

BODES OF HADES – POWERS OF HELL
Part, the Seventh
12 August 2012 – 24 Av 5772

Akurians, a point we all need to pay attention to: Our conference-call rooms are open at 9:45PM Eastern, 8:45PM Central, 7:45PM Mountain and 6:45PM Pacific – FIFTEEN minutes before the start of any BLAST, Training or Business. Please attempt to be IN before the hour as late interruptions interfere with the forces, energies and powers. Some work schedules simply will not permit 100% on-time arrivals, and if you're in past the hour: just go on MUTE and do not interrupt whatever is in progress. We've had a few in the past who perpetually arrived "fashionably late" until I dismissed them from the Corps on grounds of "incompetent self-glorification" rather than charging them with abject demonism. ***There are no living survivors from those dismissals.*** We'd rather have you in late than not at all: because we need your FirePower regardless of WHAT we're into at the time.

Akurians, pull up your HAARP Maps.

We've got a long way to go, and we're going to learn to **DISCERN** our entire body and Spirit beings ***BEFORE*** we begin to take on the Demons of the Deep in their own Domain! The process next is to be performed PRIOR to each and every BLAST, Training and Business Session. Not only will you bring a whole lot more FirePower into our gatherings, you will have a whole lot more FirePower in your day-to-day doings, whatever they are; and save us a lot of time and energy we could – and should – be applying to our endeavors.

FULL BODY SPIRITUAL SCAN
FULL BODY SUPER SENSE

AKURIANS – CLEAN YOUR HANDS:

DISCERN your hands, as they are, where they are.

AKURIANS – CLEAN YOUR FEET:

DISCERN your feet, as they are, where they are. Shoes on or off doesn't matter.

Visualize a SQUARE of WHITE SPIRITUAL LIGHT on the bottom of your big toes – both of them at the same time and balance your BRAIN-ENERGY. You're going to need this quick and simple, but very powerful ability, before this lesson is over and from now until Shiloh.

Take a deep breath or two, hold in the intake and do not leave your lungs empty. It will only take a breath or two for this exercise – but at some point you may need to charge yourself with as many breaths as will be required. Some of you may feel a bit light-headed or clear-minded: THAT is what you're looking for and it should occur almost instantly.

DISCERNMENT – THE FACE:

Remember, the RIGHT side of your face, even if you're left-handed, IS energy-connected to those bodily areas with respect to the EXTERIOR and to the exclusion of the INTERIOR! The LEFT side of the face is energy-linked to the INTERIOR of the organ to the exclusion of the EXTERIOR. For this practice of **DISCERNMENT**, you are going to need both hands and a few minutes to perform the procedure. Breathing is the same as practiced before: **Deep breath in – hold for a count of five – exhale and breathe back in NEVER leaving the lungs empty.**

You are going to cover both sides of your face – right and left. What you are going to do is contact virtually all your ***FACE-HEAD*** Spiritual Energies at the same time, and **DISCERN** them. Nothing more. **DISCERNMENT** – not jackass. You are **NOT** going to attempt to read individual Chakras; you're going to read them ALL as a point of Spiritual Recognition and Knowledge. **Deep breath in – hold for a count of five – exhale and breathe back in, NEVER leaving the lungs empty.**

You should use no more than FIVE breath procedures to effect a Mind-Spirit Connection. It's not more powerful, it's more cognizant: and cognizance is the Key to perpetual **DISCERNMENT!**

Akurians, prepare to **ENERGIZE YOUR ENTIRE HEAD!**

The process is very precision and cannot be deviated even in the slightest. You will charge both hands with **WHITE SPIRITUAL LIGHT** and then using the same practice you just used, cover your face with both hands, **ENERGIZE** that **WHITE SPIRITUAL LIGHT** into your head and fill it as completely as possible.

You have one minute to complete the process.

Now we get to **FULL BODY DISCERNMENT.**

There are POINTS, minor-chakras if you must, the TWO most important being right in the arm pits. In fact there are such, and near-similar, Spirit Energy points in the FRONT of every joint; elbows, fingers, hips, toes, and the most confusing: the knees – where they are in the BACK as that is the direction the knee bends. Whichever direction the joint permits normally, the CLOSE side is the Spirit Energy point. Learn to read the less-flexible joint systems, and the complex systems will be a lot easier. Don't ignore them, but don't run off half-cocked over them either. Because they can bend in virtually all directions, the *neck* and *backbone* are VITAL and very sensitive – hard to read in great detail initially – and are absolutely CRITICAL in our **DISCERNMENT** as they emit Spirit Energies in all directions, in all frequencies, all the time.

Akurians, when I command, *and not before:* we're going to take full cognizance of our entire physical body – paying special attention to its many energy points and systems in addition to the Chakras. With your newly **ENERGIZED** head, make a **BODY OF LIGHT** as per normal, and leave it inside your body, not even extending out as far as your clothes.

You are going to CHANGE this **BODY OF LIGHT** as you proceed to **DISCERN** your own body in its entirety. Now that you are properly CLEANED and **ENERGIZED**, you will make another disc of **WHITE SPIRITUAL LIGHT** just above your head; and move it DOWN through your body, head to feet, slowly as necessary to READ and **DISCERN** all those Spiritual Energy points, LOCATING them at this time. Most of them will sparkle as the disc **WHITE SPIRITUAL LIGHT** moves through them. At some point we'll take greater notice of the brighter points, but for now don't dwell on them. Your **BODY OF LIGHT** will make some very drastic changes using the energies of that disc of **WHITE SPIRITUAL LIGHT** as you proceed: and DO NOT prevent any part of that. Let it do as it will.

Once you're finished, THAT new and far-more-improved **BODY OF LIGHT** is the one you will keep, need and use from now on as your **SUPER SENSE!** Outside of you, it's vulnerable. Inside of you, it's impregnable. And you've just made it ready to do the kind of **DISCERNMENT** that will prevent Lord Lucifer at his every attempt: **IF YOU DO IT AS I HAVE INSTRUCTED!**

Akurians, prepare:

Make a disc of **WHITE SPIRITUAL LIGHT** to move down through your body.

DISCERN and READ everything as you proceed. Don't hang up on any given Energy Point as you can go back a **DISCERN** it in more detail at any time. It's a head-to-feet procedure. You're going to need the information *and the accuracy of the information.* It will take a few minutes to run this **FULL BODY SPIRITUAL SCAN.**

You have one minute to complete the process.

Akurians, on my command:

Proceed.

Now that you know how to CLEAN and PREPARE you can run this **FULL BODY SPIRITUAL SCAN** as often as you wish – I recommend you do that as often as possible. From now until Shiloh, all Instructionals and Invocations will begin with this **FULL BODY SPIRITUAL SCAN**. Properly done, this **FULL BODY SPIRITUAL SCAN** shouldn't take more than one minute. Some of you will observe various colors of light, yellow being the most prevalent as yellow is the mind/brain energy that turns whiter and whiter as you progress. Light smoky blue-grays are common, revealing emotional stability; the darker the more unstable; the lighter the more stable. Eventually it too will turn to white as you grow Spiritually.

Next we're going to make another BODY OF LIGHT, just like your **FULL BODY SUPER SENSE** and ENERGIZE it for our next operation.

BEFORE WE PROCEED, ARE THERE ANY QUESTIONS?

Akurians, now you should have a **FULL BODY SUPER SENSE**. Keep it right where it is and prepare to make another BODY OF LIGHT by the same process.

ENERGIZING a BODY OF LIGHT is as simple as filling the disc of **WHITE SPIRITUAL LIGHT** with AKASHA, AIR, FIRE, WATER and EARTH before you move it down through your physical body.

We're going to do some things with the second BODY OF LIGHT, but it must be as CLEAN, ENERGIZED and PRISTINE as your **SUPER SENSE**. Prepare to make a second BODY OF LIGHT and CHARGE and ENERGIZE it. This process is slightly different than we've done before and will just about double the sensitivity of this new BODY OF LIGHT should you need to send it for any other Spiritual purpose. Follow my instructions AS I GIVE THEM! There are specific and dedicated changes in the procedure.

Akurians, on my command:

CLEAN your hands;

CLEAN your feet; visualize a SQUARE of WHITE SPIRITUAL LIGHT on the bottom of your big toes – both of them at the same time and balance your BRAIN-ENERGY.

CLEAN and ENERGIZE your head;

Make a new BODY OF LIGHT inside your physical body;

Make a disc of WHITE SPIRITUAL LIGHT, and CHARGE and ENERGIZE it with AKASHA, AIR, FIRE, WATER and EARTH while it is still inside your physical body;

Move your CHARGED and ENERGIZED disc of WHITE SPIRITUAL LIGHT down through your BODY OF LIGHT and CHARGE and ENERGIZE it from head to toe.

You have one minute to complete the process.

You should have a fully CHARGED and **ENERGIZED SUPER SENSE** and a fully CHARGED and **ENERGIZED BODY OF LIGHT**. If not, let me know immediately.

Akurians, stand your CHARGED and **ENERGIZED BODY OF LIGHT** out from you at any close distance. This is the BODY OF LIGHT we're going to use in an overt act of WAR! The minor change in procedure is critical to this particular BODY OF LIGHT ... and needs to be.

Take cognizance of your **SUPER SENSE** ... Remember, NEVER send this **SUPER SENSE** out of your body!

Now, using your **SUPER SENSE** clear everything but INCOMING energies ... specific to your assigned HAARP installation ... whatever is there, let the energies tell you. You will note some degree of mis-operation, but certainly not enough. *We intend to cure that.* We intend to disrupt every operation of

whatsoever nature in each and every HAARP installation regardless of where it's located or it's level of command in the HAARP organizations.

Note via your **SUPER SENSE** the extended reaches of the HAARP installation chambers. How far do they go; which are the main corridors ... to main intersections ... to other installations. Who/What are the authorities in charge ... their location ... staff, management, facilities ... let the energies tell you.

HAARP Assignments:

Command Marshal Budagher = HAARP China

Command Marshal Shams-Avari = HAARP United Kingdom

Supreme General Schipul = HAARP Area 51 – Nevada

Staff General Clark = HAARP Long Island – New York

Brigadier Malone = HAARP Gakona – Alaska

Brigadier Siler = HAARP Peru

Brigadier Meinke = HAARP Puerto Rico

Colonel Davis = HAARP Brazil

Colonel Riggs = HAARP Australia

Major Martin = Eiscat HAARP Norway

Major Kilpatrick = HAARP Japan

Doreen McCaul = HAARP Russia

Weldon Brinson = HAARP India

I will take:

= Australia Defense Radar

Now that you have data about the place ... this is your intended target.

Akurians, clear all other considerations from yourself:

Send your CHARGED and **ENERGIZED BODY OF LIGHT** into the Sun and fill it with every deadly force and energy you can muster: especially Black Fire; but this time BIND those energies to this **ENERGIZED BODY OF LIGHT!** Now that it's virtually too poisonous to even approach, take all the available ELEMENTS present in the Sun, AKASHA, AIR, FIRE, WATER and EARTH and BIND them to this **ENERGIZED BODY OF LIGHT**.

Fly this ENERGIZED BODY OF LIGHT to your assigned HAARP installation and all its SUBTERRANEAN tunnels and chambers you just DISCERNED, and release it to be an avenging monster killing and destroying everything there. All you have DISCERNED is its TARGET BASE and it has no other purpose than to slaughter and destroy continuously, minute by minute, hour by hour, day in and day out, from now until Shiloh.

It may take some of you a few minutes, but make sure you do it as I instructed. Add nothing, omit nothing.

Let me know when you are finished.

Akurians, you have just made and released a GOLEM that's hell bent on slaughter and destruction until YOU and YOU ALONE retrieve it. How long it will last and how much hell it will inflict depends entirely on how well you PRACTICED and followed my instructions. It cannot stop; it cannot slow down; it can only kill and destroy as directed. When and if you ever retrieve it, take it back into the Sun and just let it go. There is no other force nor energy that can even weaken this GOLEM; and it can only again become a part of the Sun from which it came.

BEFORE WE PROCEED, ARE THERE ANY QUESTIONS?

Akurians:

WARNING! THOSE WHO HAVE NOT PRACTICED OVER THE PAST FEW WEEKS AS I HAVE INSTRUCTED – LEAVE THIS TRAINING FOR YOUR OWN SAFETY – AND DO IT NOW! DISSOLVE THE BODY OF LIGHT YOU MADE A FEW MOMENTS AGO INTO THE ETHERS FROM WHICH IT CAME.

THOSE WHO REMAIN, PREPARE YOURSELF FOR THE FIRST DELIBERATE MASS DESTRUCTION SINCE THE ANUNNAKI INSTIGATED THE GREAT DELUGE!

STOP ALL RECORDING!

+++++

Do not copy below this line to any not present regardless of the reason.

Akurians, answer the Muster Call.

Akurians, those of you that remain in this company are for now and forever FORBIDDEN to even discuss what you are going to learn and do with any other entity not present. DO NOT communicate any of these things in any manner to anyone else not present under any conditions.

Give me a moment to clean these lines of all monitors and disrupt all recording devices and systems.

For those present at last instruction: you are going to make an IMMORTAL GOLEM bound and dedicated to directed DEATH and DESTRUCTION of all enemies of Akuria. DO NOT deviate from my Instructions in any detail whatsoever; add or delete one whit and this monster is going to turn on YOU simply because it exists! It initially knows only YOU and what you CHARGE and ENERGIZE it to do – which is to slaughter and destroy. This is going to be a raging monster that only knows DESTRUCTION and its target whether living or inanimate. It serves no other purpose of itself.

The IMMORTAL GOLEM you are going to make will be permanently attached to YOU and your THOUGHT patterns! Anything you determine to be an enemy of Akuria or Akurian Justice, all you need do is command – verbally or mentally – it's name ... That's right ... without a proper name this IMMORTAL GOLEM is powerless.

As explained last week, *know for a fact:* the main cause Kak Jews lost control over their thousands of golems is because they either did not properly name them, did not create them so control could be passed on – *just like this one and the one you made last week cannot* – or they failed to pass on the correct names to whoever they intended to inherit the GOLEMI! As I instructed: *Control of this IMMORTAL GOLEM cannot be passed on*, leaving any and all responsibility for abuse upon your own head to the exclusion of anybody else. As with every other deliberate action, THAT comes with a personal responsibility: FAIL to send your IMMORTAL GOLEM to raise proper hell as justified, and that FAILURE is upon your head too.

Akurians, on my command:

Prepare to make another BODY OF LIGHT and CHARGE and ENERGIZE it.

CLEAN your hands;

CLEAN your feet; visualize a SQUARE of WHITE SPIRITUAL LIGHT on the bottom of your big toes – both of them at the same time and balance your BRAIN-ENERGY.

CLEAN and ENERGIZE your head;

Make a new BODY OF LIGHT inside your physical body;

Make a disc of WHITE SPIRITUAL LIGHT, CHARGE and ENERGIZE it with AKASHA, AIR, FIRE, WATER and EARTH;

Move your CHARGED and ENERGIZED disc of **WHITE SPIRITUAL LIGHT** down through your BODY OF LIGHT and CHARGE and ENERGIZE it from head to toe. Take hard notice of those points that LIGHT UP as you move the disc, and take a minute second to DISCERN what that Energy Point is about: It's a signal of the STRENGTH of this given BODY OF LIGHT!

Stand your CHARGED and ENERGIZED BODY OF LIGHT out from you at any close distance.

You have one minute to complete the process.

This additional notice of the STRENGTH of this given BODY OF LIGHT will become critical in time as you will learn to make all points the same strength *because you are going to need it!*

Clear all other considerations from yourself; do exactly WHAT I tell you, WHEN I tell you without any deviations or interruptions whatsoever: you are going to make an IMMORTAL GOLEM! Remember, any GOLEMI is permanently attached to its Creator – *in this case YOU* – for as long as it exists; and a properly created GOLEMI can travel faster than the speed of light without moving backward in time: just like your thoughts from which it was Created. They do not need a Sun Link of any kind. Sun Links restrict them ... *always remember that.*

Akurians, send your CHARGED and **ENERGIZED BODY OF LIGHT** into the Sun and fill it with every deadly force and energy you can muster but in this order and on my command: **AKASHA, FISSION, FIRE, BLACK FIRE, WATER, FUSION, AIR; ... and now absorb as much Fire of the Sun itself into this ENERGIZED BODY OF LIGHT ... and BIND those energies to be manifest in EARTH!** While this IMMORTAL GOLEM is still in the Sun it's under your infinite control – keep it there until I instruct you to move it. *This IMMORTAL GOLEM is different than the one you made last week and must be handled accordingly!*

This ENERGIZED BODY OF LIGHT is now an IMMORTAL GOLEM and must be named! To name your GOLEMI while this IMMORTAL GOLEM is still under your immediate control, visualize the essence and energies of these three words: **AKURIAN FIERY DEATH!** with an exclamation mark on the end. Fuse those energies and the words **AKURIAN FIERY DEATH!** into your IMMORTAL GOLEM as its name and its sole and exclusive duty and responsibility. This IMMORTAL GOLEM is intended as its name clearly identifies, and other than movement – being able to go wherever it's sent – it cannot perform any other task than its name implies. Nobody else but YOU has any control or influence over this IMMORTAL GOLEM – not even another Akurian, including me. Because currently YOU are True and Righteous, this IMMORTAL GOLEM is True and Righteous; even if YOU fall into total demonic jackass this IMMORTAL GOLEM will remain True and Righteous.

Akurians, on my command:

Return your IMMORTAL GOLEM to this earth and stand it a short distance from you!

Endow it with Truth and Justice!

Endow it to recognize any and all energies, forces and powers!

Endow it with infinite energies, forces and powers that it cannot be resisted or defeated!

Name it again - AKURIAN FIERY DEATH! – in this earth!

In your thoughts, inform it to roam this planet wherever there is passage and living entities to slaughter, slay, denigrate, disrupt and destroy all Demonic, ExtraTerrestrials, Manipulators, Traitors to and Deviators from the Constitution of the United States as a Holy Document, Marxists, Communists, Fascists, Socialists, Progressives, Journalists, Publications, Politicians, Priests, Preachers and other liars and all their advocates and supporters whoever they are and wherever they are located!

Akurians, prepare to release your IMMORTAL GOLEM;

Now with these words:

"AKURIAN FIERY DEATH! AKURIAN FIERY DEATH! Slaughter and slay all enemies of your Creator, and spare them not! Go where I send you! Immediately find and target all enemies of Akuria! Without any mercy or consideration of mercy whatsoever: slaughter, slay, denigrate, disrupt and destroy all Demonic, ExtraTerrestrials, Manipulators, Traitors to and Deviators from the Constitution of the United States as a Holy Document, Marxists, Communists, Fascists, Socialists, Progressives, Journalists, Publications, Politicians, Priests, Preachers and other liars and all their advocates and supporters whoever they are and wherever they are located – as their own energies identify them – and spare them not!

"AKURIAN FIERY DEATH! AKURIAN FIERY DEATH! Go now, go where I send you: over the whole earth and all the chambers therein.

ARE THERE ANY QUESTIONS?

Note for now and forever: DO NOT under any conditions compose any directive for any IMMORTAL GOLEM using colloquial language or terminology. Be as clear and specific as if your instructions were to be judged in court of law where win-or-lose depends solely upon correct and explicit English. What you intend and what you Charge or Invoke are TWO different things, so be sure to be as exacting as possible of what you're telling any GOLEM to do. You'll note there are no restrictions whatsoever on Demonic, ExtraTerrestrials or Manipulators. All the others are pretty much Earth-Bound, those THREE are not; but found anywhere in our vicinity, even if by energy attachment, they will be attacked just like the nearest socialist.

And note something of great interest: this IMMORTAL GOLEM will continue to haunt wherever you emplace it; like an avenging ghost! Sometimes it will be seen, even photographed. It will always be a damaging and destroying entity in these chambers. It will never stop. Each of these installations will be known among those who work and live there as 'accident prone' or some such 'hell-hole' description. Faulty equipment, rampant failures, unexplained 'incidents' along with unusual and higher-than-the-norm health issues will become major – and very expensive – considerations. And this is just a sample of what we have in-store for the socialist bastards.

For those who have now been through this procedure, you can make as many IMMORTAL GOLEMI as you want: just do NOT give any two of your own the same name. You will need to keep a name list, written and kept private – **AND NOT ON YOUR COMPUTERS!** It's good advice to write your whole scenario down – names, purposes, targets, et cetera, and THEN make the GOLEMI – to prevent forgetting which was made for what ... And NEVER reveal that information to anybody until you pass it on **IF** you pass it on.

In the coming sessions you will further DISCERN yourself, energizing and using Power Points within yourself and increasing your overall FirePower with each and every PRACTICE regardless of the particulars. It won't matter whether you're making BODIES OF LIGHT, DISCERNING some jackass in the news, or throwing a Ball of Hell into some jerk simply because they exist.

This last part of this Instructional should give you a very big insight into the Practices of Demonology as performed and ritualized by the Masonic Lodges, Knights of Columbus and Temple Israel; who do these things empowering via Lord Lucifer rather than The Most High. Obviously, there is no excuse for their Demonology except to satisfy their own preferred evil. Make sure you study this Instructional and understand it thoroughly BEFORE you begin making more GOLEMI of any nature, let alone those as dangerous and destructive as these we have just set upon the HAARP installations of the world.

These IMMORTAL GOLEMI are but the beginning of Horrors we will deal with. Lord Lucifer is never easily intimidated and seldom frightened. He is a long way from invulnerable but

he's NEVER has his measure taken by any amateur, hallelujah halfwit or otherwise. He is a force to be reckoned with and only a few Akurians are capable of the duty.
