

OKLAHOMA CITY TORNADOES
31 MAY 2013 – 22 Sivan 5773

First, a THANKS to Major Rachel Grenald (New York), Major Doren McCaul (Massachusetts), Legion Commander Ernie Martin (New Mexico), Staff General Kathrine Malone (New Mexico), Field General Marilyn Green (Tennessee) and Command Marshal General D. Chylon Budagher (New Mexico) for all their help and FirePower. Andrea Nash (Nebraska), Elaina Vought (Nevada) and Walter Dow (Florida) were also in the fight according to records. Things were so hectic, because we had Akurians in harm's way, we had to include as operations permitted; and the safety of our people ALWAYS takes precedent.

ANOMALY EVIDENCE OF HAARP

Note the HAARP HOLE due west of Moore ... just over halfway between Moore and the County Line. THAT is the HAARP HOLE as of the TIME STAMP 6:53PM, 31 MAY 2013 ... and it's still there as of 8:30AM this morning ... You'll also see that HAARP HOLE stands and remains as the storm itself moves over and out of the area. The nearest thing of importance to that whole area is Twin Lakes PRIVATE Airport ... lined with mansions on either side ... nothing of a 'governmental' nature such as towers, local broadcast radar installations, et cetera.

Note too the VIOLET Vs that represent "Intense Rotation" ... BEFORE and AFTER Staff General Malone took on the one between El Reno and Oklahoma City that was just west of Yukon where Bill and Lisa live ... and Command Marshal General Budagher and I began to pull HEAT out of the whole storm and DE-ROTATE its spiraling.

The TIME STAMPS at the lower right, except for the first three, IN EACH PHOTO is LMT Oklahoma City ... and endorsed with the BLUE info bar of my screen. Should you intend to use these photos, always refer to the TIME STAMP IN THE PHOTO ...

Following the strikes on the storm itself, Marshal General Budagher and Legion Commander Martin did an excellent package on HAARP, Alaska, Area 51, Puerto Rico and United Kingdom; that there are still living bodies in any is testimony that we need more FirePower practice ☺

Preparation is the KEY to surviving these deliberate strikes against us; and preparation is the key
