**CREATION AROUND YOU**  
**20 May 2012 28 Iyyar 5772**

A caution to our Newbies ... if you can't perform and participate with us: form a Sun Link and pour energies into this Training Session as much as you can while still paying attention. Just don't go drifting all over the place or doing stupid things thinking you have a better agenda. If you can't formulate a Sun Link, that's nothing beyond the norm, just direct your attention to the Instructional as someday, in the very near future, you are going to need all the FirePower you can get! After this Training Session contact me direct and I'll teach you how to make a perfect Sun Link no problem.

We're all aware of some of the things around us, our given place on Earth at the present time, et cetera, but True Akurians must be and remain both aware and cognizant of all Creation! Too often we project into the Planes of Heaven and Depths of Hell without a thought as to WHERE we are in the vast expanse of the Earth Plane ... the entire Physical Universe.

It's not necessary to learn the names and numbers of the various Galaxies, most of which look like a single star from Earth, but are actually huge Galaxies, sometimes like our own, or they wouldn't be visible to begin with. Think about that! Other than in our own Milky way, our own Galaxy, a single star, like our Sun, would be too small to be seen at such distances even with our most powerful land-based telescopes. Orbiting telescopes using digital technology would pick up Sun-size units in close proximity of about 1,000-Million Light Years, but little more except for the Red Giants.

A notable example is Antares, because its radius is about 880 times the radius of the Sun and most of its light is in the infra-red spectrum a Red Giant well over 700-Million miles in diameter; and at a distance of about 550 Light Years from Earth. If the center of Antares were where the center of our Sun is, its surface would be somewhere between Mars and Jupiter. Therefore, when you look at the sky at night at any part beyond or aside from the Milky Way, you're mostly looking at entire Galaxies containing hundreds of millions of Suns Solar Systems that by numbers alone should have some sort of compatible life into the millions of species just like our own.

Our Galaxy is somewhere between 100,000 & 125,000 Light Years across, about 1,000 Light Years thick at the center, and contains about 300-400 Billion stars. Just our Galaxy, not the whole Universe! Our own Solar System is about two thirds of the distance from the center of our Galaxy which in turn has a Black Hole named "Sagittarius A". The next time we need a Black Hole for some deserving bastard, remember, there's one near by about 65,000 Light Years away!

The December 21st, 2012, date of dread is going to be pretty much a big bust, at least initially. It's just one more day of the ending of a calendar. A long calendar to be sure, that started on the same day as the Hebrew Calendar, 13th of August in this hemisphere and the 14th of August in the Asian hemisphere 3114 BC; but a calendar none the less. The most important thing to remember is the Anunaki must present

themselves before The Most High and give full account of everything they have done, and everything they have left undone that ought to have been done; a lot of which is with respect to the Anusazi = **US!** Their Audience will last until near the end of March, 2013, and nobody knows WHAT The Most High will decide. Nobody. I don't expect Him to be too gentle with the Anunaki nor the Anunaki to be any less atrocious with **US** regardless of The Most High's decisions.

And if for THAT reason alone, the Akurians **MUST** develop more FirePower **and learn to use it effectively** BEFORE all Hell boils over the landscape. Once pure Hell is ablaze in all directions its far too late to begin pissing on the fire! Akurians need to have our fortifications in order, provisioned, manned and ready. Fully empowered, the Akurians, can rewrite the entire script, and put our own Controlled Hell when and where we want it. But nobody as in nobody including The Most High is going to do this for us. This is OUR job, OUR responsibility, OUR duty. And I damned well intend to make the most of it.

Thus a bit more foundation:

As Akurians we need to KNOW where we are in Creation the Physical Universe, our own Galaxy, our own Solar System and on this planet. And we need to KNOW where we are in the mix of all the Planes of Creation, both Heaven and Hell.

In order to do that, we must start at the bottom, and make ourselves a solid foundation. Right here on Earth. The best ability we have to do that is our **Super Sense**: never leaving our body at all, just reading energies and forces and their origins and sources. A couple of weeks ago I taught you about your **Super Sense** and gave a short course on how to use it within about 100 miles or so. We're going to go through that basic training again, but with some far-reaching targets.

## **ARE THERE ANY QUESTIONS?**

When I command it and NOT before I want each of you to form a Body of Light within your own self for the sole and exclusive purpose that is a critical point for the sole and exclusive purpose of reading the energies and forces around you regardless of where in all Creation they are from. You are NOT going to project anywhere. Even out as far as the clothes you're wearing. When I give the order to proceed and NOT before make a Body of Light within yourself for this sole and exclusive purpose. This is a TEAM EFFORT! Run ahead or fall behind and your are going to jackass. But be warned, I'm more than a little tired of such jackassing and I've put some real disastrous wrappings in place for those who insist on 'their' efforts and will NOT work as a TEAM!

Once we get everybody on the same page, and hopefully nobody will go jackass on us, we'll run a few self-tests and then proceed to the prime objective.

Akurians, prepare to attack! Newbies, form your Sun Link and pour its energies into this Training Session.

Akurians, on my command:

Close your eyes, open eyes will distract from your endeavors.

**Form a Body of Light the exact size and shape of your physical body.**

**Keep your eyes closed.**

Now, endow your Body of Light with your physical senses on my order:  
1st, endow your Body of Light with your own consciousness.

Keep your eyes closed.

2nd, endow your Body of Light with perfect, unlimited vision, even if you wear glasses.

Keep your eyes closed.

3rd, endow your Body of Light with perfect sense of touch.

Keep your eyes closed.

4th, endow your Body of Light with perfect sense of taste.

Keep your eyes closed.

5th, endow your Body of Light with perfect sense of smell.

Keep your eyes closed.

6th, endow your Body of Light with perfect sense of hearing.

Keep your eyes closed.

7th, bind your Body of Light to retain all these senses.

Keep your eyes closed.

Now with your eyes closed, attempt to see your surroundings as you would with your eyes open. Don't strain, let your charged Body of Light tell you and if you're relaxed enough and not out somewhere in the wild blue yonder, you'll get a SENSE ... that's right ... SENSE of your surroundings that is beyond the understanding, comprehension, familiarity ... whatever you want to call it ... of the same area when seen with your physical eyes.

THAT is the mind-blower! To SENSE over and above any other perspective. All your physical senses: consciousness, sight, touch, taste, smell and hearing are merged into one **Super Sense!** Expanding the capabilities of this **Super Sense** is all you're going to do. Your Body of Light is going to remain right where it is, inside you.

You should be feeling all manner of energies and forces, some varying in temperature some slightly warm and some slightly cool and at the same time. If you feel as though you are floating ... you're doing things right! Not only is our Planet Earth floating in space around our Sun, our Sun is floating in space around its Center Star Vega that sometimes is our North Star due to Earth's Pole Wobble and its proximity near Polaris that in turn is floating in space, around and around that Black Hole named "Sagittarius A". Talk about circles running in circles!

Now, just for the hell of it, since YOU are as much a part of Creation as anything else in it, and without leaving your physical body, attempt to absorb some of that Universal Energy, any of it that feels good. Reject anything that doesn't. And for a moment, just float, and let those energies and forces tell you where they are from and instantly you will know WHERE you are in all this vast territory. There's no words to explain it, just an understanding of it. And an immeasurable amount of energies you can use as FirePower!

Enjoy that for a few minutes, and KNOW you can get back to this **State of Spirit** any time you want to.

Now, each of you need to come back from wherever you are ... and pay attention to what we are going to do next now that you are charged with more FirePower than you ever imagined. You need to be within the local Earth Energies and prepared to use our own Sun Energies.

You guessed it! We're going to raise some Royal Hell in places that aren't nearly hot enough and rack some demonic bastards beyond their capability to immediately comprehend.
