

**DISCERNMENT AND POWERS  
OF THE DEPTHS OF HELL  
15 May 2011 - 11 Iyyar 5771**

There are those who need a good hammering, again, and tonight we are going to accommodate them. This is going to be a long session, so get yourself whatever you want or need to endure. I will move as fast as possible, and unless you have VERY important questions, do not interrupt for answers.

This Instructional is intended for the Akurians even more than all the demon-possessed hallelujah halfwits who ramble loud and long about spirit-this, spirit-that, heaven, hell, angels and demons *and really don't know a damned thing about any of them!* Their ignorance is exceeded only by their hypocrisy. Don't think so? Then mention an experience about any of the above – or ask a common sense question – to any of those lying bastards and see how fast they want you measured for a straight jacket! The very moment *you* have a spiritual, or nondoctrinal, experience of any kind, the bastards will declare you crazy and without capability of restoration. By the time you finish this Instructional you will have forgotten more about True Spirit, Heaven and Hell than those self-appointed, knowingly lying, hypocrite bastards will have ever learned combined. And, **YES**, that includes all of them from and including the Pope down.

Anyone not a practicing Akurian is hereby **WARNED** not to attempt anything in this Instructional except to read or listen through it. **Do not attempt to participate!** These practices are dangerous to the deluded and the damned, and I will not be distracted to rescue any worthless ass. In short, this Instructional is for Akurians only.

We are the Akurians. Akurians, are the sole and exclusive True Spiritual Tribe of the Children of Abraham. Akurians, are and always have been, as – as in equal to – our Masters, being able to perform in Earth anything and everything the Anointed of our Generation could do. Akurians, are also the Teachers of Righteousness. Just as Immanuel sent out seventy **Judges** – not disciples or apostles – **Judges** to take nothing with them other than what they would wear on any given day and no extra money: to heal the sick, raise the dead, feed the multitudes, bless or curse, et cetera, as they deemed the people, lands and cities **worthy or unworthy** in accordance with the acceptance or rejection of them as **Judges** of the Anointed – Messiah – among them.

Each and every Proven Knower of the Akurians is a **Judge** – an Officer of the Holy Court of The Most High – to Whom we must all give true and full account. Akurians, **cannot** judge on what we 'believe' but only on what we **know!** And there lies the potential for error. Akurians are **Knowers** to the exclusion of all 'belief' except in scientific testing. Akurians know there are Planes of Heaven, filled with all manner of great pleasures, comforts, Entities, Forces and Energies; and they are currently contaminated with equally great violence and great war. Akurians know there are Entities, Forces and Energies that obey our directives. Akurians know there are Planes of Heaven, Forces and Energies in the Sun, Moon, Earth and the entire Universe, because we use and experience them every day as commonly as other living creatures breathe the Breath of Life. Akurians know there are Depths of Hell, also filled with great and indescribable suffering, horrors, terrors and dangers. Akurians know there are Infernal Entities, Forces and Energies who infect, infest and cannot escape from the Depths of Hell and all its damnations and abominations.

In this Instructional, I am going to teach you the Keys to Hell and Death. During this Instructional, I will lead the way down into the Great Depths; and when you hear my Instructions, I will be doing the same thing – word for word and move for move. When you reach **Hapurdom** I will be there too. If you begin to lose your control, just pause for a moment and one of my Troops will stabilize you; and if that isn't feasible, The Most High will return you to your body instantly. I have already made intercession for this Instructional. The Most High offered an attending Angel to accompany each Akurian involved, and I refused, demanding His Presence to the exclusion of any and all others. By following my instructions to the letter, I will take you down into the Depths and bring you back unharmed, but

empowered like you have never been before, especially those who working on or have finished writing their Scroll of Holy Law, and those who have read or are reading it.

**WARNING:** To those who are *not* True and Righteous Proven Knowers of the Great Testimony or directly under the Authority of someone who is, *do not* attempt this process at any time, for any reason or under any conditions. *You have been warned!*

I will not emburden this Instruction with each of the Depths of Hell as they are all explained in the AED and need only another review to understand their Degree of Eternal punishment and torment. In your practice, if you will send your Body of Light – made from the Highest Plane you can attain – to any Plane of Heaven, hopefully starting with the Etheric, or down to any Depth of Hell, hopefully starting with the Deros and avoiding Perditon at all costs, you will gain an understanding of that Plane or Depth exactly as you did with the Great Elements. With that additional experience, you will increase your Library of Understanding and your Firepower to currently unimaginable Degrees. With practice, Akurians roam the Planes of Heaven and Depths of Hell with equal impunity; we go where not even the Popes, hallelujah halfwits, politicians, priests, preachers and other liars dare to even mention.

I am going to consider all of Hell as one source as if it were only one dimension. Pay attention that all I am going to teach you applies to some degree to each and every Depth of Hell, but it is absolute with respect to the deepest and most agonizing Depth, Perditon.

Perditon is the worst of all horrors, the worst of all agonies, and the worst of all Eternal Damns. It is well cautioned in the AED not to enter Perditon and to only observe it from a safe distance. And very sound advice that is to all who are not of True Righteousness and a Proven Kowner of the Great Testimony; for there is no return whatsoever of the souls of any unrighteous who even touch the outermost edge of Perditon. And how to emplace unrighteous souls in that horrifying Depth is a part of this Instructional.

First, understand that just like the Great Elements, all the Depths of Hell – and specifically Perditon – have qualities as distinct as the Great Elements are from one another. We will concentrate on Perditon.

All the Depths of Hell have *Winds*, just like the Great Elements, but those Winds of Hell cannot be called separately. Call on any one Wind – named after the Depth of its existence, for instance: "Wind of Perditon" – and all the Winds of Hell attend. I could give you ten thousand names of the Winds of Hell and not improve your abilities or understanding one iota. Each and every Fallen Seraphim and Fallen Angel right down to each and every minion has a Wind of Hell by which they do their damnations; and *none* of them have total control over even their own Wind and are therefore vulnerable. It is enough for you to understand there are many thousands of thousands of Winds of Hell because there is no morality of any kind whatsoever in the Depths of Hell. As sincere as the unending screams of those sentenced to Hell are, they have no credibility anywhere in Creation, including all the rest of Hell itself. That the Depths of Hell are filled with Death and the Winds of Hell are but the beginning of your preparation. All the Depths of Hell have, and are, as Great Elements, at the same time.

One of the first Great Elements of Hell are the Eternal Black Flames of Hell. Black Flames of Hell are thick, like taffy candy, but cannot not stick to anything other than itself – unless directed – and are blacker than the darkest cavern and even blindness itself. When you look down into Perditon, you see an endless depth; unimaginably hot; emitting an indescribable stench that makes burning sulphur a delightful perfume by comparison; filled with those who fully deserve to be there, screaming in never-ending agony of burning in the Black Flames of Hell. It resembles a huge, bottomless Lake of Fire where there is no shoreline, nor any definable measurement, with the huge and very ugly Main Gates of Hell seeming to be the access from every direction.

All the Depths of Hell are filled with Death. Akurians know that death is not just an absence of life, nor is it oblivion of absolute unconsciousness, as fools teach and many religions imply in their droning rituals of "rest in peace" and "sure and certain hope of the resurrection" – of which the statement

itself is contradictory: Either it's "sure and certain" or it's a "hope" and you can't have it both ways. That Demonic Delusion is a masterpiece of poppycock expounded and accepted on a massive scale. An inescapable confinement of never-ending agony is Death by any definition and description.

All the Depths of Hell are filled with Death. Perdition being the worst case scenario.

Akurians, who have been *Up In The Spirit* have found little restriction; except for our initial inexperience adapting to the totally different Laws of the Planes of Heaven. It takes a bit of practice, but eventually we can go up or down, or anywhere in Creation. Akurians wisely stay in their own territory until they have mastered their adaptation to the Laws of the Planes of Heaven, and avoid the Depths of Hell entirely.

Another of the Great Elements of Hell is the Agony of Hell – spelled and called in the singular, but multiple beyond calculation in its unimaginable pain and suffering – that can be emplaced and impacted anywhere you want it. Be it understood that the Agony of Hell contains all levels of pain and suffering from the simple and seemingly painless touch that eventually grates on one's nerves to the point of insanity, to the absolute, worse than being boiled in the Center of the Sun. Once emplaced, all levels begin immediately and inflict their own sources: Disease, plague, injury, poverty, deprivation, ignorance, error, et cetera, in all forms, physical, mental and spiritual. There is neither relief nor lessening, except to return in greater fury. Because there is no morality in Hell whatsoever, the most unspeakable actions are promised in exchange for even an instant of relief, and it is the Agony of Hell that creates, infects, infests all those unspeakable actions and consumes the victim from all points and places of their existence. Agony of Hell is a prime Force and Energy to put into a Spirit Manifestation to stick in somebody's head! If you don't have a target you think is worthy... let me know.

**The Death of Hell is one thing, the Winds of Hell are another, the Agony of Hell makes an Unholy Trinity that even the Demons avoid as much as possible.**

And now we begin our preparation. First, REMOVE any and all trappings whatsoever! Akurians, *do not* need any trappings, regalia or offerings of any kind; what we do only takes a *clear, dedicated mind* and a True and Righteous Spirit.

Second, *do nothing to distract your concentration from my directions! As in absolutely nothing!* If you get distracted – *SHUT IT DOWN* – and return immediately to this Instructional.

Third, *do not* do anything until I instruct you to do it! Those who have already made their Body of Light, retrieved a Sun Link or extracted their Swords, just stand by. *Do nothing more until I instruct you!*

Fourth, accept the fact that as an Akurian you cannot avoid being a Master of Hell and all its Infernal Minions any more than you can avoid being a True and Righteous Power before The Most High. Just because our years of programming have made us accept the Planes of Heaven as preferable *does not* exclude or exempt us from having to handle the Entities, Forces and Energies of Hell. In fact, it is one of the Great Requirements of being a True and Righteous Akurian. Akurians, are the True and Righteous Spiritual Physicians in addition to True and Righteous Priests, True and Righteous Judges, True and Righteous Warriors and True and Righteous Teachers of Righteousness. How then can we be ignorant and inexperienced and accomplish all that is required of us?

Fifth, this is not a worship service – except in the true meaning of the word, "working for." Therefore, your concentration should be on and about this process, this procedure, and this target, as The Most High cannot fail His True and Righteous even when venturing into the Depths of Perdition. He wants you to **know** and not blunder in either ignorance or indecision.

Sixth, at this time I want each of you to dress your Body of Light in a full length white robe, neck to floor; and ladies, please, no split skirts. Full length, neck to floor; long slender sleeves to the wrist, no belt, and no head garb of any kind.

Once dressed, those of you who have drawn Blue Swords, prepare to throw them into Perdition when I command you. You will need both hands free to complete our process. If you lose my

instructions at any point, STOP then and there, and listen to the remainder of this instructional – *do not* make any repetitions of Invocations – just listen, and listen only.

I will separate invocation from instruction with, "Now hear me" for instruction, and "On my command" for Invocation. When I say, "now hear me" hold and retain whatever you are doing until I give you command to proceed. *Do not attempt to repeat after me!* Think only in your own mind as I speak.

On my command: **Akurians, restore your Body of Light. Do not – REPEAT – do not make a Sun Link; do not secure any Black Fire.**

Now hear me:

If you already have a Sun Link or have loaded Black Fire, leave it alone, you will not need or use either during this Invocation.

On my command: **Akurians, stretch forth your hands, beyond the reach of a Belly Ball as if you were calling up a Spirit, and charge yourself – AKASHA – AIR – FIRE – WATER – EARTH, and pull the energies you have called into yourself and charge both your physical body and Body of Light.**

On my command: **Akurians, stand your Body of Light out before you, fully charged and under your absolute command and control.**

Now hear me:

We are going to go down into the Depths of Hell – safely – and bring up the Forces and Energies of Perdition to enliven them. We are going down to the Depth just above Perdition for the time being. If you get lost or out of sync with the rest of us, **STOP**, invoke the word "**Etheric**" and put your Body of Light back into your physical body.

*Do not repeat aloud!* What I tell you to instruct, do it silently within your own self! The reason is, you will be in sync with yourself and not disrupt anybody else who may be a bit ahead or behind you – even if by delay of the phone system.

As you call the names of the Depths as I present them, you will feel a slight sinking sensation or like you are going to fall forward. *That IS NORMAL* and nothing to be afraid of; it's your indication that what you are attempting is proceeding as required.

On my command: **Akurians, instruct your Body of Light by repeating after me: "Etheric."**

Now hear me:

Instantly, you will feel the First Plane of Heaven, devoid of the slower drag of Deros, the First Depth of Hell. The general temperature is slightly, but very comfortable, cool from the ambient temperature wherever you are physically. As a texture, it feels almost like the essence of feeling a mild perfume rather than smelling it. As we progress, you will feel a greater and greater drag, almost like wading from water through to a progressive goo of mud and eventually to a room-temperature tar.

As we call the names of the Depths, you will sense each as more tiring than the previous without necessarily being heavier as the difference between the Great Elements of Water and Earth. Once through this exercise and experience, you will be able to reverse the process to study the Planes of Heaven. For the moment, we are headed in the other direction, but remember: You can study anything, including a Plane of Heaven, Spirit, Great Element, Depth of Hell, anything, with this simple process.

On my command: Akurians, instruct your Body of Light by repeating after me: **DEROS – DANAKA – HADESSE – GEHENNA – HELEEAH – HAPURDOM.**

**Winds of Hell, attend me!  
Black Flames of Hell, do my bidding!  
Death, come and obey me!  
Agony of Hell, go where I send you!  
You shall deny me not!**

**Perditon, surrender yourself to my command!  
Winds of Perditon, Black Flames of Perditon, Death of Perditon, Agony of Perditon, come forth between my hands in great quantity and resign yourself to my command!  
Akurians, throw any Blue Swords you might have into the Depths of Perdition.**

**To my Body of Light – HAPURDOM – HELEEAH – GEHENNA – HADESSE – DANAKA – DEROS – ETHERIC.**

Repeat:

**Now, Winds of Perditon, Black Flames of Perditon, Death of Perditon, Agony of Perditon, stay in my presence and venture not anywhere else until I so command you!**

Now hear me:

Place your hands out to retrieve a series of Spirits. Once you retrieve them, hold them fast; they cannot escape unless you release them.

On my command: **Anu, Anu, King of Nibiru, Barack Hussein Obama, Sonia Maria Sotomayor, Elena Kagan, Nancy Patricia D'Alesandro Pelosi, Harry Mason Reid, come now to me, for you are called to my Judgment!**

**Anu, Anu, King of Nibiru, Barack Hussein Obama, Sonia Maria Sotomayor, Elena Kagan, Nancy Patricia D'Alesandro Pelosi, Harry Mason Reid, you have been weighed in the balance and found wanting: Liar, murderer, traitor, thief, practicing all manner of perversion, unclean and unrighteous.**

**Anu, Anu, King of Nibiru, Barack Hussein Obama, Sonia Maria Sotomayor, Elena Kagan, Nancy Patricia D'Alesandro Pelosi, Harry Mason Reid, you are not worthy to continue upon the Earth nor in any Realm of comfort.**

**Anu, Anu, King of Nibiru, Barack Hussein Obama, Sonia Maria Sotomayor, Elena Kagan, Nancy Patricia D'Alesandro Pelosi, Harry Mason Reid, abomination you have practiced and abomination you shall receive – here and now – Winds of Perditon, Black Flames of Perditon, Death of Perditon, Agony of Perditon, infest, infect and spoil these of evil like unto yourselves and spare them not!**

**Spirits of Anu, Anu, King of Nibiru, Barack Hussein Obama, Sonia Maria Sotomayor, Elena Kagan, Nancy Patricia D'Alesandro Pelosi, Harry Mason Reid, you are now infested and infected with the eternal Vile and Foul Winds of Perditon from the Depths of Hell which you cannot escape, reduce or remove, and all socialist deprivations you seek for anyone and everyone else shall forever be your lot in life and your Eternal Destiny. The Vile and Foul Winds of Perdition weaken and destroy you in all your vitals, in all your being; and in all you endeavor to accomplish you are without strength and without endurance and without success. You shall suffer complete failure of all you shall attempt under any guise whatsoever; all your family, friends, colleagues and fellows shall abandon you and turn against you in total contempt and anger, fulfilling the Vile and Foul Winds of Perditon. The Vile and Foul Death of Perdition weaken and destroy you in all your vitals, in all your being; and in all you endeavor to accomplish you are without strength and without endurance and without success. Anu, Anu, King of Nibiru, Barack Hussein Obama, Sonia Maria Sotomayor, Elena Kagan, Nancy Patricia D'Alesandro Pelosi, Harry Mason Reid, you have been weighed in the balance and found wanting: Liar, murderer, traitor, thief, practicing all manner of perversion, unclean and unrighteous; so you have been adjudicated and found guilty.

Anu, Anu, King of Nibiru, Barack Hussein Obama, Sonia Maria Sotomayor, Elena Kagan, Nancy Patricia D'Alesandro Pelosi, Harry Mason Reid, you are not worthy to continue upon the Earth nor in any Realm of civility, for there is neither decency nor righteousness in you.

Anu, Anu, King of Nibiru, Barack Hussein Obama, Sonia Maria Sotomayor, Elena Kagan, Nancy Patricia D'Alesandro Pelosi, Harry Mason Reid, go now from me, for you are sentenced and Cursed to Hell by my Judgment!

**I have spoken it and the Main Gates of Hell shall not attempt against it.**

Now hear me:

Extend your hands out before you and shake them clean of all contamination. Reach your hands up into the Highest Plane and remove all remaining contamination. Now lift your Body of Light into the Highest Plane and restore it, return it to your physical body and attach it.

On my command: **Akasha, Air, Fire, Water, Earth, accomplish and make manifest in Earth all I have required.**

**I now release from my presence all Entities, Forces and Energies of all the Heavens Above all the Earths, in all the Earths, and in all the Depths Beneath all the Earths.**

**It is finished, it is done.**

Repeating this Invocation of Testimony *exactly* as I presented it, sending your Body of Light down into the Depths of Hell *exactly* as I have given – and *without* any hallelujah halfwit additions or subtractions whatsoever – will multiply your firepower and your individual library of understanding. It will also be another hammer blow to the bastards we targeted. Hit them all, as often as you like, but **ONLY** as given. In time, after we've removed these bastards from power and existence, we will change the names, perhaps add a few, as appropriate for the next batch of socialists, liars, thieves, murderers, traitors, et cetera.

Now hear me:

After – **and ONLY after** – you have become proficient with each of the Depths of Hell, you can: – secure **any** spirit of any **unrighteous** anybody; bind that spirit with the Great Elements of Perdition; and lower that spirit into the Depth of your choosing.

Did you understand that?

Step one: **The process will ultimately kill the unrighteous bastard!**

Step two: ***After you have killed the body you will have burned the body and soul in Hell!***

Exactly as all the Anointed have been able to do since Ish; and exactly as Immanuel warned in **Matthew 10:28 And fear not them which kill the body, but are not able to kill the soul: but rather fear him which is able to destroy both soul and body in Hell, and Luke 12:5 But I will forewarn you whom ye shall fear: Fear him, which after he hath killed hath power to cast into Hell; yea, I say unto you, Fear him.** This Righteous Power and Holy Authority will only work for Akurians who are True and Righteous Proven Knowers and will not work for anybody else under any conditions whatsoever. This is a Righteous Power and Holy Authority ordained by The Most High, Himself, that He has entrusted to a very select few.

And now you **know** how I kill not less than six (**half dozen**) Masons and not less than six (**half dozen**) Knights of Columbus and not less than six (**half dozen**) of Temple Israel – who would not otherwise die – **each and every day** since November 22nd, 1963 (**GCAD**). Yes, right to this very day, and every day until Shiloh, even after I too am dead and gone. The worthless bastards **need** killing, and I am overjoyed to oblige, but none of them are worth going to jail for, nor having to explain their execution to some gathering of socialist bastards on government payroll.

***Remember – never venture down into Hell in your own spirit body – always use a Body of Light made for that one purpose and for that one trip!***

There are a few lagging behind from my previous Instructional. We're going to refine it a bit to get a better preparation for the Discerning of Spirits, handling and use of the Great Elements, and entering into and safely returning from the Planes of Heaven and the Depths of Hell.

When you project out, that Image is manifest in the Etheric Plane. With practice, from here you can see everything that exists on the earth, and those spiritual entities that are the souls of every living thing from microscopic to the giant sequoia. This Plane is about as high as most psychics can 'see,' and usually the Plane of most clairvoyance, especially for beginners like Akurian neophytes. The problem is with the scientist and not the science.

**Now, put an image of yourself – not a Body of Light, but your own energy – out, a few feet from wherever you are, and *THINK* the word "Etheric."**

The sense of the Etheric is a gentle coolness, there isn't any motion of the Plane itself, only a place to be when not inside your physical body with all its distractions. As a general rule, there isn't anything there except you and the Etheric Images of whatever is in proximity, furniture, et cetera. That gentle coolness is a bit habit forming, and were it not for the terror of the newly dead, a place of peace and relief.

Look around as if you were seeing from the point of that Etheric Body. You will note that if you can see anything at all, it will be your immediate area as it would be with the lights off. That dim-gray is normal and the signature color of the Etheric Plane. Everything has that lights-out shadow appearance. The shadows we see from time to time are Spirits manifest on this lowest of all the Planes of Heaven.

**Bring your image back into yourself and connect it as you would a Body of Light.**

It's that simple to experience and study a Plane. Just be sure to *always* go up or down them in the order they exist from Earth. Eventually you will automatically be able to project directly into any given Plane or Depth – except Perdition – which your proper training will ensure you avoid.

**Next, again put out another image of yourself, and charge it with the word "Etheric" exactly as you did before. Once you sense the Etheric energies, coolness and stillness, then raise yourself into the next higher Plane by *thinking* the word "Astral."**

The main difference in appearance between it and the Etheric is that its background color is solid black, and you no longer see the area around you as from the Etheric! You haven't gone anywhere, you're still in the same time, just UP a level in existence where there is no temperature at all. If you can see/sense anything at all, it will be something similar to those mysterious scenes portrayed in the Major Arcana of tarot cards. And note, the background is always solid black even though you have no problem seeing as if it were daylight.

**Now command your spirit body with the word "Etheric" and you should sense the coolness. It's very subtle and not like a blast of cold air, just a quiet coolness. Bring your image back into yourself and connect it just as you did before.**

No big deal, and anybody, Proven Knower or not, can do this as often as they like. Proven Knowers always have an edge, both as to how high they can go and the amount of Energies they can secure. This process is the same – except for the Planes you pass through or stop in – and remains this simple until you achieve sufficient experience to project directly to the Plane of your choosing. ***Until then follow this simple procedure to the letter!***

Now we're going to practice a bit of to Hell and back. You will need a Body of Light as you should *never* enter any part of Hell with a Spirit Image of yourself.

Now, Akurians, restore your Body of Light. *Do not – REPEAT – do not* make a Sun Link; *do not* secure any Black Fire.

Akurians, stretch forth your hands, beyond the reach of a Belly Ball as if you were calling up a Spirit, and charge yourself – Akasha – Air – Fire – Water – Earth – and pull the energies you have called into yourself and charge both your physical body and Body of Light.

Akurians, stand your Body of Light out before you, fully charged and under your absolute command and control.

This precaution is not necessary to enter the Planes of Heaven but should *never* be neglected when entering the Depths of Hell.

If you get out of sync with the rest of us, STOP, invoke the word "Ethereic" and put your Body of Light back into your physical body.

What I tell you to instruct, do it silently within your own self!

As you call the names of the Depths I present, you will feel a slight sinking sensation or like you are going to fall forward. *that* IS NORMAL and nothing to be afraid of; it's your indication that what you are attempting is proceeding as required.

Akurians, instruct your Body of Light by thinking the word: "**Ethereic.**"

Once you feel the coolness, instruct your Body of Light by thinking the word: "**Deros.**"

The slight sinking feeling is normal and some of you might even sense you are falling forward. Nothing to worry about in either instance. Deros is darker, more tense, a bit tiring, and about like standing in a goo rather than the lightness of the Etheric Plane above. The discomfort is almost like a nervous stomach from too much coffee. This is where the consciousness descends at death when influenced by drugs, narcotics, suicide or 'praise Jesus' nonsense.

Akurians, instruct your Body of Light by thinking the word: "**Ethereic.**"

Once you feel the peaceful coolness of the Etheric Plane, dissolve this Body of Light.

Now, make a new Body of Light from the highest Plane you can get, return it to your physical body and connect it in the normal manner.

### **DISCERNING ANY SPIRIT AND DIVING ANU, KING OF NIBIRU**

Some of you were present when we caught Anu, King of Nibiru, himself, and put him in Cignus X-1, a Black Hole. His silver cord is stretched all 8,000 light years and cannot be retrieved – because the Akurians are NOT going to retrieve it. We're going to hammer him some more, and we need a bit of rehearsal to do it.

Now to the discerning of Spirits proper. The more experience you gain from studying the Great Elements, the Planes of Heaven and the Depths of Hell, the better you will be at discerning Spirits and everything else.

The true and accurate Discerning of Spirits is the *second*-most important individual capability – Astral Projection (*Up In The Spirit*), living access to the Planes of Heaven as bought and paid for by Immanuel, being first.

The most important factor in Discerning of Spirits is the fact there is no such thing as a *permanent* discernment! Each and every communications, *without exception*, must be revived regardless of 'how familiar' you think you are with any Spirit. The Divines won't imitate anybody else, but the Infernals will attempt to imitate everybody, especially the Spirit(s) you have found to be True and Righteous!

The Divines not only *do not* have a problem with being Discerned and verified, they also know that proper verification takes some Earth time. The information Divines provide is delivered in such

manner as to permit verification *before* the information must be acted upon; while the Infernals are always in a rush-rush-rush mode – 'this is going to happen instantly, do this now!' – line of poppycock. They will *create* a circumstance for just this purpose, hoping to confuse your Discerning in their deception, *if you are ignorant enough to accept it!* Infernals do such damnations, Divines do not. Be advised and be warned.

Now to the background information everybody must know:

Akurians are infinitely concerned with being right and righteous in all things without exception. Such is required to Stand Before The Most High even in repentance. Therefore, Akurians must consider all things as to their righteousness or unrighteousness; and especially in those situations where Akurians, even as individuals, are required to involve ourselves.

The first consideration, without exception, is *the right thing to do!* Should we find the situation is unclear and we can't determine what the right thing to do is, then we act on the practice that the right thing to do is to *find out* what **IS** the right thing to do. After, *and only after*, we have sufficient information that is proven to be true and accurate, should any Akurian make any decision with respect thereto – including whether or not to be further involved. All True and Righteous Akurians conduct all their decisions and involvements in this manner.

To be clear: If an Akurian isn't sure of what is the right thing to do – then the first order of business is to find out what **IS** the right thing to do, *and to do nothing until those facts are determined.*

With respect to righteousness: The same process and procedure is followed. Either something is righteous or it is *UN*righteous. There are no other viables. As a half-truth is a whole lie, so it is with righteousness. Any part regardless of how infinitely small that is unrighteous infests, infects and contaminates the whole into unrighteousness. That which is unrighteous must never be brought before The Most High under any circumstances, except to serve the purposes of verifying Truth and the True Righteousness of some other presentation such as those responsible for the abomination. That which is unrighteous must never be brought before The Most High as anything else; and never as a solitary presentation!

That which is righteous will prove itself to be righteous, but not necessarily immediately. That which is unrighteous will prove itself to be unrighteous as expedient as its damnations will permit. Akurians are not anxious with either situation, for we are about the business of True Righteousness and have all Righteous Power and Holy Authority to discern, to judge, to act, to involve, to refuse, to start, to cease, to reduce, to expand, to expose, to shield, to recuse, to Bless and to Curse as we shall know to be appropriate. Akurians must do the right thing without exception or deviation from True Righteousness; and whether that shall be a relief or a detriment upon the situation or individuals will depend solely and exclusively upon the righteousness of that situation and/or of the individuals.

Akurians will not make any exceptions regardless of the situation or the individuals. Wealth cannot purchase anything righteous from any Akurian – as Righteous Powers and Holy authorities are *earned* in any and all instances – Akurians are immune to threats; and even in their quietest moments never reduce their challenge to Lucifer and all his minions to do their worst. Akurians *do not* deviate from the True Righteousness that permits them to stand blameless before The Most High, and Lucifer with all his own powers and all his minions combined cannot dissuade or denigrate that fact.

And thus it is of Akurians with both the discernment of the right thing to do and with all things righteous and unrighteous. And Akurians must apologize when we are wrong, regardless of how small the error.

Since Discerning of Spirits is a bit tedious to learn, this Instructional will proceed in such manner as to have a bit of enjoyment, as we go! But know this, first and foremost: ***IF*** you attempt to pull up a spirit from a racially-mixed person who has not secured a soul – it will feel different than anything else you will encounter! The feel is like a polluted, or rotten, substance, a bit slimy without being sticky. When you want to find out if somebody is pure in their generations or not, with a bit of practice this process is just about infallible.

The process of Discerning of Spirits is the same as reading any given Force or Energy. First, you must have a spirit, force or energy to discern. Spirits, unlike forces and energies that are everywhere, must be either located or called, as they can be about their own business just like any other conscious entity. Having been versed in the recognition and discerning of Akasha, Air, Fire, Water and Earth in previous Instructionals, we will concentrate on living conscious entities *before* we begin to intrude on pure Spirits.

First, we're going to choose a target to study. We need a living person and someone we don't like. We're going to *discern* – as in *read* – them to know their innermost secrets, especially the secrets they don't want us to know even exist. We're not only going to *discern* the Bastard, each of us being a bit differently inclined as result of our individual life experiences, we're probably each going to *discern* different points. That doesn't mean we're not *discerning* accurately, it only means our *discerning* is somewhat limited by our own life experience. However, because of our previous experience with the aforesaid Akasha, Air, Fire, Water and Earth, we can verify one another as we take this Bastard through the Court of the Grand Council of Akuria. That puts our accuracy on track and makes good use of our 100+ fold increase of Righteous Powers and Holy Authorities.

The target of our *discerning* is **Anu, Anu, King of Nibiru.**

Here and now, you must follow my instructions *exactly!*

**Make yourself a Body of Light, energize it in the Highest Heaven you can reach, return to your physical body and connect.**

Reminder, connecting is as simple as putting your BOL back into your physical body and *tensing*. ***Tensing the physical body will connect any energy you charge yourself with.***

This is about the same process as making a Belly Ball, just hold your hands *out farther* to avoid getting your own lifeforce mixed in with the manifestation. Neither Anu, King of Nibiru nor any of his minions, nor anyone else other than a True and Righteous Akurian Proven Knower, can do a damned thing about being called in such manner, and have absolutely no defense whatsoever from anybody who wants to do it. I caution everybody to take careful thought before calling up any spirit – living or dead – as our next procedure, *discerning* cum *reading* them, will be fraught with inaccuracies, your own misconceptions and delusions mixed in with every crackpot idea the Luciferians can inject. Only True and Righteous Akurian Proven Knowers can venture here with any degree of accuracy, as THIS is the Realm of Truth and Righteousness.

In this case we want the Bastard to know (1) *who* – the Akurians – are taking his ass to task; (2) *who* – me – is running the show; (3) that I am the Supreme Lord of Supreme Lords and Supreme Judge of Supreme Judges from whom there is no appeal; (4) that you are the True and Righteous Sons and Daughters of Akuria and (5) the sole and exclusive Voice of The Most High in this Generation of Fire. (6) We want him to know he is on trial before Eternal Justice, the High Court where only Truth needs no preparation; and (7) there is not a damned thing he can do about it, no escape or rescue from us and the Forces and Energies from the Great Depths of Hell we're going to inflict will remain with him forever. Regardless of what he is physically involved in at the moment, he will consciously be aware of all this although he cannot *discern* us of himself – ***because he doesn't know how!***

We are not going to ask any questions, we already have sufficient answers. We are going to INJECT the Forces and Energies we want into the Bastard's head and living consciousness. Now all of you get this into your mind in the same manner, repeat what we want this Bastard to know, after me:

(1) *Who* – the Akurians – are taking his ass to task; (2) *Who* – me – is running the show; (3) that I am the Supreme Lord of Supreme Lords and Supreme Judge of Supreme Judges from whom there is no appeal; (4) that you are the True and Righteous Sons and Daughters of Akuria and (5) the sole and exclusive Voice of The Most High in this Generation of Fire. (6) We want him to know he is on trial before Eternal Justice, the High Court where only Truth needs no preparation; and (7) there is not a

damned thing he can do about it, no escape or rescue from us and the Forces and Energies from the Great Depths of Hell we're going to inflict will remain with him forever.

Now: Before we do anything else with this Bastard, we need to shield ourselves;

**With your hands extended and palms facing one another, call Akasha, Air, Fire, Water and Earth in that order, using only those words, and read the Spirit Quarks of each and you call them. Once through the series, call or *think* the name Anu, Anu, King of Nibiru, and each of you will instantly sense his vile presence before you with your hands at about his waist.**

Now, Super Jerk is at your mercy and wide open to your doing anything and everything to him you desire.

For this particular drill – I will pose the initial injections and you will repeat them to the spirit – and you will *instantly* detect the changes in his conscious energy. You will *instantly* detect three factors: His efforts to resist, to attempt to lie his innocence, and the fact he is fully aware of the Righteous Power and Holy Authority of your Presence! Normally we don't inform the spirit, just bring it up and *discern* it, but in this case we are making an exception, something you will all need to know how to do and to teach your replacements.

I will read the Invocation for you to repeat to the spirit, and his spirit energy will confirm or deny in Absolute Truth for you to *discern* by the same process as you discern the Great Elements. In later practice, this will be a critical part of your *discerning*.

Next, go as neutral as you can manage to prevent reading your own preferences and suspicions, and make his spirit energy receive and recognize:

**We, the True and Righteous Sons and Daughters of Akuria, under Command and Supreme Authority of Supreme Lord of Supreme Lords and Supreme Judge of Supreme Judges El Aku ALIHA ASUR HIGH; the sole and exclusive Voice of The Most High in this Generation of Fire, now put you on trial before Eternal Justice, the High Court where only Truth needs no preparation; and from which you cannot escape; and the Forces and Energies from the Great Depths of Hell are going to inflict you and will remain with you forever.**

**You Anu, Anu, King of Nibiru, have been weighed in the balance and found wanting: Liar, murderer, traitor, thief, practicing all manner of perversion, unclean and unrighteous; you are not worthy to continue in any Realm of comfort.**

**Winds of Perdition, Black Flames of Perdition, Death of Perdition, Agony of Perdition, infest, infect and spoil Anu, Anu, King of Nibiru, who of evil like unto yourselves and spare him not; cause him to suffer complete failure of all he shall attempt under any guise whatsoever; all his family, friends, colleagues and fellows shall abandon him and turn against him in total contempt and anger. He shall not stand; neither shall he prevail. His intestines shall revile him and he shall never again know peace. He shall rot and decay in all his flesh and bones.**

**We, the True and Righteous Sons and Daughters of Akuria have judged in Righteous Honor and Holy Truth and hereby deliver the Living Spirit of Anu, King of Nibiru, into the Depths of Perdition where he shall remain forever.**

**We have spoken it before The Most High, and it shall not be undone!**
