

Today's rare TWIN Sunday Training Sessions will cover a bit of Nefilim, Black Fire into Hell and the destruction of the god-damned communists, better known in these United States as the Democrat Party – with the Republican Party being damned little, if any, improvement.

First, the Nefilim – who have proven to be as deceitful as the High Order of Demons, and who have violated virtually every covenant in their Creation of Anusazi Permission Decree to the perpetual detriment of us – the Anusazi – for whom all the Anointed in their Generations were sent to rescue as True and Righteous Spiritual Entities.

Following several years of personal Spiritual Development by Brigadier Kathryn Anne Malone, PK, and enduring a continuous accuracy beyond any question of ability – but enduring perpetual failure with respect to that accuracy that proved beyond happenstance and coincidence – it was decided that I should again attempt to find the cause for those perpetual failures.

First permit the evidence: using the at-random lottery numbers as a comparison, Brigadier Malone correctly selected two out of three numbers on an average of five times out of six for a period of over three years; which is beyond any question of 'luck' or happenstance and coincidence. Such continuous accuracy is otherwise impossible. Yet, in all the five years of such accuracy, there was not one instance of three-out-of-three, which under the conditions of such said accuracy is also impossible.

Therefore, we have the established fact of Brigadier Malone's ability toward pre-Cognizance – with an obvious interference of some capable power. It was that capable power I went looking for as I have often searched for Demons and their influences, and found nothing beyond the norm that kicking the hell out of them, pun intended, didn't eliminate. The Demons were overjoyed, but they weren't the culprits. They rejoiced and added their support of energies and influence, but they were not directing any part of the interference.

Upon a fly-by the night of 5 to 6 of July, 2010, I found a very well cloaked Djed (Tet) in a synchronous parking orbit target-centered on Austin and covering the area of Texas for several miles beyond the state borders. Among other interferences, this Djed was being used to reset the lottery numbers within a three minute span at some thirty minutes of advance in order to present Brigadier Malone with inaccurate information. Brigadier Malone would read the results at three minutes post-draw about an hour prior to actual, and the Djed would skewer those results by at least one number. I spent the remainder of the night ensuring my own accuracy of the activity, gathering potential combat intelligence and consulting with my colleague Horsemen as to my alternatives.

As all True and Righteous Akurians are aware, sufficient damage to a spirit can result in instant parallel damage to the physical body; as those who have see me after such engagements can duly testify. It is that point of spiritual-impact equals physical-damage that all Akurians must be aware of to fully understand this engagement between myself, my Command, my fellow Horsemen and the Nefilim. Accounts of my previous engagements will be posted as soon as they can be scripted within the priorities of the Holy Order. They are all available in the Akashic Records for those who want to view them in all their details.

Long story made short: During an exchange the night of 7 to 8 July, 2010, I injured VahZeh, Second in Command to YahWeh (Jawaha), to the point he has been transported for extensive medical and restorative treatment, which he will survive but cannot return to duty.

I have continued my vengeance at each and every episode against me, any and all Akurians, my efforts and endeavors with respect to my Holy Commission. This is keeping with Righteous Powers and Holy Authorities vested in me by earned right and Honorable Duty. My Office and Title of "AVENGER" predates Moses.

What the hell is a Djed?

I want everybody to do some research about that very question. A Djed is an ANCIENT Mesopotamian and Egyptian device of the Nefilim – with paintings of priests MOVING them, eliminating

the claim they are a 'myth' – as nobody can MOVE a 'myth' and the cost of carving and painting in those days prohibited 'for-the-hell-of-it' productions.

We'll get into this one hell of a lot deeper in subsequent sessions if I live to deliver them.

A Djed is a very high-tech Nefilim device, used for everything from audio and video snooping to instant punishment. Its other capabilities includes anti-gravity, precision machining with at least laser beams and possibly water-jet cutting; opening a HUGE set of questions and answers with respect to both mining and communications. To my knowledge, there are no Djeds anywhere on or in the planet, but there ARE several – how many I don't know – fully cloaked and in orbit around the earth with spares and replacements stored and maintained on or in the moon.

For all intents and purposes, we, The Akurians, are at open War with the Nefilim with the sole and exclusive exception of that Mighty, Righteous and Honorable House of Horus. Thus the NEED to use Black Fire into Hell – something that can be both dangerous and infinitely destructive.

Now the Democrat Communists:

In order to gain EXPERIENCE, we are going to practice on the United States Democrat Party due to their absolute preference for TOTAL Global Enslavement via Marxism, Communism, Fascism, Socialism, Progressivism and all other such damnations and High Treasons against the Constitution. And we're going to concentrate MORE on the Democrat Party between now and the November General Election than the Nefilim as a matter of imminent priority.

Those of you who can open the file I sent everybody yesterday will see the INS> and SPK> marks at the beginning of each paragraph. The INS indicates INSTRUCTIONS not to be spoken; and the SPK indicates the actual INVOCATION that must be spoken. This still-incomplete Invocation of Truth is a lot more extensive than all previous invocations, and the word-file may be edited via cut'n'paste as we reset future priorities and targets.

YES! With proper CAUTIONS in place, you may use this invocation for personal objectives, revenge, et cetera; but remember, I said "WITH PROPER CAUTIONS!" Those cautions will be given and explained as we do our run-through. This Invocation is NOT some ritualistic soap-opera! It can and it does carry some very extreme penalties. You DO NOT venture into the Depths of Hell with this procedure, but you DO send the selected target, a specific Body of Light modified for the purpose, and Black Fire into the uttermost Depths. The binding, when done properly, is a permanent Testimony of the target, whether an organization, person or philosophy.

Akurians! DO NOT attempt to use this invocation against anybody who either has a Holy Seal or is under the protection or authority of someone who does; as it will backfire with more fury than even we, the Akurians, can imagine. Everyone else, kak-jews, hallelujah halfwits, programmed idiots – especially those on government payroll – are welcomed to attempt anything they want with this Invocation, as it will literally rip them and their damned socialist agenda apart.

For all those who want to RIDE instead of HAMMER, just go mute on your phone if you have one, or just listen very intently. I will open the floor for questions from time to time, and all question segments are open to all as this is TRAINING; but please do NOT interrupt when we're in the midst of the Invocation.

In this Invocation of Truth you will send Black Fire into Hell. NEVER descend into Hell with Black Fire attached to your presence! NEVER! You will make a SPECIFIC Body of Light for yourself – and ANOTHER SPECIFIC Body of Light to send into Hell loaded with Black Fire and the bastards of your intent.

Akurians! DO NOT attempt to use this Invocation against anyone either with a Holy Seal or under the protection or authority of anyone with a Holy Seal. It will backfire, and the consequences are disastrous. However, we invite all socialists, hallelujah halfwits and programmed idiots – especially those on government payroll – to do their damndest, as it spells the absolute destruction of their OWG agenda and TOTAL Global Enslavement.

I will note as we go **INSTRUCTION** or **SPEAK**. When we must **SPEAK**, do so silently for this Training Session **ONLY**. Once you've been through the drill, and have all questions and answers clear in your mind, you may do either as it suits you – silent or aloud. As mentioned before, until I open the flood for questions, please do not interrupt.

INITIAL PREPARATION

[**INS**> (tab) is an INSTRUCTION line ... **not to be spoken** ---]
[**SPK**> (tab) is an INVOCATION line ... **to be spoken** ---]

SPK> **VOAN KESLATA, PZNIION BHSAT** (As it is spoken, so let it be done.)

INS> Akurians, prepare yourself a Body of Light and stand it before you.

INS> Akurians, charge your Body of Light.

INS> Akurians, now ascend:

SPK> ...Hathor ... Hasterah ... Hesterah ... Ideah ... Hakarmah ... Hasannah ... **AKASHA ... AIR ... FIRE ... WATER ... EARTH.**

INS> Akurians, now descend:

SPK> ... Hasannah ... Hakarmah ... Ideah ... Hesterah ... Hasterah ... Hathor.

INS> Akurians, now send your Body of Light as an Angel Standing in the Sun and charge it with all Sun energies, burning off any remaining negatives.

INS> Akurians, now send your Body of Light to the center of the Sun and with either hand, squeeze a handful of Black Fire, taking as little as a hard clinched fist will contain.

INS> Akurians, now with the smallest amount of Black Fire you can hold, return trailing a Sun Link that fills your whole Body of Light and attach it to your Physical Body. Keep this BOL within you. You will make another Body of Light, turn it into a Body of Damnation to send into Hell with its contents to remain forever.

ARE THERE ANY QUESTIONS?

Next Sunday we're going to take on the Nefilim proper, the Royal House of Anu, Ruling Monarch for the planet Nibiru and all other Nefilim besides the Mighty, Righteous and Honorable House of Horus. To bring things into focus a bit more, we are going to deal with the Nefilim as we would any other mortal

enemy – because THAT is exactly what they are. We are ordered NOT to destroy them to a person, as The Most High still wants a pound of their ass for their damnations.

A bit of background: when Brigadier Malone and I brought the Nefilim's involvements into our clear light of day, Nefilim High Priests made some derogatory remarks about me and My Holy Appointment that The Most High took personal offense of too! The idiot bastards didn't even consider that The Most High Named His Name on me – making any and all derogatory statements and actions against me and equal derogatory against His Name and thus against Him! Read the First TWO Commandments, and you'll instantly get the picture.

While the High Houses of Nibiru were putting together a presentation before The Most High to either document, explain themselves or apologize, I was summoned for a New Moon Audience last 08 September 2010. As soon as I can get it scripted and edited, we'll post it for everybody. It's an eye-opener, as Audiences always are. The actual Audience with the Nefilim hasn't happened yet, and we'll do the same follow up once it occurs. Please note, that Audience may take more than one session – depending on how mad The Most High gets in the process.

The Invocation of Truth we just ran through will be cut'n'pasted with the proper names, times, dates, places, et cetera, to apply it to the Nefilim. Even so, until the November Elections are behind us, the Democrat COMMUNIST Party is going to remain our Prime Priority and Objective.
