

Akurian Neophyte Information - Seniors

The Purpose of the Booklet

The whole idea of this Booklet is to address concerns of Seniors AND Neophytes and their participation with us in our Akurian Endeavors. We're growing and we must have some guidelines for Neophyte understanding and participation.

Seniors have a tremendous amount of experience that Neophytes cannot go backwards in time to get. They and we can only move forward. Seniors have a responsibility to the Neophytes to make sure Neophytes can be the Akurians we need them to be without holding them back or down.

While every Senior would like for Neophytes to be as skilled, we're ALWAYS going to have people of different skill levels, some will learn faster, some will learn slower. Some will "get" things quicker and others will need time. We need to take Neophytes from where they are and not from where we would like them to be.

So what does every Senior want/need to Neophytes to know? And what do Neophytes need to know so they can feel comfortable in their participation with us.

Seniors need to know where the Neophytes are to facilitate, support and protect their Neophyte endeavors, and to be patient with them – they're behind in their learning and they are undoing programming. Be supportive and encouraging of Neophyte endeavors, and not make them "feel" as if they cannot contribute. Those who cannot participate nightly are not to be given a hard time.

Neophytes need to know they're welcome, they can contribute, and they have enough/sufficient skill in order to participate. They need to know they are supported even though they cannot Blast with the same intensity as any Senior's years of experience can. That said, many Neophytes are cleaning some Seniors Clocks!

The Fine Line - Recruiting

LEARN TO RECRUIT! And LEARN to allow Neophytes to grow.

Remember – we're not arm grabbers, plaza street preachers, or hallelujah half-wit idiots.

We need to GROW and Neophytes don't need to be ABUSED by any Senior in the process!

Neophytes need TIME to grow. The average Neophyte may need a year to digest something they've seen Akurian. The average time they take to READ The AED

is a YEAR. And, it takes them about a YEAR to digest what it means to BE Akurian! BE PATIENT!

AkurianInfo

Be patient with Neophytes. Akurianinfo is to be used for the purposes of disseminating information that Akurians need to know about.

Neophytes may initially use it as "their" method to show us they are awake and informed. In some ways, it may be a TEST to Seniors as they LEARN DISCERNMENT SKILLS!

Seniors need to DISCERN the information in the quiet places of their own thoughts, get help when and if necessary, and BE PATIENT. When a Senior is required to respond, do so PATIENTLY to give Neophytes the time to grow. And don't do things in public; do it privately.

Seniors, you didn't learn these things overnight and neither are they going to do so.

Procedure When Calling In

Please teach/instruct a Neophyte that when they come into the room, to announce themselves and then go on mute. If they are asking a question, being asked a question, or engaging in discussion because it is

occurring, teach them to be courteous and stop talking when they hear the sound that someone else is coming into the room so the new person can announce themselves. When no discussion is happening, please teach them to go on mute. If they do not have a mute button on their phone, to do things MENTALLY as it is very distracting, as they will experience, when someone is not on mute.

Teach them that questions, comments, and concerns are directed at making sure information presented is understood and related to our invocations and/or training. The time we get together during the week is time to Invoke, Target, and Direct AGAINST our ENEMIES! It is not a time to inform; Akurians are Wide Awake. Sunday Trainings are just that Trainings. Be encouraged to send relevant and appropriate information to akurianinfo@theakuriansmail.com.

Teach them that we do not usually get together on Friday/Sabbath and or Holidays – especially those that occur on weekends.

Teach them that it is a generally a good idea to be at their computers for:

Notifications especially if there are problems which we occasionally have.

Access to the invocations.

We're going to have to find options for other ways of getting this done/accomplished via phone conferences. Phone services are hammering on the issue by blocking access to these lines.

If they have problems dialing in, please research the reasons why and get to the bottom of the problem. Facilitate them getting into the room as you can.

Communication

Seniors need to learn Akurian items and Lessons so well, they can teach others EXACTLY! This is not a something to learn it one way and teach it to a Neophyte another. ALWAYS get help if you don't know something so you don't teach a Neophyte incorrectly or something that you'll need to undo. It's ALWAYS easier to AVOID a problem than it is to undo it.

Generally Bobby and I are pretty good at getting back to people via email – usually within a 24 hour period. If you don't get a response, it is very likely we didn't get your email in. The best thing to do is follow up again or give us a phone call. Chylon's phone service has answering that has the ability to leave an email when you call; don't just call – always LEAVE a message.

Chylon is also a FaceBook user – that is another way to make sure of communications and it very much helps.

Instructions for Participation in Training/Blast Sessions – teach Neophytes!

1. The objective is to get people to participate in our Invocations and Trainings – Neophytes are to do the best they can with what they understand AS they understand it.
2. When they dial in, teach them to wait for a pause if there is conversation going on, to announce themselves, and then go on mute. Make sure they know going on mute helps to keep the signal strengthened.
3. If they don't understand enough at any given moment, there are two ways of approaching the situation.
 - a. Teach them to listen quietly and attend to what we're doing and if they have questions, ask them after the Session via email or phone call. We'll address their questions, comments, and concerns AFTER.
 - b. Teach them to lend themselves to the ENERGY of the objective and to ask questions AFTER via email or phone call. We will walk them through the necessary skill requirements.

4. Teach them to NEVER Add-To or Subtract-From the Directives/Commands – make sure they attend to this issue.
5. Teach them that because we're not seeing people face-to-face, sometimes people talk at the same time. We do endeavor to keep this problem minimized. Teach them to attend to Bobby, Chylon, or the Senior at the time and stop. We make every effort to make sure that everyone has opportunity to speak.

Teach them that the objective in training/blast sessions is to DO/Accomplish something. The equivalency of the way we do this is like turning the television on so that you can enjoy watching. You do not have to KNOW how a television works towards this end/objective and neither do they. That you desire to KNOW how a television works, you do that on your own time – BUT, and understand we will help and facilitate this endeavor outside of Blast/Training Times. This applies to Neophytes too.

Make sure you and they come into the session with:

Paper and something to write with.

Envelopes and an Offering

And make sure you and they have the things we're using or working with open and close in front of you.

Order of Operations to Teach Neophytes

Teach Neophytes to:

1. READ The Anointed, The Elect, and The Damned! FIRST.
2. Stay on top of emails that come in from the Akurians as they come in.
3. Encouraged them to keep a journal so that when they have questions, they have something specific to work with to get answers you and they need.
4. Based on the questions, we'll either answer them or point the right direction to get the answers.
5. Make sure you teach them the necessary skills and vocabulary.

Tithe

There are a few ways it can be done:

1. They can do it by paypal
2. Send a check
3. Money Order

Checks and Money Orders need to be made out to **Pathfinders, Inc.**

There are two ways to approach paying Tithes:

1. 10% of Take Home Pay (Recommended) but if you get an income tax refund, 10% of the refund is due.
2. 10% of Gross and if you get an income tax refund, no difference is owed.

Most people pay after they get paid.

Skills For Akurian Success –Teach Neophytes these things.!

The instructions for the various skills were taken from various Akurian Documents. They were cut and pasted with very few modifications.

The Most Important Skills Neophytes need to be familiar with and know for effective participation is how to do and/or make:

1. Affecting Matter with Water*
2. Astral Projection
3. Body of Light
4. Clairvoyance
5. Developing Sensitivity with a Light Bulb
6. Dissolving a Cloud and Stop a Clock
7. How to KNOW what you think
8. Sun Link
9. The Law of Immunity
10. The Proof
11. Thoughtform/Belly Ball
12. Transfer energy from one hand to another /Flick Energy

Do not teach Neophytes YOUR version of these skills! Teach them the skills as we have learned from The AED and our Training. Have this information with you to teach from. Make SURE you teach Neophytes from these instructions contained in this Booklet. Make

sure you know these skills so well you do not deviate from them in any manner.

Any problems get with Bobby or Chylon.

Astral Projection

The Physical Practice

7450 First, you must establish a series of places or stations; the first being where you will begin and end your practice travels; the rest being specifically for the exercise of one of your 'physical' senses: touch, smell, hearing, and taste. You are using sight all the time, but a place/station for visual practice too certainly will not hurt.

7451 You will need to establish a series of places/stations along a familiar route within your own home, staying away from mirrors until you have some hard expertise. Mirrors are not dangerous, they just distort what you are trying to develop. So avoid using them as a place/station.

7452 Each place/station should be a point to exercise ONE of the senses, sight, hearing, taste, smell, and touch, then you need only to work this route. Practice each sense at its given point to soon accomplish the most desired of all abilities: UP IN THE SPIRIT, aka astral projection, or entering the Planes of Heaven! Immanuel, whom the pagans call 'Jesus,' clearly said the

Kingdom of Heaven is at hand, meaning within reach,
now accessible!

7453 DO NOT inject a bunch of paganistic prayers, white light, or other such jackass nonsense!

7454 You need to practice in the PHYSICAL body as well as the SPIRITUAL body, so establish your places/stations along a route that you can travel easily in your physical body without solid walls that must be walked through. In the initial stages, even closed doors might be a problem, so avoid them if possible. It's a good idea to use objects that do not have to be moved, photographs, plants, et cetera: and DO NOT buy yourself an ad as to what you are doing! Inject a stupid mind into anything and it's guaranteed to fail!

7455 A person should be undisturbed. A person should also walk the route in their physical body, and duplicate each and every move during practice consistently. There should be a permanent starting place/station, from a bed, or comfortable chair, from which one can begin and end each practice session.

7456 DO NOT change the process of your PHYSICAL practice! You will need that EXACT process when you begin your SPIRITUAL practice.

7457 If you get up out of your chair with your right foot first, THEN ALWAYS GET UP OUT OF YOUR CHAIR WITH YOUR RIGHT FOOT FIRST! Simple as that.

7458 Just go to the place/station where you will practice from, a comfortable chair or even your bed. Settle yourself in it as you would naturally, and close your eyes. Take a moment or two to mentally visualize your physical body exactly as it's situated at that moment.

7459 Now, open your eyes (so you can see where you are going!) and get up from your place/station of rest, taking in for future reference all the physical movements: which foot you move first, how you shift your weight, et cetera.

7460 Now, physically walk your route, stopping at each and every place/station in turn, studying each one intently, until you are thoroughly and completely familiar with it, and then move on to the next place/station.

7461 When you reach the end, return along your route in the opposite direction, again taking in each place/station, but now in reverse order on your way back to where you began. When you reach your starting place/station, again settle yourself into it, close your eyes and visualize your physical body as you did in the beginning, then open your eyes!

7462 During practice you will always be using your sight, and eventually all your senses will tend to merge

into one super-sense where you taste, smell, feel, hear and see all at the same time.

7463 Establish a time to practice when you will not be disturbed, and, if possible at a time when nobody else even knows you're up to something. Thoughts from any other mind, regardless of how sympathetic, are usually detrimental; because no two people see anything exactly alike since no two people have experienced exactly the same set of circumstances at the same place at the same time at the same age under the same conditions.

7464 However, cooperative husband/wife family group practices have proven more successful than practice with 'partners' or strangers!

7465 The only exceptions have been when outsiders: friends, neighbors or other family relations found out about those 'wicked' doings (usually by big-mouthed brats or soap-opera addicted women!) and injected the idiocies of their paganistic Christian thoughts into someone else's business!

7466 One injected point here: the thoughts of a dim-witted dunce are just as powerful as those of the most brilliant mind! And they are easier to avoid than to fight.

7467 Your own spiritual development will require all the energies you can apply, so there's none to waste on the idiot elements.

7468 Once you have your places/stations established along a route inside your home, and a place/station to practice from inside your home, you are ready to begin.

7469 This is your PHYSICAL body practice!

The Spiritual Practice

7470 Now, you are ready for SPIRITUAL body sessions.

7471 DO NOT inject a bunch of paganistic prayers, white light, or other such jackass nonsense! Spiritual body practices are exactly like the physical practices except in the spiritual sessions, when you settle yourself in or on your starting place/station, you close your eyes and keep them closed VISUALIZING AN IMAGE of your physical body traveling the route!

7472 Make this 'visualization' (spiritual) practice as close to your physical practice as possible (which foot did you use first?). However, when you practice this visual spiritual part: don't lay there and visualize an image of yourself in one place while you are clearly seeing your physical body in another!

7473 Visualize the room and all its contents in your spiritual body from the very same position you would see it if you were in that same place/station in your

physical body! REPEAT: Visualize the room and all its contents in your SPIRITUAL body from the very same position you would see it if you were in that same place/station in your PHYSICAL body!

7474 That's why you walk your route in the PHYSICAL body! So you can observe what is where and the point from which you view it as you walk your route in your PHYSICAL body! For instance: if your dresser is directly across the room from your starting place/station, then it can't be directly across the room from place/station number three! It has to be at some other angle of view!

7475 When you are doing your SPIRITUAL practice you have to operate in your SPIRITUAL body just like you operate in your PHYSICAL body all the rest of the time!

7476 Once you have mentally traversed the route and returned, settle that SPIRITUAL body into your PHYSICAL body. Reconnect the SPIRITUAL body you visualized with your PHYSICAL body simply by opening your eyes! Using the Etheric Body is just that easy. Visualize it, and it works!

7477 This is your SPIRITUAL body practice!

7478 You are always spiritually 'connected' to your physical body by a silver cord made of light energy that has no known distance limits, and you will always return to your physical body if you practice properly. At some point in time you may, and you can, project out to

wherever you want to be and stay there until Judgment!

7479 With practice, you will soon experience a change of consciousness, finding yourself fully conscious in both your physical body and your spiritual body at the same time! A bit more practice and you can shift your consciousness to your Etheric Body anytime, at will in or out of your physical body.

7480 RECAP: Visualize the spiritual body getting up out of the physical body, moving along the entire route place/station by place/station and back again, place/station by place/station! 'Reconnection' is the easiest part. Simply put the envisioned body back in the same position as the physical, and open your eyes!

7481 If you are interrupted during practice, return by the most direct route, regardless of obstacles! Reconnect your bodies and then handle the interruption.

7482 Practice every day, preferably at the same time of day, but practice! Both in the physical and in the spiritual!

7483 This method will not fail if it is done properly and consistently! It may take time, but it will work eventually!

7484 One word of caution: stay around and within your own home until you have gained some experience! With more practice you will eventually project to any given Plane at will!

7485 You have a spiritual body that coincides with each Plane of Heaven and Depth of Hell; a body for each Plane and Depth; and with practice you can project your consciousness to any one you want, or change to any one from any other while you are 'out.'

7486 TWO POINTS OF WARNING:

7487 Do not venture beyond your own surroundings for the initial stages of your out-of-body practice. You will have plenty to learn and study within the confines of your own property! And, just because you achieved some conscious transfer is no reason or excuse to stop the physical and spiritual practice along your route. You need all the experience you can get.

7488 Do not venture into the presence of women of child-bearing age outside your property! Nor inside your property either if they're not a full and knowing participant of your practices! There are demons galore waiting to be incarnated in a physical body, and they're expert at using available life forces – which your conscious presence is an ideal – and attaching themselves to the female aura from where they will be incarnated should the female ever give birth. And those

demons will act solely for their own ends; and they'll take instant advantage of anyone stupid enough to give them the chance! And once they've begun, they'll never let you go until Judgment day! It was just such a series of demons that Immanuel had to eject when his Disciples failed, telling them that this kind of demon can only be removed by prayer and fasting (practice and development) and The Anointed will not remove them for you. It's your stupidity and you will live with it.

7489 And YES! There can be more than one demon in a body at the same time, even in a birth-connection situation we've just warned you to avoid! That's one of those situations that's easier to avoid than to undo!

7490 Those are the only dangers' you will encounter if you tend to your own business! A moral person would not violate another's being or property on the Earth Physical Plane, and being able to operate invisibly and unencumbered by physical barriers, time, or distance, is no excuse for doing otherwise.

7491 Practice at or near the same time every day and you will find yourself progressing at a better rate than if done haphazardly.

Body of Light

How to make them:

Visualize an Image of yourself. Dressed like you're dressed at this minute; sitting down, standing up,

whatever. Visualize an Image of yourself. Do NOT let it extend beyond the actual size and shape of your physical body. You don't have to get into infinite details, moles, scars, warts, et cetera; just a smooth Spirit version of yourself: but made of WHITE LIGHT! The WHITEST WHITE you can visualize. Brilliant, blaring, snow-blinding WHITE!

It's THAT SIMPLE to make a Body of Light. That Body of Light can be as powerful or as worthless as you make it. It takes time and scads of practice, but that Body of Light already carries the Essence of your own Conscious, making the HOW TO USE IT an absolutely critical process and accomplishment.

Clairvoyance

0244 You want some Spiritual Power? Start right here and prove something to yourself. You will need a solid white background. A handkerchief, table cloth or sheet of paper will do, but no patterns, please. Next you will need something of a bright color, a red pen, blue ribbon, or anything else that is small, and like the background: of one solid color.

0245 Place the object on the background, near the center if it's a sheet of paper, and don't worry about a patterned tablecloth under a white sheet of paper, you just need some contrast room.

0246 Pick out one given point on the object – an end – center, et cetera – wherever you want, and then without any strain whatsoever, look at that one point without moving your eyes! In about one minute or less, you will see a halo of some other color around the edges of that object! Don't blast off to Kingdom come; it's the normal vision of your Spiritual (Third) Eye!

0247 Once you can see a very good halo, look up at anything a bit farther away, and relax: if you strain to see you will blow the process. A solid image of the object will appear in the same color as the halo: but much larger! Now, before the image fades (you can recharge it by repeating the process!), look at something even farther away: and the image becomes larger still!

0248 You see, you've proven we do know what we're talking about for one thing, and that you have a working Spiritual (Third) Eye for another!

Developing Sensitivity with a Light Bulb

For this exercise, you'll need an incandescent light bulb – not the curly kind because it doesn't give off enough heat.

If the bulb is in a lamp, take off the lampshade, and turn it on.

With either hand, it doesn't matter which, move your hand slowly with the palm side toward the lamp until

you feel the heat from the lamp. When you feel the heat, slowly back up your hand until you don't feel the heat, and then move your hand forward until you do again.

Shake off your hand and do it again a few times every day.

Soon you will feel the heat farther away than you did initially. Eventually, you'll feel the heat several feet away.

Train both hands to feel the heat.

You'll use this skill again and again for many things.

Dissolving a Cloud and Stop a Clock

CAUTION – DON'T BE STUPID! There are Universal Holy Laws that you dare not violate.

YOU HAVE BEEN WARNED!

The process is simple: VISUALIZE what you DO want instead of what you DON'T want. Pissing and moaning about the way things **are** only gives them the firepower to **stay** that way. Doing something about the **way** you think as opposed to **what** you think or **why** you think it is the key to TK.

The exact **how**:

RULE NUMBER ONE (#1) – NEVER involve anybody else's mind unless you are hell bent on guaranteeing your own failure! Telekinesis is a matter of MIND and there aren't any two people who actually see or think things EXACTLY the same way. Those small differences are the absolute Kiss of Death until you've achieved sufficient expertise to over come other people's 'bad' thoughts.

RULE NUMBER TWO (#2) – DON'T JACKASS! Follow the instructions exactly – no add-ons, no add-tos – no left-outs. Follow the instructions exactly even if you don't understand them.

The fist example is CLOUDS, hopefully those puffy kind that fill the sky on occasion, but ANY cloud will serve the purpose. Pick out your cloud, if two are in proximity, choose the larger. The same process applies, get a good MENTAL PICTURE of THE cloud you've chosen and make the cloud in your mental image **DISSOLVE** like steam out of a pipe or chimney. Continue the vision and in a very few seconds you will see the cloud begin to fade away – in a minute or two it will be gone and the other cloud will still be there **unchanged!** THAT eliminates the wind as having blown away your cloud as idiot elements always claim.

To **get rid** of a storm, do the same thing only include the whole cloud formation, It's going to take a while, there's a lot of water and atmospherics present and in motion to create and BE that storm. To **make** a storm,

do exactly the opposite; although it's a good idea to practice making single clouds before you take on a gully washer. To move a storm, regardless of size, grab it with a mental image and force it to go whichever direction you choose, make it stop, slow it down, et cetera. Once you have the practice down you can do the same thing with WIND including hurricanes!

The second example is an ordinary CLOCK with a *smooth*-sweep second hand, the 'click' type will work but it's harder to determine initially. Look at the clock as though you had to remember it to draw it later blindfolded. The details are critical, THIS clock, not every timepiece on the planet. This mind's eye mental image is what you're going to work on – while still observing the ACTUAL movement of the hands, the SECOND hand specifically since it moves the fastest. Now in the mental image - make ALL the hands *run backwards* and watch for instantaneous pauses of the SECOND hand. The SECOND hand isn't going to stand still and beat a drum for you – until you gain some real firepower – SO PAY ATTENTION!

For those who use an electric (plugged into the wall) clock, the pauses are some evidence of HOW MUCH power you're exerting. If the clock is plugged into a 15 Ampere 110 Volt circuit – normal house levels – your MENTAL PICTURE produced 2.2126866 Watts to put the line current at zero and then had to continue to produce that much for the entire duration of the pause!

WARNING! The Grand Elements of Creation INSTANTLY begin to produce in the same instant a mental picture is formed (called a Thought Form). Now go back to the top of this page and review the RULES! HATE tangents and STUPIDITY are the foundation of each and every perpetual jackass event and situation on this planet.

Healing - Introduction

Healing is such an important thing in our world today!

Many people need healing. It doesn't matter whether it is physical, mental, trauma, past experiences, psychological, spiritual, and/or combinations of these things.

Funny thing that also happens often when people are developing spiritual skills, they get hammered and often become ill. Make no mistake. There are entities out there that will do anything to keep you from learning what to do.

Sometimes people bring it on themselves by straining too hard. Many people have complained about things like headaches when they are practicing and developing. The solution is to relax and give yourself a break from the intensity. Practicing spiritual skills is sort of like learning to play a guitar and you have to give your fingers a rest or they can bleed and really hurt.

Healing is an important skill people need and must have. While it is true that there are physical things that

are appropriate for healing purposes, this is all about how to do things spiritually. We have some of the same excellent tools to use for healing too when applied properly.

Healing Part I A

For those who have learned to make a Body of Light (Aka BOL) here's what to do.

1. Make your Body of Light.
2. Consciously transfer your illnesses into the Body of Light.
3. Send Body of Light into the sun.
4. While the Body of Light is in the sun, let the sun burn off all the undesirable energies.
5. When you are sufficiently satisfied that all the undesirable energies are burned off, make sure the Body of Light is filled with all healing energies from the sun.
6. Then bring back the Body of Light and tense it in to your body. Make sure you tense it in. It can create additional problems for you if you don't.

This IS one very powerful healing thing that you can do for yourselves; Do not do this for anyone else!!!!!!!!!! You will create a problem for them and you and the responsibility for the problem is all yours to endure! Doing so is jackassing.

This is also something you can do at anytime you need/require. The sun, for all intents and purposes, is an unlimited source of energy for you to use anytime you need an energy boost.

Healing Part I B

As you continue to develop your discerning skills, you will find that many are sick and some of the reason why is healers didn't DO the right thing because it was the right thing to do. They contaminated the healing energy.

So a way to do healing for others is to create a Body of Light out of the Lowest Plane of Heaven called the Ethric (Hathor in Angelic - the language of the Heavens) and send it into the sun and do the same things EXCEPT it isn't using the energy as you do with your own Body of Light that you would use to tense back in yourself and you will leave the Body of Light in the sun that you will visualize a hose/tube that you will direct out of it when you are ready to use it.

For the moment, just think Ethric/Hathor and the energy will be there. For those who have practiced sensing their own energy as if holding a basketball, hold your arms out a little further and think Ethric/Hathor Energy between your hands and you should experience a difference in energy and the way it feels.

What you do with this Body of Light is leave it in the sun and keep it filled with the sun's healing energy and VISUALIZE a hose/tube from the Body of Light and attach it to someone you would like to have healing energy.

A way to VISUALIZE this is like hooking up a hose of Golden Sunlight from the Sun where you have the Body of Light still in the sun as a point of reference for you (you know where it is) to the person for healing purposes. Visualize a long tube/hose all the way from the sun to the person.

As you develop your skills, you will sense the correct place to hook it up. A good place to hook it until your skills are more refined is their belly button that you Visualize.

When everything is done as it can do from the energy, the Body of Light and the link will dissipate of its own accord!

In the case of some people who are seriously ill, it may take several links like this to work and that is perfectly ok.

The amazing thing about this form of healing is it doesn't matter where in the world they are if you can sense, tell, know, detect their energy.

Caution! Be absolutely certain you understand this before you do it. ASK Questions if you don't!

Healing Part II

For those who have practiced sensing the light bulb and can experience the heat of it across the room.... and more 😊👉, when you are starting out and you or someone close to you is ill, about 3-5 inches from their body, use your hand like you first started with the lightbulb and feel their heat and where the problems are.

What you are going to do is grab ahold of that heat and throw it away, as in off of them, and onto the floor. NEVER hold that heat in your hand NEVER! This is another one of those things that if you do, it's jackassing. The problem is easier to avoid than it is to undo!

The way you grab the energy is like grabbing smoke. When I first learned, I'm a smoker and it was very easy for me to practice. If you are not a smoker, that's ok you can practice this VISUALLY.

One way to really experience what I'm talking about is smack your forearm (either side) with your other hand. Smack it hard enough that you can sense/detect heat from the smack.

With the hand you did the smacking with, about 3-5 inches above your smacked arm, feel up and down for the differences in temperature. With your smacking hand, grab the energy and throw it away. By throwing it away, throw it to the ground and not back in yourself or the person you are working on.

Again, Caution! Be absolutely certain you understand this before you do it. ASK Questions if you don't!

How to Bubble Yourself!

This is a very important skill to know and use.

These days we are all so bombarded with many things that interfere with learning and development. It is hard to focus, meditate, think, learn, practice, develop, etcetera.

There is an excellent spiritual skill to learn and use.

What you will do is visualize yourself in a bubble. The first time you do it, take a few moments to study/discern yourself for a minute. This will sense different to people.

Once you have yourself visualized in a bubble, mirror the inside of the bubble. The first time you do this, take a few moments to sense what is happening. This IS a way for you to experience you without anything else interfering. When you are in a bubble without anyone or anything else, this is a way to effectively stop

anything from interfering with your own thoughts and processes. But there is more! 😊

The next step after you put yourself in a bubble and mirrored the inside, mirror the outside of the bubble. This means that the only thing that can enter into this sacred space is that what you allow. Those thoughts that aren't yours, unless you allow them, won't be there.

This by itself IS a very powerful skill/tool that everyone can use to their benefit and focus. Put yourself in a bubble to study, learn, focus, discern, meditate, concentrate, think, practice, etcetera.

Now this skill is also a very useful thing to do when someone is interfering in a way that isn't desired by you. It doesn't have to be a bad or a wrong thing. It's just something you personally do not want or desire at the given moment.

You can bubble someone the same way you did it to yourself and block their influencing energy from being a derogatory effect. Don't keep them in the bubble if it isn't warranted. If you are responsible to make one, you are also responsible for the Law of Immunity impacts.

How to KNOW what you think

The process is quite simple that you will use for the rest of your life.

To learn which thoughts are yours, you need to determine the WHAT you think without cluttering the process with all the 'whys' and soap operas that go with it. The process is extremely simple UNLESS you contaminate it with jackass and nonsense.

To determine WHAT you think is an ongoing habit you need to get and stay into. It's an easy habit to acquire, and priceless to the point of being worth more than all the King's/Queen's Ransoms combined!

Each and every OBJECT in your circumstance must be considered with respect as to HOW you think/feel about it. REPEAT: EACH AND EVERY OBJECT! In order to give EACH AND EVERY OBJECT a due classification you must set a STANDARD RULE. The best is a scale of 1 to 100, it is goes in BOTH directions of "LIKE" and "DON'T LIKE" regardless of what it is.

Get that: a scale of 1 to 100, it is goes in BOTH directions of "LIKE" and "DON'T LIKE" regardless of what it is.

YOU must decide whether you LIKE/DISLIKE anything and everything and to what degree – 1 to 100 – on your scale.

Within a very short time, you'll have a thought come through your mind/brain with an entirely different, regardless of how close, LIKE/DISLIKE and/or NUMBER.

Either one is all that's required, both are nice but not necessary. THAT thought is somebody else's.

You KNOW what you think, especially if you've ignored all the emotional entrapments and falderal explained above, so if any thought in your mind/brain disagrees, even in the slightest detail, that thought isn't yours. If not yours, it has to be somebody else's. Period.

Thoughts and thoughtforms are NOT self-generating, they must come from some mind/brain/thought source. That "source" cannot avoid leaving its own stamp of personality on that thoughtform/energy, leaving a sure and certain identification capability.

Sun Link

A tremendous source of Spiritual Energy when done properly is a Sun Link. It's totally worthless if jackassed.

Sun Linking is a THOUGHTFORM process.

While you are alive, all OBEs have a Silver Cord that attaches the Physical and Spiritual bodies. This Silver Cord brings you back from dreams, keeps you from getting 'lost' in the Spiritual Realms, and is the LINE CORD for Sun Links and other such Spiritual Endeavors. Yes, the Silver Cord can attach ALL your bodies at the same time without interfering with each other in any combination. No, at death the Silver Cord dissolves as does the Etheric/Deros Body. It is this dissolving that makes Spirit Communication a whole lot harder, as the

soul and consciousness is either in the Lower Astral Plane or the Danaka Depth, leaving a wide chasm that few can cross.

Make a THOUGHTFORM copy of your Physical body and move it to any nearby location. Anywhere will do, but fools will always jackass by moving it to Mars, the far side of the Moon or some such other equally idiotic location. It need not be any farther away than you would stand in proximity of another person.

Now that you have a THOUGHTFORM body, it will go where you GUIDE it, so fly it to the Sun regardless of where the Sun may be at the time. Over the horizon is nothing, east or west is your choice, and neither distance nor time are any problem.

Dive your THOUGHTFORM body into the Sun like diving into a warm pool for a swim, and relax. Let the Sun burn all negatives and negative energies. Fill your THOUGHTFORM body with Sun Light and Sun Energy and EXPAND your THOUGHTFORM body to gather as much of both as possible and lock it in place to feed the Sun Lights and Sun Energies. Then return your THOUGHTFORM body to your Physical body, dragging the Sun Lights and Sun Energies like a string of syrup filling your Silver Cord. Once back in your Physical body, tense your Physical body to reattach your THOUGHTFORM body and all its new Sun Lights and Sun Energies.

Now you should have a THOUGHTFORM ANCHOR in the Sun, a Silver Cord, that will now probably look like a Golden Cord, attached to the Sun on one end and your Physical body on the other, feeding Sun Lights and Sun Energies for whatever you want to do.

In actual practice this THOUGHTFORM process shouldn't take more than a minute. Jackass it and it can take three to five days. But so it is with the Idiot Element.

The Law of Immunity

5420 The Law of Degrees of Knowledge (Law of Immunity) is such that one with high knowledge is immune from invocations and abuses by those with low knowledge, and is not required to take any actions of revenge, as the law will do it for them. They can take action of revenge if they so choose, because the law does not forbid them. However, in instances of invocation or abuse committed against one of lower degree of knowledge by one of higher degree of knowledge, the high one is suddenly stripped of their immunity and wide open to whatever the offended desires to do within their capability or access!

The Proof

0610 ""Let the person take an offering, and seal it up that none but they and me know its value; and in that very instant that it is sealed, I, Myself will visit them in Spirit!

0611 ""Then, if they will have anything of me, let them so declare it, and according to the offering and their substance, I will tell them in their own soul whether the gift is sufficient!

0612 ""This shall be a proof to each, that I am He that has sent you unto this evil generation.

0613 ""Now, if the gift is sufficient, they shall then send it to you, still sealed, wrapped in a manner that does not show its full content or value, nor revealing either the content or value (any object) within, and they shall also likewise write down with pen and parchment their desire of me; and send it sealed in a separate wrapping to you.

0614 ""And you shall offer it to me upon Mine Own Altar, and if the gift be sufficient according to the substance of the soul, as I will have of Mine Own Self informed them, I will deliver their desire!

0615 ""In these two things shall it be proven of you that this thing is not of your doing, but of mine!

0616 ""Let who will know these things are true test it of themselves!

0617 ""I will heed each and every call, and to those who will know that these things are of me but will not have their desire, they need not expend the offering!

0618 ""Is it not still in their hands?

0619 ""Is there a price upon truth?

0620 ""Never! Not so!

0621 ""They may then open again their intended offering and forego their desire, for they will have been bought with a price, and in truth, given knowledge!""

Thoughtform/Belly Ball

Put both hands out in front of you, palms facing each other about a foot apart, at your waist or solar plexus. Breathe normally, and in no more than one minute you will feel a slight warmth in the palms of both hands! That HEAT is your own Spiritual Light energy, and you have an unlimited supply as long as you are alive in a physical body. You have done nothing more than concentrate energy from your living aura – the LIGHT ENERGY that surrounds all things – into the area between your hands.

Dispose of that manifestation by simply letting go of it.

With a very little practice you can detect the HEAT in any body, your own included, by passing your hand over the affected area. Your body, somebody else's body, makes no difference, the increased HEAT will reveal the affected area. Once you learn to DISCERN, you can determine WHAT the source is of that affected area: injury, disease, body-chemistry imbalance, et cetera;

and the NATURE of that source. Once you properly DISCERN the NATURE of that source, regardless of what it proves to be, you can also DISCERN its strengths and weaknesses. Once you have THAT information, you can determine the best course of action, whether it be simple or complex.

Remember: regardless of what that source is, IT'S MADE OF ENERGY, and all energy is subject to the dictates of an Akurian! It may take TIME, but that energy will obey your direction and demand.

Transfer energy from one hand to another/Flick Energy

You have to pay close attention to detect it at all, and those who are far more Spiritually adept will have to use caution to prevent damage to yourselves. The process is the same, regardless.

Place your hands about eighteen inches apart and out from your body as far as is comfortable, as if you were going to slap them together. Then with one hand, which hand doesn't matter, wrap the tips of your fingers with your thumb as if you were going to FLICK water off them as you've done thousands of times. Now, take careful aim at the palm of your other hand, FLICK your fingers. It only takes a few seconds, so return as soon as you've finished.

Some of you get very little if anything. So it doesn't work. Right? **WRONG!** Do the same thing again only with a bit of additional True Spirit Force and this time you'll feel the impact. Do it right and it works every time. No exceptions.

Since you didn't want to harm yourself, you didn't; but with this added rehearsal you know you **CAN** do damage and a lot of it. You can also **BLESS** if it pleases you. Best of all, you can deliver either without anybody else other than another Akurian or High Level Spiritualist even having a clue.

Prepare your hands again, about a foot and a half apart and out from your body, only this time visualize some **WHITE LIGHT**, like fog if you must, in the tips of the fingers you're going to **FLICK** with. That's right! Energize just your finger tips, **NOT** your whole hand, aim and **FLICK!**

This time, locate a block between your hands, a door, wall at a doorway, piece of furniture, table top, back of a chair, whatever is available as long as it's accessible and solid.

Prepare your hands again, about a foot and a half apart and away from your body, visualize some **WHITE LIGHT** in the tips of the fingers you're going to **FLICK** with. Energize your finger tips, aim and **FLICK!**

You will be using these skills again and again.
Sometimes we get new things added to these skills and then your understanding will grow as to which skill is best to use in any given situation.

Learn these skills and get VERY good at them.

Learn these skills so that you can teach another EXACTLY as you were taught so that when you teach another, there aren't variances in the ways.

Planes/Depths of Heaven/Hell

The Planes of Heaven in Angelic are: Hathor, Hasterah, Hesterah, Ideah, Harkarmah, Hasanna.

The Depth's of Hell in Angelic are: Deros, Danaka, Gehenna, Helia, Hapurdum, Perditon.

Since we use these words often, please make sure Neophytes learn of them.

How to READ The AED!

Neophytes are being told:

Suggestions - Take notes and write down the questions for the 1st time around. By the time you get to the end of the book, many of the questions will be answered.

The 2nd time around helps DIGEST the information TREMENDOUSLY and you'll get other answers that you didn't get the first time around.

Try to let a Senior know where you are in the book. The Senior SHOULD review the Chapters.

Considerations

Neophytes NEED and MUST have Training. But understand there are some people who'll take a YEAR to digest an ANSWER before they come aboard. They need TIME to read The AED and it takes an average of ONE YEAR to get through The AED. Then it takes another YEAR to be Akurian the way we want them to be. **BE PATIENT WITH THEM AND ALLOW THEM THE TIME TO LEARN.**

1. A lot of Neophytes are intimidated with the idea of the group and the ENERGY we exert/exude to accomplish. They think they need to learn more in order to participate.
2. A lot of Neophytes have metaphysical skills but they don't have words to put to them. This cannot be a derogatory from Seniors against them.
3. Neophytes are often able to do things for others but they can't do for themselves. This is something that is not to be misjudged by

Seniors as a weakness nor a derogatory from Seniors against them.

4. Seniors have a responsibility to where their Neophytes are in the book as well as other Akurian Trainings. Seniors attend to the Neophytes in SUPPORT, not foreclosure.
5. Seniors – Initially some people want to remain quiet on the phone when we get in conference. Please make sure that Chylon and Bobby know of your guest either BEFORE or AFTER the session.
6. Some people cannot join us in our nightly blasts as well as training. Schedules, Time, Work, maybe a spouse problem, et cetera. This should NEVER be a limit with respect to them being/becoming Akurian.
7. It shouldn't come as any surprise to anyone. There are many people on our Akurianinfo list. Whenever one does get added, ALL commentary and exchange should not be foreclosure on them.

AkurianInfo

1. If you've invited someone to join The Akurians, please send their contact information so they can be added to the list. When you receive

confirmation they've been added, take the time and introduce them to AkurianInfo.

2. When you see an email from a Neophyte, DON'T HAMMER ON THEM just because they've posted and you happen to know something they don't know YOU know! It's one way they're showing YOU they're "wide awake".

ALWAYS ADVISE BOBBY AND CHYLON IF YOU'RE WORKING WITH A NEOPHYTE! Make sure we know who you're talking to and BCC us in ALL communications via email.

If you're communicating with a Neophyte via FaceBook, again, advise Bobby and Chylon of WHO! This is critical to stop the Damnations of what can happen with a Back-Door!

Remember Bobby's admonition – Familiarity breeds contempt (and it usually does), but if and ONLY if one of the two are CONTEMPTIBLE! Seniors don't be contemptible!

Teach them when they post a link or video, to please provide a useful summary or commentary about the link or video that contains information about why it is important to you or what caught your attention, and/or why it is important to Akurians. For video links specifically, it also helps to provide the TIME of the video overall and the specific TIME (place) in the video

where you want Akurians to pay attention to. Some videos are quite long and Akurians get in more video requests in everyday than there is time in a day to watch them.

Procedure of/by Seniors to have a New Recruit

1. This Booklet will help you teach New Recruits. Have them **STAY** reading The AED **FIRST AND FOREMOST**. Have them read our Akurian items as they come up via email.
2. Teach them how to enter the room and to do the best they understand when they're ready for our Blast Sessions, Trainings, and other Conferences. If they don't understand something as presented, have them get back to you with their questions. If you have a question or problem – **GET WITH BOBBY OR CHYLON!**

Understanding TIME

Seniors **MUST** be understanding of the **TIME** that Neophytes and New Recruits are dealing with. They do not have our **YEARS** of experience. And, we cannot impose upon them a **TIME** Requirement they cannot comply with. Some of the Akurians cannot keep up with it either.

Seniors MUST understand that for every question and/or problem, it NEVER happens only once. If you don't understand something yourself, DON'T BULLSHIT AN ANSWER! The derogatory is often never overcome with enough people! We're not Hallelujah Half-Wit Akurians! Don't even begin to appear that way and DON'T RUSH TO JUDGMENT!

Neophyte Time

1. Reading the AED – 7 Hours Weekly and it's been a long time since some Seniors have read it again. The book is not a read it twice kind of thing.
2. Reading the emails and the necessary follow up they will do – 7 Hours Weekly and some Seniors IGNORE the emails. Don't ignore emails!
3. Many will have questions INDIVIDUALLY (a soul kind of thing) and on an average those phone calls and emails take about 7 hours both ways to handle. That's 7 hours of a Senior's time too.
4. Personal practices and study – 7 Hours Weekly. There are enough Akurians who cannot fit in 7 hours to do it either.
5. Reading ALL the OLD Lessons, Training, Invocations et cetera – another 7 hours.

6. We must have patience with our Neophytes – they are going to take TIME to undo their programming. This too takes/requires TIME.

This is 35 hours total for a NEOPHYTE/New Recruit. To impose a burden that some of the Seniors cannot accommodate is a problem. This cannot be/become hypocrisy of and by Seniors.

Senior Time

1. It is not just a Neophyte's time when a phone call is made and/or an email is written. Sometimes the responses are going to TAKE a lot of your time and that is Senior's time on task too. Bobby and Chylon's average time spent getting a Neophyte up to speed is about 7 hours per week with each Neophyte for several months. If you need an answer, it's going to take time for you to get it.
2. Some Akurians have the ability to make international calls. International calls MUST consider time differentials.
3. There are people around the world now reading the AED.
4. Language barriers around the world. Sometimes we'll have to take a translator, which takes TIME, write a response which takes Time, then convert it back – JUST TO CHECK

what might be or might not be the problem.
This takes TIME.

Recommended Tools

1. Access to the internet
2. DT Search – or similar software. This will help you find what you're looking for in any Akurian Document when you are asked questions and need to have answers. This isn't free, but we are looking into options. Having it will help study TREMENDOUSLY
3. Envelopes
4. E-sword
5. Invocations
6. Offering
7. Paper and something to write with
8. Sometimes a Calculator is important
9. The AED
10. Trainings
