

That The Akurians have had this information for over two years now is nothing exceptional, except we ALL waited in GREAT Anticipation for it as we do with ALL the Audiences. We all KNEW for this particular Audience, Bobby (El Aku ALIHA ASUR HIGH, Second Horseman of Apocalypse, 175th Anointed Witness of the Generations of Ish, Grand Marshall General, Robert F. Cunningham aka Bobby Farrell) had been called to provide Justification and Presentation to take PEACE from the Earth before The Most High. Several nights prior to that Great and Terrifying Justification and Presentation, there was information provided to Bobby by the Most Holy Seraphim and Archangels in preparation.

What is an Audience?

An Audience is best described as an all-encompassing and an all-intensive experience before The Most High in His MOST Righteous and Holy Presence in front of the GREAT Veil. NOTHING can be presented before The Most High that isn't absolute TRUTH. The qualification of being able to even be summoned REQUIRES that one have absolute Truth of them. Most people don't qualify in Knowledge, Skill, and/or Expertise and NEVER will – especially Preachers and Politicians. NONE would or could survive the

experience; they would die. It is worth noting that NONE – including the fallen Seraphim can present anything before God that isn't ABSOLUTE TRUTH! And they don't!

Given the nature, duty, and obligation for this particular Audience, which we, The Akurians, have referred to for two years as "The February 2009 Audience", Bobby, didn't involve any of our minds until it was finished and in writing. It took him many days to prepare, make the presentation before The Most High and several days later to get the information written down and disseminated to The Akurians. It took most of us many days to read and get an initial digestion once it became available and to incorporate it into our "Library of Understanding".

As time, effort, and finances permit, The Akurians will publish additional Audiences and other documentation including the presentation of the Demon Beelzebub (a Fallen Seraphim), and his truthful presentation before The Most High in the January 2011 Audience. Should any wish a copy ahead of actual publication, get on our main website at: <http://www.theakurians.com> and fill out the contact form by clicking the appropriate CONTACT link and request it.

The concept of "The Library of Understanding:"

Several years ago, Chylon (Command Marshall General D. Chylon Budagher) used to sit at Bobby's feet and listen to him by the hours and at that time most of the conversation was about the Music Business. Those of you who've read "The Anointed, The Elect, and The Damned!" know that Bobby had a very extensive career in the Music Industry as an Artist himself and that of a General Licensor. Now while a great deal of information is available online, and we intend to maintain it, the initial point to grab a hold of is Bobby's information about the industry is extensive and vast.

One day Chylon listened to Bobby inform someone about something concerning Publishing and Songwriting. His answer to the caller's question was, "That's Bullshit."

It dawned on Chylon that when Bobby said those words, they REPRESENTED a tremendous amount of information, knowledge, and experience. Remember - Bobby's been involved in the Music Industry since he was a little boy. He's KNOWN so many stories of who, what, when, where, why, and how's involved for over nearly seventy years as of 2011 (GCAD). The truth of the matter is that Bobby's knowledge is so vast and extensive were it possible to write down all the stories involved, it would fill a Library – hence the term "Library".

So whenever one experiences an Akurian's usage of the term "Library", we're meaning something representing a lot of information; were we to write it all down, it would be book after book in a Library.

When we all first read the Audience, we had profound additions to our Akurian Knowledge and Expertise Library – as a group and as individuals. In the two years that have passed, our Libraries have grown substantially even more because we see the effect and impact of our own Invocations of Testimony in direct application consequence of The February 2009 Audience.

Without exception, everyone who read it can and will TESTIFY of the impact it had on our lives which hasn't been a little!

The concept of "The Handprint:"

The Akurian's usage of the term "Handprint" came about when Chylon started doing Invocations on her own many years ago because of the various applications she learned from Bobby. Make no mistake, while the Firepower was tremendous then, there have been many improvements since, and will be published as our next endeavor. Whenever she experienced a result of any of those endeavors, she called it a "Handprint" in referring to what she delivered result. Since then the term has become a part of The Akurian's vocabulary.

Because of this particular Audience, we The Akurians haven't simply read the document and been about the business of wringing our hands, worrying about what to do because of what is to come; The Akurians have been about the business of Doing Holy Law for years, which also includes the carrying out of this Audience. We engage against ALL perpetrators and violators of Holy Law. We accomplish by using various techniques and strategies.

Whenever we experience a result or effect of any activity we do, we call it a Handprint. Many of those Handprints are EXACTLY – as in verbatim of how we invoked them! There's so many of them, we really can't write them all down. Make no mistake; the numbers of delivery isn't coincidental. In a way, it's unfortunate because the documentation would be helpful for most Seekers of Truth. We don't care one iota whether any 'believes' we do these things or not. The evidence is there, the revelation is in the book of Life (Also known as the Akashic Records), and the Testimony of The Most High, Himself, confirms it.

For any sincere Seeker of Truth, it never takes much effort to know when something

happens to expose a violator; it is a Handprint of The Akurians. We are the energy behind ALL those movements and activities.

There are so many Handprints, because of our group efforts, from moving hurricanes to destroying companies. Do we still have more to accomplish? ABSOLUTELY! If there is violation of Holy Law occurring, we are targeting the violators. The job is immense, but we are up to taking it all on whether it's Politicians, Preachers, or the Secret Societies. They cannot hide from us. There's nowhere in Creation they can go to escape the Testimony of The Akurians.

We pay attention to the news. Whenever you see any Socialist endeavor fail, KNOW The Akurians have targeted it without exception and is a Handprint. Whenever you see a thing restored to Holy Law, we've targeted for that too. And, we are not fooled by manipulation that makes it seem one way and actually be another.

If you have questions and/or have the desire to learn, again, we've made every effort to facilitate good communication. Given that: email, web spaces, et cetera, can be jackassed, hacked and high jacked, follow up and through because you, the individual, are ultimately responsible for yourself, and you need accurate information.

The Akurian Objective:

The Akurian Objective is to restore Holy Law the way The Most High ALWAYS requires. Were we to have a dogma or creed, it is very simply: to live in such manner of Holy Law that we gain acceptance and entrance into The Holy Kingdom of Akuria!

That IS our Job; this IS what we do. No other solution will work for the planet or us as individuals. It doesn't matter what nor whether anybody 'believes' us, or not!

Each and every thing we get from any Audience ALWAYS adds to our Library

without exception. There is ALWAYS something that helps us do the job we MUST do towards restoring Holy Law!

While The Akurians don't give a damn whether you 'believe' this information or not, we're not going to cram it down your throat. We're not arm-twisters. We encourage anyone and everyone to read it and ask questions. We make every effort to make it easy to contact us. However, if you're not working towards the restoration of Holy Law as The Most High REQUIRES, then you are working against it, and will incur the Testimony of The Akurians AGAINST you! And, make no mistake, even our families are not immune from the consequences. Truth is, there is NOTHING more we can do to save them! We ALL, and without exception, wish it were different! Holy and Righteous Truth IS Holy and Righteous Truth, and it MUST be Obeyed and adhered to not only for our survival, but the eventual Rewards that comes from Righteous Service.

The Akurians NEVER require anyone to 'believe' anything and this particular document is no exception. It is clear – we MUST return to Holy Law the way The Most High Lord God of ALL Creation REQUIRES. There is no other choice. Everything, without exception, in this Audience is the direct-end result of Disobedience to Holy Law.

The Most High Lord God of ALL Creation is not a Servant – we are! He is not going to do this, or any other job, for us. He doesn't give us jobs to do so we can sit around and wait for Him to do them for us. We must do the job and accomplish it. We got ourselves into this mess and we must get ourselves out of it.

There is hope. Read and Understand this Righteous and Holy Testimony contained in this TERRIFYING Audience and DO something about it. Make no mistake; we, The Akurians, are and have been about the business for years! It doesn't make a difference to us as to the direction of our Testimony. **It will be either FOR or AGAINST and to those who perpetrate Violations of Holy Law, we are commanded to do so by Direct Order to provide it (See The Protocols to the Proven Knowers – Chapter 43 from "The Anointed, The Elect, and The Damned!") it is AGAINST!** This we do and without halt or reservation! This Holy and Righteous Document is not simply left for future generations to read about like most read of Isaiah or Revelation, we are actively engaged in its fulfillment!

Get inside your Old Testament: Genesis, Exodus, Leviticus, Numbers, and Deuteronomy. That is where the Law is. Do as Holy Law REQUIRES: Read, write, learn, discuss, recite, and sing it – whatever it takes!

If anything else could have done the job by now, it would have. Everyone is ALWAYS making excuses for WHY the Law is not being done. Stop making the excuses; there is no other solution and it doesn't take 'belief' and 'faith' to do and accomplish!

Additionally, The Akurians hold and value The Constitution of the United States of America and The Declaration of Independence as Holy Documents, which also includes this Great and Terrifying Audience. If you've never read these documents, READ them! The United States of America IS Ephraim of Ephraim and Manasseh, Sons of Joseph, upon whom Jacob/Israel named His Own Name. All good things should be our Inheritance and they would be were it not for violators and violations of Holy Law!

2 Chronicles 7:14 "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."
