

DEATH AND IMMEDIATELY AFTER
in Memoriam
Aide de Camp Walter "Wally" Dow
1944-2014

Akurians, on my command:

SET YOUR MIND, CLEAN YOUR SOUL AND REPEAT AFTER ME:

"Most High Lord God of All Creation, ALIHA ASUR HIGH: This is my True and Righteous Testimony to you as Ordered by You and Commissioned upon me in accordance with Your Holy Anointing and established Chain of Command:

"Consciousness of Consciousness, this is the Great Vision: Lucifer and all your minions, Lucifer and all your intentions and all your designs, Lucifer and all your servants, knowing and ignorant; be you not bound in infinite restriction, and bound in infinite deprivation that you accomplish nothing, real or imagined, save and except the hastening of your own demise in the Heavens above, in the Earth, and in the Depths beneath. Into the deepest pits of Hell you are cast, and there you shall remain until one thousand generations have passed in total freedom from you and your damnations. Consciousness of Consciousness, this is the Great Vision."

Death is something we live with. Strange as that sounds, think about the fact that all the food you eat, except for the water and a few chemicals, salt, iron, iodine, et cetera, in it, is or was some form of life. We don't think of grains, fruits, vegetables or juices as having life at any time, but they did or they wouldn't exist to begin with if they were able to reproduce for the next season. We do, without much mourning, know that all flesh has, or had, life; when we consume fish, fowl, beef, mutton, pork or other, we accept it as norm and necessary – *which for the most part it is* – for our own continuance. That there IS a food chain, of virtually every life and lifeform everywhere in Creation should be obvious to any ever-near normal consciousness. That life and death cycle not only applies to the perpetual food-chain, it applies to all physical life forms on/in this Earth Plane of Existence and extends into the higher frequencies of the Planes and Realms of Heaven above the Earth Plane of Existence and into the lower frequencies of the Planes and Realms of the Depths and Realms of Hell beneath the Earth Plane of Existence.

The term "Realm" is far more significant than the word seems to indicate at first notice. Realms are described as "places, spaces or areas" dedicated to specific Knowledges or Uses" and are NOT limited to what they may contain. Anything and everything may have its own Realm to itself, but every Realm is not necessarily a singular containment area: they can, and generally are very complex, as is Earth to the thinking mind.

The term "Repose" is a state of mentally/spiritually digesting. There isn't a singular place for Repose, the entities can be almost anywhere though most gather at or near the many learning arenas and are NEVER disturbed for any reason. They are NOT in anybody's way, they do NOT intrude into each other, and they have no cognizance of each other.

of either where they are physically or of anyone in their presence. They're in an almost dream-like state, putting together all they have learned or experienced into True and Righteous proper order: ***or preparing for their next assignment!*** Repose can be a few days or weeks or hundreds of years depending on the life they've just emerged from or the ***series of lives*** they have completed in the learning cycle. If one is on a requested assignment (***YES! They are all requested and the volunteer must also be qualified to perform the assignment!***) there are no hard and fast rules that should someone do a 'this' or fail a 'that' they must suffer penalties handed down by Righteous Abel come hell or high water. Such provisions are matters of Holy Law and such assignments are immune because most such situations are fore-ordained and not under the control of the volunteer! And, during the incarnation the volunteer ***may not be cognizant*** that they are a volunteer, let alone on some actual assignment. Thus, the secret tortures, murders and injustices of religions, governments and lodges neither escape nor remain unpunished! And, THIS is why The Most High does NOT just exterminate: He'd be killing His Own Witnesses and that would be an Act of Supreme Stupidity if the situation is not yet fulfilled.

Let us isolate to the human factor for most of this Instructional, as many animals, specifically but not limited to cats and dogs, have lower-consciousness spirit bodies that border on actual souls for all intents and purposes. THAT is why they are often seen (sometimes as fleeting shadows, sometimes as transparent images) in and around their familiar people and places.

Holy Law and the human life-death factor.

Without citing chapter and verse, Holy Law – ***not the Talmud under any consideration for it is an Abomination in The Sight of The Most High*** – is the basis by which all humans are both given the opportunity and the penalties of living life as they choose. As with all so-called physical cum natural law, ***True and Righteous Spiritual Law is an exacting science!*** Hallelujah halfwit "Praise Jesus," "Hail Mary," "Allahu Akbar," and "nomyoho renga kyo," delusions notwithstanding. That which happens to create a living body, ***with or without a soul***, is an ***exacting science*** as any degree of common sense clearly dictates. We will not venture into mongrelization (racemixing) that creates living bodies ***without a soul*** regardless of all delusions to the contrary. We will cover mongrelized spirit bodies ...

Both rewards and penalties are part of Holy Law, and infinitely dependant and proportionate on obedience or disobedience in the allotted TIME of our lives. Note that. Our rewards or penalties are NOT based on the ***quantity*** of our actions and achievements or lack of them, but on the ***quality*** of our performance, be it good or bad.

Thus the seeming injustice of the parable of the labourers: **Matthew 19:27** through **20:16**; noting the word "called" should be translated "told, informed, advised" because NONE are 'called' to Righteous Service. Individuals may call themselves into account and repent to acceptance, but all such decisions are our own and NOT influenced except by Demons and t's those entities we must outsmart and overcome.

Before we venture further: children who die under the age of responsibility are taken immediately to Safe Repose and all the whoopalah of hallelujah halfwits and other demon worshippers cannot bind them to their bodies or anything else! They are Innocents in The Sight of The Most High and He will avenge them! He considers even soulless mongrel children and abused livestock as the same as those of human Israeli birth: and

He will not spare the abusers and perpetrators in That Day of Final Judgment, demonic or otherwise.

Before we venture further: military deaths – even if years after active duty – if directly connected TO that active duty *are in a separate category*, again by Holy Law. Regardless of how their graves are marked, if at all they are judged on ONE factor: *how well did they keep their Oath of Service*; because that service either required or resulted in the *shedding of blood* that was/is not a matter of murder or accident. Grave markings and Monuments are Testimonies of WHO is the responsible party, be it a Christian Cross, Star of David, whatever. Those grave markings, which include any entrance or grounds emblems, dedicated buildings, statues, et cetera, are of the same Testimony: and will be accounted upon the heads of those responsible in First through Final Judgment. Military of the Line, Officers or Personnel, do not instigate wars! They are caught up in them; go where they are sent; and do what they are ordered. And so they are seen in The Sight of The Most High regardless of the nature of their respective government, which includes 'religions' or uniform.

Before we venture further: women who die in childbirth – *legitimately conceived is the ultimate factor* – there are neither penalties nor judgments when women die in legitimately conceived childbirth, whether the child lives or not. In cases of rape or incest all penalties are upon the male and there are none upon the female. Should legitimate parents choose to abort KNOWN – REPEAT: **KNOWN** deformed fetuses, downs syndrome, et cetera, rather than have them endure an horrendous existence, there is but ONE consideration: *is this substandard child the result of sins of the fathers which includes mothers?* If so, the sin is upon those parents or *their* parents and the case may be. That does NOT apply to those who die in *illegitimate* childbirth or abortion. Harlots (racemixers) and whores who die in childbirth or during abortion do NOT have the privilege of escape for their abominations *nor do the fathers of those children!* The female does carry a greater part of the penalty *unless* she has been forced into a racemix situation, but a willing harlot is on equal par with the father of the mongrel *and neither escape.*

Now let's get to the moment of death itself, and what happens immediately after. < Physical pain and discomfort can carry over to the surviving consciousness but always to a much lesser degree and will dissipate entirely as energy strings dissolve as explained below. And here there are several variables.

The repented:

All Proven Knowers of The Great Testimony – and Seekers of Truth – have and hold specific Rights and Privileges following physical death; PKs then Seekers in that order; and they are generally free to be about whatever they want to be about! Most, not all, return to this Great Fight in some level or other. They are what you would normally call "Free Spirits" that have nothing to do with the idiot elements that ramble all over the planet in search of other levels of idiocy to satisfy themselves. The PK-True Seeker "Free Spirit" is an intelligent and cognizant entity that has EARNED their Freedom and have no intention of contaminating it! Such True Free Spirits only need make their preferences known, DISCERN the responses, and follow the Truth. Continuing in this Earth Fight is but one option; hammering **Bastards That Be** who are still alive is another. Both are *earned options* and neither is required. There are tremendous numbers of entities in the Heavens, and only a very few and very elite are warriors through and through. Because there is War in the Heavens there are HUGE standing

armies but all service is by *earned right to serve* and voluntary. PKs and True Seekers have earned right ... and all will come out in Final Judgment.

One must be Right with The Most High and Holy Law: NOT the 'accepted Jesus as personal savior' demonic disaster; but one who, like **Aide de Camp Walter "Wally" Dow**, looked within himself and questioned the validity of all he had been taught about the nonexistent Jesus, never-did-work hallelujah halfwit 'doctrines' and his own Eternal Existence. His greatest regret was he didn't do it earlier in life.< His greatest comfort was that he did it at all.

FACT: one CANNOT repent everyday for doing the same DISOBEDIENCE everyday! A truly repentant must STOP doing disobedience and START and CONTINUE obedience; and that includes ALL the requirements of Holy Law. All of it! And that includes any and all hallelujah halfwit, Allahu Akbar and other such demonic Doctrines of Death across the board and without exception: including financial support to them even so much as a pittance.

The True and Righteous Proven Knower of The Great Testimony suddenly finds himself WIDE AWAKE and out of the physical body. In ancient times doing the same thing by deliberate design was called "Cosmic Consciousness" or "UP IN THE SPIRIT" and today we call it "Astral Projection." All three terms are somewhat inaccurate. Spirit Consciousness is one thing, "Cosmic" simply means "universal, as with respect to the Universe and/or what we call Outer Space as with respect to space travel or distance places in space. "UP" in the Spirit also include "DOWN" in the Spirit which it most-often does whether spoken or unspoken. "Astral" means "star" or "star like" as all the higher frequency Planes and Realms of the Heavens above the Earth have a somewhat fluorescent-light quality. The lower Planes and Realms of the Depths do not 'glow' and are referred to as "mundane" like colors of normal Earth. As long as you understand WHAT you're actually talking about all three terms are equally acceptable.

The physical body is dead and the Consciousness – not necessarily "soul" – is WIDE AWAKE and somewhat out of the dead physical body. At least at first impression. There are strings of energies that once connected the SPIRIT – living consciousness – to the physical body that now must be broken/dissolved.< They often feel like a pinging releases almost the exact reverse of being stung with a stretched rubber strip. As they break, which can sometimes take a couple of days, the relief is about like a tear in a very tight-fitting garment: a sudden loosening.

Often the Consciousness is still impaired with the effects of drugs, pain-killers, or relaxants should the body have been enduring medical treatment at the time of death. The Consciousness can be dulled like shaking off a hangover or a too-much-sleep foginess. That too will fall away, and often takes as long as the energy-string breaking. Such was the instance with **Aide de Camp Walter "Wally" Dow**, and I helped him through his initial adaption into the Spirit Realms. After this, one feels much freer than when we practice or deliberately go on an IN THE SPIRIT excursion.

And, the Consciousness can be UNconscious for a while when death is caused by sudden trauma, accidents, combat, murder, et cetera. Depending on the INDIVIDUAL and their life-choice circumstances. Consciousness

will return within a few hours under normal conditions but can take several days, weeks, or even years. During this time, IF the entity was a True and Righteous – **Proven Knower or otherwise** – they are left in unconscious repose until they awaken. Others are studied by the Attending Demons to give them a very rude awakening.

Immediately upon AWAKENING following death (that's why the Ancient Egyptians called death "The Great Awakening") one can find themselves standing nearby, sometimes IN or beside the bed, chair, et cetera, where dying actually occurred, or floating anywhere in the vicinity! As with all UP IN THE SPIRIT activities, only you have a lot more control that you aren't very good at handling yet – **think it, it happens** INSTANTLY because TIME doesn't exist there as it does on physical Earth – and thus many of the 'returned-to-life' horror stories.

This Great Awakening can be a hell of one's own making because the LIGHT MATERIAL of the Etheric Plane (HATH-THOR in Angelic), as with all the others except the Depths of Hell beneath Deros, will form INSTANTLY to any thought! One's own fears, ignorance and programming are the 'source' of such near-death 'visions' of the **bearded** Jesus, 'sacred' Mary, and all the other falderal of white-light-this, black-depth-that, and indescribable entities. True, these things **do** exist – except the **bearded** Immanuel and his mother, Mary, who actually appears to be about sixteen – but these **images** have no power to appear and disappear, move, talk, and all other such abilities as described by those who 'returned' from death. The whole scenario is one's own **think it happens** manipulations of the LIGHT ENERGIES of that particular Plane/Depth!

The first things you are going to see following death are the many, many images of whatever those in proximity **normal">are thinking about at the time**, and their own created LIGHT MATERIAL IMAGES! Knowing this prior to death, and practicing your own IN THE SPIRIT along with MIND-THOUGHTS and DISCERNMENT while you're still alive will give you a far better Great Awakening than most other people.

Within a few hours, days at most, those conscious after death find themselves very unstable and unable to remain with those around them. They are NOT being 'pulled into judgment' with the white-light 'tunnel' as the delusional assume. The Etheric-Hathor Body, that spirit-body everybody has for the Etheric-Hathor Plane, simply dissolves into neutral LIGHT energy! Thus the 'bury-them-quickly' 'anoint-them-immediately' **and bind the spirit to the dead body** as practiced by all false and Demonic religions! It doesn't work on True Seekers or Proven Knowers. The Great Testimony; only on hallelujah halfwits, Allahu Akbar psychopaths and other such spiritually deluded.

Understand that: the Etheric-Hathor Body, that spirit-body everybody has for the Etheric-Hathor Plane, simply dissolves into neutral LIGHT energy! At that point there isn't any communications across the Etheric-Hathor Plane to physical Earth! Once that Etheric-Hathor Body dissolves any contact or view of the Earth Plane is either lost due to First Judgment call or all-but impossible until after First Judgment or until one can develop the communications abilities from the Hasterah-Hesterah Plane. Most 'ghosts' who haunt in Earth Plane levels are actually sentenced, sent or bound of themselves (when possible) or they would not be here. Discern **any** graveyard and you'll fully understand the complexities of that factor.

It's at this stage, at the latest, that **some** are called to First Judgment before Righteous Abel. And that in the Hasterah-Hesterah Planes of Heaven. The trip for those who must endure it can be a multitude of processes.

Instantaneous, down every-color-imaginable tunnels or corridors, flying in company with others going to the same place, a pleasant trip through some of the most indescribably beautiful gardens and territories, or a very unpleasant trip through burning piles and pits often with screaming and/or threatening entities. None of the approaches have anything to do with, or are any indication of, what Righteous Abel's judgment will be. Some make this trip to *watch* Righteous Abel's First Judgment and not be required to appear before him at all! Some have a required point of learning and knowledge, some for no other reason than curiosity.

Those who are NOT required to attend and appear in First Judgment are pretty much free to roam for a while, almost like a well-deserved vacation, and enjoy/study the territory around them that isn't much like Earth at all. Flying is easy and often takes on the characteristic of teleportation – *instantaneous there from wherever you were* – and learning to float in one place is a simple matter of taking control and doing it! There are more fascinating, beautiful and mysterious things in the immediate presence of Etheric-Hathor than all the Earth Planes combined. One need only remember: *think it, create it* – or you're going to make yourself a real mess of a situation. THAT is why I constantly teach being neutral in virtually everything we do. It's only a matter of time which doesn't exist or manifest in the Planes, Depths and Realms as it does on Earth – until you will be escorted to where you will be able to enter Repose, begin a series of study like attending a new school, or be sent back to another incarnation!

Consider: when you CLEAN YOUR SOUL, what are you doing except restoring its *neutrality* as much as possible? If you're in a realm where *think it, create it* is instantaneous and you're on some jackass emotional tangent: guess what you are going to immerse yourself in? When one emotionally tangents here in Earth, those visions *still create in the Planes and Realms and will become manifest in Earth in time!* (That sentence alone could justify a library of books!) For the demonic-deluded fools who involve themselves in such idiocies as soap operas and whore book publications invariably suffer the consequences of those abominations as so vividly described therein. Emotional stupidities of games-of-sport aren't any improvement as evidenced by conduct of both players and audiences: as if the outcome were life and death of the entire Solar System! Akurians are without excuse for either.

The UNrepented:

There are no greater JUSTIFIED horrors than those upon the UNrepented who all are 'holier-than-everybody' and *down-their-nose-know-so-much ignorances*, specifically all those who are practitioners of That Great Babylonian Harlot at Rome and Constantinople including all her Harlot 'christian' Daughters, Islam in all its psychopathic degeneracies, and all other such 'philosophies' and 'religions' without exception. I've been in presence at the passing of several in all categories, both in the Etheric-Hathor and Deros for the most part, but also in all the other Planes and Depths. One thing is consistent, hell and horror begin immediately. Because of Demonic Forces and Energies embound by these fools – of themselves and those 'praying' over them – there really isn't any freedom except from the dead body!

All that ritual 'crossing' as practiced mainly by Catholics and Greek Orthodox (Catholicism at Constantinople) which is nothing more than binding with the forces and energies of Eternal Death, manifests in all its horrors!

'saluting' (as I call it) of the Muslims manifests the same way as ***evidence of guilt of direct and knowing disobedience to Holy Law!*** There isn't anyone, friend, foe, saint, savior or relative to greet the Demonic Delusion. There aren't any virgins for the towel-head psychopaths, nor relief for the females who one should suppose have already suffered enough during life as a Muslim. They are instantly locked; only the agonies they earned in life greet them. That's right, for some hell begins immediately with the only relief being the interim of First Judgment, of which few even know about.

The first come-uppance is when everything they expected is conspicuous by its absence and all they were promised they would escape consumes them like a flood of agony. They don't have to think-demon to get one; demons are there in abundance, and with every deception that exists. There is the same time-delay for breaking energy strings and Etheric-Hathor body to dissolve. But what the 'dearly-departed' endures during that interim is a whole lot different and totally unexpected. The more they try to escape the tighter the binding becomes. Then, when all the bawling and 'repentances' are about to be concluded, generally at cremation or burial, they are forced to First Judgment before Righteous Abel.

The second come-uppance occurs when they get enough sense to ***shut-up and listen*** to those on trial ahead of them. Because earthly rank or station means nothing to Righteous Abel and a great deal to the Demonic, there is often a slight delay to trial for high-and-mighties as opposed to next-in-turn. And, during this get-there-and-wait-your-turn interim there are the loud-mouths attempting to influence or intimidate the Court and Righteous Abel. ***none of which accomplish a damned thing!*** High-and-ONCE-Mighties often get a huge entourage up to and during their respective trials ***to an absolute zero effect.*** Actual inherited Royalty are on about equal par with Popes, Cardinals and their ilk, with hallelujah halfwits such as Granville Oral Roberts (January 24, 1918 – December 15, 2009), Kathryn Johanna Kuhlman (May 9, 1907 – February 20, 1976), Jerry Lamon Falwell, Sr. (August 11, 1933 – May 15, 2007), Marshall Herff Applewhite, Jr. (May 17, 1931 – March 1997), just like Jim Warren "Jim" Jones (May 13, 1931 – November 18, 1978), being far down the Ceremonial Recognition list. I was there, in presence, at the Judgment of all five, and they all went into hell screaming "let me go back and tell the others" just like the local politicians, bureaucrats, manipulators, journalists, thieves, bullies, gangsters, street punks, priests, preachers and other liars and all their followers.

A critical point: There has NEVER been any practitioner of the Semiramian (Babylonian Harlot) Demonism cum Anunnaki Technology 'religions' enter into the Heavens beyond First Judgment of Righteous Abel. None of them. The Judgment Standard is HOLY LAW, not any of these cracked-pot 'doctrines' or political or technological scenarios. The sole and exclusive exception is for those who requested and received special incarnations for spiritual growth; some of which then get assignments ***to be witnesses*** of those in power be they religious, Royal or other such governmental authority. Currently, That Great Babylonian Harlot at Rome and Constantinople still leads Islam in wholesale murder and unspeakable atrocities: all of which have been, are and will be sentenced to Hell in all its fury as they all knowingly and damned well deserve. Don't let the reputed JEWISH Heinz "Henry" Alfred Kissinger or any of his ilk fool you; he is a knowing practitioner of the Demonisms of Catholicism and is no more an Israelite Judean than the last elimination you flushed down the commode; and one hell of a lot more despised and disgusted in The Sight of The Most High.

Once one can get to the Judgment site, there is a multi-story structure, lots of floors (called landings) on huge columns and without any walls. There is a HUGE arena-type structure with front grounds for the newly arrived where much of the grand-parading of the High and Mighties takes place ... **until the listening starts** ... then a the parading of that group STOPS! Every trial in progress before Righteous Abel can be heard and viewed from that arena – one of those unexplainables of the Spirit World. Just out a ways from the Grand Court and arena are FOUR Thrones of the Four Horsemen of Apocalypse who sit in Judgment; to which any may appeal Righteous Abel's decisions: **which we have NEVER overturned, reduced or even questioned.** Just beyond the Judgment Thrones and to their left is a HUGE FirePit – a grand entrance into Hell where all those tried and sentenced by Righteous Abel are thrown.

Some will go to this First Judgment and be sent on to Repose to further digest-out their actual spiritual situation and/or level of learning. Most who are destined to Repose will not go to First Judgment at all, but will be properly escorted and instructed as necessary. The vast majority of those who go to First Judgment are sent into Hell where they fully deserve to be. That list is long and includes each and every President of the United States, King and Queen of Europe and United Kingdom, each and every Nation Chief of each and every country on the planet since the time of King David of Israel, all but about a half-dozen of each and every member of Parliament and about the same number of members of Congress. There hasn't been a member of any Lodge since they first came into being in Shumer who has escaped. Not a one. Masons, Knights, Templars, Servants have all been sent into the Depths for their knowing atrocities on one hand and their acceptive ignorances on the other.

As for lifestyles to guarantee burning, there are TWO that lead the Parade: (1) all false religions regardless of how long they have been in existence or how many 'believe' in them, and that includes all Levites and Jews who do NOT fully obey Holy Law – **which the Talmud is not** – and all Khazars and Ashkenazis without exception (2) all government officials, elected and obedient to the knowing lies, railroadings, fiscal and judicial misconduct and such atrocities against the True and Righteous administration for the people they represent.

Homosexual and racemixing lifestyles are sure and certain burnings at third, as are all those who even tolerate such conduct. In these United States and United Kingdom we have Constitution and Chartered law that does not condemn nor prevent either lifestyle **but that is a political matter!** Judgment via Holy Law is as much physical as it is spiritual and First Judgment before Righteous Abel is **infinite spiritual** based on physical conduct. And there are those, born homosexual who escape all the penalties by their conduct! It is NOT being a homosexual that is a sin; it is the homosexual **act** that is a sin: two entirely different things. There is simply no excuse for racemixing as the innate clearly abhors it. None can plead ignorance. Circumstance be damned, there is no excuse for racemixing before The Most High. That The Most High will accept **any** True Repentant, **mongrel or otherwise** is the hope of all living creatures. He has already made provision for wildlife and domestic livestock, it is the human, Anusazi, that must be concerned with our conduct and Eternal Destiny.

Those in media are a good fourth and only slightly ahead of Marxists, educators and practitioners and silenced scientists. Financial thieves whether in business, industry or financing knowing corrupt candidates for government office are counted in that same company.

Avoiding hell is really simple: (1) obey Holy Law as it was originally given; and (2) teach the process to all who will listen. If anyone doesn't listen, or rejects, your telling them is your Testimony against them; and will be accounted to you as Righteousness. That is about as simple as anything ever gets.

Now a bit of the processes:

The Righteous: death, the body ceases operations. The Consciousness begins to break energy strings with the lifeless body. At this point most do not and cannot recognize the difference between their Consciousness of the spirit body and their actual Soul, even if they have one. Once the Etheric-Hathor spirit body dissolves, the individual will become aware of whether it is a spirit body or a living Soul as they are as different as a wheelbarrow and a truck. They are NOT the same thing although they are very close when it comes to experience. The Righteous are in for a wondrous ride beyond description. The Heavens are overflowing with mysteries and fascinating pleasures and entities. Just remember, upon your Great Awakening: *think it, it happens – think it, create it!* That simple-to-say and hard-to-do process is what I took **Aide de Camp Walter "Wally" Dow** through.

The UNRighteous: death, the body ceases operations. The Consciousness begins to break energy strings with the lifeless body as all manner of horrors and disappointments consume the individual spirit. The realities of their impending just rewards are there with what seems like every Demon available. One could rightly consider that for those, hell has already begun except for the temperature and full recognition of their destiny. Once the Etheric-Hathor spirit body dissolves, the individual will be taken to First Judgment whether they want to go or not; and neither earthly rank or position, including wealth or lack of it, is going to change or much-delay that process. As they become aware of their spirit bodies, whether or not they've lost the right to their Soul, the horrors begin to increase. When they shut-up and listen to those going to trial before them, they begin to plan their defense, as useless as that is. Their destiny was sealed at death – late and/or death-bed 'repentances' are all bogus and to none effect – and soon, very soon, they will face the consequences of their life. Their own Great Awakening: *think it, it happens – think it, create it* is constantly interrupted by the Demons who will escort them to their soon-to-be adjudicated level of the Depths of Hell. ***Compounding their punishment is the binding of spirit to the dead body or cremains!*** Not only is the victim spiritually and consciously attached to the corpse, but also spiritually and consciously burning at whatever Depth of Hell they have been sentenced.

Death, the body ceases operations. The Consciousness begins to break energy strings with the lifeless body. The Great Awakening begins. There may be entities in presence, but it is incumbent to PROVE whether they are actual or CREATED IMAGES and that cannot be done by those not *well*-rehearsed in True Spiritual operation. The primary spiritual ability required is DISCERNMENT! And, the KNOWLEDGE of *whose thoughts* are going through your mind becomes more priceless than pure platinum! All practice and abilities attained while alive are retained after death, just as the energies and forces of obedience and disobedience.

The Etheric-Hathor spirit body dissolves. The consciousness is now in the Hasterah-Hesterah (Lower Astral-Higher Astral) Planes of Heaven as a "conscious spirit" and the Etheric-Hathor body no longer exists to contain anything. Here the horrors of those unprepared begin to take on a new level of agony and deprivation. *A*

"conscious spirit" cannot enter into any HIGHER Plane or Realm! Only a SOUL can do that! A conscious spirit is capable only of all lower Planes and Realms right down to and including Perdition.

That is the reason for eventual release of some to BALANCE THE ENERGIES! The Most High requires BALANCE, NEUTRALITY, and even a conscious spirit that creates or assists in any IMBALANCE regardless of the nature thereof must pay the RESTORATION either by direct action or punishment. The agonies they suffer are in accordance with Holy Law – penalties and interests – **for all those they have harmed and some for generations on end.** Often a Soul will serve its time and be released to go on in Creation; but a conscious spirit ceases to exist once it has paid its penalties and interests and BALANCED THE ENERGIES! Depending on the **nature of the charges** (a legal situation even in the practice of law today) there may or may not be hope of eventual release; and there are no post-Judgment pardons! The time to avoid penalty is PRIOR to death while is still alive and able to UNDO their damnations.

For those who have earned the right, to incarnate and learn or witness, there isn't really any judgment against them. Their immunities and destinies were established prior to their beginning their assignment. They can, and often do, go directly to their next assignment, be that a physical incarnation again somewhere in Creation, a tour of service or study in the Planes, of just time to digest what they have learned.

The Most High is not want to see how many He can destroy, but He IS a perfectionist and those who will NOT perfect themselves are as mongrels in the breeding pen. Ask any purveyor of pure-bred livestock, flora or fauna what that kind of disaster actually accomplishes. No hybrid can breed true and like all hybrids, disobedients and problems, not solutions. The Most High simply disposes of them. To find and establish whether one is here/alive via such an assignment takes a lot of doing; and some will not discover the truth until they have completed their duties and died! Security is often a matter of necessity rather than convenience.

Now the example of any hallelujah halfwit, regardless of 'christian' denomination. I've seen thousands pass over and NEVER saw one – other than those previously assigned as given immediately above – get anything but burned for being the demonic programmed-stupid fool all such really are. Generally, except unexpected sudden death, they find themselves free of the body and expect to see Jesus greeting them – **as if He had nothing else to do,** including greeting others who are also newly dead – with all the lights and trappings. Those dying suddenly aren't much of an improvement once they regain consciousness of where they are. Then, instantly, without warning, they are bound! They can't move. They can't relocate. But they can see and hear all the Demonic Preparations that haven't changed much since the Very Beginning. They are rightly terrified and infinitely deceived. The Demons have a Field Day and don't give a damn about the terror they are inflicting. Whatever the newly dead thinks – as evidenced by the INSTANT FORMATION OF LIGHT ENERGIES – the Demons are going to enhance if it's vile enough or CREATE THEIR OWN if the newly dead actually envisions any kind of True beauty or situation. And there isn't anyone there on behalf of the newly dead. Images of Jesus turn into living Demons as they fade the LIGHT ENERGIES and stand in its place. Whatever these newly dead fear the most is what is going to happen next: until they are dragged to First Judgment where hell and horror take on a whole new dimension.

Things are not any better for Muslims except for the IMAGES used against them. Demons are Demons and always act as such. Deceptive as they are cruel; cruel as they are evil. Serpents, spiders, devouring dragons, lizards, snakes, lions, jackals, baboons, sharks, et cetera, are common appearances and all are some sort of Demon in disguise of whatever will inflict the most terror and suffering. Muslims are NOT treated any better, more mercifully, than the worst of hallelujah halfwits and murderers, torturers and abusers are adjudicated the same regardless of religion or none.

The problem with all these ENERGIES and IMAGES is there is sure and certain TRUTH when everything bottom lines. And that TRUTH is the basis of each and every judgment that comes from Righteous Abel. No exceptions. Ever. Between death and First Judgment there can be a lot of inflicted horror, deception and outrage, abuse for those who are ignorant or unprepared to know, understand and stand their ground. The Most High is NOT there; the deceased are, along with a lot of other entities with malice on their mind and with deception and harm being their agenda. Those who are NOT Spiritually Prepared are in for one harsh tour of excruciating abuse ... even if it is the beginning of duly earned punishment.

Where one will/can go if they're fully prepared and avoid First Judgment as is Holy Law, is almost limitless. The only limitation is their own ignorance; and we're all ignorant, just about different things. The Planes and Realms contain things so unimaginable they could not exist anywhere else, especially in the Earth Plane. But those Planes and Realms are not wide open, they are experienced by duly earned Right. During this life one may spiritually approach the area of The Great Veil of The Most High, following death, even Proven Knowers must fully qualify themselves to enter. One is training and the other is practice and observance.

Remember: Demons will deceive even the Proven Knower if that Proven Knower isn't up to handling the situation with their own Spiritual Powers and Abilities. Therefore, PRACTICE all I have attempted to teach you. NEVER turn your abilities off at any time for any reason. You need all the experience you can get: from knowing WHOSE thoughts are in your mind and how you think to KNOW some intrusion; to DISCERNMENT of anything and everything you encounter; to using your Telekinesis without mercy until you can do anything you want, any time you want, anywhere you want, with as much or as little as you want.

There are actually thousands upon thousands of possible scenarios that look different on the surface but are all following the same processes and procedures as given above. Preparation is the Key to Life after Death, as it is for everything else that must be endured. It is well said the three most important things in any business is "Location, Location and Location." The same is true of Death, Spiritual Realms and the Hereafter: Preparation and Preparation!

Akurians, on my command:

SET YOUR MIND, CLEAN YOUR SOUL AND REPEAT AFTER ME:

"Most High Lord God of All Creation, ALIHA ASUR HIGH: This is my True and Righteous Testimony to you as Ordered by You and Commissioned upon me in accordance with Your Holy Anointment and established Chain of Command:

"Consciousness of Consciousness, this is the Great Vision: Lucifer and all your minions, Lucifer and

all your intentions and all your designs, Lucifer and all your servants, knowing and ignorant; be you not bound in infinite restriction, and bound in infinite deprivation that you accomplish nothing, real or imagined, save and except the hastening of your own demise in the Heavens above, in the Earth, and in the Depths beneath. Into the deepest pits of Hell you are cast, and there you shall remain until one thousand generations have passed in total freedom from you and your damnations. Consciousness of Consciousness this is the Great Vision."

EI AKU ALIHA ASUR HIGH.
