LETTER TO THE AKURIANS 27 January 2013 16 Sh'vat 5773

Akurians:

There is a growing misconception within this Holy Order that we are another armed to the teeth, tinfoil hat, violence oriented mentality. We **are NOT!** Some of us ARE armed, with sufficient expertise to hold our own in any given situation, and will not hesitate to prove it in the presence of clear and present danger. We also **are NOT** a collection of programmed idiots living under the delusion there is a government-funded sniper behind every billboard and political statement. We KNOW for a FACT the Grand Global Conspiracy is far more advanced, sophisticated and entrenched than that. As for violence, we abhor it without reservation, and we can apply more of it than all the military forces of the world combined.

We are a TRUTH hell-or-high-water Righteous Order that fully understands the true nature of the world's political situation, WHO is behind it, WHAT is their ultimate agenda, and WHICH **Chinks** in their armor are the most vulnerable.

The World Situation: Marx-disguised Demonism enforced under the guise of 'law' by wholesale murder **committed on-order** of the manipulators by government agents and agencies.

The Manipulators: Most can be identified by their attendance at Bilderberger and Bohemian Grove attendances or their multi-billionaire status. The vast majority are high-level members of the several lodges, Masonic, Knights of Columbus, Temple Israel, et cetera, and barring none.

The Agenda of Damnations: To reduce the world's population from its current 12-Plus Billion to some 500 Million under conditions that will make the Grand Plan of TOTAL Global Enslavement acceptable, **deliberately** by abject ignorance of the enslaved. The FACT is, today the world's population is **increasing** at a rate of **SEVEN MILLION [7,000,000]** people per MONTH! Do the simple math and even YOU will know something must be done

Chinks in the Armor: Without exception those involved in any portion of the above are living under the **delusion** they are part, parcel and party to the actual decisions thereof. And THAT is clear and unmistakable evidence they are both demon-possessed (**Chink #1**) and consider themselves above all law, specifically but not limited to: Holy Law (**Chink #2**).

Enter, the Akurians, with our ABSOLUTE KNOWLEDGE that everything is ENERGY, and all ENERGY can be manipulated if you know HOW!

Those of us with Holy Marks (***Seals in our Forehead placed there by The Most High, Himself***) are a very **select** few who came to this station in life because we rightly refused to accept the perpetual failures of all other religions and spiritual endeavors. We have proven to ourselves beyond any point of question that singing-a-hymn-and-passing-the-plate and repetition of buzz-words and rituals absolutely do not work, ***and they never did***. We KNOW without any exception, those of us with Holy Seals are held to a **Higher Standard** than those who are new to our Holy Order, and yet The Most High does not hold even the eldest of us in higher esteem than the seeker who is among us for the first time. Therefore, we are not among the deluded sidewalk-arm-grabbers, street corner bellowers, or self-appointed evangelists spewing the same demonic cess of ***Blasphemy Against The Holy Spirit of Truth: the unforgivable sin!***

But where are we?

The above **does** reveal some of where we are NOT, and leaves a lot of political, religious and scientific area to be refined. Before we can take advantage of either **Chink**, above, we must first have a cognizant understanding of ourselves, both personally and as an Organized Corps, or we are going to accomplish nothing of our Commission except become a Testimony AGAINST ourselves. Our understanding must be both broad and historical, or we are subject to operating in ignorance with sure and certain failure as a result.

Because our very breath is under scrutiny of politics government and law we as a wise and cognizant people must contend with government and law as we do the natural forces of gravity, weather, sunlight, and all other lifeforms of our environment. And in this day, any miscalculation of our true religious or political situation and condition can be a disaster from which we cannot extricate ourselves. We are a people of True Destiny, but that is not to even infer we are either indestructible nor infallible. Therefore, we must contend with government, law and politics as the enemies they are; and being good stewards of this war they have thrust upon us, plan carefully, discipline constantly and strike when and where we are least expected. Our Mission is until Shiloh, but it does NOT guarantee us against our own preferences to our own destruction. We cannot afford, or long survive, an instigated fire-fight of powder and shot with overwhelming government forces.

THAT does not mean we can't beat all the world's government's forces and all at the same time ***but we cannot beat them on their terms***. We must choose both the when and where to fight, who to target, and most importantly the HOW! As long as I am Commander, I, and I alone, will make all four decisions. In addition, I, and I alone, will determine all final decisions with respect to the logistics of such engagement. That is MY responsibility, mine and mine alone. I am not a know-it-all incompetent, and NEVER venture into anything without getting both as much sound advice and relevant information as is available. Traits I hope each of you will develop and expand.

One thing we have in our favor: When we strike as a DISCIPLINED TEAM, we have the capability to direct more force, energy and FirePower than has been demonstrated on this planet to date. When we strike as an UN-disciplined TEAM our failure rate is equal to all hallelujah halfwits

combined.

Thus, when we needlessly provoke an attack upon ourselves by government and law, the liability and responsibility is as much upon our own heads as it is government and law from top to bottom. Our best, and only worthwhile defense is to strike government and law when and where they cannot defend themselves nor escape even the whisks of our destruction upon them. In order to do that, we must strike as a DISCIPLINED TEAM without deviation of any element for any reason. No exceptions.

To act on our own initiative and for our own purposes does NOT require a TEAM effort nor necessarily the same details/ elements, only the same procedures and processes. TEAM endeavors are excellent examples when the necessity of taking some entity down is unavoidable or establishing some better good is required. Whether using HEAVENLY ENTITIES, BELLY BALLS, BODIES OF LIGHT, SUN LINKS, BLACK FIRE, GOLEMI, BANSHEES, MOON GOONS or even application of BLESSINGS, CURSES or SWORDS, **the procedure is the procedure** and will not deviate from their Creation as Exacting Sciences. The common sense process is to **DISCERN** the situation before taking any action whatsoever. Once you have a clear and understandable knowledge of the situation, very carefully determine what needs to be done, the logistics required; secure those logistics, and then do it!

IF you have made a proper **DISCERNMENT** you will know both the strengths and weaknesses of the situation and how much and what kind of FirePower you're going to need to apply. Nobody can ramble-off incoherently and succeed, and no amount of words of themselves alone will create, change or destroy anything. Hallelujah halfwits have proven that for millennia and we still find those among ourselves who haven't learned that lesson! The objective of any Akurian application is to effect what we need to accomplish; NOT to strengthen the weaknesses of our target. To do that we must KNOW both the strengths and weaknesses, protect ourselves against the strengths and inflict as much damage to the weaknesses as we can muster. Like every other element and process in Creation, true and dependable **DISCERNMENT** only comes with PRACTICE. Its perfection is NOT an inherent. It must be learned. **RE:** Walking is common, but we weren't born proficient, we had to LEARN to walk. Walking is like **DISCERNMENT**, we have the capability at the outset, but we STILL have to LEARN how to do it and do it effectively. It is an applied effort a developed trait not something that just happens because we want it. Properly **DISCERNED**, each and every target is vulnerable. No exceptions.

Understand that: **Properly DISCERNED, each and every target is vulnerable. No exceptions.**

When and IF an Akurian applies our True and Righteous Spiritual Knowledge in appropriate manner, NOTHING this side of The Great Veil is impregnable. If we set up an energy in any improper or detrimental manner, regardless of how important or justified it may appear, especially an episode we really don't need, we are subject to whatever it attracts without any immunity whatsoever. We may involve ourselves in a severe fight to accomplish nothing but the waste of our own time, energy and resources. Just because we have a right to fight the worst of enemies doesn't mean we have the means and capability of sure and certain victory nor that we will emerge unscathed.

Any entity that initiates any engagement or event is liable for it, and does NOT have any immunity from the consequences of it. Thus, if we **DISCERN** the traps and diversions of our enemies, and determine to retaliate, we would be well advised to KNOW THAT ENEMY and each and every detail of that situation. There are noses we do not want to tweak just because we can do it, just as there are Planes, Depths and Realms we do not want to venture into with our ignorances and incompetences intact.

Initially, all Akurians would be well advised to be about the BUSINESS of Akuria.

Not only our few financial endeavors, but the unquestionable support of our recruiting and training. We have the AED, in print and online, available world wide. We are without excuse for not exploiting it as the magnificent publication it is. We quote and re-quote from other scriptures both in support of our sure and certain KNOWLEDGE of TRUTH, and to call the deluded and the damned into account for their failures and incompetences as given in their preferred scripture. And often we are HYPOCRITES! We do not inform the deluded and the damned of either the True Spiritual Knowledge or solutions to the world's problems contained in That Greatest Book Ever Written. Every other publication of a religious nature, including the documentable histories they contain, do NOT reveal to the individual the EXACTING PROCESS to contact and communicate with The Most High. Only the AED offers that. And to the world at large it is a candle under a bushel; because we, the Akurians, do not expound it as an infinite source of TRUTH.

That brings us to the PROMISE of PROSPERITY:

The process of PROSPERITY is as an EXACTING SCIENCE as exists anywhere in Creation. We must always remember that Lucifer is the God of this World, and THAT is why some of the most vile humans in the entire existence of the Anusazi are seated in offices of Great Power and families of Great Wealth. First, don't confuse the "world" with the "Earth!" They are not the same thing. The Earth is the planet, its contents of land, water and lifeforms; and the "world" is the so-called civilizations upon the planet. 'Governments' if you prefer. So Lucifer does NOT have absolute and total control over the planet *nor the wealth of it.*

The process and FirePower of PROSPERITY are not the same; the first is the HOW TO DO IT; the second is the storage of the harvest; and third is the application/expenditure of the harvest. Before we get a harvest, there is the requirement of the preparation, planting and tending and where are we going to put it until we use it. Nevertheless, the natural order of things *especially all things Akurian* cannot be deviated from nor neglected unless we want failure at all times. Therefore, the natural order of *all things Akurian* are EXACTING in the study THE HOW TO and the application. When and IF we, the Akurians rehearse our True Spiritual Processes, Practices and Procedures, not only will we be FirePowers to be reckoned with, we will possess prosperity in the face of all other deprivation. The storehouse of our FirePower and prosperity may very well be between our ears, but THAT is the safest place in all Creation.

And let's look at that "application of the harvest" with a bit more observation. Did you know that about ninety percent of the great lottery winners who took the whole sum rather than timed payments are BROKE within an average of six years? Think about it. Hundreds of millions of dollars after taxes gone, squandered, in a span of a very few years; when it's enough money to keep generations in good living, educations, and all the so-called finer things of life. What is the **Chink** in THAT armor? *Lack of preparation resulting in a lack of protection of the wealth!* There are TWO critical points all fools refuse to

recognize:

- (1) Regardless of the sum of money, there IS a bottom to the well; and
- (2) Regardless of the sum of money, it cannot be taken anywhere at death.

All Earthly possessions, including platinum, palladium, gold, silver, alexandrites, aquamarines, diamonds, opals, rubies, sapphires, pearls and such ilk, regardless of purity, quality, size workmanship and all other factors and any and all other possessions of property, land, houses, cars, trucks, planes and boats, are totally worthless in both the Planes and the Depths. The only place any of the above have any value at all is in the Earth Plane, and primarily as a medium or application of exchange.

Since we exist in a necessity of that exchange, HOW do we get in on that exchange? By learning and practicing the True Spiritual FirePowers of these instructionals: as given in both **Matthew 6:33 "But seek ye first the Kingdom of God, and his righteousness; and all these things shall be added unto you."** and **Luke 21:31 "But rather seek ye the Kingdom of God; and all these things shall be added unto you."** both attributed to Immanuel.

You want PROSPERITY? Then be about the business of learning and practicing what I've been teaching for over fifty years!

If we are going to fight and survive until Shiloh, and end there with our Holy Commission and Holy Law intact: we are going to have to recruit, educate and train those recruits. And we can't do that jackass. We need to be about the BUSINESS of Akuria and keep our BEST image forward. Nobody worth having is going to associate with a group of dumb assed idiots. Either we are up to our **High Calling** or we are not. And THAT can be a bigger **Chink** in our armor than **Chink #1** and **Chink#2** in the OWG combined.

So, let's assess ourselves:

Because we ARE Akurians, we are as political as we are scientific as we are religious in any order preferred. Because we ARE Akurians, we cannot ignore the realities of any of the three nor their respective ramifications upon mankind, the world, or Creation. Because we ARE Akurians, **and few in number**, we must choose our battles very carefully, as all available fights are not worth the effort and most are diversions from our Greater Agenda:

- (1) Living Testimony OF the Generations until Shiloh;
- (2) Restoration of Holy Law;
- (3) Restoration of the United States (Ephraim) as a Nation;
- (4) Restoration of the Constitution and the Bill of Rights over and above any and all governmental intrusion; and

(5) Restoration of access to ALL TRUTH as a Human Right to the whole world, specifically but not limited to Life, Liberty, pursuit of Happiness and Justice in any order preferred.

Therefore, it is incumbent upon us to develop FirePower. Whether we apply it in self-defense or destruction of all those of demonic nature or possession is NOT an issue. That we are entrusted with such

FirePower and its application **IS** the issue. Against the FirePower of The Most High in our hands there is neither defense nor escape anywhere in all of Creation with the possible exception of the Great Landing Before The Great Veil. I wouldn't put any heavy bets on that, because it was on that Great Landing I killed Urakabameel (**UR-AK-A-BAR-RAM-E-EL**), The Twisting Orator, whose Title in Angelic is **HAK-KAR-RAY-MAN** .

The most important point of all this is the FACT The Most High has USE for us. To preserve a Remnant of Israel; and we must preserve that Remnant in the Nations. I invested and bankrupted my career , businesses and the Corps at the time to dig in Ak-1 where the Remnant is secured. Simple as that. Ak-1 cannot be a Living Testimony OF the Nations because they are NOT in the Nations to endure the damnations first hand; BUT WE ARE! Now we are engaged in preserving that Remnant in the Nations to be a first-hand, been there, in person Testimony OF the Nations and all Earth's Inhabitants starting with, but not limited to: manipulators, politicians, journalists, priests, preachers and other liars. If mankind (Adama/Adamu/Anusazi) is to survive, it is OUR duty and responsibility to show the way and set the standards; and the only process of sure and certain success is to preserve Holy Law. The Most High is NOT going to do our job for us any more than we **can** do His job for Him. As Immanuel is reported as saying:

Matthew 3:9 And think not to say within yourselves, We have Abraham to our father: for I say unto you, that God is able of these stones to raise up children unto Abraham. Luke 3:8 Bring forth therefore fruits worthy of repentance, and begin not to say within yourselves, We have Abraham to our father: for I say unto you, That God is able of these stones to raise up children unto Abraham.

The Most High doesn't NEED us, He WANTS us. Anybody that can create complex human beings male and female out of ordinary rocks certainly doesn't 'need' anybody or anything else! Because we ARE Akurians, and on the inside of That Unimaginable Greatness, it is our duty above all other requirements to abide Holy Law and be a Living Testimony OF everything we experience and everything we do. THAT is our **fruits worthy of repentance** and we dare not continue to fail in this most-important of all Commissions.

Our promise from The Most High, Himself:

6103 ""And in those Days of Restoration and for their thousand (1,000) generations after: I shall Bless My Holy Kingdom of Akuria more than all the whole world!""

When I intervened on behalf of the Black population in the United States, **and even though it was not my intention**, I delivered immense energy to the so-called 'liberal' agenda that now ravages the very foundations of the whole of Ephraim and Manasseh United States, England, Canada and Australia. The Most High informed me, and confirms it in Paragraphs 6337 through 6339 of the AED and continuing:

6337 ""I informed him that he would regret his action, even though his action was completely justified and he had full authority to make and

enforce such a decision. And now look at the cities: **they are sewers, rife with crime, defiled with racemixing and narcotics unsafe even for the sewer dogs who prowl them!** And now look at the nation: it is polluted with Legislated Enslavement, quality-bereft education, illegal and uncontrollable debt, and a government that is completely corrupt and inept from the highest unto the lowest: **unsafe to speak against, unsafe to practice the reputed rights thereof lest you be murdered for your convictions because the people have chosen to lower themselves to the moral filth and mental degeneracies of Accursed Canaan and Accursed Cush!** And all this is done by design of the Great Enslaver, from whom none who establish it shall remain immune! 6338 ""And the Jews among them have been foremost in the forced foreclosure and I shall burn them, every one, who has so caused the pollution and the profanity of My Beloved Ephraim (United States) and My Beloved Manasseh (England)! Yea! Even those upon whom My Servant Jacob (Israel) named his own name! 6339 ""But observe the whole of the culture it is putrid with rampant ignorance, all programmed by design of the Great Enslaver; it is immoral and undisciplined that the people be manipulated by a corrupt, morally degenerate, murderous government, all programmed by design of the Great Enslaver; it is weak and defenseless that the people be legislated into enslavement by a vile, putrid and self-protecting government, *all programmed by design of the Great Enslaver; which things could not be done except the people chose to appease Accursed Canaan and Accursed Cush because of their violence!* And know that I shall not hold any guiltless that does not meet violence with violence for only by meeting violence with violence does violence cease and fall even as a house divided against itself!

Though my intention was to remove what I thought then, and still think now, is an unjust oppression *for the sake of oppression* from the Black Community; all I managed to do was expand the Black Neighborhood Ghetto War Zones! Open housing only moved the War Zones into previously white neighborhoods as "white flight" virtually eliminated any "brining the Black poverty up to White wealth"

standards. The main point I did NOT take in to consideration was the fact the invading Black populace **would NOT** abandon their damnations of rampant narcotics and immorality **because they COULD not**. It's part of the consequences of the Great Curses on Canaan and Cush. That cursed mentality goes where they go as a people . And, the Greatest Testimony against Canaan and Cush is the fact, since the very day the Curse Upon Canaan was pronounced , **there were those in the community that took to repentance**. Cush's own daughter, the beautiful and favorite of Noah, Amberia Angelene wouldn't go along with the scheme, refusing to bed down with Accursed Canaan or any of his accursed sons! She asked Noah what to do in such cases, not telling him the reason behind her request, and upon being advised that death was preferable to pollution, she stepped off one of the many cliffs upon Mount Agri Dagi in the Chain of Kardo. The fact that FOUR GENERATIONS of obedience and adherence to Holy Law by the Canaanites and Cushites would **and still will** remove both Curses is ignored except by a very Elite few. Fortunately, some of that Elite few are among the Proven Knowers and are present during this Instructional.

The error of my "good intentions" only confirms the adage, **"The road to hell is paved with good intentions!"** My "good intentions" have brought both Houses of Joseph to the brink of total destruction and I alone am responsible for it. I reveal this to all of you that in the many Days of Horrors to come you will not make the same mistake , and teach those who will look to you for salvation and rescue until Shiloh: to avoid even the appearance of "good intentions."

Currently, the biggest mistakes we can make are:

- (1) NOT preparing ourselves with sufficient PRACTICE and REHEARSAL of our known Spiritual Powers within Holy Law to defend ourselves and force adherence to what we know is our Birthright of Life, Liberty and pursuit of Happiness as accorded us by the Constitution of the Unites States and the Bill of Rights.
- (2) NOT recognizing the application of race and racial hatred as weapons of division; especially when clothed in the pain of poverty.
- (3) NOT recognizing the application of immorality across the board, glorifying the most vile of conduct as good and acceptable behavior.
- (4) Permitting anyone on government payroll, in media, or otherwise to be unchallenged when they present knowing damned lies as 'policy' or some 'greater good' which the whole nation must accept and abide.
- (5) NOT calling such Demonisms into immediate account whether it be of That Great Babylonian Harlot at Rome and Constantinople, which includes all her fallout Harlot Christian Daughters; Islam wherever it is ensconced; KAK Judaism especially in and of the Secret Organizations: Skull and Bones, Masonic and Knights of Columbus Lodges, Bilderbergers, Bohemian Grove and all their ilk.
- (6) NOT preparing ourselves with sufficient personal fire-power in the form of weapons and ammunition.
- (7) MAKING any open issue that will deliberately provoke hostilities with an overwhelming government agency. For THAT DAY is coming and we need not rush to invite it

But be advised:

Only a stupid Commander jumps into a fight simply because a fight is available.

Only a stupid person instigates a fight without just cause.

Only a stupid person ignores the signs of the times.

Only a stupid person fails to prepare against a tomorrow even though they may not live to

see it. When and if my instructions and orders are adhered to, none of the above derogatoriness will ever be found anywhere among True and Righteous Akurians.

file:///C:/Documents%20and%20Settings/Ernest%20Martin/My%20Documents/Akurians/a_003.htm (6 of 11)4/15/2013 9:44:04 AM

That True and Righteous Akurians must deal with the Great Curses of Canaan and Cush does not absolve us of responsibility to Observe and Obey Holy Law as originally given. That many in today's government and media would claim our insistence of Obedience to Holy Law is Israelite racial discrimination against all non-Hebrews, ***it is a known and outright damned lie that we will not surrender to.*** We cannot permit ourselves to be divided and conquered on any lines, racial, administrative, academic, spiritual or otherwise.

Make no mistake, we the Akurians, ARE the Living Testimony OF all these things; and we dare not testify them as good when they are clearly vile. We cannot be stupid and blast-off incoherently on personal rampages unless we want to waste our precious minutes of life shooting nonexistent demons from behind every blade of grass. We are standing in the Great Sea of Swill fit only for swine, and need to apply ourselves to the business of cleaning the trough without having to eat it. We are eyeball deep in the sewerage of socialism that neither mankind nor any of the lifeforms on this planet are going to survive unless we, the Akurians, dedicate ourselves to this Greater Calling, which requires us to be of that **Higher Standard**.

We are Akurians, some Proven Knowers of The Great Testimony of The Most High, Himself, not a collection of stupids. We are not only held to that **Higher Standard, it is our Minimum Standard.** And THAT requires the application of all our **DISCERNMENT** and True Spiritual FirePower and Abilities that **none** of the rest of the world possesses, and most of the rest of the world doesn't even know exists! **We dare not be ignorant!** That we cannot know every detail of everything does not absolve us of being liable for NOT applying that **which we do know** in a responsible and just manner. **We are not ignorant of Holy Law!** Therefore we cannot be a True and Righteous Testimony against any abomination if we stand by and permit it to go unchallenged.

We are few in number: And, because we have an Elite of Canaan and Cush in this very audience, respected and long-term Akurians with Holy Seals in their foreheads; we are not only a Testimony OF the Nations, we are a Testimony AGAINST all Manipulators, One World Government, and all their collective socialist ilk. Regardless of the lies told them, in Judgment Canaanites and Cushites are not going to be able to plead any degree of **deprivation** of Spiritual Truth. The **equality** of that is, **neither will anybody else!** Everyone, regardless of lineage is going to learn without exception that Holy Law is without exception, and all political or other delusions to the contrary be damned!

We are few in number: But that does not preempt us from the responsibilities incurred as Proven Knowers of The Great Testimony which is to **BE** a Living Testimony of This Generation of Fire regardless of WHO that may involve or WHAT agenda it may encounter specifically but not limited to **FALSE FLAGS.** We have to walk a very narrow edge to preserve ourselves, and still be those few who can and do shout TRUTH from the rooftops. We cannot be dissuaded or

diverted by every twit in the wind and accomplish our Commission. We are all under constant surveillance, as evidenced both by our communications problems and direct hits of our conversations and emails sometimes using **OUR** verbatim terminology. Therefore, we must be cognizant to tell the bastards only what we want them to hear, and NOT waste our time defending ourselves against nonexistent attackers.

That we are few in number does NOT infer we are a gathering of weaklings. When we invoke PROPERLY and as a TEAM we are virtually unlimited in what we can accomplish. But let me address the "PROPERLY" situation first:

"PROPERLY" does not mean we can mouth words and the whole of Creation is going to burst its seams to instantly comply. "PROPERLY" means the EXACT process from start to finish, and words alone are almost worthless, producing less than one-tenth of one percent of the best we can individually manage. Unless we have both the **MIND SET** and the conscious follow-through, we can bellow until Dooms Day and accomplish only a TESTIMONY OF STUPIDITY AGAINST OURSELVES!

Let's look at that a bit more intensely. I taught some of you personally the EXACTING PROCESS OF TELEKINESIS and stood by while you applied it dissolving a cloud or disrupting the sweep second hand of a clock. Now we all know the scientific communist declares, without exception, that TELEKINESIS is impossible. But that didn't prevent you from doing it, and doing it at will. Whether a cloud ten to twenty miles away or an electric clock with nearly THREE HORSEPOWER to drive its motor, you still easily made the target obey your PROPERLY applied thought! Key word = "PROPERLY!"

Using the WORDS of our invocations to keep our endeavors in the **same** place at the **same** time for the **same** objective does NOT overrule the requirement of PROPERLY applied thought! From start to finish the entire and EXACTING process is PROPERLY applied thought! The very basics of TELEKINESIS will work for anybody. The requirements of a TEAM effort include the understanding that our True and Righteous Spiritual FirePower is an EXACTING SCIENCE! Jackass the process and we just as well may do an inept and impotent scenario like singing a hymn and passing the plate that never did work for the Jesus-Praisers nor anybody else.

Consider: a precision drill team still has someone calling the cadence. Which foot hits the deck, and WHEN, is determined and ordered by the Drill Master. Any turns, pauses (called "mark time"), halts or maneuvers are called in the same cadence, keeping everybody together in a tight and precision formation. Our Invocations SHOULD do the same thing for our TEAM endeavors. Those Invocations are written to provide both a PROPERLY applied thought, precision targeting and application of FirePower. Failure is guaranteed when anybody within the TEAM deliberately deviates. But note, those LISTENING are getting the Invocation at virtually the same time, even though there is some delay from the Firing Officer, the delay is about equal to all listeners. We can live with that type of delay, but we cannot succeed when anybody jackasses the process with their own scenario.

The 'secret,' if there is such a thing, is in the **MIND SET** *the mental picture*. It's either a **thinking through** in correct order and format talking yourself through if necessary or very little, if any, success. It's an EXACTING SCIENCE that will not work any other way regardless of how much we'd all like to shorten the process and make it easier to perform. Multiply those same directed energies and forces by the numbers of a PROPERLY OPERATING TEAM and you have an infinite wallop capability when everybody is doing the same thing the same way. Every time we do that as a TEAM, the TEAM gets stronger and more powerful; and so does each Akurian in the TEAM! Inject one out-of-step idiot and the success factor goes through the floor. The process, whether as a TEAM or alone is the same: except a TEAM cannot be divided against itself and succeed.

If you've followed my Instructions, you can write and apply your own Invocations to attain whatever there is available in The Sight of The Most High. But when working with a TEAM, follow THAT PROCESS AND PROCEDURE without any deviations whatsoever, and you'll succeed every time, regardless of how 'impossible' the objective may seem to be. THAT is what being an Akurian is all about. We are not just the last hope of the world, **we are the ONLY hope of the world**. And that responsibility will not suddenly evaporate any more than Holy Law or The Most High will fade into nonexistence.

Chink #1: The lot of our known and on-government-payroll enemies are Demon Possessed. Those Demons will stand and fight if we let them. When there is no question we will destroy them BEFORE THE TIME and explain ourselves later to The Most High who will not condemn us: they'll run whining into the darkness.

Therefore, we must NEVER permit ourselves to anything other than a True, Righteous and UNITED Corps. When we demonstrate ourselves in that manner, especially during TEAM operations, we are as infallible as our own perfection. **And the Demons know it**. When we jackass, even in the slightest degree, the Demons know that too and take full advantage of it to ensure our failure.

Chink #2: There are no deviations from, nor in, Holy Law. There are permissives and there are absolutes. Everyone, without exception, is going to be adjudicated for all Eternity by Holy Law including all those socialist bastards on all the government payrolls and high offices of manipulation. We, being True and Righteous Akurians are authorized to call those in violation of Holy Law into account; indeed, we are the Living Testimony whether FOR or AGAINST!

It doesn't take much observance to clearly see and document the all-but uncountable abominations being committed minute by minute by knowingly-evil bastards. They are NOT oblivious to their damnations! We are witness to the irrevocable FACT that even the most devout atheist still has an innate, and that **the innate is incapable of lying** in any form or manner: **it is bound by the TRUTH without exception**.

Between those two **Chinks** the whole list of socialist bastards are vulnerable as a sheet of tissue paper in bad

file:///C:/Documents%20and%20Settings/Ernest%20Martin/My%20Documents/Akurians/a_003.htm (8 of 11)4/15/2013 9:44:04 AM
weather. Before we're through with them they are going to wish they **were** tissue paper in a beer-joint bathroom as a relief.

ARE THERE ANY QUESTIONS?

That this Holy Order is fed up to the Heights with **KAK JEW** in every speck of dust, it is incumbent that be bring down **KAK JEW** to the lowest levels of its own burning sewers. Having been through the 'administrative-this' 'law-that' and 'the-way-things-are' poppycock of **KAK JEWS** that perpetually fail to change a damned thing of their preferences against the rest of the world, I managed to find the ONE thing that WORKS EVERYTIME and always in my favor: **SUFFICIENT DEAD BODY COUNT!**

Rest assured, there will be whinings Eleven on the Richter Scale, especially when you hit the RIGHT bastards instead of their frontage puppets. Mowing the outer sections of weeds doesn't upset the Farmer, but it does put him on notice that a cutting is in progress. Long before the cutting gets to his crops let alone to him, himself they'll be grand displays of every stripe and imagination, all intended as diversions under any guise you'll be stupid or gullible enough to accept. Infallible Rule: **CONCEDE NOTHING!**

Establish the target; set the destructions; and open fire!

Everything in the target zone is to be destroyed. Everything within the target zone that doesn't want to be destroyed **is free to get the hell out** except for the fact that anything tied to or a part of the target zone cannot escape nor defend itself.

SET YOUR MIND TO THIS CONDITION and invoke this Death Sentence as often as you can; always upon awakening and just before going to sleep. When we kill enough of these **KAK JEW BASTARDS** the atrocities will STOP! It will take a few days, those at the upper echelons need to see the unstoppable **Waves of Sure, Certain and Inescapable Death** coming for them too. Their first line of protection are the lessers, subordinates and fools. When those begin to die without any escape or defense, the Top Level **KAJS** will have due warning that THEY are next in line, knowing THEY can't escape or defend either. When you see the **KAK JEW BASTARDS** going overboard to first 'reduce' and then 'eliminate' anything the Akurians don't like, ignore it as the diversion attempt it will be; and it's a sure sign to TURN UP THE HEAT **you've got their attention!**

Remember, we are Akurians, we are the Living Testimony OF our respective generations and will remain so until Shiloh; we NEVER stop and we NEVER forgive. The **KAK JEW BASTARDS** have sown the Winds of Deceit and Deception for the sake of a penny. Now the True and Righteous Akurians are going to deliver them a great harvest of Whirl Winds of Fire and Death that only we can deliver.

Akurians, on my command:

SET YOUR MIND AND REPEAT AFTER ME:

"Consciousness of Consciousness, this is the Great

Vision: All Creation without a living Jew, without a living Levite; be they all dead and disposed of that they no more contaminate Creation; Consciousness of Consciousness, this is the Great Vision."

When you encounter ANY Jew, Levite or puppet thereof: remind yourself that they OUGHT TO BE DEAD and put them IN your **MIND SET** as such. Spare not: high or low, rich or poor, male or female, young or old: **KAK JEW IS KAK JEW IS KAK JEW!** Leave one germ alive and eventually it will infect YOU!

Knowers. It is the application of True Spiritual Power that is the same everywhere in Creation except the Depths of Hell. It doesn't even work in Deros, and because Deros overlaps the Earth Plane, Deros can, if permitted, keep the practitioner from achieving all they would like and is available with this otherwise very simple process.

Wait until you get your copy of this Instructional; read it a few times, and then do the procedure. If you have any questions, contact me or Command Marshal Budagher.

That we are in great need to know and understand many things on many levels, the ability to **DISCERN** is an absolute. We cannot succeed without it. However, learning to **DISCERN**, while a simple process itself, is NOT an easy accomplishment. IT TAKES PRACTICE and IT TAKES CORRECT PRACTICE. The process I'm going to show you now will HELP everyone who performs it correctly; and it has some additional values that you'll be glad to have in your arsenal of Spiritual Weaponry.

The process really isn't all that new, just a **once-secret** way of applying what we already know. We're going to use a Permanent Sun Link and a **BODY OF LIGHT**. But, with a different twist and determination than ever before. Both must be very specific and will have very specific feeling when done properly.

First, make a **BODY OF LIGHT** inside yourself in the normal manner. You want it the same size and shape you are without any deviations. If you have a scar, you want that scar in this **BODY OF LIGHT**. About the only thing that is an ignorable is your hair, beard and fingernails; those don't matter at all, so you can ignore them. Once you've made this super-precision **BODY OF LIGHT** as near-perfect a copy of your physical self as possible;

turn it into ***your favorite color*** as a FLUERESCENT glow in the dark color. Any shade will do. White works genetically as well as Black. This isn't about anybody other than YOU, so YOUR color need only be a glowing FLUERESCENT as opposed to a normal light or paint.

FLUERESCENT! That's the whole key to success in this instance.

Second, send this FLUERESCENT **BODY OF LIGHT** into the very center of the Sun where all the fission and fusion activity is the greatest. Don't expand it! This **BODY OF LIGHT** needs to be the same size and shape you are or it can't do a damned thing you're making it to do. Put it in the exact center of the Sun and relax it, make it become a part of all the activity going on there ***and there's a lot of activity!***

In a few seconds, you'll think you've lost the **BODY OF LIGHT** as it becomes a part of the forces, energies and processes going on there and THAT is exactly what this is all about. THAT is exactly what we're after. Once this **BODY OF LIGHT** gels into the activity of the Sun, it will become almost infinitely BRIGHT, and you will detect that **BODY OF LIGHT** boiling just like the center of the Sun. Now comes the hardest part of this whole process, make a this whole **BODY OF LIGHT** into a Sun Link of all the forces, energies and processes it's now a part of; and return it intact to your physical body and attach it. If you feel a slight warmth, like a change in temperature without a movement of air, you've done things right. If not, the process is easy to repeat. Clean yourself with a SPHERE of WHITE LIGHT from head to toe and start over.

Once you're connected, take cognizance of your **FULL BODY SUPER SENSE** and you'll find you can read the very edge of physical creation in a self-neutral mode permitting whatever is there to TELL YOU without a lot of effort.

Any Plane of Heaven can be traversed without ever leaving your physical body; as this process enhances Cosmic Consciousness more than anything else. Each of the Planes are immense, and you can experience every part of them.

As always, LET THE ENERGIES TELL YOU, and I suggest you do most of your initial practices on yourself. There's a lot about you that YOU aren't aware of. Some are long-suppressed painful memories that YOU need to examine and make NEW and proper decisions about.

This FLUERESCENT **BODY OF LIGHT** will give you the strength to face all those demons and dispose of them. To again achieve the free mind you were born with, the effort is well worth it. Among the many things you will discover sometimes seemingly out of nowhere is YOUR place in all of Creation; why you exist at all; and the many open doors available for you to examine and enjoy at your own leisure.

And among the best, the uncounted advantages of being a True and Righteous Akurian. Your **DISCERNMENT** capabilities will multiply as will your accuracy and your prosperity.

One other factor, those new energies you'll have established within yourself are and will remain detectable even to a closed mind. Those who come into your presence will KNOW within their own innate sneaky suspicion if you must that there is something decidedly different about you, ***and only those with a Present Demon will think it's something evil!*** And, YES! THAT applies to all, including puppets on government payroll who will KNOW within themselves YOU are too dangerous to provoke regardless of their access to fire power. Any indication in THAT direction and they will have clearly documented for you the source of any and all problems with that person. And this isn't about YOU taking the time or effort to **DISCERN** them, it's THEM that will have **DISCERNED** YOU via their own innate without having a clue as to how! Others, total strangers, will pick you out and tell you things they wouldn't talk to themselves about.

YES! This lesson is a precursor to a practice everybody will want to be in on PAST LIFE RECALLS! Not only will you learn about your long-term existence, you will jump your innate intelligence several points on the Intelligence Quotient scale.
