

MOON STRIKE
16 February 2014 – 16 Adar I 5774

Akurians, on my command:

SET YOUR MIND, CLEAN YOUR SOUL AND REPEAT AFTER ME:

"Most High Lord God of All Creation, ALIAH ASUR HIGH: This is my True and Righteous Testimony to you as Ordered by You and Commissioned upon me in accordance with Your Holy Anointing and established Chain of Command:

"Consciousness of Consciousness this is the Great Vision: Lucifer and all your minions, Lucifer and all your intentions and all your designs, Lucifer and all your servants, knowing and ignorant: be you now bound in infinite restriction and bound in infinite deprivation that you accomplish nothing, real or imagined, in the Heavens above, in the Earth and in the Depths Beneath; into the deepest pits of Hell you are cast and there you shall remain until one thousand generations have passed in total freedom from you and your damnations! Consciousness of Consciousness, this is the Great Vision."

A bit of ancient information for all of us who like accurate information: The Anunnaki who bred with Anusazi females named the race of offspring "Nefilim" translated as "giants" in the earliest Biblical scripts. Just like the Patriot Act, Military Commissions Act and Affordable Health Care Act: *the name is a total and knowing damned lie!* The word "Nefilim" is the actual name of the race of Anunnaki, Anunnaki being the designation of WHICH authority is in-charge of them or that rules over their government. Therefore, when we refer to the soulless mongrel Nefilim, we're using the original name of the race of Anunnaki in a complete deception from the truth. It's about the same as finding a rain-barrel full of anything else: it's a barrel from all appearances but it damned sure doesn't have anything to do with rain!

This is the TWELFTH STRIKE on what we have named MOON BASE ANU; the last one being 02 September 2012. The Anunnaki and Nefilim have come up a bit in their regard for Akurians and our Strikes against them: and we've improved an equal amount! We can hit a lot harder today than we could eighteen months ago.

Everybody should have the Target Photograph available. The last Akurian Strike got their attention and they have not fully recovered from the damage. The recent Strike Team hits have damaged the interior of this installation, chambers and tunnels, and previous hits have given the Anunnaki Bastards a lot to think about with respect to the Akurians. Radiation inside their radiation-proof sections of installation being very high on their lists!

I want each of you to note the rectangle inside the RED CIRCLE. That is the median top of the structure. Though it looks rather flat, it's actually FOUR identical blocks with avenues between them. The avenues have been covered in as the sides were bunkered. Each block is about 22-23 MILES on an edge, 4-5 MILES high above the ground level at the time, with the avenues between them being about 5 MILES wide. The whole installation is about 50 MILES on each edge. Huge, to be sure, well ensconced in the Moon surface, and absolutely critical to the Anunnaki, Nefilim and all other ExtraTerrestrials invading and exploiting our Planet.

For the faint at heart: humans, Anusazi = Servants of Anu; were created by the Anunnaki = Those who from heaven came down – Nefilim by race. They simply were too immoral and pleasure-loving to do the manual labor of mining and gardening for themselves; and thus they created mankind, the Anusazi. Because they did that, they also inherited the responsibility – like any other parent – to oversee and ensure the well-being of their offspring. The big problem arose

when the Anusazi became intelligent enough to gain a soul and The Most High and Holy Law entered the picture. Holy Law does not change, nor does it excuse, just because someone achieves ExtraTerrestrial capabilities. Space Travel is not a great immunizer from the responsibilities prescribed in Holy Law.

The Anunnaki and Nefilim have been trying to exterminate mankind ever since, to eliminate their responsibilities of Guardianship until Mankind achieves Total Recognition for himself. Since the Anunnaki and Nefilim spare nothing to exterminate mankind; the Akurians are going to meet them halfway and spare nothing to exterminate the Anunnaki and Nefilim. And doing that, we know the total destruction of the Anunnaki and Nefilim and removal of all other equally bastardly ExtraTerrestrials from earth will compound our reach for the stars. That said, we WILL do it because we MUST do it.

We are at war! Our own physical creators have declared total-extermination war against us – the humans – and the Akurians are not going to just roll over and die with our whimpering intact. The Most High, Himself, gave us both the Authority and Means to defend ourselves; and the Akurians have no qualms whatsoever about using both!

Now to preparation; and YES, there are some points repeated out of necessity.

True and Righteous Proven Knowers of The Great Testimony and all Akurians throughout all Creation, hear me:

As it was given of The Most High by Supreme Lord Anointed Immanuel ben Joseph ben Nazaratti (Matthew 10:28): "And fear not them which kill the body, but are not able to kill the soul: but rather fear him which is able to destroy both soul and body in Hell;" and confirmed (Luke 12:5): "But I will forewarn you whom ye shall fear: Fear him, which after he hath killed hath power to cast into Hell; yea, I say unto you, Fear him." The Most High Lord God of All Creation, ALIHA ASUR HIGH, Himself, has testified to us: Supreme Lord of all High Lords El Aku ALIHA ASUR HIGH has both the Power and the Authority to destroy the body and cast body and soul into Hell at his leisure; and to Commission all his Powers and Authorities upon the True and Righteous until Shiloh; thus do we adjudicate The Damned and Testify against them now and in the Judgment to come.

I have always endeavored to empower those in true search, as FirePower alone is the final determining factor of success or failure. Whether military, politics, judicial, economics, education, science, religion, ad infinitum, power always proves itself to be the bottom line. Akurians have power. A great deal of power. Often underused simply because (1) the individual does not have a full understanding of either the nature of their power or the situation where said power should be applied; (2) because the individual does not practice sufficiently to become proficient; and (3) because the individual does not make their acquired FirePower skills their way of life. Contamination from Christianity has forced us into the habit of turning off everything religious until the next service! Akurians cannot do that and survive. We must ALWAYS be in FirePower mode – from wake-up to doze-off – and even in our dreams when possible.

Akurians do chants and invocations. So do hallelujah halfwits and psychopathic moslems. The difference is – *and that difference is monumental when applied properly* – Akurians operate almost exclusively FROM the Planes of Spiritual Creation! Every so-called 'religion' in existence has its mumbo-jumbo rituals, and all of them combined aren't worth a

tinker's dam. The Most High's Ears are dull to the point of deafness with all the 'hail Mary,' 'praise Jesus,' 'praise the lord,' 'Allahu Akbar' and all the other caterwauling of idiot elements regardless of the cause, reason or ceremony. And for the record, The Most High is no less contemptuous of the never-ending rhetoric of politicians, journalists and high-pressure sales.

Akurians are empowered by The Most High, Himself, by Truth and Knowledge and direct experience. We see hand prints all the time, usually within hours, a few days at most. When we jackass we're no more effective than the most idiotic hallelujah halfwit. It's really a simple matter for everybody in a given Invocation to DO THAT INVOCATION instead of any other agenda! It's also really a simple matter for everybody to DO THEIR PART OF THE DIRECTED INVOCATION and put all the other nonsense aside for the few minutes it takes. When we don't accomplish immediately, know for a fact: someone in that Team was jackass! I'm not talking about lack of experience, newbies and late-studiers are NOT the problem; I'm talking about Akurians with some other agenda or case of the ass that is both vile and detrimental to the Cause.

Being empowered as given in this Instructional comes with responsibility; and the FIRST responsibility of all Akurians is to be Righteous in The Sight of The Most High. We are in this world, in this time, of which The Most High has clearly specified His Agenda ages ago; and we, the Akurians are His on-scene Witnesses, Investigators, Judges, Juries, Jailors and Executioners. THAT IS ONE HELL OF A RESPONSIBILITY!

For instance, I am a Warrior. And as The Most High, Himself, has declared to all Creation that of all His Living Creations, I despise war more than any other. ***But war is my assigned duty.*** I, and I alone, chose my place and made every effort to excel at it. And the more I excelled, and applied my skills and expertise, the more I hated war. Unfortunately some entities only understand the final consequences of war WHEN IT IS APPLIED TO THEM, and not otherwise. It is a disgusting commentary that "no survivors" as in "total destruction" is the only application some entities understand and the only remedy to bring their damnations to a complete halt. And THAT is also our responsibility, starting with the Spiritual Demons, extending with the morally-bereft Anunnaki and Nefilim, and ending with the abject leaches of the human populace, specifically but not limited to those on government payroll beginning with the **Bastards That Be** having any authority. And we must accomplish all that with as little, or none, injury and destruction of the wildlife as possible.

ARE THERE ANY QUESTIONS?

That brings us to the application next on our agenda.

We're going to make TWO spiritual bodies out of light energies, and put one inside the other exactly ***when*** and ***as*** I instruct. These spiritual bodies are NOT going to be the same nor do the same job: ***therefore, do not jump ahead of my instruction!***

Now, everybody get as relaxed as you can, and on my command, I want everybody to visualize their own physical body, fill it with the whitest light you can manage, and stand it out from you into any clear area. Don't stand it in a piece of furniture or wall, but in the nearest empty space. If your place is like mine, that only leaves the roof!

On my command:

Akurians send forth your BODY OF LIGHT.

Akurians, attend that **BODY OF LIGHT** that you see, hear, feel, taste, touch and experience through it; and not through your physical body.

We're not going to waste this **BODY OF LIGHT**, we're going to use it as a transmission link.

Establish this **BODY OF LIGHT** with all the strength and endurance you can muster. You need a very strong **BODY OF LIGHT** for what we're going to use it for. We're going to operate in BOTH this **BODY OF LIGHT** and a Living **BODY OF FIRE**, using this **BODY OF LIGHT** as a permanent and deadly transmission link between the fatal energies of the Sun and the remaining Anunnaki and Nefilim at Moon Base Anu.

Next step in the preparations. Consciously leave your **BODY OF LIGHT** and return to your physical body for the next procedure.

Akurians, envision another Image of your Living Body; and project it into the previous **BODY OF LIGHT**. Merge one into the other but do NOT attach them. At this point you should have TWO spirit bodies, one inside the other without being attached or bound.

Fly both Images into the center of the Sun and expand your second spirit body to 400,000 miles in diameter, noting you are still inside the Sun; expand the first spirit body to 800,000 miles in diameter and fill it with all the Sun's energies, attaching it to the Sun that the Sun must vibrate like a transmitter with all the light it emits, modulated with all the Forces and Energies you will determine in the process of this strike.

Fill your spirit body of 400,000 miles in diameter with all the present Light and Electric Energies as you can manage, with as much Black Fire as you can muster, which will turn this Spirit Image into a **BODY OF FIRE** the instant you charge it with: **AKASHA, AIR, FIRE, WATER, EARTH – INTELLIGENCE, COMPREHENSION, DISCERNMENT, STRENGTH, COURAGE, POWER, TELEPATHY, CLAIRVOYANCE, TELEKINESIS!** You'll know when you've got it right because the 400,000 mile diameter spirit body will turn a very beautiful gold in color.

Akurians, establish an anchor between this new Living **BODY OF FIRE** and the Sun to become an Eternal Link of Infinite Power. Now, with a Golden Living **BODY OF FIRE** link between your Living **BODY OF FIRE** and the Sun, attach it to the other **BODY OF LIGHT** which is 800,000 miles in diameter and still IN the Sun and fly it – your **BODY OF LIGHT** attached to your Living **BODY OF FIRE** in the Sun – to the Moon Base as presented in the photo, inside the Red Circle. You should have your 400,000 mile diameter **BODY OF FIRE** anchored in the center of the Sun and linked to your 800,000 mile diameter **BODY OF LIGHT** ready to encompass the entire Moon!

Discern the nearest Akurian on both sides and link with whoever that happens to be. You are now a huge and very dangerous Command of Living **BODIES OF FIRE**. Reduce your size to fit the 50 by 50 mile square of Moon Base Aku and prepare to descend the 50 miles to the bottom of the installation.

Do not waste energy on the physical structure itself, destroy everything else. All the electrical and computer systems, gates, equipment, dampers and personnel. **No exceptions.** Should you discern any entity whatsoever, bind it to die and send it into Eternal Perdition. **No exceptions there either.** In proper form, each of you are a 50 mile wide and 50 mile long Living **BODY OF FIRE**; burning everything from the neutrinos to the heaviest installation, and anyone and everyone within the Strike Zone.

It will take some of you a few minutes, so be about it, and do not spare anything other than the structure itself. Don't waste energy on the walls, ceilings, floors or columns. Just destroy everything attached to, standing on, or alive anywhere in them. All systems and systems control devices, valves, pumps, motors, switches and computers – programs, systems and all.

Now attach the Sun Link of the **BODY OF FIRE** you left in the Sun to the Moon Base to keep feeding death and destruction until you, alone, remove it; and THAT will be well after the documented and lived-up-to surrender of the Anunnaki and Nefilim.

Release yourself and return to your physical body.
