## **The Akurian Task Force – Project Recruiting!**

The tool we'll use is FaceBook because of many Akurians already involved in it. This plan is a model for use in any social networking, political blogs, paranormal, and anywhere we can engage. To start, we'll be engaging in Religious Groups.

### **Goals**

This plan is to enhance ALL our Akurian endeavors.

It should greatly improve recruiting endeavors, involvement, and increase sales of The Anointed, The Elect, and The Damned!

It will create the necessary Akasha for Akurians and Proven Knowers – the room for Akurians to exist.

It will help tighten function with respect to the Chain of Command and dealing with differences in skills with Neophytes.

It will facilitate the establishment of Akurians as Akurians.

All Akurians hope that people will want to come aboard with the proper "Wake Up" mentality we all want; this will accelerate that function.

Akurians are wanted and needed in ALL these endeavors.

We'll tighten up being a United Disciplined Corps.

This type of Activity puts it on OUR GROUND - Akurian!

Our DIRECT approach should become easier with respect to involvement, without tangents, and minimize emotional reactions. And, we are able to take people where they are on our ground and terms.

Akurians will also learn. ANSWERS should be and become consistent by all Akurians without having our own version of what it is and means to be Akurian like the Hallelujah Half-Wits are with having their own version of 'jesus' and the interpretations of their god of 'belief' and Idolatry they commit with any Bible. Consider: How many have learned from Chylon's answers?

It's an easier way for Neophytes to learn and to train them and the information is useful again and again.

This will increase and improve our own Discipline(s).

Remember our job is not to convert the world, but to save a remnant.

## Objectives

What to post in the various Groups (such may also apply to your own individual posts too) MUST encourage:

1. Who we are as Akurians
2. Get them to communicate with you and us as Akurians.
3. Get them to BUY and READ "The Anointed, The Elect, and The Damned!"
4. Respond as an Akurian to other people's posts and support your fellow Akurian. If your comment cannot be supported by a fellow Akurian especially when it comes to ANSWERS, please don't post. If you don't know how or have an idea of how, talk to a Senior.
5. Try to keep things to Akurian items and the Akurian agenda.
6. Make your words matter and count from an Akurian position and strength.
7. We'll ALL grow as Akurians and it will make our jobs somewhat easier.
8. To increase our Akurian numbers and membership in The Anointed of God, Pathfinders of Elijah, Inc.
9. AND..... DO our JOBS AS WE ARE COMMANDED TO DO! Preserve the remnant without burning everyone in sight going in the door!

## Personnel

Akurian Task Force: Chylon, Dave, **Dusty**, Diane, **Doreen**, **Rachel**, Elaina, **Wally (withdrew 12/16/13)**, Kurt (using the profile of his choice), Allen Miller, Sarah Pennymore, Ginny, We'll add to the Task Force as the process is stabilized/established and comfortable as all the kinks get worked out and more people come aboard as Neophytes.

**Bold** – confirmed receipt of email

Underline – in the group "God outside the box"

## The Procedure

The group to start with is "God outside the box" (we will add other groups as necessary and time permits).

Make sure all the Akurians in the Task Force above are in the group and are your FaceBook Friends. Currently, Chylon and Sarah Pennymore isn't in the group, but everyone who isn't in the group already, join and once you're in, add Chylon and Sarah to the group. Make sure you're Friends with everyone in the task force.

Because people are likely to get thrown out of groups repeatedly, this is a process we'll use again and again as new groups come and go. Chylon has been thrown out of a lot of groups, so when we select the new group, chances are she'll have to be added. Her participation will generally be to ANSWER QUESTIONS and help Akurians with ANSWERS, endeavor to keep people on task, and facilitate follow-up questions and training of Neophytes as they come aboard whether inside the group's exchanges or not!

For "God outside the box" there is a poster by the name of Erin Thompson (also an administrator) in the group, that asks some excellent questions; search out Erin Thompson and LOOK at her Original Posts (OP). This is an idea of what we're going to endeavor to work with. Search for them in the search box and just look.

Since Chylon was thrown out of this group, make sure you read the exchanges she's been involved in and with, but don't do anything else, including "like-ing" her comments until we're ready to engage. There will be an appropriate time for everyone to go back and "like" them. If there is anything to be concerned about, please inform Chylon until she's back in the group and she can see for herself. You might need to copy and paste, or make an Acrobat File of the WHOLE thread and send them to her regular email. If this is a problem, and for some of you it might be, please advise her directly and she'll advise what to do.

## Steps to take

1. In general, when people get into a group to establish it with some credibility, go into the group and "like" a lot of posts. For articles and things, make a comment to the effect, "interesting" and not much more, etcetera.
2. Search out Erin Thompson and "like" all her posts.
3. Dave Schipul is going to tag the question as a good one and post to the effect "Do you want to know the answer or do you just want commentary?"
4. Rachel goes in and posts, "I do" with a smiley (this is for niceness). This makes the room for Akasha to exist.
5. Another Akurian goes in to support the "I do too" with another smiley or a <3 which will do a heart and says to the effect they want the ANSWER too. This supports the Akurian ANSWERS and room for them to exist.
6. Sometimes another Akurian goes in and makes the statement, "where is an Akurian or Proven Knower when you need one" with a smiley. This will happen as the process, procedure, and kinks are worked out.
7. Then an Akurian will go in with the ANSWER!
8. Then follow up by everyone by "liking" EACH and EVERY Akurian Post/Comment with additional commentary to the AKURIAN ANSWER with such things as "I like that", "Good Answer".
9. There will be comments that will try to derail the Akurian ANSWERS, but do as necessary to ignore or Go Up the Chain of Command for a way to deal with it in a Unified Manner. This is some of the kinks that will need to be worked out.
10. One thing to do is ALWAYS bring it back to the OP when other stuff in the thread occurs. We will have to consider these on a case by case basis. It will become easier when and as the kinks

are worked out. We ALL know that people will endeavor to come up with a hijack. When that happens, encourage the hijacker to consider posting a new OP.

11. The question we're looking for ULTIMATELY for people to ask is "How do you know." Then WE THE AKURIANS can ANSWER THEM with the Proof they can do all by themselves!

Though you'll see many Posts in any group, we're interested in Original Posts that have QUESTIONS in them along the lines that Erin Thompson asks because they can be ANSWERED – which is what we want to do. This is going to take/require a lot of discipline and focus to maintain as our own experience confirms.

And remember, you're going to see a lot of notifications. You'll need the notifications to be aware of activity. Make sure you have them turned on.

## **Our Questions**

If we get to ask questions (lasting long enough to do so without being thrown out of the group(s), we'll simply post them and thank them for their comments AND THAT'S ALL! If we get a question, we'll encourage them to post on it's own thread. If they don't post a new question, they don't want the ANSWER!

This will give us an ongoing Akurian Presence and ON OUR GROUND and on our terms.

This may help us refine our approaches to the problems. Yes, we KNOW what the problems are, but we can ALWAYS improve our skill in the process by their responses and comments. Remember, we're looking NOT to comment, put words on the page, or to make them think – they can't do that anyway. We're there for ANSWERS! While we all wish they would "think" they're not going to do so until they're ready. The best way to identify their readiness is for them to ask a question.

## **The Golden Moment**

The Golden Moments and success of our activities is when they want to KNOW how we KNOW! Our response is to given them, as it fits within the constructs of what's going on, the instructions for The Proof and the information to, The Anointed, The Elect, and The Damned!

## **The Do's**

Support the Akurian ANSWERS.

If other people have additional questions, encourage them to start a NEW POST! Make an effort not to address their new questions in the same post with ANSWERS we're working on. A new post is an opportunity for Akurians to exist with more ANSWERS.

If you are contacted via Private Messaging (PM) by anyone, make sure it goes up the Chain of Command to Bobby and Chylon. This will prevent the Back Door and the possibility of the Back Door. Make no

mistake! People will endeavor Divide and Conquer tactics. And, these problems are easier to avoid than to undo! This cannot be overstressed and emphasized!

Seniors need to KNOW what's happening, who it's happening with, so they can help support your endeavors. Do not leave Bobby and Chylon out of the loop!

The BIG do is we want people to do is TAKE THE PROOF! One thing that is an absolute certainty with enough people is NOTHING is ever "good enough" evidence! We're not going to do their homework for them.

## **The Don'ts**

Even if you know the answers yourself, DON'T ANSWER out of/from the procedure at this stage of the game.

Don't answer the question unless you are ABSOLUTELY sure of the ANSWER and can/will be complete! Check with Dusty or Chylon FIRST before posting ANSWERS! Too many are Rushing to Judgment. Too many aren't doing enough and complete DISCERNMENT! Too many are answering with information that isn't on Akurian Ground – even with evidence. Too many are incomplete.

Don't get involved beyond ANSWERING people's questions away from the Original Post. Make the efforts to bring it back to the OP.

Don't post anything that isn't specific to OUR Akurian items IF you post. If it is a something else, make sure you can tie it to something Akurian.

Don't do their homework/research for them. You make it harder for you when you do and the effort to make it easier for them doesn't work 99.99999999% of the time. And YES, the number is deliberate. Most of the time, no amount of supplemental information is ever "good enough"! Wait until they ask you for the supplemental information AFTER your investment of time is worth taking the time to do.

Don't sell other people's efforts! Sell OURS!

Unless it is cleared with Dusty or Chylon, don't start an original post in a group we're working as a team on. We will do OP's when in due time and logistics are prepared.

## **Akurian "Secret" Group**

I will set up a group and add everyone to it. The purpose of the group will be to allow ourselves to discuss and refine notes of importance and ANSWERS before the post of the ANSWER! This will help us stay on task and target with what is going on in any thread.

Because we're doing this as a United Effort and given the way posts/threads normally work, we're going to have to tighten up our own resolve and focus. We ALL know there is going to be in-between exchange(s) that normally will infuriate us – that IS what these things tend to do. This is the bug we're

going to have to tighten up ourselves to address and there are some unknowns as to how it is going to work between and among us as Akurians through the process. Hopefully the "Secret Group" will be THE effective tool we'll use to address and accommodate these unknowns to come up with a working solution and/or refinement. This is also likely where we'll need to do much adjustments.

In the meantime, Dusty and Chylon will be the final authorities on how to proceed when these difficulties present themselves.

Don't pursue an in-between dialog until Dusty or Chylon authorizes the response.

## **Notes of Importance**

### **Chylon's Commentary**

Many have seen Chylon's commentary and we all know it is very strongly written. One of the things she often says is to the effect of having "guts and courage" in her posts. While we ALL wish it could be put to people softer, it can't. And think about it. If they don't have the guts and courage to work through her answers, how will they get through Kitty. Everyone has had difficulty with bringing people into our nightly sessions because of Kitty to start with.

Of they DO have the guts and courage, they're much easier to train across the board from an Akurian point of view and it will take less time. Make no mistake. We need people who have backbones to work through the very tough subjects we deal with in Training and our Nightly Blasts. We've ALL had to work through our own programming to get to KILL. WE ARE AT WAR and people DIE in WAR!

### **Time**

As for TIME – we all have a pretty good handle on Chylon and Bobby's time, we cannot answer too many questions in these groups in a day and get the necessary follow up accomplished especially if their help is needed or required. There are times they both spend several hours on a response in addition to everything else we do. And when there is a question that people will require additional follow up with a phone call, that is going to take time we'll need to spend away from the group until time is freed up.

While it might take time to get everyone's involvement, GIVE IT THE NECESSARY TIME! We're in different timezones and keep different hours. Some work and won't be able to attend to posting until AFTER they get home from work. BE PATIENT!

### **Individual Posts**

Consider how many posts that are put up by Akurian FaceBooker's that don't have a question for Akurians to support? How many are information for information's sake that don't have an Akasha for Akurian SOLUTION – FaceBook or otherwise? How many items are on emotional levels? Remember emotions can and do betray, they're not the best indicator of the whole story, they're temporary at best, and our enemies can and will use them against.

## Our Discussion Group

It may come about we'll direct people over to OUR Spiritual Discussions Group. We'll handle that as it comes, but everyone needs/must tighten the handling of it now. Since we'd not be starting fresh with a new group, this is a way that any new member from any other group can get additional information and answers that are more complete. This will allow Akurians a lot of excellent follow-up opportunities and relationships to be built that's on our ground.

## Definitions

Back Door – a Back Door is when someone goes behind your back to try and get something different or result. This is an EXCELLENT tactic used to divide and conquer; don't let that happen. Don't Back Door and don't be Back Doored.

In-between – in-between comments are between something we say and anyone else.

OP – Original Post

PM – Private Messaging

Thread – this is the conversation down the OP.

## Recommended Items

Of course, it is going to be helpful with this plan when people get added to join facebook and add friends.

It will help to have a program or utility to print to .pdf. This is the best way to get the information to everyone who is not a FaceBook user. For PC users, this is a free option.

<http://www.cutepdf.com/products/cutepdf/writer.asp>

Mac and Linux users, please seek out a solution and inform us of the choices.

Phone users, please seek out an ap that will do the job and let us know what it is.

We may use our conference room numbers at any time we need to do so. For purposes of this Task Force Group, we'll use the Magic Jack Conference Room Numbers. We'll NEVER meet during our Nightly Blast Sessions. If need be, we'll get another access code.

It might help some to have a google phone number.

## Final

**Do not mention this Project outside of the Task Force Team AND Bobby! Never address anything whatsoever in akurianinfo - NEVER! Never mention this in our Nightly Blast Sessions - NEVER! Never address anything with any other Akurian for any reason whatsoever - NEVER!**

# IS THIS ABSOLUTELY CLEAR!? It had better be! 😊

## Any questions? Contact Chylon ASAP!

### Plan of Action for ANSWERS!

1. The "secret" group is already created and established. This is where we'll do our communications on a regular basis and unless necessary via regular email (which is likely to happen), we'll keep it that way.
2. The first thing is to make sure everyone is in the group "God outside the box" at <https://www.facebook.com/groups/456081351095795/>. Since Chylon and Sarah Pennymore were already kicked out, everyone go in and add them if you haven't already done so.

As a note, upon Chylon and Sarah getting back in the group (that is if they do), look for any hint of special rules. This will be important in the future.

They're also going to think we're all one person. Look for that to occur. It is confirmation of who we are as Akurians of one mind. If this isn't the group we can do it with, we'll select another and there are many of them. Either way, we're going to work through the bugs with "God outside the box" until we move to another group – which will occur!

3. The next step to do in the group (assuming we're not kicked out) is click "like" on a bunch of OP's; and if you want, click "like" on some of the comments others make for a few days. This will help support and establish that a lot of people will see your NAME. Try to "like" things on OP's that have links to them, post something like a smiley or thumbs up (y). Again this will establish that a lot of people will see your NAME and then when you do post with something, they will recognize your NAME.

If you want to read the link, fine, if you don't fine too; even so, click "like" on it and several of the comments. Remember, people often get a notification with your NAME. We'll do this for a few days. Try to "like" posts from DIFFERENT people so they'll get the notification. And, find posts that have a lot of discussions on them too because of the notifications involved; generally a lot of different people have posted in some of the posts.

It's ALL about getting YOUR NAME out there, recognized, and they (whoever "they" are) get notified of it.

Understand: This will establish YOUR NAME as a recognition and one "they" PAY ATTENTION to when it happens/occurs and Task Force Members Post ANSWERS!

4. All the while, PAY ATTENTION to Original Posts that ASK QUESTIONS or have questions in them! They will be the ones we'll most likely target to ENGAGE so we can provide ANSWERS! If something gets your attention, please copy it to the "secret" group.
5. In the meantime, we'll bounce items that come up from target groups we're going to work with and get ANSWERS BEFORE we post them to the very Groups we engage! Much of this discussion, the trial and error for ANSWERS, will be dealt with in our "secret" group because it is going to be a learning curve for some people in the Task Force itself! We'll deal with posted commentary/problems as it comes up for the best way to handle also in the "secret" group!

Those Akurians who will provide the ANSWERS (and we'll trade off) will have them ready to go because we'll already have worked them out beforehand. The one caution and think to remember is we're not writing books (longer posts are ok and necessary) and we've got to continue to make room for more QUESTIONS for NEW OP's, not commentary or additional discussion within the thread, to exist.

Remember: Almost all the questions we can ask really can require books for the ANSWER. We need/must be complete enough though – and that's what we're going to do.

Note: Remember Chylon is coming up on the most intensive time of her year (the 1<sup>st</sup> quarter) so we're not going to be able to deal with too many at one time especially since fall out may have additional questions to deal with. We're going to control it and it not control us.

6. We'll select a post with a question and get the ball going for engagement. Most likely it will be Dave that will ask the question, "Do you want to know the answer or get read comments?" Akurians will post, "I do", "me too", "I'd like to know" etcetera. Then the Akurian will post the ANSWER! We'll assign those in the "Secret" group and trade off.
7. We'll deal with the in-betweens as we need to. Because we're doing this as a united front, we're going to experience things that cannot be projected right now. Again, we'll deal with them in the "secret" group.
8. Make every effort not to engage the in-betweens within the thread itself or via PM – this is back-dooring. If within the thread itself, we're going to have to figure out how to handle to keep things on track and back to the OP. If people do come up with something either way, encourage them to start a new post with questions.

Akurians – don't ask questions inside the threads because people won't answer them. We will come up with several of our own questions as time goes by.

## Plan of Action when WE ask questions!

1. When we figure out which questions we're going to ask, or want to, we're going to make sure they're not just to get any answer. They're going to be items WE are going to control with OUR ANSWERS. **DON'T POST QUESTIONS until we agree on them and enough TEAM MEMBERS are**

**duly INFORMED.** Please post Questions that you have as suggestions in the Secret Group. Remember though, Chylon is going to hit her busiest time of the year and will not be able to deal with all the possibilities immediately. Note: Chylon will have executive privilege on questions to post.

2. We'll post questions and let them just answer, we'll all click "like", and dependent on the question and responses we'll have a course of action to take. This will all be discussed in our "secret" group prior to posting.
3. An example of a question we'll ask is, "how will you identify jesus when he comes?"
4. We will be able to use our questions over and over again because of the various groups we'll involve ourselves in.

**AGAIN, DO NOT DISCUSS THIS INFORMATION WITH ANY OTHER AKURIAN EXCEPT THOSE IN THE TASK FORCE AND BOBBY!**

**This is NEVER to be discussed in our Blast Sessions!**

## **When it comes time to talk to people – which will eventually occur**

Get a Magic Jack for those who can afford one.

The other option is a Google Number.

## **Sample Questions We Ask Them**

We'll add to the list as things come up.

How will you identify jesus if he was to come back tomorrow?

What's your word worth?

When does your word mean nothing?

How to make words worth something?

How many of you pray and want god to be your servant? Help is what?

## **Akurian Task Force Training Part II**

There's a lot of behavior that we've all engaged in over the years and we all have developed some bad habits for AKURIAN TASK FORCE purposes that need to be refined or broken. We've got to change IF we are going to get anywhere. This is not to berate any past habits, but we may use items as EXAMPLES and LEARN from them to our great advantage. We've all made mistakes, developed some bad habits, and now we all can learn new ways of approaching our activities online because of the tremendous

opportunity that it is with this Task Force. This Task Force approach is NEW to all of us. We're developing it as it comes. But, had it not been for some past bad habits, our strength of this Task Force wouldn't be the powerful team that it is.

As a suggestion, review the threads in our Discussion Group AND your own threads. Study them to see where the mistakes were made, energy shifts, and where things happened and rushing to judgment occurred, incomplete information was provided, and where it got off your ground. Study the way Bobby writes.

This information is a GUIDELINE for the Akurian Task Force Group and it will become a part of the record for future Task Force Members to learn from. It is not a one size fit all, but it is likely going to help improve our efforts across the board. The issues and instruction are not limited to religion. They apply in politics and paranormal as well.

## **The Akurian Agenda – for this endeavor**

Remember - Our Agenda for this Task Force is to Recruit and Train new Akurians. If your participation as a member of this Task Force, and your efforts don't "fit" into THIS Agenda, you're not on this Akurian Agenda. You're on your OWN Agenda regarding the Task Force! If you want to be on your own Agenda online and continue with what you've already been doing, that is not a problem for any of you to do so. Send me a note, call, etcetera and I'll remove you from the Task Force. It's understood that some of you have been very active in certain things already and have your fair share of time invested in what you do.

## **Sell Akurian not Bible**

Our Agenda is not to sell the Bible or any other religion but Akurian. We're there to do OUR job as Akurians and none other. Posts and comments with respect to Task Force endeavors must be about the business of who we are as Akurians, our information, our resources, etcetera. If you use other information of any kind in these group activities, make sure it goes to the Akurian Agenda. If it can't accomplish that, the references, links, videos, etcetera are generally worthless! **PLEASE DON'T USE THEM.** When it comes to us reading such information, it's generally preaching to the choir and generally unnecessary between and among ourselves. We're all pretty tired of the know to know so that we can be informed to be informed. Of course, if any does look into any of these references and you have a question because of it, ASK them!

## **Time**

We've got to become better at the usage of our time and efforts expended. We've got to pick our Battles using the TIME we have to do it with.

Remember – our JOB isn't to save the world but to preserve a remnant.

The efforts in this training are geared purposely to having people come to you the way we do things as Akurians - by example. Akurians ARE Be/Been there, Do/Done It people. A most effective way using the tools we have to do it with is to do so by **ANSWERING QUESTIONS!** Most of you came aboard because you got your questions answered. You didn't like answers that came with additional questions that made the problem bigger; don't do that to anyone else. People ARE looking for ANSWERS! When they're provided, some aren't going to "like" the answers and some are going to take a while to realize they've been provided. That's ok; they've still got the ANSWERS, which is our JOB to do! We want to do ANSWERS in a one-size fits the most given the nature of Social Media and the way it works.

Since we all come from different backgrounds and different expertises, we also need to consider the TIME requirements as others are involved. Answers need to be complete enough without the book, and written in such manner that other Akurians don't have to do more research that takes time in order to support another Akurian in the process.

Another thing that is going to take TIME in our Task Force endeavors is there are going to be people coming aboard that will need some of your TIME to learn HOW to BE Akurian. The consideration of all our efforts also must include the responsibility for relevant Time and Training. Some of you are going to have to ask questions to Bobby and Chylon.

Make no mistake. Neophytes REQUIRE time and training. We're going to experience people who come to Akurians after experiencing something we've written a year later. The AVERAGE person requires a YEAR to read The AED. And it takes them about a YEAR to feel comfortable as an Akurian.

So when you read a post of any kind, keep these things in mind as you consider how your time is to be spent AND EVERYONE ELSE'S in relationship to the Agenda and Task Force involvement. This is not dictating any other activity EXCEPT this Akurian Task Force engagement. That said, your own personal items are going to be viewed under microscopes by others. Be aware of this! Consider: Are you posting more of the problem OR are you posting the ANSWERS and SOLUTION(s)? We're people of ANSWERS and SOLUTIONS! When we do things on ANSWERS and SOLUTIONS, we're tended to be **ON OUR GROUND!** To insure it is on our ground, we have to be very prudent about the matter and even then, mistakes are VERY easy to make. Advice Bobby's ALWAYS used – things are easier to avoid than undo.

Another thing to get used to is we're going to be dealing with the same things over and over and over again. 'Christians' ask the same questions again and again. Don't think so? Join a lot of religious groups and you'll see for yourself. They come up with the same things again and again and have for 1000's of years. While it is often frustrating dealing with the same things again and again, remember they're doing so because they never got ANSWERS or they're endeavoring to proselytize people to suffer their same misery, and punishment consequence! As a suggestion/recommendation, SAVE Akurian ANSWERS so you can access them quickly when required to copy, paste, and re-craft appropriately.

## **Specific to Posting**

Again, the posts that we intend to deal with as Akurians are going to have/contain Questions and generally not links, blogs, articles, videos, but **QUESTIONS**. Either the questioner wants them

ANSWERED or they don't! Emotions are another issue. We're taking the **Questioner** where they are and not everyone else; that will happen later. Make sure you re-program yourself to attend to the Original Post and not all the stupidity(ies) of everyone else's words, comments, links, idiocy, etcetera. When any Akurian is mentioned by name or referred to, we're going to deal with those things.

The most important thing to consider with each and every post, comment, remark, and/or QUESTION is HOW to put it on **Akurian Ground!** Is the question one we can put on Akurian Ground? Those we can't, IGNORE THEM and MOVE ON! It's going to be enough to deal with those we will work with. Dealing with the in-betweens can be incredibly TIME intensive and the RESPONSIBILITY of following up with people is also going to take/require additional TIME! Those who work at jobs are not able to keep up with some of the in-between conversations that will occur in the timely manner as those who can deal with them quickly.

We cannot deal with ALL the questions. We're going to pick and choose. We have to. This will become very clear as time goes by because of TIME!

A Guideline that Chylon has used is to write the answer with the best that she could do FIRST. Sometimes she has to get additional information and/or do some research. After writing, she generally asked Pete to review and then forwarded the information to Bobby BEFORE she emailed the answer or posted. Her guiding force was Bobby. She'd either consider how he would write it AND/OR what ingredients would Bobby use in a response.

IMPORTANT - It should never be a problem for ANYONE to get his or her writing reviewed by another Akurian.

## **Technique that will help find posts we're looking for**

One of the problems that we'll all have is getting to the Original Post we're going to address. This process will help those who aren't able to do Task Force Operations during the week. The solution is to have the URL. So here's a way to get to the URL. While some already know this method, other don't.

This example is obtained using the Safari Search Engine, but there is a similarity in all of the browsers on a computer. Phone users might have a different problem. Once everyone has the link, getting to it with a URL should be pretty easy; it's a matter of clicking on it. Chylon doesn't have this searching capability on her phone. This might be a problem for those who use phones exclusively. Phone users, if you do have a way to search, please get the instructions on how to Chylon so it can be added to the instructions when we get new Task Force Members. Please advise Chylon if they do not work for you or you need additional help. This method will be used quite often.

Here's a way to "get there" on a computer or laptop.

1. Be in the group/place where you want to search. About a 1/3 of the way down on the right side, there's a magnifying glass icon under the banner.
2. Click it and a place where you can search comes up.

3. Put the name in of the person or word you want searched.
4. The output is all the places in the group where the word searched is popped up. When you click on any of them, the whole post shows up AND there is a specific URL in the address bar.
5. Copy the address bar URL and everyone in the group can see the address.
6. We'll use this address to get where we need to go. This will come in quite handy with our Task Force Endeavors to find what we're looking for and make it easier to post especially for people who won't be able to do anything until the evenings (after they get home from work) or the weekends.

This will help email and in our group locating what we need. Please use it.

**This is the process used to address below – see Turning a Question into an Akurian Ground Answer.**

## Posts with Questions

When you see a post with a Question, DO YOU KNOW THE ANSWER YOURSELF? Even if you do know the answer, do you know ALL of it from an Akurian position and on Akurian ground? Can you follow up your answer if there are other questions that come up because of the answer? Don't assume or rush to judgment. People still have a lot of de-programming to do!

Truth is, we can't even begin to suspect all the follow-up questions that come up. We'll have to take them as they come as a TEAM.

Depending on the OP (and other items that come up consequently), sometimes additional information and/or research is REQUIRED in order to ANSWER their question. Make sure that when additional information is needed that your questions are to get the necessary clarifications to provide good ANSWERS on Akurian Ground. If you ask questions for the hell of it, in a Religious Group even if you have an idea about something towards an Akurian end, you're going to get their answers/comments on Biblical Ground not Akurian Ground! There are going to be times we will want to see what people are thinking and sometimes we won't. It's ALWAYS going to be for the purpose of OUR AKURIAN GROUND!

Akurians aren't on the same Ground concerning the Bible and even if they are familiar with it, we all tend to use things from the Bible that were important to us individually that's not necessarily group importance and they won't work necessarily for this Task Force operation. And IF you're going to deal with Bible, more often than not you'll be selling Bible and 'christianity', not Akurian. Asking more questions for the hell of it ALWAYS makes the problem BIGGER not smaller and takes more TIME. The writing requirement and TIME is, and becomes, more extensive; we must use our TIME more effectively AND efficiently.

If you don't KNOW the answer to the question, is it one YOU personally need an ANSWER for? If so, get with an Akurian who does know.

If it isn't a question we can engage in and effectively ANSWER, we're going to move on to another post.

## **The ANSWERS**

Understand: At first, most people aren't going to "like" our ANSWERS! Sometimes it takes people TIME to digest them outside their 'belief' god at first. Our ANSWERS take people by storm in a way unlike they've never known or experienced before. And if/when they're in trouble in their own lives personally, they're going to remember OUR words in that time of need more than any other because they're ANSWERS they can DEPEND on! Don't be concerned about them not "liking" the answers right now.

You don't need to concern yourself with 'their' emotions and you don't need to be tied/attached to their results or lack of them. Your success isn't based on 'their' 'beliefs', 'faith', 'jesus', etcetera.

While it's understood that you're going to experience your own emotions, remember DON'T LET THEM BETRAY YOU in the process. And YES, this is where we all don't have to "like" the answers ourselves, but we still MUST provide them IF we're going to DO/ACCOMPLISH OUR JOBS!

When you do post any comment, the second question to ask yourself is what will your post accomplish? Just because you can WRITE something on any post doesn't mean you should. We're looking for a way to RECRUIT and GROW as a Corps with respect to any and all of our TEAM involvement on these things. Commentary and responses generally don't do that.

Discipline yourselves to ANSWER the Original Post when you do post! Do not worry about the in-betweens or anyone else's post – ONLY THE OP! Post to the in-between's WHEN YOU ARE ASKED to do so and/or you know the in-between is SPECIFICALLY addressed to you! Look for the QUESTIONS and ANSWER them! If they're mocking you or your answer, DON'T TOLERATE THE FALSE WITNESS. Not "liking" it is one thing, but being a False Witness is another! Call ALL False Witness's into account! Do not give anyone an inch with respect to it. One BIG CLUE is when they impute unto you 'their' 'beliefs'. You're not 'believers' remember.

Remember OUR GOAL – get them to take the Proof! Whether or not they ever read The AED, see anything else Akurian, it is the Testimony of The Most High that is the ULTIMATE! There isn't anything higher than the ULTIMATE of The Proof of The Great Testimony and NONE/No one can top it. And when we experience in their responses regarding anything concerning Race and/or Cult, we have gotten their attention in some way. These two things are the FIRST things generally that comes up. We're racial PURISTS not RACISTS and here in the United States of America we have freedom OF/FROM Religion – even if it is a cult. Truth is, by definition, that IS what THEY are all about.

Our job is not to dictate their answers via The Proof. Our job is to get them to The Proof OR be a Witness and Testimony AGAINST THEM!

## **DON'T BACK DOOR**

If you get personal communication from ANYONE as a result of Task Force Activities, make sure Chylon is informed of WHO and any and ALL relevant information! The problems will be IMMENSE if you don't do this!

## Same Question – 2 Different People

This is a problem that takes time and experience to understand what it is and how it works. This point is included because there are times that we'll get the same question (or statements) asked by two different people with 2 different intents. This is not the same problem as Back Dooring. This is the difference between an idiotic intent and a sincere one with a question. It's going to take time for people to realize the difference between the two. The importance is DON'T RUSH TO JUDGMENT.

Consider the intents in these Examples

- \* Something with The proof
- Something with holy law
- Do you 'believe' in god?

The 'belief' issue to knowing, no I don't; the Most High exists – as an OP? Sincere question because they've read something of the AED and wants clarification or to use it as a test either way - \* do you believe in god or the most high? - God or god?

After they've experienced something of Akurian,

## Don't Rush To Judgment

- How do I get the evil spirits in my house
- Something with holy law

## DON'T GO INTO SOMEONE ELSE'S HOLY GROUND!

There are times people talk to Bobby and/or Chylon that approaches on Holy Ground. Generally speaking, those conversations will stay in Holy Ground. Holy Ground is between any individual and The Most High over their soul. Other than Holy Ground issues, generally we'll endeavor to get responses to everyone.

## Analysis

I've picked a couple of threads that we can use for purposes of Training and Discussion about it. Some of you may get a different take regarding the analysis and that's OK. This is just an EXAMPLE that Dusty and Chylon came up with that can be used as a GUIDELINE for study and review.

## Erin Thompson #1

**Do All Roads Lead to God? The Christian Attitude Toward Non-Christian Religions can be a hard one. What will God do with all those non Christians? Will you be disappointed if life after death includes some of the people you thought were not going to be there?**

<https://www.facebook.com/groups/456081351095795/permalink/610217012348894/>

Erin Thompson asked 3 Questions and made one statement. Other questions/comments in the thread, IGNORE THEM!

If this is a question we'll take on, we have 3 questions to ANSWER and if we do so, the fall out will probably get us kicked out of the group! Part of the answer may also consider and address her statement in the process because we aren't 'christians'. The comment pertains to us directly because we're Akurians.

We have ONE question TO ERIN if you KNOW the answer and can answer her questions! Our question is to ask if Erin wants the ANSWER! Ignore everyone else but Erin. Now if someone else wants the ANSWER from the in-betweens, we'll answer. Remember - If an Akurian asks the question, "Do you want the answer" other Akurians are going to post "I do". We've made the room (Akasha) for the ANSWER on Akurian terms to be guaranteed. If you don't KNOW the Answer yourself, get with an Akurian who does.

Then the Akurian is going to ANSWER the questions Erin asked. Whether anyone else "likes" it or not is not the point. We've ANSWERED the questions on OUR terms.

But take a look at the thread and study it. As of December 19, 2013, 10:57 pm, there are 29 responses in all. We're going to examine these responses down the thread.

Ester's answer – is not an ANSWER to Erin's questions. She attempted to answer the 3<sup>rd</sup> question and she needs to KNOW not 'believe'. Also gave her version of 'belief'.

AgusTino – no answer and went off on something else.

Ester – answered something but what? There was no question.

AgusTino's 2 post – continuation of his earlier post, he LIED about something, and it still doesn't answer Erin's question.

Ester – still doesn't answer the question and lot's of other irrelevant information that has nothing to do with Erin's questions.

AgusTino – no answer still. His comments don't help solve the problem/question.

Ester – nothing of value to Erin's questions

AgusTino – his comment is bull shit, incomplete, no answer, irrelevant to the OP.

AgusTino – His comments have nothing to do with the question. His comment however is a False Witness to Akurians because we have the testimony of The Most High. The AED is Testimony of/from The Most High. PAY ATTENTION to this!

Ester – she's addressing AgusTino, but not the OP. It's almost a good comment, but is way off. To do as she says, people would be god before The Most High in violation of the Command not to do. *Don't get sucked into the in-between when you post.*

AgusTino – the image? That's incorrect and is Lie he repeated and a Lie from Bible people are programmed into. We wouldn't be able to be on the planet in an incarnation if we were true image and likeness. The Most High, Himself, is behind the veil because if He were openly exposed without the protection of the veil of separation, none could survive the ABSOLUTE purity. Furthermore, humans were created by Annunaki NOT The Most High. Typical Liar Lying about Liars Lying.

Ester – worthless information and doesn't answer Erin's question.

AgusTino – the problem got bigger. He asked a question and is attending to Ester, not Erin.

Ester – didn't answer the question, but provided a lot of 'belief'. Ester shows us she's a potential in this particular response. She's suggestive she's open. Of course, it's all world-dripping-with-honey crap.

Erin – does she really want the answer. She got off her own question. Is Erin asking for the hell of it?

AgusTino – his comment is to blackmail Ester with his knowledge of bible.

John – his response is Babylonian Harlot at Rome, the Roman Catholic Church and all the Harlot Daughters. He didn't answer the question Erin asked, but is endeavoring to proselytize. He has no thought of his own. It's all cut and paste from what someone else says. His sources sell Catholic.

Linda – all she's doing is copy and paste bible with no original thought. Notice everything above John's comment is almost original thought. No answers and her references sell Bible. This sets the stage for Biblical ground and is taking it away from John.

Tia – selling Bible and still no answer.

Doreen – got sucked into the in-betweens and not the original post with her question/comment. And also made the problem bigger with another question that doesn't clarify anything to the OP. How can we support her comment too without writing a book?

Ester – understands that things are drifting from the original post. She's trying to teach something to get approval, and/or validation for her 'beliefs'. She's searching and suggests she's looking for answers. She's contradicted herself, LIED is more accurate, by saying she's not familiar with the Torah when earlier she said she'd read bible.

Tia – responding to Doreen which has nothing to do with the OP and then sells Bible. See both posts.

Doreen – is selling Bible. How does it go to Akurian?

Tia – Bible ground not Akurian. The "right gate" now requires a Bible answer to continue with Tia and it still doesn't answer Erin's question.

Doreen – selling Bible and making the problem bigger with the question. And Erin is still not answered.

Tia – her motivation is Bible. All responses must be Bible. If they're not, YER out! All manner of disagreements, conflicts, everything is established. At this stage, Tia has problems with Ester too. She thinks she's got Doreen under her wing. Tia's got this on HER GROUND with respect to Doreen. Doreen quit at that point at Chylon's request. UNDERSTANT - the ENERGY of Tia with respect to Doreen is on Tia's ground and not Akurian! Tia has so much energy tied up with her responses that she'll have a difficult time letting a true answer get through.

**If we answer this one with group response and dynamic on Akurian Ground, there would likely be removals from the group. This IS one we should test group dynamic with! 😊**

### **The ANSWER to the Questions!**

Note: Chylon uses apostrophes as a way to show contempt i.e., 'belief', 'jesus', etcetera. It's also a way to demonstrate that things are on Akurian Ground. Chylon wrote it to seek the next question, "how do you know these things?" She would next post to get the Testimony from The Most High, Himself with a Proof that she's ready to copy and paste.

So here's one way to answer. 😊

**Question 1** - There are many roads that lead to The Most High Lord God of all Creation. The one to worry about is the road to Hell paved with good intentions. 'christians' have been programmed and manipulated to 'believe' many things as though they're Holy and Righteous Truth built on Lie, Change, Add-To, Subtract-From, Contradiction, Conceptual Error, Discrepancy, Distortion, and Delusion. To perpetrate any of these things, although well intentioned IS the Road to Hell.

**To the Comment** - The 'christian' attitude towards non-'christians' is an abomination before The Most High. **Question 2** – The Most High is TOTALLY disgusted with everyone that doesn't keep His Holy Law and the consequences for doing so are HORROR. Any who will pay attention will find the WOES will continue.

**Question 3** - Most people are HORRIFIED to find out that the many people they 'believed' would be in Heaven are BURNING ETERNALLY! There's also a lot of people in Heaven that 'christians' thought would be burning and aren't.

### **Erin Thompson #2**

**Are people who remarry in danger of committing perpetual adultery?**

**Matthew 5:31-32, Deuteronomy 24:2-4, Mark 10:11-12**

<https://www.facebook.com/groups/456081351095795/permalink/608672435836685/>

As all can see by reading the thread, there are actually some attempted ANSWERS! Some of them are good, but they're ALL inaccurate, incomplete and not on Akurian Ground. This is one that we can contribute information to the question because there are already ANSWERS! And, it's one that we have ready made for Akurian Ground.

### **The ANSWER to the question**

The ANSWER to the question completely could require many books. That said, the ANSWER is they are actually committing Adultery (not in danger of it) and The Most High is going to exact a penalty because it's in violation of His Holy Law for it. The "who" the penalized persons is/are depends on many things.

As an example, a man and a woman are married and the marriage goes sour. She wants the divorce because of things He did in the marriage. And let's say He doesn't want the divorce.

Let's say that He Lied, and didn't do his husbandly and fatherly responsibilities in the marriage. From Her point of view, the evidence is clearly there that he did all these things and violated/broke the Marriage Covenant and she want a divorce because of it. Those who do not take care of their own, especially their own household, is worse than an infidel is.

For a woman, she has to have witnesses of the damnation. So let's say she has the witnesses, gets the divorce, and remarries. She is committing perpetual adultery with her new husband. However, the PENALTY for the adultery is not on her head. It's on her ex-husband's head.

Another example is if a woman has cheated on her husband by having sexual relations with another man. For purposes of this example, she cheated without any reason other than cheating and there are no other extenuating circumstances. The penalty for the adultery is on HER HEAD! If he remarries, he's not necessarily committing the adultery with his new wife because a man can have more than one wife by Holy Law. More information is needed to determine for him. If she remarries, she's turned her new hubby into an adulterer too.

Again, the ANSWER could require many books. And because of the difficulties in dealing with these issues in this particular group, you might find it a bit safer in getting additional information in

### **Additional Information for the Task Force Team**

Erin Thompson #2 is an EXCELLENT Question. These are the kind of questions Chylon hopes for. And you'll notice they don't come up often.

There are a lot of other things that go into the ANSWER. You'll notice, neither example above is covered in the Bible nor are they clearly delineated in The AED! or any of our other Akurian writings.

Some of us have experienced these difficulties about marriages ourselves and the ANSWER will make some of you think in ways you haven't considered before about the problem. This issue is important because it's afflicting a lot of people in our world. And when people need further information, it's most likely going to be in Holy Ground. Things in Holy Ground we generally don't post in a public forum; we want them to talk to us individually. But, what this ALSO does for anyone SINCERELY seeking additional information, this gives the Asker a possible reason to do so for more ANSWERS/SOLUTIONS in the follow up communications that takes place WITH AN AKURIAN! Each and every person is likely to have

different circumstances that led to the divorces than the two examples above and generally, they're going to need some help in figuring it out.

Again, some people aren't necessarily going to "like" the answers. Some may come back with all manner of crap in the process in the group itself. And some may ask excellent follow up questions. It won't change the truth of the matter and consequences. And if anyone does communicate with an Akurian privately (be sure to advise Chylon), it is most likely going to take some time to make sure you get the correct information and guidance you need so your instructions/teachings are True and Righteous. Some of you are going to have to ask Bobby or Chylon for additional information THAT TAKES TIME! It is for this reason, we're not going to answer each and every question we find at once on any group. We won't live long enough to do so.

Make sure you don't leave yourself open to a back door where another Akurian can't support your answer. Learn from this example and don't rush to judgment. Don't sell the Bible; sell Akurian. Don't let your emotions betray you.
