Akurians, on my command:

SET YOUR MIND, CLEAN YOUR SOUL AND REPEAT AFTER ME:

"Most High Lord God of All Creation, ALIAH ASUR HIGH: This is my True and Righteous Testimony to you as Ordered by You and Commissioned upon me in accordance with Your Holy Anointing and established Chain of Command:

"Consciousness of Consciousness this is the Great Vision: Lucifer and all your minions, Lucifer and all your intentions and all your designs, Lucifer and all your servants, knowing and ignorant: be you now bound in infinite restriction and bound in infinite deprivation that you accomplish nothing, real or imagined, in the Heavens above, in the Earth and in the Depths Beneath; into the deepest pits of Hell you are cast and there you shall remain until one thousand generations have passed in total freedom from you and your damnations! Consciousness of Consciousness, this is the Great Vision."

For those who have done their practice this will be an easy and effective strike. For those that are still jackass, whether with your own agenda or in direct defiance of The Most High, kindly hang up and avoid the fury you are going to bring upon yourself . Permit me to ask those who insist on their own jackass: have you looked at the sun especially at sunset lately? There's no longer a visible ball! It's surrounded with what appears to be a HUGE and very bright WHITE cloud! THAT is ChemTrail metals in the atmosphere ... YOUR impending Death Warrant ...just one more sign of where we are in the process of the Grand Plan of TOTAL Global Enslavement of the AED.

Those who have read the **AUDIENCE OF THE NEW MOON - 3 November 2013 - 30 Cheshvan 5774** are already aware the Fukushima fiasco is fulfillment of PART of the prophecies in Revelation ... timeline seems a bit shaky to the uninformed and closed mind, but is really right on the money.

Revelation 8:6 And the seven angels which had the seven trumpets prepared themselves to sound.
Revelation 8:7 The first angel sounded, and there followed hail and fire mingled with blood, and they were cast upon the earth: and the third part of trees was burnt up, and all green grass was burnt up.

Both of those are being fulfilled!

Blood!

India: Between July 25 and Sept. 23, 2001, the State of Kerala was drenched by bizarre red-colored rain unlike any seen previously.

Godfrey Louis, a physicist based in Kerala, analyzed drops of the rain expecting the strange color would be a result of dust particles. But that didn't turn out to be the case. "Dust particles do not have this irregular shape," Louis said in the program. "They are not transparent like this." The particles appeared to be alive, with some similarities to blood cells -- Researchers at Stintec, a lab in Sri Lanka, found something more shocking. Even though the so-called "spore cells" were replicating, not one trace of DNA

could be found - although closer inspection revealed they were at least not HUMAN blood cells. The official report from the Center for Earth Science Studies attributed the red rain to an exploding meteor.

Red blood rain has been found all over India, Russia and most of Asia ever since.

Radioactive RED TIDE has been detected all over the northern Pacific ...

Trees!

Due to climate change and systemic corruption, wildfires are an increasingly dangerous phenomenon everywhere from Portugal to Siberia.

Australia: In January 2003, a bush fire in New South Wales and the Australian Capital Territory blazed through a region almost the size of the U.S. state of Texas, destroying 500 homes and killing four people, to say nothing of the thousands of sheep and cattle. Late 2006 to early 2007, firefighters in Australia's southern state of Victoria battled some of the worst bush fires in Australia's history.

Greece: In 2006, wildfires ravaged the Halkidiki peninsula in the north, and more than 1,000 tourists had to be evacuated. Then in 2007, Greece experienced its worst forest fires in recorded history when blazes raged from the north of the country to the south. More than 60 people died, and hundreds of homes and an area of forest about the size of Rhode Island were destroyed. Costas Karamanlis, declared a state of emergency and said the country was facing an unspeakable tragedy.

Indonesia: Since the massive wildfire in 1982 and 1983, one of the 20th century's largest, forest fires have been a familiar event in the country. The regions of Kalimantan (the Indonesian portion of the island of Borneo) and Sumatra are particularly afflicted. A severe wildfire season in 1986 drew complaints about air quality and economic damage from neighboring Malaysia and Singapore, but it wasn't until fierce forest fires from September 1997 to April 1998 made dramatically worse by the El Nino effect. Countries as distant as Australia, the Philippines, and Sri Lanka protested about the resulting gray haze and loss of air quality. In the worst-affected areas simply breathing became equivalent of smoking 80 packs of cigarettes a day.

Portugal: For the past five years, Portugal has faced some of the most deadly forest fires in Europe. In 2003, unusually hot, dry air and strong winds impacted almost 6 percent of the country's forests, burned more than 350,000 hectares of land, and caused massive soil erosion that affected water supplies and agriculture. Fifteen people died. In 2005, five major fires swept across Portugal, the largest in an area north of Lisbon and stretched for more than 13 miles. More than 300,000 hectares of forest were burned and at least 18 people died, including a number of firefighters.

Russia: The Siberia region's fragile boreal forests the world's largest and a vital piece of the planets ecosystem have seen a 10-fold increase in forest fires during the past 20 years. Russia lost 11.7 million hectares to forest fires in 2002 and another 23.7 million hectares in 2003, an area almost the size of Britain. Since the start of the 2007 fire season, more than 140,000 forest fires covering a million hectares have been recorded.

I hope the Akurians are getting this picture.

Revelation 8:8 And the second angel sounded, and as it were a great mountain burning with fire was cast into the sea: and the third part of the sea became blood;

Revelation 8:9 And the third part of the creatures which were in the sea, and had life, died; and the third part of the ships were destroyed.

Fukushima! Being fulfilled as we teach and learn!

Our United States most recent example is the Aircraft Carrier USS Ronald Reagan as Colonel Schollbach, Australia, reported earlier. At least 71 personnel aboard the carrier during the immediate and attempted rescue off the coast of Fukushima, Japan in 2011, are now afflicted with serious radiation-related diseases.

After U.S. Navy sailors on the USS Ronald Reagan responded to the [2011 Fukushima disaster](#) in Japan for four days, many returned to the U.S. with thyroid cancer, Leukemia, brain tumors and more. The early signs aboard the ship were obvious so to attempt a cover, the ship stayed out to sea for another THREE MONTHS on orders from the White House! And the plot gets worse ...

At least 71 sailors many in their 20s reported radiation sickness and will file a lawsuit against Tokyo Electric Power Co. (TEPCO), which operates the Fukushima Daiichi energy plant. The men and women accuse TEPCO of downplaying the danger of nuclear radiation on the site. The water contaminated the ship's supply, which led to crew members drinking, washing their bodies and brushing their teeth with contaminated water. Paul Garner, an attorney representing 51 sailors, said at least half of the 70-plus sailors have some form of cancer. "We're seeing leukemia, testicular cancer and unremitting gynecological bleeding requiring transfusions and other intervention."

Because all modern ships extract sea water and process it into drinkable form: the USS Ronald Reagan is now RADIO ACTIVE in all its most-important water and sewer systems. Those who were aboard at the time received the most radio-active water for drinking, food service and sanitation; and in the highest honored tradition of no thought for themselves, only the mission at hand.

Though it will not be done immediately, either the ship must remove and refit all the water and waste service aboard; and be stripped to the metal and re-painted or scrap the carrier! There is a LOT of wetting, wiping and cleaning aboard every ship, and the US Navy is swab-the-decks crazy! That means the entire ship, paint and all, has been put in direct contact with RADIO ACTIVE WATER while on duty in the area of Fukushima.

Now that Fukushima's dumped and leaking radioactivity has reached Australia in the south, Indonesia in the west, and North and South America in the east: the entire Pacific Ocean is contaminated a full third of the earth's water! And it's going to get worse because NOTHING is being done to contain the radiation. Even the known Boric Acid decontaminant wasn't used! Deliberately ...

That a full third of all life in that prophecy is in the process of being fulfilled; does not change the time-frame of The Most High one micro-second. Reports are coming in about massive fish and marine-life kills washing up on the beaches; and among the worst reports are the fact most are with full stomachs ...but there haven't been any reports of those stomach contents: especially radioactive contamination.

Now that we know some of the results of the **Bastards That Be**, even if foretold by True and Righteous Prophets ages ago, we the Akurians are the Living Judges of said **Bastards That Be**, and we are those charged with doing whatever is necessary about it!

As with Summer Storm Sandy, that's right it made landfall as a storm well under the intensity of a CAT 1 hurricane, the entire fiasco at Fukushima was a HAARP generated, controlled and perpetrated incident.

HAARP! Not natural weather or earth conditions.

The same OWG **Bastards That Be** that run HAARP are the same **Bastards That Be** that run about everything else on the planet, specifically but not limited to: ChemTrails! And THAT is the HUGE chink in their armor that we, the Akurians, are going to blow through like lies out of a politician.

The **Bastards That Be** have provided everything we need except the actual know-how. HAARP is a very sophisticated and fragile electronic system, subject to all the natural laws of electricity and electro-magnetism. It's common knowledge that both electricity and electro-magnetism are pretty much free agents in any kind of metal: and ChemTrails are METAL! Some making an excellent ground-plane the process of making the area around radio and television antennae the same electrical resistance for several feet in all directions to increase signal strength now a virtual world-wide contamination, and the rest still suspended in the atmosphere due to the HIGH WINDS of the upper atmosphere we see in all weather reports!

Most of you may not know or remember, but during World War II and Korea, we still had B-29s and the super-version B-50s in service; and one of the problems was: at HIGH altitudes the air was moving

so fast that planes would be registering nearly 300 MPH in flight and actually be moving BACKWARDS on the ground! The head-winds were moving faster than the planes could fly so a plane flying at 275 knots into a 300 knot headwind would actually be moving BACKWARDS in flight at 25 knots!

Well now, those HIGH ALTITUDE WINDS are still there. They do NOT necessarily permit all the debris, be it moisture, dust or METAL ...to just fall through as those winds whip around within themselves just like wind on the ground does. Ever see rain, snow or dirt blowing with the wind? You get the picture!

Since HAARP is designed to electronically move, heat up, cool off, or stabilize both atmospheric and ground matter: it's vulnerable to those who know how to disrupt and destroy! And THAT is what we are going to do: disrupt and destroy.

ARE THERE ANY QUESTIONS?

HAARP & BASTARDS 15 December 2013 12 Tevet 5774

First, **let me remind you again: until the Days of Shiloh you are going to be required to be and deliver as a TEAM.** Anyone off on their own idiocies is NOT a member of a dependable TEAM and their destruction will be upon their own head. **Where we are going and what we are going to do, there isn't any room for, or tolerance of, ignorance or self-agenda stupidities. Do exactly what I instruct WHEN I instruct it. Nothing else. No adding to, no subtracting from. If I don't instruct it, don't do it. Simple as that.**

Akurians, you will need immediate access to your **FULL BODY SUPER SENSE**. Either access yours now, or make a new one to access while I continue with this Instructional. CHARGE your **FULL BODY SUPER SENSE** with **WHITE SPIRITUAL LIGHT** and **AKASHA, AIR, FIRE, WATER** and **EARTH from your own energies.**

Your **FULL BODY SUPER SENSE** should be fully operational.

Using your **FULL BODY SUPER SENSE DISCERN** your assigned target as soon as it's assigned. **DISCERN** your TARGET ...nothing else.

Tonight's HAARP Assignments:

Command Marshal Budagher = HAARP Area 51 Nevada
Command Marshal Shams-Avari = HAARP Long Island New York
Supreme General Schipul = HAARP Puerto Rico
Field General Clark = HAARP Gakona Alaska
Field General Davis = Eiscat HAARP Norway
Staff General Meinke = HAARP Peru
Staff General Malone = HAARP Brazil
Staff General Siler = HAARP Australia
Brigadier Riggs = HAARP Japan
Colonel Kurt Schollbach = HAARP Perth Australia
Legion Commander Martin = HAARP India
Legion Commander Brinson = Australia Defense Radar
Legion Commander Kilpatrick = HAARP Russia
Major McCaul = HAARP China
Major Grenald = HAARP United Kingdom
Walter Dow = HAARP Puerto Rico

I will take the assignments given to those absent.

Using your **FULL BODY SUPER SENSE** clear everything but INCOMING energies ... specific to your assigned HAARP installation ... whatever is there, let the energies tell you. We intend to deliver Hell-Itself into every operation of whatsoever nature in each and every HAARP installation regardless of where it's located and upon it's every level of command in the HAARP organizations.

Note via your **FULL BODY SUPER SENSE** the extended reaches of the HAARP installation chambers. How far do they go; which are the main corridors ...to main intersections ...to other installations. Who/What are the authorities in charge ...their location ...staff, management, facilities ...let the energies tell you. Use your **FULL BODY SUPER SENSE to DISCERN** as much detail as you can accomplish.

You have one minute to complete the process.

Now that you have data about the place ...this is your intended target.

ARE THERE ANY QUESTIONS?

From this point, do not interrupt. If you even suspect you're in over your head, STOP and return to your physical body and listen to the remainder of this Instructional as training.

Clear all other considerations from yourself; do exactly WHAT I tell you, WHEN I tell you without any deviations or interruptions whatsoever!

Akurians, using your **FULL BODY SUPER SENSE DISCERN** the ChemTrail METALS covering the entire earth and now embedded in the bottom of all open water sources, lakes, streams, rivers and oceans.

Akurians on my command:

Akurians BIND the ground planes of your HAARP target to this ChemTrail covering!

Bind your target to the ChemTrail METALS that cover the HAARP sites too. You don't have to look very far, with micro-inches of those ground posts there are ChemTrail METALS!

Let me know when you are finished.

Akurians on my command:

Akurians, using your **FULL BODY SUPER SENSE DISCERN** the ChemTrail METALS in those HIGH ALTITUDE WINDS of the Earth's Atmosphere.

Akurians on my command:

Akurians, using your **FULL BODY SUPER SENSE DISCERN** the Sun and let the energies tell you: it's 800,000 miles in diameter, a burning ball of highly-radioactive electro-chemical fission and fusion, and you want every micro-volt of it.

Akurians on my command:

Akurians BIND all the electro-energies of the Sun to every particle of those HIGH ALTITUDE ChemTrail METALS!

Let me know when you are finished.

Akurians on my command:

Akurians, using your **FULL BODY SUPER SENSE DISCERN** the antennae sections of

your HAARP target.

Akurians on my command:

Akurians, again, using your **FULL BODY SUPER SENSE DISCERN** the Sun and let the energies tell you: it's 800,000 miles in diameter, a burning ball of highly-radioactive electro-chemical fission and fusion, and again you want every micro-volt of it.

Akurians, make a SUN LINK of all those energies and attach it to all those HAARP antennae you just discerned; and BIND them irrevocably to energize those antennae above and beyond their capability. YES! We want to overloaded to burn everything they are attached to and burn themselves when they transmit any signals whatsoever into those FULLY CHARGED HIGH ALTITUDE WINDS and ChemTrails METALS in the upper atmosphere.

Let me know when you are finished.

What we have just done is totally disrupted the intentions and missions of HAARP! We haven't shut it down ... **yet** ...but we have made damned sure that whatever they target next IS NOT going to go as planned. Even their normal TEST modes are going to be out of control and create havoc all over the planet. We don't have any given pin-point specifics, and won't know of the disasters until some news reports it. Things could go sour anywhere and everywhere. And, YES!; for those who are wondering, the earthquake scenarios will take out those underground chambers and passage ways just like they can buildings, roads and bridges on the surface.

The difference is: the OWG **Bastards That Be** may be attempting a flooding rain or drought and get an earthquake and in all probability NOT where they intended in either instance! Now wasn't that nice of us? The Akurians are far too generous ...

We, the Akurians, have just unleashed Hell Itself upon the whole world via HAARP and there isn't any way the OWG **Bastards That Be** can hide the TRUTH about it. Nor can THEY escape the seeming random disasters they will have set in motion. Just like our OUT-OF-CONTROL government at all levels: HAARP is now out of control, and what will become a world-wide rampage, will take its own people, installations and installation personnel with it. In short, the OWG **Bastards That Be** are going to get a HUGE dose of their own medicine with nowhere to run from it. Now they are in the same bus with the rest of us! (Gloat)
