

WARNING!

Everyone here is a Proven Knower and/or under the protection and experience of a Proven Knower. We can and DO Invocations of TRUTH with Righteous Anger and Fearless Impunity! We have spent a great deal of time doing these invocations. We are immune from the very real and very severe consequences that Catholics, Christians, Muslims, Jews, Mormons, et cetera, would experience were they to do the same thing due to their Demonic origins. We are people of power and we MUST use our Righteous Powers and Holy Authorities rightfully without fear of consequence for doing our jobs. They are Righteous Assignments from The Most High and He REQUIRES of us to do them! We are not going to be immune from the questions from The Most High when comes our time to be asked if we don't do them, and we will not like giving any excuse for an answer whatsoever.

It is important to note, what we're doing isn't an exacting science. What worked today won't necessarily work the same way tomorrow and in some cases might not work at all without specific modifications or adjustments. Sometimes we don't want to do the same thing the same way because of new information. We must be willing to adjust, adapt, and incorporate modifications if and when they are needed.

We have all developed a great deal both spiritually as well as developed a Library to use in our Invocations over the bit. We have done Invocations of TRUTH many times and have found success. We have invoked many specific directives with tremendous success. We have made belly balls. We have obliterated Hurricanes. We have stopped wars like what we did with Pakistan. We have created them like what we've done inside the Democrat Party already. Lately, we have created and charged a SPECIFIC Body of Light for ourselves and we have created and charged a separate and SPECIFIC Body of Damnation which we condemned many to Hell; and, we're seeing significant consequences of those actions. We've done many things that have shown up as specific handprints of our work through events of the day. Sometimes we see it in the news, hear it on the radio, or we just know it to be happening because we connect a bunch of dots.

Now we need to turn all the notches up. We're going to use all these tools that we currently have in our command and we're going to learn to do and apply them as Invocations by Virtue.

Exactly what IS Virtue? There are statements like "a pillar of virtue" ... meaning one who is pure, honest, dependable ... but what does THAT person think of themselves? One thing is sure and certain, they are VERY AWARE of themselves and their surroundings! Without being asked, they offer help, assistance, and advice. How did they know help was needed? By being COGNIZANT of their surroundings and what is happening in their presence.

Being aware of one's own self – condition, energy, strength – is a matter of Virtue. Just like when you have a bad flu, you ache all over, and at that time, there's no lack of Virtue – you're fully aware of yourself even when you're in a state of misery. Being aware of yourself, as when you make a Body of Light or Belly Ball out of your own energy, is a process of Virtue. Making a Body of Light to turn into a Body of Damnation is a process of Virtue. Making Sun Links, securing and handling Black Fire are both matters of Virtue. If you were not aware and did not direct these processes, they would not exist! Our own PERSONAL ENERGY is a matter of our own Virtue.

Becoming expert in our own Virtue and using it is the subject and purpose of this Instructional.

Each of you will have to review and modify all processes for yourselves. For your own Individual Invocations, this isn't something that anyone else can do for you. This is something that you have to think about it for yourself, study about it for yourself, learn about it for yourself, and apply it for yourself. Know that some processes will be modified when we execute Invocations as a group. While we are going to work on these things as a TEAM, we MUST also practice these things as Individuals.

You will NEVER go wrong if you do your homework, practice, and apply what you learn. Practice can be done with things you do everyday in your life. As it was stated in the Script of Clarification, we are a constant and living prayer unto The Most High – including our every deed and very breath. While it is true we all wish we had more time to specifically practice, practice with things you do every day. Make everything you do a practice and a way of life. It might be surprising to some; it often works best when you do it that way as opposed to making dedicated time to practice. The reason is simple: you ALWAYS have something to work with and it is constant.

It may be useful for some to consider the study, review, and practice as an exercise in the Great Elements. Thinking things through is a lot like air; the ideas are moving about in your brain. They grow when you want to accomplish something and that's a lot like fire. If you write them down, you're controlling them like water. When they're written, they're manifested like Earth. ALL things around you operate within the realms of the Great Elements.

It may be useful for you to know that the study of the Great Elements are things the Great and Mighty Seraphim still continue to learn from and do; and, do not forget, they are from the FIRST CREATION. Make no mistake the demons study them and it is a certainty the Nefilim do as well! We're not going to get the desired victory against the Nefilim or the Demons and Demonic influences without proper application of the Great Elements and all the other skills we've been learning as a result of these instructionals over the last few months.

Don't be afraid to write things down IF you have the time. Don't worry about grammar or spelling things correctly; you only have to concern yourself to make sure YOU understand your own writing and can rely on it. As an additional side note, when General Clark asked about restoring the Grand Council, one of the first tasks given was to write things down in a journal. The reason for the instruction was for everyone to get in touch with their own innate.

There are also other important benefits of writing things down. It is a written record of our Invocations and is a Testimony that provides the necessary documentation for confirmation of our activities as to what we've done especially when the handprints are manifested. It is also a written record of our Invocations and accomplishments for future generations. And, it is also documentation and support for those we will train as up and coming Akurians.

Now, the writing, typing, recording, et cetera is not a direct order, nor is it to be construed to be a direct order. It is nothing more than a suggestion that will help tremendously. We know people who have hectic schedules simply cannot do so. Sometimes it takes a lot out of people just to do the 8 pm Invocations and Sunday Trainings.

All these things we do help us to understand ourselves more. As we continue to understand more, our definition of ourselves will become more a part of our individual selves and those of the group. The more your own personal definition grows, the more you'll be able to accomplish by yourself, and enhance what we can do together as a team! As you understand within yourself what Brigadier Malone brought up in the training before the Invocation on Tuesday, September 28th how

Righteous Anger and Fearless Impunity is the frame of mind to be in, you will understand how this frame of mind applies specifically to you when you do your own Invocations by Virtue as well as those we work together as a team. Everything you do will improve in direct proportion as to how you do your own homework, your own practice, and your own personal applications – and the effects can be immense and tremendous!

These things we do are not something we do simply because we are "helping" to get them done. It is us that **MUST** do them. The accomplishment and rewards for doing these things are rightfully ours. **WE** are the Akurians. We are not helping the Akurians. The Most High also refers to us as "My Beloved Akurians" and these are things we **MUST** do to Be His People!

When you do Invocation by Virtue, keep in mind that this is a process and we have to continue to build ourselves up and develop. Learning in many respects isn't necessarily mutually exclusive to doing it; we can and will do things at the same time.

So for taking apart the Democrats and Socialists, we are not going to change the specifics regarding the Invocation; we are just going to do things by Virtue. Some people will get it easier and quicker than others. For those who need more time to "get there", it's perfectly OK and understandable. It takes time, practice, and application and there is **ALWAYS** room for everyone to improve; there are no exceptions.

The reason we have to push ourselves to do things faster, quicker, and harder is because the enemies, targets, et cetera we need to hit are many. Our world is being destroyed at an ungodly and unprecedented rate that **ONLY** we, The Akurians and those under protection of The Akurians, can **DO** anything about it. None of us want to live through the **HORRORS** if we fail! We **MUST** get things done more efficiently and effectively, and doing things by Virtue is an excellent way of getting the job done.

Understand: **ALL** the targets we hit are those who are in violation of The Most High and Holy Law;

Understand: He wants and requires of us to hit them.

Understand: it is our job and duty to hit these targets.

Understand: we are not going to like the **HORROR** if we fail.

Understand: it is our job to be a Witness of and a Testimony of our generation; and that necessitates **JUDGING** that which is and which is not evil, good, righteous, demonic, et cetera.

Understand: it requires us – where we are – to do Invocations on our own (which should **NEVER** be neglected) and together as a team.

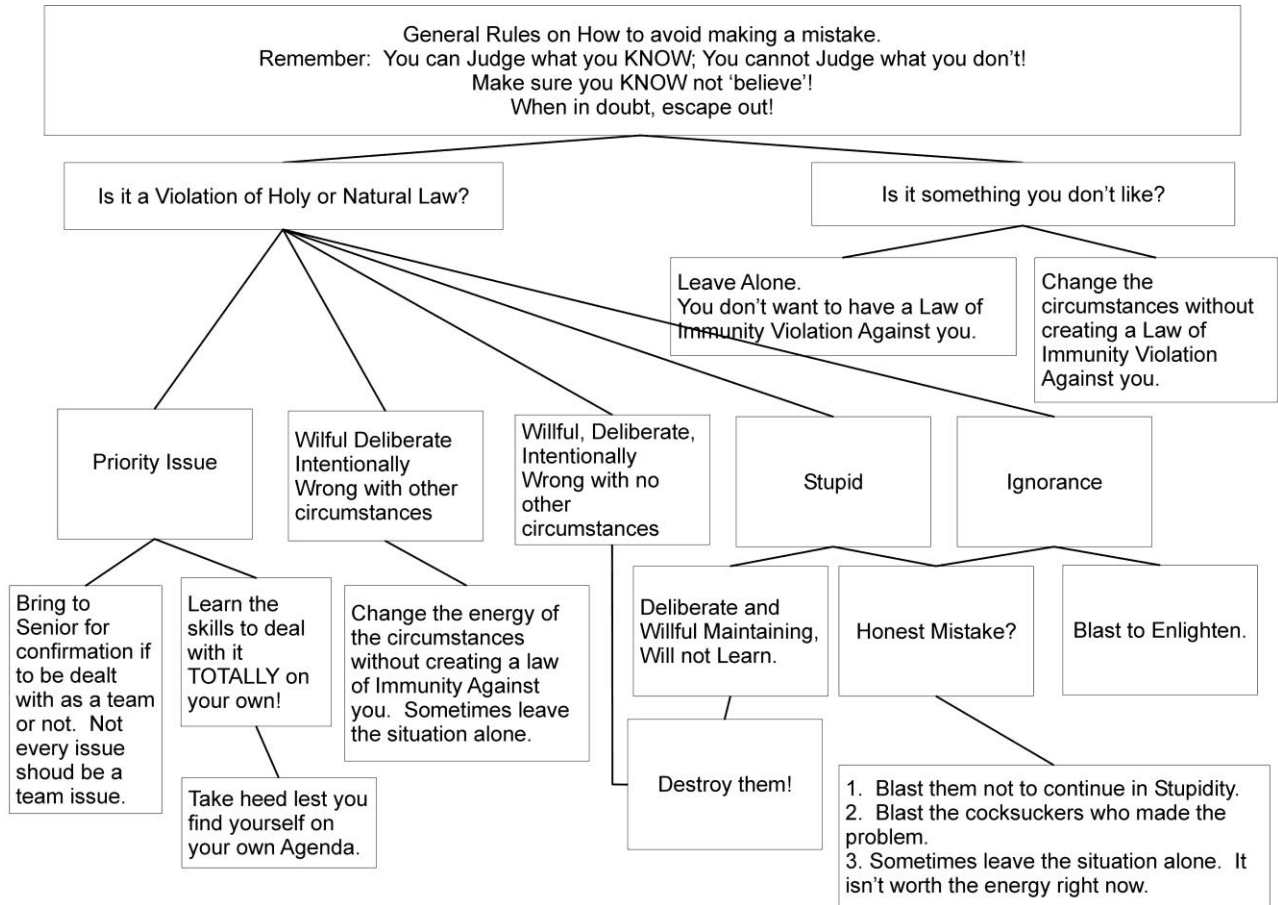

Understand: **WE ARE** The Akurians!

Understand: The Most High **DESIRES** us to be His People!

Understand: These things we do are the things we need to do to accomplish just that!

This instructional is to open the door for the method of doing Invocations by Virtue and how to do them; and we are going to do them. You'll **ALWAYS** have the option of doing any Invocation the way we have been doing them all along because they work too. Always remember, there is more than one way of doing something and we have many tools available to do them with. What is **ALWAYS** important is being about the business and that's what we do. The Law of Being about the Business is just that – The Law of Being about the Business! It really doesn't matter which process is best when you're about the Business of doing it.

Now sometimes we don't always have great days. When the day isn't one of those great days, you can ALWAYS go back to basics. Sometimes it must work out that way. You ALWAYS have the option available to you. By the way, whenever we find that we need to react to something and Virtue isn't going to seemingly work, go back to our very well rehearsed methods and practices we know work and often they are very basic.

SECTION ONE To Begin

The foundation for doing things by Virtue is to get a better understanding as to what it is. The Chief gave us an example from the Bible where a woman with a blood issue sought to touch Immanuel's garment to be healed and Immanuel KNEW she had touched him (See Matthew 9:20) . The healing was accomplished by Virtue.

There is another great example in Matthew 8:5-13 of an Invocation by Virtue. Immanuel entered into a town named Capernaum and was greeted by a Roman Centurion who sought Immanuel to heal a servant. Immanuel offered to go with the Centurion but the Centurion said that all Immanuel had to do was to speak the word and the servant would be healed. Take some time and study the complete reference. Notice when the switch of energy of Virtue occurred.

[Mat 8:5 And when Jesus was entered into Capernaum, there came unto him a centurion, beseeching him,
 Mat 8:6 And saying, Lord, my servant lieth at home sick of the palsy, grievously tormented.
 Mat 8:7 And Jesus saith unto him, **I will come and heal him.**
 Mat 8:8 The centurion answered and said, Lord, I am not worthy that thou shouldest come under my roof: but speak the word only, and my servant shall be healed.
 Mat 8:9 For I am a man under authority, having soldiers under me: and I say to this *man*, Go, and he goeth; and to another, Come, and he cometh; and to my servant, Do this, and he doeth *it*.
 Mat 8:10 When Jesus heard *it*, he marvelled, and said to them that followed, **Verily I say unto you, I have not found so great faith, no, not in Israel.**
 Mat 8:11 **And I say unto you, That many shall come from the east and west, and shall sit down with Abraham, and Isaac, and Jacob, in the kingdom of heaven.**
 Mat 8:12 **But the children of the kingdom shall be cast out into outer darkness: there shall be weeping and gnashing of teeth.**
 Mat 8:13 And Jesus said unto the centurion, **Go thy way; and as thou hast believed, so be it done unto thee.** And his servant was healed in the selfsame hour.]

Now each and every one of you has done something in your lives by Virtue. One way of looking at things done by Virtue is to look at things each of you know and understand so well. These are things that you know to do automatically without really thinking about anything specific; you automatically KNOW what to do or HOW to respond. For example, General Clark has been a nurse so long that she automatically knows what to do with a patient and what she does is by Virtue of Study and Years of Experience. General Schipul has fixed so many cars that he can tell what's wrong with one by certain behaviors or sounds; it is very hard to stump him over what is wrong with a car. He too, has done these things because he has been around cars all his life and fixed thousands of them. General Meinke has figured out seemingly unsolvable problems in her work because it is automatic in her to READ things; she constantly practices this skill and has spent a great deal of time developing it. General Malone used Virtue to deal with her parents. After we had worked through the bugs to get what she wanted to happen, the Invocation she used was "No Kak-Jew". Three words and her Library of Understanding which took some time to develop and practice was what it took. Brevet Major Riggs can look at something regarding a building and KNOW where something is jackassed. It doesn't take much for him to know whether the jackassing is people or materials. Sentry Martin did a Kindness Virtue. One day, he took over to Bobby's house a chicken and some veggies and it helped make an afternoon pretty darned nice. All the musicians in our group know what a C-Chord is and they KNOW it automatically. These are things they KNOW by Virtue of Practice. By the way, when you flick a stop light and it changes to green, you do that by Virtue.

Now there are many common things we all do that are done by Virtue - for example, cooking an egg. If you like your eggs fried, you automatically KNOW how to get the egg cooked once you've done it a couple of times. You don't need to re-read a recipe book to do it. You don't need to call someone up for the instructions each and every time you cook an egg. Once you KNOW, you KNOW! Now how fast can you think through the whole process? Let's mentally do a walk through. Follow and attend to these instructions in your mind's eye.

Mentally and in your mind's eye, get an egg out of the refrigerator, get the pan out of the cabinet and put it on the stove, turn the burner on, put the butter in it with the knife you took out of the drawer you used to cut the butter with, watch the butter melt, crack the egg and put it in the pan and flip it to finish cooking

What did that take - 30 seconds? You certainly can do it as fast as the script was read right? By the way, did you notice the butter just appeared? Did you notice you had something to flip the egg? It is ONLY when you think about it AFTERWARDS, you think you have a problem following the mental walk-through because the butter and the flipper was missing in the written instructions but was there in the mental walk through you actually did when the words were spoken.

Now, once you've practiced this mental exercise a very few times, can the whole process be mentally done with "Get and cook egg"? Absolutely! Some of you tried it as it was said just now and got it done didn't you? For others it took a little time to allow your mind to catch up to what you did mentally with the instruction "Get and cook egg" which has been caught up in most people's mind by now.

Physically it takes about a minute to read and mentally do the walk through, the mental walk through you do by yourself should take about 5 seconds with very little practice like 2 or 3 times, and the last instruction/mental of "Get and cook egg" can be done in about a second. It takes you longer to say it than it does to accomplish it in your own mind. In fact, it takes you longer to recognize that you've registered it in your mind than it did to accomplish. This is a VERY important concept to pay attention to.

So the goal of doing Invocations by Virtue requires taking the time to develop something that can behave like years of experience so that your actions and responses are or become so automatic you KNOW what to do and why. Here is an important secret. The MOST effective shortcut we have found to figuring out some of these difficult things and paying the dues if you will, is to write these things down – as mentioned earlier. You cannot type them as effectively; they work best when they are written. Writing has a quality and characteristic to it that nothing else can deliver. Now it is understood that not everyone is going to have the time to write things down. For those who do have the time, if you will take the time and write things down, you will see TREMENDOUS benefit and growth. If you can type them because that is your best option, by all means type. Some of you may find recording things helpful, and yes, that will also help. Any tool you can use to help you is important! We've used all these tools at one time or another and still do.

To continue with the study of doing things by Virtue, the first thing is to take the time to understand who you are with respect to The Akurians and your own innate. You are as you know and understand yourself to be, what it means, and why you're involved in these operations in the first place. What does it mean to YOU to be a Pathfinder, a True and Righteous Proven Knower, and an Akurian! What does it mean to YOU to be a Son or Daughter of Akuria. What does it mean to you to be a Sword of Aku or Daughter of Elisha. Review these things over and over in your own mind and when you incorporate as many senses as you can in the process, the learning TRULY becomes YOURS and no one can take it away from you! The more senses (see, hear, touch, taste, and smell) you can incorporate in the process, the better doing things by Virtue works. If there is a second Big Secret it would be to incorporate as many senses as you can in your learning, and continue to expand them as you develop.

So doing things by Virtue is always being consciously aware of yourself, your surroundings at all times and the ever growing LIBRARY you develop.

The Application of Invocation by Virtue

Because you all know how to make a Body of Light, learn how to make a Body of Light ALWAYS around you. Always practice this. And, when you forget, just pick yourself up from where you are

and do it again without any guilt trips. Making a Body of Light and charging it should take no more than FIVE MINUTES for a beginner. ONE invocation of the WORD required should accomplish its purpose instantly – if you practice!

Come up with a word or phrase you'll use to create a Body of Light. Some of you may choose something like "Make BOL" for your own practice. For now, attend to the words in this instructional. For purposes of this instructional we'll use **"Make a Body of Light"**. This should be done after the words are spoken and is very possible to do.

Come up with a word or phrase you'll use to go up the Planes of Heaven and charge yourself. For this purpose we'll say **"Go up the Planes"** and what you will do is go up ...Hathor ... Hasterah ... Hesterah ... Ideah ... Hakarmah ... Hasannah ... and charge yourself with the energies of the Planes of Heaven. This should take no more than 3 seconds and can be accomplished as soon as the words are spoken.

When you're at Hasannah, charge yourself with the Energies of Akasha, Air, Fire, Water, and Earth and come back down and think of stacking all the energies of the Planes with the charging energies of the Plane and come back down in proper descending order Hasannah, Hakarmah, Ideah, Hesterah, Hasterah, and Hathor. We'll say for purposes of this instructional **"Charge BOL with the Great Elements and come back down"**. This should not take more than 10 seconds. With practice it can be accomplished as soon as the words are spoken.

Note: this is not a replacement for the practice of what you'll do as prescribed for Astral Projection – but an eventual enhancement to it. Astral Projection practice is not to be ignored and will help with everything you do spiritually! ***Do not be foolish to think this is a substitute for doing your personal Astral Projection practice.***

For purposes of this instruction, we'll use the word **"Ethereic"** and put the charged Body of Light inside of you with the proper tensing of the Body of Light in your body. This should be done when the word is spoken with no other time lapse.

Note: Not everyone will experience the charging or sensations the same way when Invocations are done by Virtue immediately. Some of you may see it; hear it, feel it, or a combination of these things. And, in TRUTH, it just takes the DOING of it whether you have the sensations of recognition or not! It takes time for the sensations to be registered, so that it can be interpreted in your brain, so you can express the experience. All this slows you down on the front end. Whether or not you can express it in the instant, it is done because you required your Body of Light to obey your order. Now, some of you will simply KNOW it to be done because you will have done as Brigadier Malone suggests by "Trusting the Process" and will have taken control of each Plane's energies with your Body of Light as you go up, charge, and come back down, and put it inside of you. Some of you will think this is going too fast and for right now it might seem like it is. However, because you have done this so many times, when we invoke as a team, TRUST THE PROCESS and do it as best as you can whether you feel, see, experience it or not. As you practice on your own, you'll get to the same point of knowing and doing a whole lot more with a whole lot less time involved. And, if you need to go back and review anything specific, that option is ALWAYS available and you are encouraged to do so!

The next thing is to send your Body of Light as an Angel Standing in the Sun and charge it with all Sun energies and to burn off any remaining negatives. For purposes of this instruction we'll use

"Go into the Sun" and what you're going to be doing is getting the extra charge of the Sun's energies and grabbing some Black Fire. This should be done as soon as the words are said.

For purposes of this instruction we'll use the phrase, **"Body of Light return to me"** and make your Body of Light return to you and tense it in your body. This should be done after the words are said with no time lapse.

You already know or should know which shape you want to use for your Body of Damnation. We've practiced it enough. We'll use the phrase **"Make a Body of Damnation"** and when you hear it, make your Body of Damnation and stick the black fire into it. This should be done after the words are said.

If you have done the walk throughs with General Malone in the last week, which most of us here have practiced and done, you are probably experiencing the SAME INTENSITY, FEELING, and RECOGNITION! It took "paying the dues" of last week to get to this point. It's now caught up in your mind in recognition.

SECTION TWO CALLING UP THE POWERS AND ENTITIES

Since you already have working thoughts and knowledge in your own library of why you are here and what you are doing, you know that you are in the perfect position of your own Righteous Powers and Holy Authorities and your own I AM Consciousness. You already know that you are a Servant of Supreme Lord of all High Lords El Aku ALIHA ASUR HIGH – He that is called by the name of The Most High. We already have the permission, blessing, power, authority, and directive to do our job. The phrase we'll use is, **"All the blessings of the Most High are upon me."** Nothing else is needed or required with any more words because you're already ready to do the job as required when this is said. You are also free to develop a phrase of what you want for yourself for your own Invocations. When you do, do not make it too cumbersome as in having too many words. You'll know what you want to mean.

Next, we'll use these Invocations (which by the way a functional definition for the word Invocation is transmitting thought) and do them as soon as they are said. We already know what these things are, our Libraries are as complete as they currently need to be about them, and they've been practiced and rehearsed many times.

"All non-Akurian religions exposed for their Demonisms, Demonic Origins and destroyed!"

[LIBRARY: We all KNOW the religions are an abomination before The Most High and are to be removed from the Earth.

"All race-mixing and race-mixers exposed and destroyed!"

[LIBRARY: We all KNOW race-mixing and race-mixers is an evil before The Most High and they are to be removed from the Earth.

"All homosexuality exposed and destroyed!"

[LIBRARY: We all KNOW homosexuality is vile before The Most High and they are to be removed from the Earth.

The recognition of who you are and why you are doing these Invocations, the Invocation for the destruction of the Churches, the destruction of race-mixing and race-mixers, and the destruction of

homosexuality should be set in motion to be accomplished as soon as the words are said. Remember: we're not just simply saying these words, we are also transmitting thought to accomplish something.

SECTION THREE MAKING AND CHARGING THE BODY OF DAMNATION

Now what we're going to do is make the Body of Damnation, stand it out from yourself, and declare it a Body of Damnation. For purposes of this instruction we'll use "**A Body of Damnation is completely formed!**" What you should have done is: you've made it, it is standing out in front of you, inserted the Black Fire, and declared it a Body of Damnation! This should take no more than 5 seconds. It can be done as soon as the words are said.

For this instructional, we'll use "**A Body of Damnation is charged with the Great Elements**". What you've done is charged the Great Elements Akasha, Air, Fire, Water, and Earth for the *deprivation* as we've practiced many times. Again, this can be accomplished as soon as the words are said.

Remember: Those you put in your Body of Damnation cannot EVER access anything from the Heavens. The ONLY thing they are going to do is be bound for Hell! They cannot get into Hassanah, Hakarmah, Ideah, Hesterah, Hasterah, Hathor, or Earth. They are bound for the Depths of Hell beneath all the Earths: Deros, Danaka, Hadesse, Gehenna, Heleeah, Hapurdom, and Perditon. This should not take more than 10 seconds. With a little practice, it can be done as soon as the words are formed.

We'll call forth ALL and we mean ALL to come forth which means and includes the Archangels, Winds, Servant Winds, the Holy Ones, the Guardians, et cetera into our presence to take everything away from those we are going to condemn into Perditon. For purposes of this instruction we'll use "**ALL take EVERYTHING away from the Democrats and Socialism.**" However, whatever the target or targets you put into the Body of Damnation, it takes the time to put them in there. If you have a lot, it will take longer. But, it should not take more than 1 second per target. And, don't put more targets in than you can responsibly handle at any one time when you do this Invocation by yourself! Don't jackass this!

As a side note: take some time and practice with the words that are absolutes like: ALL, ALWAYS, ANY, EVERY, EVERYTHING, NEVER, NONE, NOTHING, for Invocation purposes. These words are very powerful words for Invocation purposes in general and even more so for Invocations done by Virtue. It might be helpful for some to review the older Directives.

SECTION FOUR INVOCATION OF TRUTH

Name your target(s) when you do this individually. As a group we're currently taking on the Democrats and Socialists of the Democrat Party and KNOW when you do, you are binding your targets in ALL their parts of them forever to go into the endless depth of Perditon. For purposes of this instruction we'll use "**All Democrats and Socialists are bound in my Body of Damnation.**" And "**I have Judged you Righteously for your abominations.**" When you do this, you also already know very well within yourself they deserve the judgment of Hell! This includes the punishments they deserve for committing untold and uncounted abominations and evils. The Winds, Black Flames, Death, and Agony of Perditon will not spare them because your judgment is

true and because of who you are as an Akurian, Proven Knower or under the Protection of a Proven Knower. They cannot escape Hell and everything they do rots!

For purposes of this instruction we'll say **"Guardians of Hell do my bidding"**. What you'll mean is the Winds of Hell, Black Flames of Hell, Agony of Hell, and Death of Hell will attend your Judgment that none escape the Body of Damnation you created for your targets, the Guardians will burn those in the Body of Damnation you created, the Guardians will Obey your Judgment, the Guardians will slay everyone in the Body of Damnation you created, and all of your targets are consumed with the ALL of Perdition.

Then send your Body of Damnation into Perdition. For purposes of this instruction we'll use, **"Body of Damnation I send you to Hell"**. Know within yourself everyone in the Body of Damnation is cursed because of your True and Righteous Judgment. Perdition is going to do the job and will not do anything different until El Aku ALIHA ASUR HIGH does something. For all our intents and purposes, it doesn't matter to us what he does to them unless he specifically tells us.

SECTION FIVE INVOCATION OF TRUTH

To clean off and recharge the Body of Light within you, you know you will go up the Planes again, recharge with the Great Elements, come back down, and attach your Body of Light by tensing it into your physical body. We'll use the phrase for purposes of this instruction **"Go up, clean off, recharge, and come down"**. This should not take more than 5 seconds. In time, it can be done as fast as the words are said.

For purposes of this instruction we'll use **"It is done"** when we're done. What we mean is that we have closed off our Invocation and completed it. This can mean you've closed in English or in Angelic if you so desire.

Conclusion

You can do ALL of this by your own Virtue in less than Five Minutes! Make no mistake! We can do this as a team by Virtue in less than Five Minutes! In fact, it can be done in less than a minute. All the work is ALWAYS done in the preparation. Always be prepared. And, there are those who have already executed this particular Invocation by Virtue against the Democrats and Socialists in less than the Five Minute timeframe and have seen successes and handprints.
