

This typed manuscript was to address a Dynamic of exchange between me and another person. At issue was the problems of Authority over what IS and what IS NOT The Most High Lord God of ALL Creation and HOW it can be Adjudicated on the terms of Holy Law! At a reading speed of 500 WPM it will take about 6 minutes to read. It is also understood that it might take time for many to understand/comprehend the whole of it.

Enjoy! 😊

## Part I

While I do not disagree with you with respect to translations, English or otherwise, of the Torah, including the Hebrew Torah, it is and they ALL have limited Authority if I apply the SAME tests as you do regarding Hebrew Torah's Authority. I am unaware of the TRUE Original Manuscript. I was not there when documentation was written and/or preserved as original manuscript(s); I have no personal experience with the Authors, et cetera. I, like you, are TRULY left to assume originality as being from YHWH (and ALL other spellings including YHVH/Jehovah). Therefore, translators and translations of the Hebrew Manuscripts have limited Authority.

Whether or not, you or anyone else KNOWS Hebrew, Hebrew language, sentence structure, including the Hebrew language Torah, it too has limited Authority as I apply the SAME tests as you do with respect to the Torah as you've applied to The Anointed, The Elect, and The

Damned! because I do not know Hebrew, Hebrew language, sentence structure, et cetera. And, by doing so, the integrity of Holy Law NOT to have unequal measures in accordance with Holy Law is maintained.

Yes, I do mention The Anointed, The Elect, and The Damned! The Anointed, The Elect, and The Damned! it is an ORIGINAL printed manuscript(s), and some of them were translated by the Anointed/Messiah of this Generation from Angelic as given to him by The Most High Lord God of ALL Creation, ALIHA ASUR HIGH!  
<http://www.theanointedtheelectandthedamned.com>

Because The Anointed, The Elect, and The Damned! is written in English, and because of the resources, books, concordances, lexicons, dictionaries, et cetera with respect to other supportive documentation, The AED (How Akurians refer to The Anointed, The Elect, and the Damned!) has Authority. I, like you, are free to test the Language's Authority on the same basis of the test, and clearly Authority exists as we are both communicating in English with understanding of the Language, Sentence Structure, and the supporting resources, books, lexicons, dictionaries, et cetera that are available to the both of us in order to do so.

THE Authority of The Anointed, The Elect, and The Damned! by language IS English. I KNOW English as it is the language I speak and write. I've demonstrated competency in English

Language Structure, Dictionaries, et cetera and the book is written IN English. Given your own commentary, it is clear that you KNOW English and have access to relevant supportive documentations; the test remains true; Holy Law is maintained, and therefore has Authority.

Although I recognize that we have discussed “angels” in other conversations, such was not mentioned in my commentary with respect to these specific exchanges and therefore the Authority of those exchange(s) is limited in this exchange and is duly noted. It is one among many of other potential topics for the future.

## Part II

Now these exchanges must become a something to DISCERN if it is/they are TRUTH or FALSEHOOD, and we will do as REQUIRED to be Responsible to be in adherence to our own written Testimony(ies) regarding Holy Law, lest either of us be/become a hypocrite. Holy Law REQUIRES adjudication and “not liking” it, and/or “agreeing to disagree,” is not adjudication. This exchange of TRUTH between us using English, which has ESTABLISHED Authority, now REQUIRES application of Test(s)/Adjudication with respect to Holy Law. Of your own Authority, either your statements that you lack awareness are true or they are false; and of my own Authority, either my statements are true or they are false.

I accept that your statements, intent, and essences of them are TRUE, and you did not “sin” in your written testimony, that you made them to the best of your ability, and you are not a knowing False Witness! You lack awareness and your testimony about it is true. The Authority of your previously written and spoken Testimony regarding the translation of the word “sin” has Authority with me in English and you did not “sin”.

These exchanges, which have Authority in English, is now something to test/adjudicate whether it is and they are LIE or TRUTH. I accept your written Testimony of your own Authority in previous exchanges regarding the word “sin,” and that you desire to be in compliance with Holy Law as it is REQUIRED and to be RESPONSIBLE as you wrote in your comment earlier as an application of the Law

Your desire to be a Righteous man is a TRUE desire, and I am left with the requirement to discern the TRUTH of your Commentary or the Falsehood of it and test/adjudicate it. I am VERY clear! I KNOW it is your desire to BE a Righteous man and found to BE a Righteous man before The Almighty One. I have not, nor have I ever evidenced anything to the contrary anything suggested, inferred, or implied, anything else but that it is your desire to BE a Righteous man and found to BE a Righteous man before The Almighty One! You’ve demonstrated yourself sufficient to me that were you to “sin”, you would do EVERYTHING in your own Power and Authority to Repent and Atonement. Doing so also

provides you with the comfort that would be yours – FORGIVENESS!

By my Authority and written Testimony, of my own Authority and written Testimony, I do as REQUIRED by Holy Law to be a Righteous and RESPONSIBLE individual too.

You are left with the requirement to discern and adjudicate if my written Testimony is TRUE or FALSE in accordance with Holy Law as I must do with yours and test/adjudicate.

Now, I would not have you be unaware or not cognizant and have to make assumptions of my written Testimony using my own Authority with which to do it. The integrity of Holy Law that I possess evidence, I've presented it, I am testifying of it and I have not testified falsely. The Law is maintained. In accordance with the Law, you MUST examine this evidence and not follow 'beliefs' (yours or otherwise) to pervert justice.

### Part III

That leaves us both desiring "THE" Authority regarding this conversation.

ALL Translation(s) leaves us with a "missing" requirement of the Torah regarding the Authority of the Ark of The Covenant and an intact Levitical Priesthood (which is Torah too) and would settle the REQUIREMENT as it is written in the Law not to "sin".

Application of the Law regarding our writings for adjudication, we are “missing” the Ark of the Covenant and an intact Levitical Priesthood. We do not have access to the Ark of the Covenant nor an intact Levitical Priesthood, and we Require “THE” Authority in order not to break/”sin”. Herein lies problem.

The information regarding the Ark of The Covenant and an intact Levitical Priesthood and the Authority of it on my part is not limited to the limited Authority and exclusivity of the Torah/Bible in any language. In and of my own cognizance and awareness is information concerning the Ark of the Covenant coming through the Anointed/Messiah of THIS Generation which is TESTABLE directly before The Most High Lord God of ALL Creation to confirm its ABSOLUTE Authenticity.

If YHVH was able to confirm anything concerning the Torah/Bible Ark of The Covenant, we’d have that information in any/every language ABSOLUTE VALUE. And, NEVER would there have been or be any loss/losses of improper adjudication.

Translations -- or lack thereof them -- would still mean the Ark of The Covenant and an intact Levitical Priesthood would function today, do its job today, and we would not have the many problems in our world like we do despite any and all translation problems, issues, and concerns. Knowledge would be FACT and ‘belief’ would be non-existent everywhere in Religion.

That we BOTH desire to be IN Compliance with Holy Law, by what Authority is going to satisfy the REQUIREMENT for “THE” Authority in THIS day and age?

#### Part IV

PARDES (See [https://en.wikipedia.org/wiki/Pardes\\_\(Jewish\\_exegesis\)](https://en.wikipedia.org/wiki/Pardes_(Jewish_exegesis))) is limited in its ability to figure these things out in any language, but The Most High Lord God of ALL Creation is not! Paleo is limited because of its relationship to the Torah in any language. YHVH is limited to the Authority, or lack thereof, of Torah in any translation and which ALSO includes the Ark of The Covenant and an intact Levitical Priesthood REQUIREMENT. And IF it is the Torah, which is written and translated into other languages, whether with Authority or not (see above), then worshipping (See English definition as Authority for the word “worship”) is to Torah and that makes Torah BE God which IS violation of Holy Law as it has come FIRST. Therefore, I did not violate Holy Law and YHVH has caused many to “sin”.

Paleo has not provided you with ABSOLUTE verification of the NAME of The Most High. Your efforts and endeavors in this matter have limited Authority with me. And, even though I greatly and sincerely value and respect your efforts and endeavors in this matter, it will not change this TRUTH. I’ve also endeavored a “something” to assist you in this matter by offering various

computer strategies to assist. I still think it possible to do. Even so, YHVH is limited to Torah which also includes the Ark of The Covenant and an intact Levitical Priesthood REQUIREMENT.

That one does not “like” the written Testimony of my own Authority, not “liking’ or “liking” the Testimony isn’t a REQUIREMENT of Holy Law and does not “sin” or cause to “sin” which IS a violation of Holy Law. “Liking” or not “liking” Truth will not CHANGE Truth. I have not caused you or anyone else reading this to “sin”. I recognize your desire and intent not to do so either. Nevertheless “THE” Authority is still REQUIRED. Were the Ark of The Covenant intact and available and an intact Levitical Priesthood, we would have our answer ABSOLUTE VALUE! We don’t.... so NOW what do we do? YHVH did not maintain the Ark of The Covenant either, and many have been caused to “sin” as a result!

Holy Law IS Eternal! It was/existed BEFORE Torah, and humankind was not the first ever created being. It will last beyond Torah in any Language available on the planet. Either such IS True or it is not True. Limited Authority to confirm it existed before the Torah itself is Abraham’s reported behavior concerning the Tithe to Melchizedek (See Genesis 14:18-20). The report was not of and/or by Abraham himself. The report was not primary evidence. Now I have cognizance and established language Authority in English. I have brought into your cognizance in this original manuscript/Testimony the NAME of The Most

High Lord God of ALL Creation's NAME, in Angelic, before you because THIS particular written Testimony/Manuscript is mine and none other. And it is conditional, subject to Test for Holy and Righteous Truth, Worth, and Value before The Most High Lord God of ALL Creation, ALIHA ASUR HIGH (See also <https://www.facebook.com/notes/chylon-budagher/the-name-of-the-most-high-aliha-asur-high-what-does-it-mean/10151509032331696>).

YHVH cannot confirm this or any other manuscript without the Ark of The Covenant AND an intact Levitical Priesthood.

Again, the NAME of The Most High Lord God of ALL Creation is ALIHA ASUR HIGH. Holy Law requires you to "Cleave to those who KNOW Him." Using the English Authority for the word Prophet, (See Deuteronomy 18:15), I am your countryman and have not added-to nor subtracted-from Holy Law. My commentary is application of Holy Law.

Part V

The Most High is not limited to Torah.

Clearly there are many languages on our planet, and our planet is not the only planet in Creation. Such is not a matter of assumption. It is a matter that confirmation may be obtained by our own cognizance and awareness concerning languages and by examining stars at night and regarding the Planet Earth. That we are and may

not have cognizance and awareness of the specifics of other languages, it isn't assumption they exist. They exist and our individual lack of not knowing them, the way they work, sentence structure, does not mean that other languages on the planet do not exist because they do and such is TRUTH. The limitation is ours for understanding and/or lack thereof. There are things out there beyond the atmosphere of the planet. No assumption required. With human eyes and without additional technologies, we cannot see many of the additional life forms on our own bodies either. That we do not have awareness and/or cognizance as to the specifics, does not CHANGE Truth they are there. Such is also true of that which is beyond our atmosphere. Application of Holy Law NOT to have unequal measures has maintained integrity.

Specific to YHWH, my cognizance and awareness includes additional information and is not limited to Torah, in any language or translation, of it. The writings of Zecharia Sitchin (and many additional Authors like him – Graham Hancock, Jim Marrs, William Bramley, et cetera) have Authority with me in English and they exposed additional cognizance, awareness, and Truth(s) which I was free to confirm and TEST them for Truth, Worth, and Value. Sitchin's (and other Authors like him) writings confirmed Truth in addition to that which was written in The AED and by direct communication with the Anointed/Messiah of this generation. It is confirmed that YHVH is a Nephilim/Anunnaki Commander!

Furthermore, this additional information also clarified many misunderstandings in and of The Torah/Bible between the singular/plural problems that are rampant and cause for tremendous confusion between and among people. The integrity of Holy Law requiring two witnesses is maintained.

Even so, IF the Ark of The Covenant AND an intact Levitical Priesthood were available, we also both KNOW that I would not be excluded as a woman from entering the temple for the ABSOLUTE Authority. As a woman, I would be forbidden to speak in the Temple. Since I am also now a widow, I could/would REQUIRE that you bring up the issue and reflect my words of Testimony ACCURATELY since my husband has passed for adjudication. Just because I am not permitted to speak, does not mean I couldn't hear both you AND the answer were we to have the Ark of The Covenant and an intact Levitical Priesthood.

## Part VI

I bring to your cognizance and awareness a method by which you can of your own Authority TEST all of it as an ABSOLUTE. The Most High Lord God of ALL Creation, ALIHA ASUR HIGH gave Testimony and INSTRUCTION in Angelic to the Anointed/Messiah of this Generation (and He Translated it into English – the language on the planet He speaks) to do it with in the SACRED place of your own Soul – the place where it should matter THE MOST! Either this Truth will

matter to you or it will not. The necessary information is contained in Chapter 42 (See <http://www.theanointedtheelectandthedamned.com/chapter42.htm>). The integrity of the Law regarding evidence is maintained. In accordance with Holy Law, you must examine the evidence and adjudicate.

The Anointed, The Elect, and The Damned! is an original manuscript(s), and approximately 42.3% of the words are translations FROM The Most High Lord God of ALL Creation IN Angelic into English. It contains the instructions for you to test the information, and you are free to TEST these TRUTH(S) in the privacy and sacred place of your own soul where it is just YOU and The Most High Lord God of ALL Creation, ALIHA ASUR HIGH! You must thoroughly investigate this evidence, testimony, and witness. Holy Law REQUIRES you to adjudicate.

And for the record, there is NOTHING in Torah, in any language, that can provide you with an EXACTING measure for you to Authenticate the Torah or the name YHWH as The Almighty. The closest method we assume was available was the Ark of The Covenant and an intact Levitical Priesthood. We will not assume and The Ark of The Covenant and an intact Levitical Priesthood because it is not available.

The Authority OF the Ark of The Covenant and an intact Levitical Priesthood in my awareness is not limited to Torah in any version or translation. The Authority OF the Ark of The Covenant and

Levitical Priesthood was brought to my attention via the Anointed/Messiah of this Generation and was tested as prescribed in The AED!

## Part VII

For the record, I do not deny the existence of YHWH!

Although he is long-lived, he is not Eternal. He is quite old and has accesses to many things beyond humankind's reach, capability, and understanding. Long-lived is not equal to Eternal. Several thousand years old does not equate to Eternal and YHWH is that old.

The COMMAND is not to have other Gods before The Most High Lord God of ALL Creation! The COMMAND does not say there are no other Gods. While YHWH, and other

Nephilim/Anunnaki is/are several thousands of years old, he has/they have accesses to technologies beyond most human's ability to know what to do with that could/would be construed by many as being God-Like. That he has/they have learned much over the thousands of years of his lifetime, these things do not measure up to being Eternal. Think about it! How smart would YOU be if you lived as a physical incarnate for 100,000 years? Many of the Nephilim/Anunnaki are that old! They have incredible skills, technologies, medicine, food, et cetera that can keep them alive for that long!

YHWH is Nephilim/Anunnaki Military Commander charged over the Planet Earth. YHWH is a commander in a long-lined Chain of Command

from another planet and he is not, nor will he ever BE/EXIST AS The Most High Lord God of ALL Creation, ALIHA ASUR HIGH!

When humankind EARNED the right to a soul, the Nephilim/Anunnaki did not want the RESPONSIBILITY of humankind any more. Additionally, he and they (Nephilim/Anunnaki) have repeatedly VIOLATED Holy Law themselves. Their objective? Destruction of Humankind.

YHWH is inconsistent! Why was/were the punishment(s) immediate with Moshe/Moses and not with others? Holy Law regarding equal measurement applies. YHWH must comply with his OWN LAW or HE is a hypocrite! Immediate versus not immediate is an unequal measure. And what has occurred is that YHWH has put/perpetuated himself as FIRST 'god' and is additional conflict: The Torah/Bible or YHWH – which one?

## Part VIII

Were I to test the enumerated information you presented before me (below) to adjudicate with YHWH, there is no doubt that there could be FULL endorsement as it “sounds good” and is almost correct. The problem? Because YHWH has not kept his own Law and has caused many to sin, the integrity is Null, Void, and Worthless. I cannot test with THE “Authority” because it doesn't EXIST in our sphere of availability and neither can you! There is no Ark of the Covenant,

an intact Levitical Priesthood, or those competent in the Law to present it to for adjudication.

Quoting you from above:

“1. Every one of us must know the laws of YHWH.

“2. Every one of us is accountable to YHWH.

“3. Every one of us is under the authority of the YHWH's laws.

“5. Every one of us is responsible to teach our posterity the laws of YHWH.”

I added the enumeration of the “6” here to your words because they so aptly demonstrate the degeneration of human responsibility down through the generations, far back enough to have the abject failure upon abject failure of today, void of the original spiritual understanding or intent.

6. “Our ancestors have failed with respect to their responsibility. We are also failing with respect to our responsibility.”

To adjudicate the above before The Most High Lord God of ALL Creation, though you are VERY sincere, it is flawed. While you are almost correct, the adjudication is that the accountability, the responsibility for knowing the laws isn't to YHWH; neither is the authority of that law. It is to The Most High Lord God of ALL Creation. That

YHWH has inserted himself in that position is another of YHWH's violations, desecrations, and abominations!

Surely one cannot think that The Most High stopped communicating with humankind, and the ONLY words He ever spoke are those of and in The Bible/The Torah through the various Prophets and Anointed of ago. Were that the case that such was true, then there would be violation of Holy Law with respect to YHWH. YHWH has not provided for generations after The Torah/Bible was written and again, He is in violation of His OWN Law. Such would also be true for everything written AFTER the Torah. A PROFOUND difficulty among 'christians', 'islam', and 'judaism' is that people 'believe' The Most High hasn't had another word to say since The Torah, The Bible, and The Quran. Even so, YHWH did not keep His own Law and therefore has caused to 'sin'.

There is nothing new except application of what people 'believe' what The Most High Lord God of ALL Creation, ALIHA ASUR HIGH, has to say. There are not massive communications recorded between people of today like there was with Abraham, Jacob/Israel, or Moses/Moshe for that matter. Were it the case that people actually heard and did what The Most High Lord God of ALL Creation has to say in THIS day and age, the problems would not/could not exist. YHWH failed and has continued to fail humankind without the Ark of The Covenant and an intact Levitical Priesthood.

And although there really are communications between The Most High Lord God of ALL Creation and people, 'judaism', 'christianity', and 'islam' have done/accomplished everything in their power to keep the words of The Most High Lord God of ALL Creation from individual/personal cognizance and awareness, all done under the watchful eye of YHWH who has the Technology to see these things.

Re-consider the Noah story in the Book of Genesis. Please read it again if necessary. The specific part I call your attention to is the Covenant AFTER the Great Flood (See Genesis 9:17).

There is MUCH evidence suggestive of an earth axis shift that was the cause of the Great Flood then with a TREMENDOUS amount of evidence for your review and verification. Even so, there've been many who've died as a result of excess waters since the Covenant was made. See [https://en.wikipedia.org/wiki/2006%E2%80%9307\\_Southeast\\_Asian\\_floods](https://en.wikipedia.org/wiki/2006%E2%80%9307_Southeast_Asian_floods) for additional information regarding ONE Example. Did YHWH violate his oath? Yes he did.

That we do not have the specific technology ourselves, the Nephilim/Anunnaki have that technology as well as interplanetary space travel. That they do, does not CHANGE the fact the flood occurred and a lot of people DIED when the Covenant was made.

Consider – if the Nephilim/Anunnaki have space travel, which they do, then why would it be out of our minds and thought to think THEY could have instigated the flood way back then in the first place? Truth of the matter is, they have that technology available.

This flood is definitely one to consider where YHWH, himself, violated the covenant and terms of it given the many DEATHS which were the result of that Catastrophe in 2006! Furthermore, YHWH did NOTHING to stop the flood and violated the terms of the covenant when he did.

Specific to the covenant itself, an additional TRUTH is the planet is destined for another axis shift. The covenant, as it was given to Noah via the Nephilim/Anunnaki, NEVER thought humankind would live this long. They hope, hoped, and have instigated all along for humankind to DESTROY ourselves out because they NEVER wanted the RESPONSIBILITY once humankind EARNED a soul! Again, you are very free to examine the evidence and there is a TREMENDOUS amount of it available.

The good news is there are people who seek what The Most High Lord God of ALL Creation has to say, especially and specifically in THIS day and age. And because they do so to the utmost degree, there is hope for this desolate planet and her people. Were it not for them, the people on this planet would have been DESTROYED a very long time ago.

## Part IX

I did mention the Angelic Language as being the Language of the Heavens. That you claim to be unaware of the language, resource books, concordances, lexicons, dictionaries et cetera, does not mean it has no Authority. It means that your cognizance is lacking and your lack of awareness is a true statement.

Therefore, by my own Authority of this written Testimony, I present you with information to CHANGE your lack of awareness and cognizance using the Authority of the English language with which to do it.

ALL who have a soul and dream... the language of the dream IS IN ANGELIC, and translations and/or interpretations are in the language of one's choice to cognize and understand. And... as a comfort, Dreams ALWAYS come the way one will eventually understand even though it might take/require TIME.

Very often, the profound understanding of a dream is a composite transcending far beyond the limited dynamic of words, even when the words used are most exquisitely/eloquently executed.

For instance, in Angelic you may have in your hand a drink of THE most delicious drink ever. In Angelic, the word used may describe the container, the drink, how good it tastes, and the word may be one word. Were you to take a drink,

there would be a NEW word absolutely reflecting exactly how much you drank, how much is still in the glass, and an exacting measurement of how much you've enjoyed it.

Hebrew, as a language, is said to be the most Picturesque. Greek is said to be the most Descriptive. Yet the two together leave much to be desired by comparison to the comprehensive dynamic of Angelic. As for Latin? Many of our English words have their roots in Latin. All languages on the planet are not as comprehensive and as transcending as is the Language of the Heavens, the Angelic Language.

## Part X

Your discussion is not offensive to me personally or religiously. In fact, I VERY much enjoy it. It is the case that sometimes it takes/requires time to write the response. You are one who desires thoughtful, well-researched, comprehensive information. I had to think, research, and be as complete as possible given the restraints of this particular form of communication. I'm sure with continued effort, this particular discussion could very easily turn into a book.

One thing that I've learned through this exchange is the importance of consideration one must give to a Holy Document/Manuscript. So many things of the Torah/Bible have been taken for granted in many ways. While I do not think highly of the New Testament anymore, one must consider

HOW any book survived to be considered for inclusion in The Torah/The Bible as is commonly understood to be. We, in this generation, as those in the generations preceding us, have accepted many things about these books without considering HOW any of them came to be a Holy Document/Manuscript in fact and in truth with rightful Authority as written above.

Consider the Book of Isaiah. At the time it is attributed to him to have written the book, he wrote of many things that had not come to pass and some weren't to come to pass for 150 Years. So how did it come to BE considered a Holy Document/Manuscript in his time and preserved as such? True – he was the Anointed/Messiah of HIS Generation as The Most High Lord God of ALL Creation will confirm.

YHVW is unable to do so without the Ark of the Covenant and an intact Levitical Priesthood. Even so, there isn't an effective process in our awareness as a general rule as to HOW it came to be and became an inclusion in what is commonly known and referred to as The Bible. For most, it is a matter that it just is in The Bible and people 'believe' it to be a holy document/manuscript with evidences of limited degrees of fulfillment when or because, "The Preacher said....." and people are taught of them. The book is viewed retrospectively. It is in many cases subjective, esoterically written, and discoveries of connection(s) are similar to many self-fulfilling prophecies, and/or any other number of reasons.

The Book of Isaiah is rightfully considered a Holy Document/Manuscript and is somewhat supported to be one as a consequence of the Dead Sea Scrolls confirming some degree of authenticity. Of course, what is also true is many have accepted the findings of the Dead Sea Scrolls and have taken others' words as Testimony for Truth, Worth, and Value just because they are old, tradition, et cetera. (The "expert from afar" syndrome, let's say... That's today's version of 'A prophet is without honor in his own land' from Immanuel's time.) For the Record, the Book of Isaiah is one that The Most High Lord God of ALL Creation will, of Himself, Testify to and about. He will only Testify to the validity of 9 books – Genesis, Exodus, Leviticus, Deuteronomy, Numbers, Isaiah, Ezekiel, Daniel AND Revelation.

You are free to test the Authority of this manuscript about the Book of Isaiah before The Most High Lord God of ALL Creation, HIMSELF, and in the process Fulfil the Duty and Requirements of Holy Law to Rightfully Adjudicate. The instructions are in Chapter 42 of The AED!

Of course, you are also free to examine this ENTIRE manuscript/Testimony using the same process. Holy Law requires that you examine the evidence, adjudicate and in the process of you adjudicating it, you also keep Holy Law.

Again, I am VERY clear. It is THIS manuscript/Testimony of mine that you must adjudicate and in the manner prescribed because we do not have The Ark of The Covenant AND an intact Levitical Priesthood. You have NONE other method to offer that will work ABSOLUTE VALUE!

The Proof - Here EXACTING INSTRUCTIONS!

You, like the Levitical Priest, will have to PROPERLY prepare.

Here's what to do to get the ANSWER, yourself, with ABSOLUTE CERTAINTY and ABSOLUTE KNOWING as in something you'll NEVER, EVER DOUBT!

DO NOT DEVIATE FROM THESE INSTRUCTIONS!

Get yourself in a place where you prepare to be just and ONLY YOU and The Most High. You'll need two envelopes, a piece of paper, something to write with, and an offering. The whole procedure shouldn't take more than 5 minutes of your time.

1. YOU take the offering that ONLY you and The Most High know of its worth and value and put it in envelope one and seal it up. In the very instant you do this, The Most High will visit YOU - it's ONLY you and Him.

Note: AGAIN - The VERY instant you seal this envelope, The Most High WILL attend you!

2. That you want something from The Most High, YOU ask the question, "Is this written Testimony of Chylon's one that You (The Most High Lord God of ALL Creation) will Testify to and about?" and write the question down on the piece of paper. Put the paper in the second envelope, and seal it up.

3. The Most High will confirm TO YOU that your OFFERING is "sufficient" or is "insufficient". In the VERY instant you seal the second envelope, The Most High, HIMSELF, will ANSWER!

If you get an insufficient, The Most High has ANSWERED you, and this IS what he thinks of your OFFERING. In other words, your offering is insufficient to have your desire granted (or question answered).

If you get NOTHING, then you are too afraid of hearing the Voice of The Most High Lord God of ALL Creation!

If you get conflicting answers, you're too afraid of hearing the Voice of The Most High because His Voice is only one Voice! AND, if you get conflicting answers, you've also allowed Demonic influence/interference in you because it serves to keep you from hearing and knowing the Voice of The Most High Lord God of ALL Creation that is ONE.

This IS the EXACTING process as given by The Most High Lord God of ALL Creation applied to THIS situation above and the thing you must adjudicate and it is ALWAYS in your ABSOLUTE control. If the gift is sufficient, and you were answered, then you shall do as REQUIRED (See Chapter 42 of The AED for complete information). I've copied the specific information for you below!

7789 ""If any, even anyone, will know the truth of these things, then in this manner will I, Myself, Testify of your Commission (EI Aku ALIHA ASUR HIGH is the Anointed/Messiah of this Generation):

7790 ""Let the person take an offering, and seal it up that none but they and me know its value; and in that very instant that it is sealed, I, Myself will visit them in Spirit!

7791 ""Then, if they will have anything of me, let them so declare it, and according to the offering and their substance, I will tell them in their own soul whether the gift is sufficient!

7792 ""This shall be a proof to each, that I am he that has sent you (EI Aku ALIHA ASUR HIGH) unto this evil generation.

7793 ""Now, if the gift is sufficient, they shall then send it to you (EI Aku ALIHA ASUR HIGH), still sealed, wrapped in a manner that does not show its full content or value, nor revealing either the content or value (any object) within, and they

shall also likewise write down with pen and parchment their desire of me; and send it sealed in a separate wrapping to you (EI Aku ALIHA ASUR HIGH).

7794 ""And you shall offer it to me upon Mine Own Altar, and if the gift be sufficient according to the substance of the soul, as I will have of Mine Own Self informed them, I will deliver their desire!

7795 ""In these two things shall it be proven of you that this thing is not of your doing, but of mine!

7796 ""Let who will know these things are true test it of themselves!

7797 ""I will heed each and every call, and to those who will know that these things are of me but will not have their desire, they need not expend the offering!

7798 ""Is it not still in their hands?

7799 ""Is there a price upon truth?

7800 ""Never! Not so!

7801 ""They may then open again their intended offering and forego their desire, for they will have been bought with a price, and in truth, given knowledge!""

You have ALL the necessary information now to Adjudicate this matter.

Last things

I am one of your Facebook friends and I consider you a valued friend not limited to Facebook. And though Facebook has MANY problems and does MANY things I don't "

"like", I am glad that we met and have gotten to know one another. Perhaps we might have met another way, but it was through Facebook we met and for that I'm glad and greatly pleased because of it.

I very much desire an ongoing friendship and look forward to many more exchanges. You are a very intelligent man and conversation is wonderful – whether written or over the phone. I too, VERY much enjoy stimulating, intellectual exercise, and conversation – this one has not been an exception. This particular issue has been one of IMMENSE appreciation. I have learned a great deal too.

Perhaps one day, we may meet face-to-face and that day would be one to treasure indeed. Again, I know you are a man who appreciates excellence in research and well thought through responses. This one took some time on my part to do.
