**SUN-ENERGIZED PERDITION INFECTED MOON-GOONS
23 June 2013 15 Tamuz 5773**

Akurians, on my command:

SET YOUR MIND AND REPEAT AFTER ME:

"Consciousness of Consciousness, this is the Great Vision: All Creation without an living Anunnaki, without a living Nefilim, without a living Grey, without a living Jesuit, without a living Jew, without a living Levite, without a living Illuminati; be they all dead and disposed of that they no more contaminate Creation; Consciousness of Consciousness, this is the Great Vision."

We are going to make a series of **Moon-Goon**s in an entirely different process than before and for a far more volatile application. Never forget, a **Moon-Goon** is a **Moon-Goon** is a **Moon-Goon**. They are one-objective, single capacity, entities; but can be charged in a variety of ways giving them more or depriving them of levels of capability to accomplish. Those we are going to make in this Instructional are a bit more permanent, and can supply an endless number of permanent copies.

In order for this to work the best for the most people, instead of just doing a walk-through, we're going to learn and rehearse this procedure in Invocation Mode to increase our FirePower and save a lot of time redesignating our **SUN-ENERGIZED PERDITION INFECTED MOON-GOONS** once they're established.

What we will expect, and see very shortly of those we target, is an enhanced display of insanity; none too discreet infighting; open rebellion and conflict; illness and injuries as their narcotic consumption rises to uncontrollable levels. Then watch for the targets in public appearances to note whether or not there is actually any soul within the body! Death is death, even if the body hasn't laid down yet. We're going to execute innates and souls.

Firing Officer:

Guests, please remain in attendance and join us where you can.

Intruders and One World Government monitors BEWARE, your Eternal Soul is hereby condemned and without appeal except to the Supreme Lord of all High Lords El Aku ALIHA ASUR HIGH, He That is Called by The Name of God.

YESHAMA DELIAH! (yeh-sha-ma de-lie-ah On my/our Authority)

ASUM DE AL HMONGA! (as-um de al who-Mon-Ga All energies hear me/us)

Akurians, make a **BODY OF LIGHT** out of the Dark Matter and Dark Energies of Creation and separate it from yourself.

Akurians, now charge your **BODY OF LIGHT** out of the Dark Matter and Dark Energies of Creation, ... **AKASHA ... AIR ... FIRE ... WATER ... EARTH ...** and Charge it:

Akurians, repeat after me:

"BODY OF LIGHT you are now a Spirit of a Vile, a Spirit of Destruction, a Spirit of Damnation, the essence of immorality, selfishness, hate, jealousy, paranoia, insanity, injustice, revenge, degeneracy, deprivation unto death; the Eternal Enemy of your own best interests whereof self-destruction is the greatest reward.

Akurians, now send your **BODY OF LIGHT** into the center of the Sun, expand it to 800,000 miles in all directions, and charge it with all Sun energies including as much Black Fire as possible.

Akurians, now send your **BODY OF LIGHT** down into the deepest Depths of Perditon, fill and charge it with all the strongest Energies and Forces of Perditon's greatest damnations.

Akurians, with your **BODY OF LIGHT** still in the Perditon, **DISCERN THE MOON.**

Akurians, send your **BODY OF LIGHT** to the Moon and compress it lengthwise locating its head at the northern pole, its feet at the southern pole. You want the polar energies to come IN through the head and OUT through the feet of your **BODY OF LIGHT**. Now charge your **BODY OF LIGHT** with the polar-axis energies of the Moon, test it by trying to make your **BODY OF LIGHT** spin on that axis either direction and can't do it!

Akurians, expand your **BODY OF LIGHT** and fill the entire Moon. Absorb all the Moon energies your **BODY OF LIGHT** can hold. Your **BODY OF LIGHT** should be the same size as the Moon; no larger, no smaller. What you have done is made a **SUN-ENERGIZED PERDITION INFECTED MOON-GOON**. Pay close attention here, and you'll find out that these energies do not like each other and your **Moon-Goon** seems to act like it has a will of its own and is a lot harder to control.

WARNING: NEVER put a BELLY BALL of any description into a **SUN-ENERGIZED PERDITION INFECTED MOON-GOON. NEVER!**

There is a HUGE difference between a normal **Moon-Goon** (if there really is such a thing), a **Sun-Energized Moon-Goon** and a **SUN-ENERGIZED PERDITION INFECTED MOON-GOON**. The main difference is, this **Moon-Goon** cannot be left in the Moon nor recharged as

needed. It can expand almost indefinitely, infest and infect with similar Forces and Energies but cannot be duplicated on demand.

You can make as many versions of **SUN-ENERGIZED PERDITION INFECTED MOON-GOONS** as you wish, but clarify what you want it to do and infect at the outset; because it cannot be changed or altered. Making a new one is the only solution; and once made, are virtually indestructible except to the entity that made it. If you make one and don't dispose of it yourself it's going to last one hell of a long time! They are one-track, one-item, entities; so it's a good idea to write down the specifics for each, name or number them if you must, as these things have a habit of attaching themselves to their creators YOU and that isn't always a good situation. It's fine when YOU are calling them and giving them an assignment, but when the assignment is over they RETURN to YOU. Unless you make that determination at the outset, sometimes at their creation, but better as you call them forth. We'll demonstrate the procedure.

Akurians, name your **SUN-ENERGIZED PERDITION INFECTED MOON-GOON** "**Embodied Hell**" before you endow it with any endeavor.

Akurians, endow **Embodied Hell** as if creating it from the beginning:

"Embodied Hell you are now a Spirit of a Vile, a Spirit of Destruction, a Spirit of Damnation, the essence of immorality, selfishness, hate, jealousy, paranoia, insanity, injustice, revenge, degeneracy, deprivation unto death; making the innate the Eternal Enemy of it's own best interests whereof self-destruction is the greatest reward.

SUN-ENERGIZED PERDITION INFECTED MOON-GOONS do not take anything back to the Moon they infest and re-infest, infect and re-infect; they cannot be controlled or removed by anybody else who didn't make it or altered at all under any conditions. Now understand that so your **SUN-ENERGIZED PERDITION INFECTED MOON-GOON** can do what you command because it is actually a conglomeration of the worst of the forces and energies of Moon and for all intents and purposes IS the Moon in presence. The better you have programmed your **SUN-ENERGIZED PERDITION INFECTED MOON-GOON** the sooner the target will suffer whatever you have dedicated.

Done properly there isn't any limit to how many **SUN-ENERGIZED PERDITION INFECTED MOON-GOONS** you can make, they just don't work as multiple copies of themselves.

Now, AS A TEAM, let's have some fun and stick a few well-made **SUN-ENERGIZED PERDITION INFECTED MOON-GOONS** into some very deserving bastards.

ARE THERE ANY SUGGESTIONS?

"Embodied Hell, enter now the innate of these I direct; infest and infect each with all manner of Vile, destruction, self-Destruction, Damnation, immorality, selfishness, hate, jealousy, paranoia, insanity, injustice, revenge, degeneracy, deprivation unto death; making the innate the Eternal Enemy of it's own best interests whereof self-destruction is the greatest reward:
