus: You sure as hell had! The Refuges will be occupied only by those who have made all the qualifications and supported their construction and preparation! No one, Proven Knower or not, is going to be granted entrance that has not earned the right, both by obedience and direct involvement!

5592 And yes! That means tithing!

5593 Lord Immanuel: It sure does!

5594 And not on 'your' schedule either.

5595 Question by Priestess Charlene Elizabeth Reston: We know that Lord El Aku has a living son. Will that son be given Refuge?

5596 Lord Immanuel: Not as things stand now, nor as they appear to be for some time to come. Therefore: if Lord El Aku's only child can't get a free ride, you can damned well bet your best beer bucket no one else is going to get one either!

5597 (Priest James D. Ellis) Close. We have no further questions.

5598 Lord Immanuel: Then make damned sure you get this last point straight and understood:

5599 Every word hereof applies to all Proven Knowers!

5600 Every word hereof applies to all 'christians'!

5601 Every word hereof applies to all The Elect Remnant! And anything else you might want to know can be obtained from Lord El Aku who is alive among you and Commissioned and Authorized!

5602 Lord Horus: The choice of life or death is yours; whether you will be intelligent enough to choose life is doubtful, even with Lord El Aku's help!

5603 Lord Hammerlin: Our testimony of our brother, Lord El Aku, hopefully has not been in vain, even though we know there are those who will be stupid enough to want 'other' verification and 'more' evidences. Whatever else you want besides The Proof of Anointing which is The Testimony of The Most High: you're not going to get it!

5604 Lord Immanuel: And that's final. Priests, Priestesses, we bid you farewell.

## NOTHING FOLLOWS

There are sections in this transcript in parentheses () that mention pages, et cetera, and these are but references to the pages, et cetera, in the original transcript and not the pages of this volume!

5606 Be sure you understand: Should you become a Proven Knower of The Great Testimony, do NOT waste any more of your time questioning what The Most High has already told you is the Truth! There are those who always involve themselves in tangents of nonsense because the world does not adhere to their preferences. Do NOT be accounted among such! There are those who always attempt to set their own reputed intelligence above those who have earned a higher station with The Most High and will spare no effort to bring any and all down to their own obviously worthless level. Do NOT be accounted among those either. And there are those who always attempt to present their station with The Most High as superior to others in all matters. Do NOT be counted among any such unless you intend to lose your own Holy Seal for direct disobedience.

5607 That said, do NOT concern yourself with the bellowings and whinings of those who will not prepare themselves and establish their understanding in accordance with Holy Law to become a True Proven Knower. Such responsibility is upon each individual alone, and the worst hell has to offer is reserved for those who prevent, deny or denigrate such information or access to it. The above communiqué is there for all. Whether anybody likes the content or not is of no consequence to those who will know.]

## SERAPHIM AMATRAELONAEL OF THE HOLY PRESENCE

5608 Council of Gnostics verification and commentary as given by Seraphim Amatraelonael of The Holy Presence:

5609 "The record you have is accurate, and the Divine Horsemen have given access to their records that clarifications might be made available should there be any additional questions.

5610 "The first question to show itself as such is the point of distance of Pluto's orbit (on page seven): the statement is, "the distance of Pluto's orbit" and it does not mean diameter; it's a reference to the length of Pluto's orbit were it in a straight line.

5611 "The next point is the half-inch in a DemonWarrior's helmet, and that's just about how big it would be if it were translated to earth standards!

5612 "Lord Immanuel's remark "that half-breed nigger: Nimrod"! (on page nine) should be put in proper context. None of the High Lords are of the opinion that all Blacks, Accursed Cushites or otherwise, are under the Curse of Noe (Noah), but those who want to act and think like the Accursed of Canain (Accursed Canaan) are welcome to do so and are then and there considered, "nigger"! Lord Immanuel makes the same reference and in the same context (on page Thirty-Eight). However, it should be noted that even The Most High considers all racemixers to be under the Curse!

5613 "(On page eleven) Lord Immanuel gives a few of his academic credentials, and the question arose but remained unasked, as to Lord El Aku's mastery of languages in this generation. the best we can determine – and that from his Lordship himself, is – "I read, write, and speak West Virginian!" He has no other languages of earth at his command.

5614 "(Pages fifteen and continuing) declare the sole and exclusive righteous recipient of The Most High's tithes and offerings as being Lord El Aku instead of any other person or organization. it should be noted that in the Holocaust, all these 'churches' and 'charities' will abandon their charges without exception. There will be nothing that can be done to save the victims who live and maintain on these charities, and those who're now being paid to care for them will know that beyond doubt and choose to save only themselves and their own families. That's a horrible situation, but coming nevertheless. When the first realities of Thermo-War set in and food and water becomes priceless, those

'preachers' and 'ministers' will have grabbed everything they can get their hands on and left their congregations behind!  
5615 "(Pages eighteen and nineteen) account but a few of the very damnable things thought and supposed of Lord El Aku, but he's not like that at all. It might be of interest to note that those who think, suppose, and claim such things against Lord El Aku are the very ones who are that immoral!

5616 "(Twenty and Twenty-One and continuing) give account of those conditions that would prevail should Lord El Aku die: and what is contained therein are but a few of the Horribles that would happen and become inescapable; but it should be known to all that Lord El Aku is in great personal danger, and there are plans from government and churches to have him murdered by any process they can accomplish! Then too, there are the 'christian' and other fanatics who are always running loose without emotional self-control ever since gun control became the law of the land and 'liberals' have held their treasons over the people.

5617 "(Page Twenty-Seven) Is the beginning of where Lord Immanuel vents a bit of his rage, and the light energies here in The Holy Scripts of All The Heavens and All The Earths show that he has tremendous control over his temper! It would not be a good idea to keep bringing up 'what-the-preacher-said' to either of the High Lords as they've just about taken all that nonsense they're going to.

5618 "When Lord Horus named off a few of the cities and nations that are doomed to catch hell of the first magnitude (on pages Thirty-Seven and Thirty-Eight), for some reason the communicators seemed to think that only these cities were to be bombed! That just is not the case. Some of these cities won't be bombed at all, but none of these cities or nations will escape the harsh realities of thermonuclear aftereffects that could very well exterminate humanity and all other life off planet earth!

5619 "And as for the Holy Cities, Mecca, Saudi Arabia and Jerusalem, Israel, and all those Holy Places he shall ordain, et cetera, Lord El Aku's invocation of Curses will be against those people within those cities who are a moral pollution and not against the cities themselves or the righteous inhabitants within those boundaries; as there are Holy Places therein which Lord El Aku does not want desecrated or destroyed!

5620 "None of the peoples, cities, states, providences and/or nations have recognized the appointment of Lord El Aku and are therefore to receive their fair share of the wrath of The Most High! Whether a person is 'christian', Jewish, Islamic, Hindu, Buddhist, Shinto, Coptic or any other 'religion', they are not exempt from the Holy Law, and that means the recognition of The Most High's Anointed Witness, among many other things!

5621 "Mighty is The Most High in His Creations! Blessed is he that comes in The Authority of The Most High, even Lord El Aku ALIHA ASUR HIGH: He That is Called by The Name of God!"
