DESTRUCTION OF THE U.S. SUPREME COURT 20 February 2013 – 10 Adar 5773

Akurians, on my command: SET YOUR MIND AND REPEAT AFTER ME:

"Consciousness of Consciousness, this is the Great Vision: All Creation without a living Jew, without a living Levite; be they all dead and disposed of that they no more contaminate Creation; Consciousness of Consciousness, this is the Great Vision."

The United States Supreme Court is supposed to determine whether or not a given case/petition is in accordance with the Constitution of the United States and Bill of Rights. Since before Theodore Roosevelt the 'court' (yes, absolute contempt in that) has done NOTHING to protect or defend either, upholding any and all KAK JEW and/or COMMUNIST endeavors whatsoever in deliberate Acts of High Treason – and to date, with infinite impunity due to the many other KAK JEWS and COMMUNISTS elsewhere on government payroll.

Therefore, it is incumbent that we, that You will undertake the complete self-destruction of each and every Supreme Court Justice – without exception – and contaminate the U.S. Supreme Court Building with all the due punishment and desecration it deserves. That each and every Member of both United States Congress – House and Senate – and each and every Administration in the Twentieth and Twenty-First Centuries are clearly documented as elements of eventual destruction of the Constitution, Bill of Rights and the Nation at large does not absolve the Supreme Court, but is clear and continuing TESTIMONY AGAINST THEM!

I sent the entire list a Google Earth photo of the Supreme Court Building -1 First Street NE, Washington D.C. $-38\,53\,27N\,77\,00\,13W$ – that does not show the no-longer-used column-laden front entrance. No other nation in the world refuses entrance to its courts by the main entrance ways – only this communist-laden trash heap.

The building has its own police force; and each 'justice' has a staff equal to the Great Pharaohs of Egypt. The exact number of employees, janitors, kitchen, et cetera, is on par with every other government agency, and loaded with cronies. When we strike them, SPARE THEM NOT! They are a part of the problem and will pay dearly for their god-like offices and actions.

It is our intent to not only cause the self-destruction of all nine 'justices' and any and all service personnel, but to totally contaminate the entire building and grounds with a spiritual stink that nobody can miss or ignore. The place is a moral sewer, a fully predictable fountain of judicial cess, without any accountability, and should be considered accordingly.

For the building itself:

DISCERN it top to bottom, side to side, back to front. Take your time, you want to know the insulation spaces between the walls, closets, bathrooms, offices, chambers and all the trappings. You want to know every window, door, elevator, stairway, access and escape. Count the slabs of stone and all structural details, wiring, plumbing, heating and cooling, make it a point to detect the Demons even in the paint. Every nail, fixture, hinges and the screws in those hinges, decoration. When you **DISCERN** a wall, make it a point to detect the Demons even in the paint. If it's there, you want to **DISCERN** it and detect the Demons; and they are multitude

and rampant. Leave out a detail, and that detail is going to be a barrier against you, remaining as Demonically Dedicated as it is at this moment.

This cannot be done in the few minutes we normally use to TARGET because of the multitude of Demons therein; and the abilities of those Demons is NOT kindergarten schoolplay, but the best of the crop, and they are dedicated to a hard stand-and-fight. At the moment you only need to **DISCERN** them, know where they are; how many or their individual rank is unimportant; and they cannot prevent or interfere with your **DISCERNMENT** unless you get off into some jackass mode.

One thing you are going to find, of all the buildings, structures and monuments in the entire Capitol area, there are more Demons assigned to the Supreme Court Building and grounds than any other two structures combined. Don't let them intimidate you, their assignment is to do all due influence on those concerned with Law and Justice that are also too stupid or ignorant to know of, or detect, their presence.

And THAT is one of the cures we are going to accomplish.

The entire structure and its abominations are equal TARGETS. They BOTH have energies, life-forces if you must, that are virtual parallels to the Spirit Energies you detect and use in making **BELLY BALLS**. In a PREVIOUS training, I taught the difference between a ONE-Handed and TWO-Handed **BELLY BALL**; and that the ONE-Handed is more limited, heavier and a bit more solid for want of a better term. There is not ONE piece, of anything, anywhere, in the Supreme Court Building nor the grounds about: that are NOT initially endowed with ONE-Hand ENERGY! Part of the Masonic, Knights of Columbus and Temple Israel rituals invoked at each and every step including selection of the site, laying the cornerstone on October 13, 1932, and the first 'trial' on Monday, October 7, 1935, included injection of many ONE-Hand Spirit Energies. And they have worked extremely well. *Since the Supreme Court began sitting in the new 'temple of atrocities' more than 90% of the US Constitution has been legislated, then adjudicated, into oblivion*. All that remains is when some **Bastard That Be** on government payroll needs some remnant to hide behind. The same privilege does NOT apply to you nor anyone else NOT on government payroll.

It is necessary that each and every Akurian be as familiar as possible with their own Spirit Energies as detected and experienced via **BELLY BALLS**. Then it is necessary that there be no other contamination of any kind. This energy, *and this energy alone*, can accomplish our endeavor. The injection of any 'improvement' or 'preferences' are contaminations and a sure and certain guarantee of failure: *with a commensurate backfire* from the Demons who currently infest and infect the Supreme Court and its Temple of Damnation. When we hit them, they are going to attempt to retaliate, and we can use that energy against them and take them down. If we hit them half-assed they are going to retaliate, just like any other military force, and they are going to do their damnedest against each of us individually, if possible.

I DO NOT WANT ANYBODY JUMPING AHEAD! WAIT FOR ORDERS! ATTACK WITHOUT PROPER PREPARATION AND SUPPORT AND YOU ARE GOING TO GET CREAMED IN NO UNCERTAIN TERMS!

We are NOT going to use *our* **BELLY BALL** energies – only to know what the energies we're going to deprive them of feel like: because we're going to strip that building, its grounds and all personnel of all such energies regardless of *where* it's located or *who* it's from; BIND

them DOWN into Perditon like a one-way sewer; and replace those energies with the suffering Spirits of Arlington National Cemetery that's nearby. Why Arlington? Because those buried there have been sold-out for all their service and sacrifice; and have no qualms about due Vengeance because *nothing else works*.

THAT in a speck is our Battle Plan – to take all the LIFE energies out of the building, grounds and personnel *without exception*; BIND and tie them to be sucked DOWN into Perditon; and replace them with the infuriated Spirits of those buried at Arlington. The difference is, those Spirits from Arlington will be **BOUND** and directed toward *OUR* intentions and not be permitted to blast off incoherently as some of our people have a habit of doing.

Before we put anybody IN the Supreme Court properties, we're going to strip it of all LIFE energies and BIND them to flow only DOWN to Perditon! That's right. Not up to the Sun or Moon, but DOWN to Perdition where they will be BOUND to remain until the Constitution is restored, without exception, as it applies to Holy Law. We are going to make a SUCKING DRAIN PIPE for want of a better description that only flows one way: DOWN INTO PERDITON. We are NOT going to use any other energies. NONE!

(1) We're going to make new BODIES OF LIGHT; (2) center them over the Supreme Court Building; (3) DISCERN the Spirit Energies of everything and everyone that has connections there; (4) BIND *all* those energies in a swirling tornado spinning from your left to your right - clockwise; and (5) tie all of them into the Depth of Perditon. We will NOT enter the building, land on the grounds, nor attach our **BODY OF LIGHT** in any manner. We are going to control THROUGH the **BODY OF LIGHT**, not contaminate it with the TARGET.

ARE THERE ANY QUESTIONS?

Hear this Instructional first: **DO NOT ACT UNTIL ORDERED!**You will make a new **BODY OF LIGHT** and stand it out from you at any close distance.

Do not charge it with anything – those energies can be grabbed by the Demons we're going after – but they cannot even detect your **BODY OF LIGHT** unless you buy an ad that it's within their realm. Make sure you can see and feel with this **BODY OF LIGHT** with any local test you want to use.

You will fly your **BODY OF LIGHT** to Washington, DC, and at an altitude of 1,000 feet over the Supreme Court Building.

Your view should be like the photo I mailed everybody a few days ago. Do NOT link up with any other Akurian – or take notice of their presence. You are dealing with the Supreme Masters of Demonology and anything you do on your own is an open door for them to take advantage of. Don't give them a door to begin with and they are pretty much helpless against you.

You will take command of all Spirit Energies of the grounds, the building and all whose energies are there whether by employment, lobbying or general sucking-up.

You will BIND and TIE all these energies into one conglomeration and make them spin clockwise – at about 60 revolutions a minute – or one revolution per second.

That is not very fast and we don't want it to be. The minute differences between your respective timing and start times will give us a complete spread, and THAT is exactly what we want; no holes of any kind.

You will visualize all these LIFE ENERGIES like a huge tornado, picking up everything and pushing it down, visualize this energy column reaching DOWN through all the Depths of Hell to the very bottom of Perditon itself. Attach and BIND it to the bottom of Perdition.

Should you feel your spin begin to move a bit faster or slower – and it can do both – let it do so and this is normal for a Demon Destroyer. We're not destroying any Demon, just stripping them of the ability to continue to influence at this location. We want every decision and every law created anywhere within these boundaries to immediately be sucked into the Deepest Depth of Hell along with the LIFE ENERGY of the participants. Sucking this LIFE ENERGY out of the personnel, especially the 'justices,' will cause them a tremendous amount of physical discomfort. Tying them to the Deepest Depth of Hell will deprive their decisions from accomplishing any peace whatsoever, especially for the manipulators and OWG **Bastards That Be**.

You will take notice of the entire grounds of Arlington National Cemetery. 38 52 35 N 77 04 22. About three and three quarter miles West-South West from the Supreme Court Building.

At present there are over 400,000 graves at Arlington with more than 7,000 new burials each year. All of them having been betrayed by Administrations they served under and every Administration since. The 'justices' of the Supreme Court have done nothing to correct those abuses and TREASONS, and this current crop have no intention of changing that damnation.

You will gather all the LIFE ENERGIES and all the deceased of Arlington. Inform them their Day of Vengeance is now, for the Supreme Court, all its staff, personnel and manipulators only.

There will be lot of LIFE ENERGY, due to all those who prayed or invoked at a distance for those buried there. Praying in IGNORANCE does not work very well, but when there are millions – fathers, mothers, brothers, sisters, wives, husbands, children, friends and extended families – in real pain about their losses over the years since May 13th, 1864, it can gather a tremendous amount of emotional force. And THAT is why the rituals of Catholicism.

You will BIND the LIFE ENERGIES of all the deceased of Arlington to the grounds and buildings of the Supreme Court *in the Heavenly Plane of Hathor*.

This will keep them from being sucked DOWN into Perditon.

You will make a BINDING path from Arlington National Cemetery to the grounds and building of the Supreme Court.

This keeps the victims of Arlington focused on the **Bastards That Be** at the Supreme Court but does not restrict them from any amount of fury. It may take a few minutes to inform the deceased of Arlington as to the path to the Supreme Court building and its **Bastards That Be** and that they are now in the **Day of Vengeance.**

You will take notice of the entire grounds of the Congressional Cemetery. 38 52 53 N 76 58 40 W. About a mile and a half East-South East from the Supreme Court Building.

You will gather all the LIFE ENERGIES and all those buried in the Congressional Cemetery. Inform them their Day of Reckoning is now, for the Supreme Court building, all its staff, personnel and manipulators.

You will make a BINDING path from the Congressional Cemetery to the grounds and building of the Supreme Court.

You will BIND each and every grave and the contents of them to the entire assemblage, of the Supreme Court: that the grounds, buildings, facilities and personnel are made to stink even as the very graves. BIND their stink to pervade the air and all materials, including all personnel and clothing, that none can stand the presence nor protect themselves from the open stench.

When you are finished, make a sphere of WHITE LIGHT above your head and move it down through your body – head to toe – clean yourself from all contaminations and throw them into the Supreme Court Building and BIND them to remain there until you alone remove them.
