Amazing. Especially when the Idiot Elements claim "Hister", an ancient name of the Danube River, is "Hitler" by switching letters. If Nostradamus wanted "Hister" to be "Hitler" he would clearly have written so. If one reads the ancient and current maps of the watershed of the Danube, they will find a great many battles against the Nazis in continental Europe were indeed near the Danube.

I thought very little of The Centuries as dependable information because of the hidden quip cum script he used to disguise the names, times, dates and places. He DID NOT use astrology to divine his prophecies, only to date them.

However, myself and Chylon were clearly the intendeds when we were the recipients of untold millions of Spirits coming out of their graves as per Century 10, Quadrant 74:

**The year the Great Seventh Number is accomplished
 Appearing at the time of the Games of Slaughter;
 Not far from the Age of the Great Millennium,
 When the dead will come out of their graves.**

April 10th, 2007, beginning about 3:30 PM. It was a very windy afternoon, directly out of the East and gusting. Chylon and I were driving down Bridge Avenue here in Albuquerque, New Mexico (USA) talking Holy Order business to keep from being monitored by Kak-Jews on government payroll who always tap our telephone lines. The typical One World Government atrocities that 'nobody here (in government) is doing that'.

Because we needed the time to finish, we turned South on Old Coors Road. Within a few minutes

both Chylon and I began to sense dead spirits attempting to make contact as they often do to Proven Knowers in close proximity to graveyards, tombs and mausoleums. Such spirits are making their best attempt to be unbound from their graves and the torments there as result of all that hallelujah halfwit poppycock we've been programmed to accept by that Great Babylonian Harlot at Rome, the Roman Catholic Church, as 'religion.' We'll get into that one eventually

Since there were no visible graveyards along that section of Old Coors Road, I asked the begging spirits for directions to where they were interred so I could release them. As we passed the Power Line intersection, I knew we had overshot the run, but there are no visible graveyards there along that section of the mesa! Following the guidance of the spirits involved, we turned around and took Power Line due North and veered to the left as the pavement ran out. Once out of road entirely, we got out of the car and instantly the wind went from a cold East gusting rage to a much warmer and steady Northern breeze.

Still no visible gravestones, et cetera.

The most desperate of the spirits, whom I had been attempting to read for several minutes while Chylon drove, reciprocated and let me understand that neither he, nor those with him were of the newly dead – since the Catholic Conquistadors, although there were many of those too - but from the earlier days of the Nefilim and murdering Priests and Kings left in charge when the Nefilim departed. Some of those souls has been embound in their graves for thousands of years, long before the Nefilim left the planet!

No wonder there weren't any visible grave markers!

As I lifted my consciousness to read the whole of the situation, I found both mesas – east and west of the river – were literally saturated with unmarked graves of the Natives. Many were those who had come to what is now Los Lunas to view the moon in its dances as it rises over the Manzano Mountains on the east, a sacred area to the Natives for untold thousands of years. Others were those abandoned due to injury, disease, et cetera, and left to starve or were simply murdered without consideration. Many more were the murdered slaves of the Catholic Church who would not be 'converted' nor continue in their enslavements whether farming or mining.

Far more were those who ran from the oppression of the Nefilim overseers and died in the wilderness. Some were those who survived in the wilderness for whatever lifetime that accorded. Virtually all were embound at death by the Rituals of the Nefilim and their remaining Priests and Kings. Those in power in the Americas were not very different than those in power in Mesopotamia and the Egyptian Nile Valley when it came to murdering common citizens who could not defend themselves and did not instantly obey the boss. Just like we're legislating ourselves into in this current election (2008).

Having the Righteous Power and Holy Authority to release these victims, Chylon and I informed them to enter our presence, touch our spirit, and then go back and get as many as would be released from the Damnations. We made it clear that neither the Nefilim nor that Babylonian Harlot at Rome put together had nor has more TRUE Righteous Power and Holy Authority than I do, and that all TRUE Proven Knowers have the same firepower should they choose to use it.

And the floodgate opened!

There were millions of them! Each touch was a very light sensation, took only a fraction of an instant, but there were millions upon millions. For the next month Chylon and I endured the touching and felt the instant relief the spirits received. That part was very comforting, and the process NEVER became annoying.

However:

There were some of the abused who were not willing just to get themselves, families and friends released and then go on about their business like the goody-goodly-little-victims all Kak-Jews, Politicians, Priests, Preachers and other liars insist. THEY WANTED REVENGE! AND THEY WANTED IT NOW!

I kindly obliged.

Having such Righteous Power and Holy Authority, as do all TRUE Proven Knowers, I sent them in sufficient force to manhandle and drag those 'priestly' bastards from the breed-Nefilim to the latest dead 'sister' before me. And the victims brought them by the hundreds.

I sent each and every one of them to the lowest Depth of Hell they qualified for. No exceptions. The only mercy I gave was to those who had died either in military action or from the results of military service. There is no lifestyle, generosity or conduct that negates disobedience of Holy Law, and that applies to all warriors, police, judges, et cetera, and especially to Kak-Jews and Levites, Politicians, Priests, Preachers and other liars.

There is a GREATER DAY of the Dead to Arise from their graves, at Shiloh. This Grand Arising never received a word of copy from any Kak-Jew controlled news service. Fine. That is just one more TESTIMONY AGAINST the slimy socialist bastards.

Nostradamus? What do I think about him?

He did his best to warn and educate several generations of the fallacy of the 'divine' Rulers, both Kings and Priests, and to clearly document for the prudent mind that the churches really don't know a damned thing about the 'spirit' of which they claim to teach. All the lies and negative theories about him be damned. He was NOT one of that Very Select 175, but all of those were not Prophets in Practice, as some were here for the TESTIMONY and nothing else.

Nostradamus

To Quote from the AED

6888 Q116. Aku: "Michele de Nostradame, Nostradamus?"

6889 AAH: ""Seer of France (Gad)! Public Catholic, private Hebrew (Jew). Dated his writings by the stars (astrology, astronomy), which do not change as do men's calendars. A Prophet in an age of great danger to all Truth! The Sword of That Great Harlot of Babylon at Roma spared none who dared to even seek any truth; even as it does today!

6890 ""Told the whole of the atrocities of the House of Levi and the abominations of the House of Judah and the desecrations of the House of Ishmael. I, Myself, gave him the visions and the times thereof.

6891 ""Spoke of you often. And those after you that all

the fury of the whole of the Houses of Abraham cannot keep from the people. Spoke of the Vile, and the holy wars for unholy gold (money); the schemes of seduction into ignorance that the masses be enslaved in their foolishness.

6892 ""Yea! A Prophet. A Master of Parables that his writings be not deciphered by the corrupt and destroyed lest the abominations of the corrupt be known and foiled.""

The Most High says that Nostradamus spoke of Lord El Aku often and in my limited ability to understand the French language (knowing some Spanish helps), I have seen several quatrains where this is most likely so.

I've often felt that Nostradamus is misunderstood and most don't really have a clue as to what Nostradamus actually said. I also think that the IF experts who study the Prophecies had a handle on Holy Law and not the Kak-Jew or Catholic Programmed view/version of it, they would be able to interpret them FAR more accurately. We all would KNOW more and be able to make greater use of the prophecies were that the case.

That being said, Bobby's and my experience that day was something else.

Driving down the road, we both knew there was a Graveyard nearby as we could feel the sensations of communications that we often do around one. But, as he said, there were none that we could see. As the communications became clearer to Bobby as to where to go, we also started experiencing more sensations and much, much, stronger than ever before.

After we got to the stopping point and looked around to get a read on the lay of the land, Bobby told me to get back in the car which I did. It sort of helped me to settle and understand what was happening and also help with the energy requirements which were EXTENSIVE and IMMENSE!

The screams, agonies beyond description, the babies crying, and the wounded animals were innumerable. It was tragic horror upon tragic horror, beyond description. There were, for the want of a better term, layers upon layers upon layers of it. The area was one that had more than one battle/war and there were hundreds of years between the battles/wars.

Bobby spoke to the entities in Angelic and English. I told the ones that came to me to go to him. That let them know what to do. Some of the entities were bound for so long, they had to have guidance as to what to do and they were in the Greatest of Hands and Direction of Lord El Aku. Yes, there were many who were exceedingly angry – and that's a mild word for it. There were also those VILE sorts who came to me thinking that I would be a softer touch. They were sadly mistaken! All such were sent to the Hell they deserved. The Authority of El Aku is NEVER EVER to be taken lightly!

The Victims were exceedingly thankful they were no longer trapped - a mild way of saying it.

For at least a month Bobby and I were touched regularly by these spirits needing comfort. There were also very unusual experiences at my home that let me KNOW they were there – which is yet, another story.

As Bobby said, there were millions upon millions of them and it was an amazing and awesomely comforting experience.
