

HOW TO CONTROL ANYONE ELSE'S GOLEMI
26 September 2013 – 22 Tishrei 5774

WARNING! This process is extremely dangerous. The processes of True Spiritual Preparation are so exacting and refined **THEY WILL NOT WORK** for anyone who is not fully Spiritually Conscious; and **THEY WILL NOT WORK** with any deviation from this instructional.

WARNING! This procedure can only be successfully accomplished by those who have a properly created and maintained **FULL BODY SUPER SENSE** – nothing else will work: absolutely nothing.

WARNING! Nobody, without True and Testified Authority by The Most High, Himself, can accomplish this procedure. True and Righteous Proven Knowers and True and Faithful Students under the protection and authority of True and Righteous Proven Knowers *can* safely perform this endeavor *and nobody else!*

First, *and without exception:* the practitioner **MUST** discern the energies of and about the GOLEMI to be controlled. Not only that it exists and may be good or evil, but the nature of that existence referred to as "quality" that will ultimately include everyone involved with the GOLEMI's creation and it's assigned dedication.

UNDERSTAND: All GOLEMI, regardless of intent or purpose (quality) are bound to their creators! No exception. Time, elapsed or otherwise, is irrelevant; as are the energies used in creating or assigning the creature. They will not and cannot dispose of themselves.

UNDERSTAND: All GOLEMI, return to their creators when their assignment as directed is completed. Once that return is accomplished, unless properly dissolved by the original creator(s) – and nobody else can dissolve them – the GOLEMI will continue to perform the assignment given it at its creation: be that righteous or evil upon the creator(s).

UNDERSTAND: All GOLEMI are the product of their creator(s) and nobody else can dispose of them! Nobody! Therefore, the creator(s) **MUST** be cognizant of the GOLEMI upon its return or become subject to its assignment.

Second, and without exception: the GOLEMI must be discerned in infinite detail as to its **ASSIGNMENT!** WHO created it, WHO perpetuated it, WHO had anything to do with its existence, WHO intends to benefit, anybody and everybody with any association whatsoever with respect thereto. WHAT is its assignment – its reason for existence – and THAT will tell a practiced discerner the essence of its **QUALITY!**

UNDERSTAND: GOLEMI have **ONE** purpose! They cannot be given a shopping list of do-this then do-that then do-the-other. GOLEMI have **ONE** purpose as established in their assignment: and THAT purpose, along with all those involved are contained in the energies of its **QUALITY.**

UNDERSTAND: All GOLEMI have and retain the essence of the energies of **ALL** their creator(s), supporters and handlers down to the very commas in their script and quarks of energy in their existence. The more accurately you discern all these things with your **FULL BODY SUPER SENSE** the more effective you will be in your control over the situation.

UNDERSTAND: Leave any point unconsidered, even in ignorance, and that GOLEMI will turn on you the very instant you involve yourself with its energies. That point left unconsidered is a **HOLE** you cannot afford to dismiss as it will permit the energies involved to attach to **YOU!**

Third, and without exception: All GOLEMI, regardless of physical structure, be it twigs and mud, written scripts or invoked speech (virtually all political and religious 'speeches' are deliberate GOLEMI to force the listener's thinking) are ENERGIES! Just like everything else in Creation, it's either energy or matter which is compressed energy – compressed LIGHT in some descriptions – as LIGHT is energy at a given frequency!

UNDERSTAND: There are a very FEW at the top of the Spiritual Energy Capability Council that set all the terms and conditions for everybody else down to the lowest and smallest lifeform. A VERY FEW! Mostly Jesuits and Jews, NONE of Islam.

UNDERSTAND: Most presenting themselves as 'holy' or 'righteous' or having some spiritual 'authority' really don't have any more True Spiritual power or actual authority than any pebble on the side of the road. Their ranting, raving and trappings be damned!

UNDERSTAND: That FEW at the top, whether public or clandestine DO have some degree of Spiritual power and they have no qualms about using it for as much evil as they deem necessary. Their true Lord is Lucifer and he is a hard taskmaster: "Deliver the demanded number of souls and minds at the required level of deluded or Die That Death as punishment for your failure!"

Fourth, and without exception: The greatest source of physical and spiritual energy in this solar system is the SUN! Only the SUN has sufficient energy to accomplish COMPLETION of any GOLEMI assignment when applied properly and in infinite detail as required.

UNDERSTAND: Akurians KNOW the Angel Standing in the Sun by his correct TITLE: Sword of Fiery Death; and that he does not interfere with any True and Righteous endeavor.

UNDERSTAND: Only True and Righteous Akurians have the AUTHORITY to enter into the Sun and use, choose or remove its massive stores of various energies and forces.

Fifth, and without exception: Using your **FULL BODY SUPER SENSE** discern the GOLEMI and all the QUALITIES of its creation and content. Without this KNOWLEDGE in a complete recognition of ALL the energies and qualities concerned, the rest of this procedure WILL NOT WORK as intended.

Sixth, and without deviation: Now comes the hardest and most-dangerous part! Prepare an invocation as per the instructions below in Paragraph, the Ninth. Prepare it properly. In exacting accordance with your discernment as given in Paragraphs, the Seventh and Eighth.

Seventh, and without deviation: Using your **FULL BODY SUPER SENSE** recognize the entire Sun and all its energies and forces. DO NOT send any of your own energies or any Spiritual Creation (**BODY OF LIGHT**, et cetera): use only your discernment capabilities of your **FULL BODY SUPER SENSE**. Nothing else, nothing more.

Eighth, and without deviation: Bring all those Sun Energies and Forces to the earth and engulf the entire GOLEMI within them and FORCE attachment of those Sun Energies and Forces TO the GOLEMI – NOT the GOLEMI to the Sun Energies and Forces!

UNDERSTAND: Only the creator(s) of a GOLEMI can make any changes in it and once created, changes are almost impossible. And THAT is why the attachment of those Sun Energies and Forces TO the GOLEMI.

UNDERSTAND: The Sun Energies and Forces are ATTACHED to the GOLEMI as if bonding (gluing) one material to another. They are NOT a part of the GOLEMI as originally created, only irrevocably ATTACHED to it.

Ninth, and without deviation: Once the Sun Energies and Forces have been attached to the GOLEMI, direct all those Sun Energies and Forces IN THE NAME OF AND BY THE POWER AND AUTHORITY OF THE MOST HIGH USING HIS CORRECT NAME that the mission of the GOLEMI is infinitely accomplished and it must cease any and all continuance and RETURN to its creator(s)!

UNDERSTAND: You have NOT physically altered or changed that GOLEMI one iota! You have simply OVER POWERED it and its mission with your own Righteous Power and Authority of Truth and Justice! You have used its own powers to DECEIVE against it with: True and Righteous Powers and Authorities that cannot deceive because they are IRREVOCABLE TRUTH!

UNDERSTAND: Calling deception into account is a HOLY REQUIREMENT! Only True and Righteous Akurians have that **Holy Authority**, although under Holy Law: everybody has that **responsibility**. THAT is the chink in the armor of every manipulator, socialist, politician, bureaucrat, priest, preacher and other liars of each and every stripe.

WARNING! This process is extremely dangerous. The processes of True Spiritual Preparation are so exacting and refined THEY WILL NOT WORK for anyone who is not fully Spiritually Conscious; and THEY WILL NOT WORK with any deviation from this instructional.

WARNING! This procedure can only be successfully accomplished by those who have a properly created and maintained **FULL BODY SUPER SENSE** – nothing else will work: absolutely nothing.

WARNING! Nobody, without True and Testified Authority by The Most High, Himself, can accomplish this procedure. True and Righteous Proven Knowers and True and Faithful Students under the protection and authority of True and Righteous Proven Knowers *can* safely perform this endeavor and nobody else!
