Dear Ms. Walker:

Would it be expecting too much of your Bureaucracy to request these countless and illegal questions at the outset of application for exemption? As for your imposed deadline (6 JUN 87) and threat of informing State Officials: **Do your damndest:** The mass of information requested is: (1) Answered in our previous submissions (Or can anyone there read?); and: (2) Will require more time to "explain in detail" while pursuing Charges of Abuse of Official Powers and Violations of Constitutional Rights with respect to Freedom of Religion.

Further: I officially request to be informed as to whether such asinine assertions as put forth by your harrassments also apply to Black Churches; Jewish Churches; Broadcast Evangelists; The Vatican; other long-term 'faiths'; Left Wing Pro-Communist 'cults'; and/or Ultra-Right Fascist 'orders': or just those of whom, you personally, or IRS paranoia as Standard Procedure, disapprove by way of self-inflicted and/or programmed ignorance? Spare me 'official denials': I'll be happy to publically document the damned lies contained therein.

Finally: Here is a cursory response to your requested stupidities:

#22. Does the copy fees on your proposed budgets refer to printing costs? If not explain. **A22: Has it ever occurred to anyone at the IRS that in small quantities it's cheaper and faster to copy than to off-set?**

#23. Please explain the nature of your proposed Automobile and Travel expense. Who will incur this expense for the organization? **A23: (A) Actually, we're 'praying about' an ass powered pogo-stick: As someone must deliver Mail to the Post Office; Food, Clothing, and Charitable Services as appropriate to need (which includes re-locating those suffering highway breakdowns and not considerate enough to be in our driveway at the time) even if the pogo-stick should become a bit crowded. (B) Who ever has the assigned duty, and/or is the most opportune to the problem! If you asked this stupid question of the Catholic Church: They'd have to provide you with a Membership Roster of several MILLION names! But you don't attempt such illegalities on Catholics, do you?**

#24. Provide a copy of the rental agreement for the rent item in your proposed budget. **A24: \$1,000.00 per Month, perpetually, for 1,000? feet of Office Space which includes Utilities and Parking. No "agreement" is necessary, or are you attempting to tell us how to practice our religion?**

#25. Provide the statements and answer the questions of attached page B. **A25: Make sure your successor is aware of your request as it is going to take some time: as previously stated!**

#26. Please explain how your publishing activities differ from other religious for-profit organizations? **#26: Since I'm not aware of any "religious for-profit organizations" (and I've been Ordained since 1950): Your question is nothing more than an inept attempt at a Manufactured Entrapment! As for our publishing, we're from the Old School, and have considered carving each copy in stone.**

#27. Explain how the general public can obtain copies of your publications and how you intend to inform them of the availability. A27: **Actually, everybody knows the General Public are too ONE-WORLD GOVERNMENT PROGRAMMED IGNORANT to simply request copies of our publications (like those provided with our previous attempts to resolve this illegal idiocy!); and since neither Media, Advertising, nor Word-of-Mouth exist: We suppose they'll just have to become Mind-Readers!**

#28. What is the cost of your publications and do you provide any free of charge? A28: **"Cost" depends on the number of pages, photography, etcetera; or do you mean selling price: which is determined by the same things! The only publications we sell are those from which we raise funds for our Charitable Endeavors: similar to a Bake Sale just in case anyone at IRS can make such a low-mental-requirement connection! Or is this another inept attempt at Manufactured Entrapment?; or an equally inept attempt to dictate how we must practice our religion?**

#29. Who are the Akurians? A29: **We don't expect much intelligence from Government at all; and none with respect to Practice of Religion: But if anyone at IRS could read, or ever took the time off from playing God to attempt the process: They'd find the correct translation of the Line of The Lord's Prayer: "...and protect us from evil..."; is: "...and protect us from AKURIA...": The TRUE and KNOWING (as opposed to 'believing!') Anointed Children of The Most High Lord God of All Creation! That line was deliberately distorted by The Roman Government in it's process of becoming The Catholic Church! And being one of the Anointed: I fully understand government paranoia about the point: neither ONE-WORLD 'churches' nor governments can either afford or tolerate any TRUE KNOWLEDGE by their subjects concerning said churches' and governments' atrocities! Like this one, for example.**

#30. What sources do you use for the data in your publications? A30: **Is this still another attempt to dictate our Religion? First, it's none of IRS', nor anybody else's, business where we get our information: But to humor your stupidity: If we're exposing blatant damned LIES; High Treasons; Constitution VIOLATIONS; Atrocities in-the-name-of 'justice'; and the like: We almost exclusively rely on GOVERNMENT DOCUMENTS! However: as pertains to Spiritual Truths: We get our guidelines from The Law and The Prophets: and check ourselves using Direct PERSONAL Access to the Planes of Heaven where neither Bureaucrats nor self-appointed 'christians' are able to Enter or corrupt!**

#31. Who are the Pathfinders, Inc. and what is the relationship to this organization? A31: **Since reading our previous enclosures is an IRS impossibility; permit me to attempt a clarification without drawings, photographs, or other craven images, that to anyone with the brains of a brick should be understandable: "PATHFINDERS, INC." is the shortened name of our Holy Order! Now that wasn't too difficult, was it? Those personnel who are able and qualified to undertake Field Rescue Operations (even if it isn't out in a field) are the Charitable Operations Arm of This Holy Order, and are generally referred to as "PATHFINDERS" rather than Anointed of God Members! I hope the tremendous complexity of this clarification didn't strain anybody's mentality or incite them to greater levels of paranoia.**

#32. Briefly explain your belief(.) A32: **And on that one, sweetheart, you can go straight to hell!**

**First: Neither I, nor any Member of This Holy Order will account to you: your agency: nor any part nor party of any government; anywhere, at anytime, for any reason: with respect to what we do, and do not, 'believe'!**

**Second: Unlike your damnable delusions: we don't have any 'beliefs': WE HAVE KNOWLEDGE and we do not confuse the two!**

**Third: Should some IRS employee be able to read, which obviously has not been the case in the attempted commission of this atrocity: try THE FIRST AMENDMENT, BILL OF RIGHTS!**

**Fourth: I expect your retaliation: Expect mine in return.**

**Does that answer your question?**

That this series of replies is not on one of your over-complex forms, which are deliberately phrased to permit as much twistings and distortions-of-facts as may be necessary to satisfy IRS personnel paranoias and/or Manufactured Entrapment persecutions: I have taken the liberty (We still have some of that, don't we?) of having this letter notarized. Perhaps a Sworn Statement will serve to mollify some of the agonies of 'just doing your job'.

And now, if it wouldn't strain the ONE-WORLD CONSPIRACIES of the IRS beyond current Time Frames & Schedules of Surrender: may we have your (Oh, Whine, why didn't we kow-tow before?), (grovel), (slime), (slobber), (week-knee all you namby-pambys) permission to be about the practice of our religion?

Oh, Yes: Before I forget: be sure to remind ENSLAVEMENT SURVEILLANCE to FLAG our Holy Order in their computers to insure government persecution of all our supporters who prefer SELF-VERIFIABLE KNOWLEDGE to programmed enforced-by-law 'belief'.

And one final point: Before anyone in your ENSLAVEMENT CONSPIRACY attempts to use these Presents for personal gain or 'political hay': kindly observe the Copyright Notice below.

Sincerely,
